LAST RITES FOR SPECHT SET TODAY

Cornice Company Head to be Buried from Little Church of Flowers

Funeral services for Christian Specht, president of the California Cornice Works and a director of the California Bank, who died in a Sierra Madre sanatorium last Saturday from heart disease, will be conducted today at 2 p.m. from the Little Church of the Flowers, Forest Lawn Memorial Park, Glendale.

CHRISTIAN SPECHT

Preceding the ceremonies at the cemetery chapel, Bishop W. Bertrand Stevens of the Episcopal Church will officiate at brief private services at the family residence, 5034 Monte Vista avenue.

Bishop Stevens also will assist the Knights Templar in conducting the rites at the church, which will be followed by final services at the grave under the direction of the Masonic Lodge.

Mr. Specht, who was 82 years of age, had been ill a week when he died. His death brought to a close a colorful career of achievement in his chosen field. Born in Germany, at 18 he boarded a steamer bound for Baltimore, where he landed with 50 cents in his pocket. Walking from Baltimore to Cincinnati, where he had an uncle in the sheet metal business, young Specht began to learn the trade.

A few years later he headed his own company, still later going to Omaha, where he served on the Board of Education, the City Council and the State Legislature. In 1894 he came to Los Angeles and founded the company he headed at the time of his death. His son, Joseph C. Specht, was a partner in the business until his death last year.

Mr. Specht subsequently was one of the organizers and directors of the National City Bank, later becoming a director of the California Bank. He was a life member of Covert Lodge, No. 11, F. and A.M., Omaha; a member of Al Malaikah Temple, Shriners, and a member of Los Angeles Commandery No. 9, Knights Templar.

He leaves his widow, Mrs. Caroline Specht, and three grandchildren, Homer, Christian H. and Naomi Specht.

Active pallbearers, associates of Mr. Specht in his sheet metal business, will be: J. W. See, George Bridges, A. W. Bales, O. K. Colman, C. A. Charlton, C. C. Elmiger, Albert Myers and Albert Miller.

Honorary pallbearers will be his former banking colleagues. They are:

Lewis R. Bliss, A. M. Chaffey, Jefferson P. Chandler, Lee S. Chandler, [illegible] Charles F. Donnelly, Zack J. Farmer, [illegible] Claude Fisher, W. R. Fraser, G. Allan Hancock, Preston Hotchkis, George [illegible] Howard, A. E. Huntington, [illegible] Edgar G. Miller, Alan E. Morphy, [illegible] Eugene Overton, Lee A. Phillips, P. H. Rolapp, Moye W. Stephens, [illegible] Alfred Wright, Gerald C. Young, Henry Stephens, Fred Dee, Scott J. [illegible] E. S. Pauly, Robert Burbank, [illegible] Weymouth Crowell, C. J. Kubach, [illegible] F. Breslin, Byron [illegible] Rufus Graves, George H. Woodruff, [illegible] Fletcher, Frank N. Fish, R. F. [illegible] George Rogers, Malcolm Crowe, [illegible] Louis Sentous, Jr., Carl W. [illegible] and A. C. Robbins.

Funeral arrangements are in charge of the Connell Company, 1239 South Hope street.

Four More Join Race for Seats in City Council

The field of prospective candidates for Council seats at the coming election rose to 104 yesterday with the taking out of nominating petitions by four new aspirants. No new candidates for any of the other offices to be voted upon appeared at the office of City Clerk Dominguez yesterday to apply for petitions.

Among those who declared their intention yesterday to run for the Council is Sherrill B. Osborne, son of the late Henry Z. Osborne, prominent in public life. Mr. Osborne, who gave his address as 5236 College View avenue and his occupation as attorney, will run in the Fourteenth District.

Another candidate to represent the Fourteenth District who took out petitions yesterday is Lee B. Williams, a publisher of 416 San Pasqual avenue. The two other new Council candidates are J. Stanley Farlinger, a salesman of [illegible] South Benton Way, who will run in the Twelfth District, and Wayne Clifton Stewart, a baker of [illegible] South Daly street, who seeks to represent the Thirteenth District.

PROCEEDINGS DROPPED

Abandonment of the proceedings for the opening and widening of Wiota street between Oak Grove Drive and Nolden street and for the widening of Nolden street between Wildwood Drive and Raber street was voted by the City Council yesterday. The Council also adopted present proceedings for the improvement of streets in the Park Drive and Ewing Street Improvement District.

LEGAL—Notices

THE annual general meeting of the stockholders of the [illegible] Glass Company will be held at the company's office, [illegible] Street, Los Angeles, California, on Tuesday, April 16th, 1929, at [illegible] M. R. W. [illegible]

TO whom it may concern: [illegible] a note of Frankye Blackman [illegible] F. Cornelius due June, 1929, [illegible] for void and maker declines [illegible] thereto. (Signed) FRANKYE BLACKMAN.

GALE'S FURY DESCRIBED

Byrd Pilot Tells of Grim Fight

Plane Carried Off by Wind Roaring Over Icy Waste at 150-Mile Rate

Vivid Word Picture Given of Blast-Driven Barrage of Ice and Snow

BY RUSSELL OWEN

(Copyright, 1929, by the Los Angeles Times, New York Times and St. Louis Post-Dispatch. All rights reserved for publication throughout the world.)

LITTLE AMERICA (Antarctica) March 20. (Exclusive)—Pilot June, who was brought back to camp here after having been stranded with Bernt Balchen and Larry Gould on their trip to the Rockefeller Mountains, where Commander Byrd now is making rescue, gave a detailed description today of the gale that wrecked the plane and isolated the party. He said the wind reached a velocity of 150 miles an hour.

After having described the landing and first night at the mountain base, he told of the beginning of the storm on the second day. The party managed to fasten the plane down and weather the blow. As a result, however, they planned to take off the next day for the home base. In this they were disappointed on account of poor visibility and the thawing snow.

"Everything was wet," he said. "The tent was wet and full of steam from cooking. I remember holding a mitten over the stove for an hour and when I got through it was as wet as when I started.

"The next day we could not see a thing. The horizon was bad, there was no sun and it was cloudy. To make matters worse, I couldn't get the radio communication with the base. We couldn't climb the mountains that day. All we could do was sit around and look at each other, although the sun came out for fifteen minutes in the afternoon and we got a position shot.

VISIBILITY WORSE

"To make sure we could take off the next day, but visibility was worse than before. It cleared a bit at [illegible] o'clock, but in a strange way. We could see things far off but couldn't see things close to us. [illegible] but distant peaks were sharp and clear. So, after fooling around a while, we decided to climb the mountain because we could see distant objects and take some position shots at different points. We got [illegible] in all, so that day was not altogether wasted. About 4:30, when we were on second mountain, it began to clear and the wind began to pick up. We got back to camp and got into communication at 7:30 and received word to come back, so that night we figured we would get away in the morning and [illegible] the plane.

"When we got up a 4 o'clock the next morning there was a perfect day. The sun was bright over the horizon and we thought, 'we will sure get back today.' After breakfast we went to work like mad to dig away the snow around the plane."

June hesitated, and laughed, a rueful and doubtful laugh as he went

Will Rogers Remarks:

NEW YORK, March 21.—[To the Editor of The Times:] Best line in the news today comes from Mexico. Gen. Acosta wired the President: "Captured Gen. Aguirre, and am holding court-martial." President Portes Gil answered: "Take photographs before and after."

Calvin Coolidge of Northampton, Mass., was a visitor in the county seat here today, stopped at the leading hotel, was trying to sell some stories of his early life to confession magazine.

No wonder comedians come from Oklahoma, did you ever read our constitution, it says: "A Governor is to be duly elected and seated, and serve till duly found out and unseated." It's the only State where a lieutenant-governor always gets a break, if you can call it that.

Yours,
WILL ROGERS.

ROYAL PAIR MARRIED

Wedding Chimes Ring in Oslo

Populace in Wild Acclaim When Norway's Prince Espouses Martha

Age Old Church Filled for Ceremony Marked by Homely "I Will"

OSLO, March 21. (AP)—The first royal wedding here in 340 years today united the reigning families of Norway and Sweden, neighbors of the Scandinavian Peninsula, who have shared the same King in the past. Crown Prince Olaf of Norway took as his bride Princess Martha of Sweden amid festival gayety of throngs of their future subjects.

When the couple entrained tonight for their honeymoon they were still pursued by the popular acclaim which had been given them through three days of state and social observances.

The old Church of Our Holy Saviour was filled to its modest capacity for the comparatively simple service. The bright uniforms and decorations of officers and diplomats and the gowns of ladies brightened the austerity of the edifice.

IN ARMY UNIFORM

Prince Olaf wore the uniform of a lieutenant and he and the Duke of York, his best man, who was in naval dress, wore the highest Nor-

TAX WORKS INK MAGIC

Red Turns Black for Uncle Sam

Federal Collections Reveal Gain Which May Total Nearly $80,000,000

Secretary Mellon Again Has to Revise Estimate and Critics Whet Knives

WASHINGTON, March 21. (Exclusive)—With March Federal income taxes certain to run $70,000,000 or $80,000,000 higher than a year ago the danger of a treasury deficit because Congress overstepped by some $7,000,000 the limit of appropriations fixed by the budget bureau has been wiped out.

Not only is the government in no danger of being temporarily bankrupt, because of spending more than its anticipated income but the prospects now are it will close the fiscal year June 30 "in the black" instead of "in the red" as Secretary of the Treasury Mellon predicted a few months ago.

SURPLUS INDICATED

Assistant Secretary of the Treasury Bond, who has direct charge of fiscal affairs, said today that reports received from collectors of internal revenue throughout the country, based on the tax collections of the 15th inst., warranted the belief the government will have a surplus.

It was Mr. Bond, also, who said that the March collections will run from $70,000,000 to $80,000,000 heavier than last year. He explained that it was not safe to assume that the total increase for the year will be four times as great, because many taxpayers paid their entire tax in one lump instead of spreading it out in quarterly installments.

The Treasury had anticipated a decline in receipts on the 15th inst., until recently but instead it finds an appreciable increase. It was expected that because Congress reduced the corporation tax from 13½ per cent to 12½ per cent, there would be a decrease in the revenues of the government from that source this year of $123,000,000, and another decrease of something like $12,000,000 because of the extension of credit. The net loss from the two sources anticipated was $135,000,000.

ENCOURAGING FIGURES

It is heartening to those charged with the responsibility of keeping the fiscal affairs of the government on an even keel that instead of a loss in revenues there is actually an increase. Unless Congress in the extra session passes appropriations such as the $45,000,000 additional pay allowed the railroads for carrying United States mail, all fears of a deficit have been eliminated.

Official treasury figures show that in the first eighteen days of March this year the collections on income taxes amounted to $271,090,711, which is $55,440,703 in excess of the collections at the same period in 1928. On the basis of this officials feel it is safe to forecast a treasury surplus of at least $50,000,000 and it may be much larger.

Happy as the outcome may be to the Treasury Department it undoubtedly will result in Congressional guns being trained again at the head of Secretary Mellon. Every year since he has been in office the receipts of the government have been underestimated, sometimes to the extent of hundreds of millions. These underestimates have become so regular that certain members of Congress have shown more and more of a tendency to turn a deaf ear to the warnings from the Treasury against excessive appropriations even when the warnings have been echoed at the White House.

Business leaders of the country have applauded Mr. Mellon for his conservatism but Democrats in Congress generally and some Republicans have charged repeatedly that the Secretary has deliberately underestimated the government's income to defeat certain appropriation measures. Representative Garner of Texas, ranking Democrat on the House Ways and Means Committee, particularly has attacked Mellon for "misleading Congress."

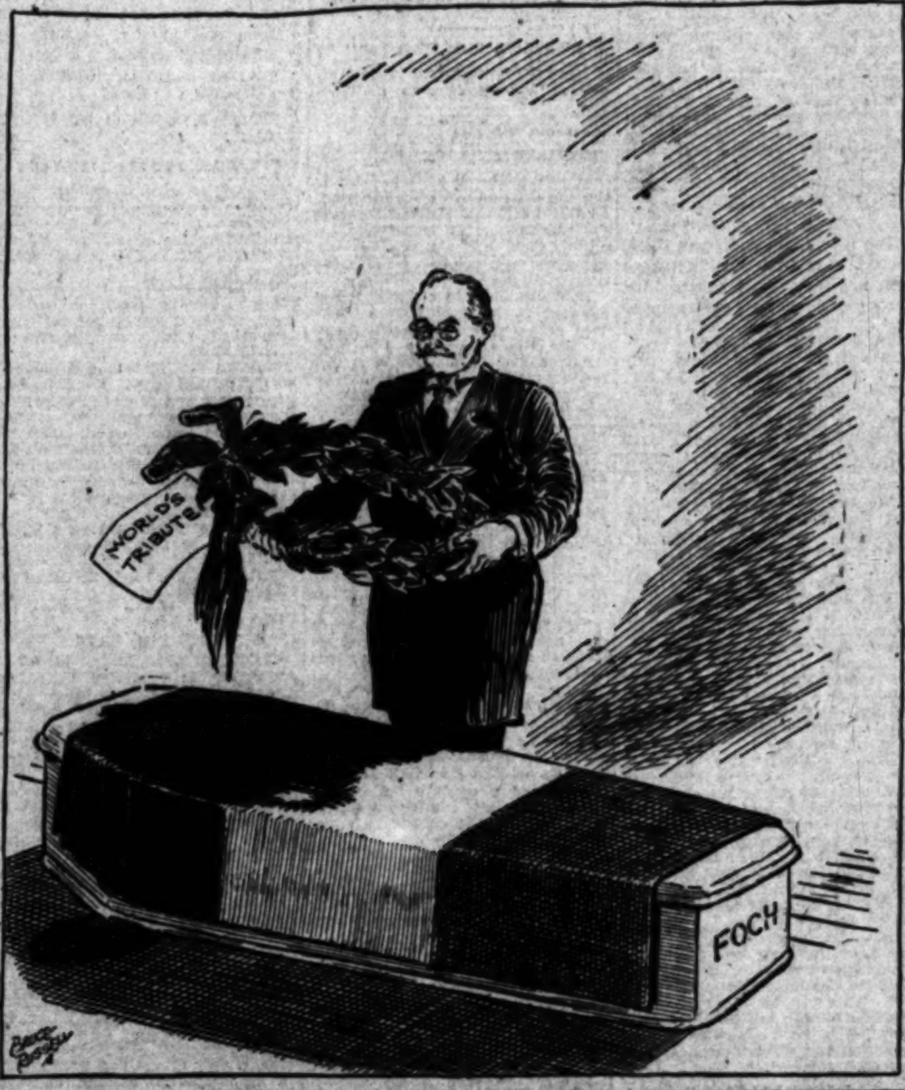
IMMUNE TO ATTACK

There is a feeling that Secretary Mellon does not care very much any more how often and how severely he is criticised on the floor of Congress. He has weathered so many attacks under the two preceding administrations that he has developed a sort of indifference to Congressional criticism and a sort of immunity against it. Moreover, it is pretty definitely established that he will retire after he has served perhaps a year under President Hoover and that some one else, perhaps Henry M. Robinson, Los Angeles banker, will take hold of the Treasury.

It is a matter of common knowledge that Mellon was not for Hoover for President until he was compelled to be, and that Mr. Hoover was not personally keen about continuing him in the Cabinet although he felt called upon to do so because of the respect in which Secretary Mellon was held by the business interests of the country. It is also generally known that Mr. Mellon is not anxious to remain indefinitely in the Cabinet. The belief is he will serve through the first year of the Hoover administration, gratify his ambition to serve under three presidents and stay in the harness until he is 75 years of age and then step out.

Meanwhile the prosperous condition of the treasury after official predictions of a shortage will summon forth fresh attacks in Congress which may impair Mr. Mellon's value to the new administration and hasten his retirement.

Homage



WORLD SORROWS FOR FOCH

King, President, Army and Plain People at Bier; State Funeral Next Tuesday

PARIS, March 21. (AP)—The wide world mourned with France today at the bier of Marshal Foch.

King and President, General and Minister of State, came to pay tribute to his memory while thousands of the more humble crowded into the courtyard of his house to inscribe their names in the register of those who came to do him honor.

Representing Belgium, which was the first to feel the wounds of the great war, came King Albert in person to pay tribute to the man under whom he had served in Flanders as head of the Belgian army in the last days of 1918.

Gen. Pershing, commander-in-chief of the American Expeditionary Force, also came. President Doumergue, Premier Poincaire and former Premier Clemenceau, "the Father of Victory," were there, too.

HOME BECOMES SHRINE

Across every land and every sea expressions of admiration and love have come winging their way to the home of the modest, devout Frenchman into whose hands millions of people placed their national destinies during the World War.

The great men of France followed one another into the Marshal's home while soon after came King Albert, who knelt in prayer beside the Marshal's body for a full five minutes, spoke a few words to the Marshal's widow and then returned immediately to his own capital.

Present also were military officers from Italy and other countries over whose soldiers the Marshal had held supreme command.

On next Tuesday France will give her great warrior the tribute of a national funeral.

On Sunday and all Sunday night his body will rest under the Arc de Triomphe beside that of the Unknown Soldier, and the next day he will be moved to the Cathedral of Notre Dame, where the church to which he gave daily devotion during all his life will hold services over his body before he is taken away to rest forever with Napoleon under the dome of the Invalides.

THOUSANDS IN LINE

Until the Marshal is placed beside the tomb of the Unknown Soldier on Sunday, his body will lie in state

WOOD FILM HOUSE FIRE KILLS 114

Men, Women and Children Die When Celluloid Sets Russian Theater Aflame

MOSCOW, March 21. (AP)—Fire in a wooden moving-picture theater that had only one exit caused the deaths of 114 men, women and children in the village of Igolkino, Vladimir Province, 400 kilometers northeast of Moscow.

Because so many of the victims were parents, the education department has taken steps to care for their orphans. The State executive appropriated 15,000 rubles for the bereaved families and will adopt further relief.

An official commission already has started a vigorous investigation into the cause of the fire, which first reports attributed to carelessness of the drunken projection operator. The fire companies were powerless when they reached the scene for the building already was nearly consumed.

YOUTH TRIES SUICIDE

SAN FRANCISCO, March 21. (AP) Because he feared he was going blind, John Henry Boyd, 19 years of age, walked into a beach shooting gallery and shot himself through the head with a .22 caliber rifle. He is expected to die.

TWO SCORE MINE DEAD RECOVERED

Fatalities in Pennsylvania Explosion Fixed at Thirty With 223 Saved

PARNASSUS (Pa.) March 21. (AP) Twenty bodies tonight had been removed from the Kinloch mine, where an explosion occurred today. O. F. Taylor, mine superintendent, said a final recheck had shown ten men still missing, making thirty dead or unaccounted for. William Taylor, a tipple employee, was so badly hurt he died at a hospital.

Taylor said he did not definitely know if all the ten men still were in the mine or whether some of them had escaped through the valley camp entrance, some five miles from the main entry, and had failed to report at the mine offices. A total of 223 miners are known to have escaped through the valley camp entry.

Earlier, it had been reported that twenty-one bodies had been located at the foot of the slope entrance, but the number was found to be twenty when all were removed. The mine has been bratticed for a mile back, and in that area rescue workers said no additional bodies were found. Men with axes, picks and shovels went in late tonight to clear away debris which blocked admittance to distant portions of the workings.

Hope that some of the men still unaccounted for might be alive if still in the mine was expressed by Ira Thomas, deputy secretary of the State Department of Mines. He said those who escaped thought it might have been possible to evade the deadly after-damp by taking refuge in parts of the mine where it was believed the gaseous fumes did not penetrate.

Postal Chief Outlines Rule

WASHINGTON, March 21. (AP)—Postmaster-General Brown has laid down the dictum for his administration that the Postoffice Department "is a business, not a political or elementary institution."

In his first address to the postal employees, the new Postmaster-General declared that the service should be "conducted in accordance with principles and practices of successful, competitive business and industry, except that no factor of profit should be added to the cost of the various services rendered."

Temblor Gauge Records Shocks

NEW YORK, March 21. (AP)—A violent earthquake, probably south of Central America, was recorded on the seismograph of Fordham University last night.

The first tremor was at 9:42 o'clock and the greatest intensity was reached at 9:56. The tremors continued until 11:30 o'clock.

MEXICAN MAIL ROUTE FIXED

WASHINGTON, March 21. (AP)—The Postoffice Department on the request of the Mexican government, and after a conference with the State Department, has ordered all first-class mail to Mexico to be routed by Brownsville. Other class mail will be sent by El Paso.

New Closing Hour

SUNDAY REAL ESTATE WANT ADS

Beginning on Sunday The Times will incorporate all real estate and kindred want ads in its new and enlarged real estate section, thereby making it necessary to advance the closing hour for such advertising to noon on Saturday, instead of 7:30 p.m. This applies to all classes of real estate; hotel and apartment house leases; money to loan; money wanted; and business opportunities. Copy received later than Saturday noon will appear in the "Too Late to Classify" column in the general want ad section.

Los Angeles Times proposes to make its Sunday real estate section an outstanding feature. Advertisers can render material co-operation by submitting copy well in advance of the final dead line—on Thursday or Friday wherever possible.

The closing hour for all other classes of Sunday want ads remains as heretofore—7:30 p.m. Saturday.

Due to the increased number of offerings which will appear in the forthcoming Sunday real estate section

Advertising Copy Should Be Sent or Phoned Today Without Fail

MAZATLAN HELD SAFE

No Fears Felt for Garrison

Mexican Officials Confident, But Order Relief Force Sent from Torreon

Gen. Escobar, Rebel Leader, Declares He Will Wage War to Finish

MEXICO CITY, March 21. (AP)—The Mexican government is not alarmed by the rebel siege of Mazatlan, Sin., although the water supply is reported to have been cut off by the attackers. This information was obtained from an official quarter which is confident that the garrison troops can hold the city against any force of invaders for many months, although Gen. Cardenas at the head of 6000 troops soon will start to its relief from Torreon.

It was learned that the government has close contact with Col. Jaime Carrillo, the Federal commander in Mazatlan. No attack has been made on his position up to tonight. Carrillo has rejected the demand for his surrender made by the rebel general, Iturbe, and early this morning a few scattering shots were fired across the town.

INVADING FORCE SMALL

The insurgents making up the invading force are said to number about 500 and are apparently a cavalry advance guard which has been able to make its way down the Pacific Coast faster than the main body. However, the entire rebel strength in Sinaloa is not believed to exceed 3000 and the Federal garrison with its advantageous position has at least half as many.

It was pointed out that the government, as the result of the frequent military operations in Mexico, has an index of about how long and how many troops are necessary to take any important town. Mazatlan is said to be one of the most impregnable and has successfully resisted attacks for months in past disturbances. Wells in the city will serve the inhabitants despite the loss of the mainland water supply.

PECULIAR SITUATION

Mazatlan is situated on a body of land that is almost an island, being connected with the mainland by a very narrow and long isthmus. Trenches have been thrown across this neck of land so that a small force of defenders effectively can oppose a much larger investing force.

Circles close to the government today said that the loss of life, exclusive of executions, has not been more than 100 in the rebellion thus far. The chief contacts have been at Juarez, Monterrey, Vera Cruz, Canitas and Durango and in none of these was the loss of life large. There have been minor engagements in isolated sections with scattering casualties that have not been reported here.

CALLES'S ACTIVITIES

Gen. Plutarco Elias Calles, it was learned tonight, has set his large army at Torreon to work day and night repairing all railroad tracks in that vicinity and has begun a northward movement along the Chihuahua line.

Although the rebel strength is said to be now at Jinenez, observers here believe that their stand is more likely to be made at Sachimba Pass, just south of Chihuahua City. The railroad there runs through a narrow defile cutting the mountain tops before dropping down on the plains of Chihuahua. A small force could defend it against many.

AGUIRRE EXECUTED

Gen. Jesus M. Aguirre, principal rebel leader in the now crushed Vera Cruz uprising, was executed at 7 a.m. today after court-martial at La Magras, near where he was captured yesterday. Gen. Manuel M. Acosta, the Federal commander who had relentlessly hunted him down for two weeks through the mountains and jungle, informed the capital briefly that the rebel leader had paid with his life. The body

NACO WAITS FOR DEATH

Attack of Rebels Draws Near

Yaqui Indians Take Baths in Preparation for Coming Battle

Mexican Soldiers Facing Slaughter With Quiet Inscrutableness

BY HARRY CARR
"Times" Staff Representative

NACO, March 21. (Exclusive)—It is a very strange experience to walk through a town that is waiting for death. It must have been like this when the Roman gladiators waited, sword and net in hand, to be called into the arena.

Just as in those days the battle of Naco will be fought in front of a grand stand loaded with spectators; the hills on the American side are the grand stand. Like the gladiators of old, these sorrowful, stiff little soldiers haven't an idea in the world why they have to fight and die.

REBELS APPROACH

This afternoon they were making their final preparations. Word had come that the rebels were in Cananea, twenty miles to the south. Cavalry raiders were cutting the telegraph wires and truckloads of infantry were bumping over the dirt roads from Santa Cruz where the bridge is blown up and the troop trains from Nogales stopped.

A messenger brought a note to the commander on the American side stating that they expected an attack early in the afternoon.

Just before noon the trumpeter of the guard at the little half-finished schoolhouse where Gen. Gonzales makes his headquarters lifted a long, strange-shaped bugle and sounded the call for what these little soldiers fully expected to be their last meal. Mexican bugle calls are not like ours. The mess call is a wierd, long, wailing cry that echoes into the hills like a banshee.

TRENCHES DEATH CELL

I walked through the trenches and it was like walking through a death cell. Those earthworks were a valley of the doomed.

One incident touched my heart. The machine gunner who will have to bear the brunt of the attack at the critical point where a deep barranca cuts the trench, is also a baker. He was preparing for the boys of his squad the first and last biscuits most of them will ever eat. Instead of the usual tortillas he was giving them a grand farewell spread. Just behind them were three graves of soldiers who had died in the last fight in these ditches. The quaintly carved head board said: "Tres Animus—Three Souls."

Nearly all the Yaquis were washing their clothes or themselves.

Like the Japanese, it is a point of religion with them to go into battle as nearly purified as it is possible to be. Two little Indians had converted an iron wheelbarrow into a washtub. Another was soaping his long black hair and had stripped to the waist to bathe. Others faced the last ordeal with soldier recklessness. Some of the painted houris from the Bohemian quarter had come to the trenches and a party was going on in one of the dugouts.

One group of Mayo Indians had finished their cooking and were eating their tortillas with silent gravity. What impressed me about all of it was the absolute quietude. There was no military reason for quiet, but there was not a sound to be heard. Even the soldiers who considered their huge tortillas quite a frolicsome jest had their fun in quiet little snickering laughs.

ONE CANNON ARRIVES

The scene was a study in fatalism. American troops would have wise cracked with a rather hectic gaiety; German troops would have waited with patient sad stoicism. Our plains Indians would have danced and yelled themselves into a desperate hysteria. These little Mexican Indians are a strange people. They wait for death with faces as inscrutable as an Aztec god, nerveless, without curiosity, without imagination, without appeal, without hope, without despair.

The rebel troops were definitely

(Continued on Page 2, Column 5)

ILLINOIS LEVEE WASHED OUT

Thousands of Farm Acres Near Quincy Flooded; Break Relieves Pressure Elsewhere

QUINCY (Ill.) March 21. (AP)—The furious waters of the Mississippi broke through the battered Indian Graves levee north of here today and loosed a flood over thousands of acres of rich farm land.

The levee break had been expected for several days and most of the farmers were prepared for it. Virtually all of them had moved their live stock, grain and household goods back to the bluffs and safety. Crews of relief workers, however, were on hand aiding any who failed to evacuate in time, and assisting the levee patrols in the task of re-enforcing other retaining walls which are weakening.

Most of the flooded farms were planted with crops and the loss from the swirling water is expected to amount to thousands of dollars. The break was below the Rock Creek levee, but little hope is held that the Rock Creek levee will last long now with churning water all around it.

AREA SOUTH BENEFITS

While the flood was appeasing its wrath north of the city, districts south and west were feeling the benefit. When the levee gave way it released so much water that the river stage at Quincy fell four inches and relieved a tense situation there.

Residents had moved out of the South Quincy Gardens, a new homesite community, but the flood breaking north of the city has saved the south from similar peril.

The Lima Lake and Hunt districts north of the Indian Graves levee are in constant danger of inundation, the levees now holding about all they can. Improvements in the way of new levees and diversion channels in this area are nearing completion at a cost of more than $1,000,000.

CONDITIONS WEST RELIEVED

Conditions to the west of here in Missouri were relieved somewhat by the Indian Graves levee break.

It is estimated that 500 families have their homes in the flooded

(Continued from First Page)

back to that moment, when it seemed that they might get home.

"But we left the deadmen where they were. We thought we might need them, as we did all right. At 7:30 the weather still was good. There was a light north wind and it grew quite warm. We were told by radio that the weather here was bad but we kept the engine hot."

June stopped for a moment and seemed to be turning something over in his mind.

PLANE SECURED

"You know, we never changed the position of the plane from the time we landed," he said. 'As we landed we came down heading north and it lay that way till it blew away. All the winds were from the north. We knew that they would be from the formation and drift and we were right. But that didn't help much."

He shook his head and after a moment went on:

"It began to blow about 8:30 and in a short time was blowing twenty-five miles an hour, so we secured the plane again.

"We piled snow all along her this time, two men cutting blocks and one carrying until we had built a wall in front as high as the wing and along the fuselage and tail surfaces. We covered the skies with blocks and then we anchored the tail ski that way. By 10:30 it was blowing thirty-six miles an hour and we couldn't see a thing. The drift went by like a solid wall. It made you dizzy to look at it. I went in every hour and worked on the radio."

"We began to get pretty wet. The temperature rose and the snow melted and when it hit us we were slopping wet. We decided we had better cut more snow blocks and get lines on the plane and we did. We took the equipment out of the plane again, for things began to look serious as the wind went steadily up and the plane began to lift again in gusts."

BEGINNING TO WORRY

"We were beginning to be a bit worried this time," said June as he leaned back and lighted a cigarette.

Dean grinned. "I should think you would have been."

June nodded. "Yes, it looked worse and worse and it was. It blew harder and harder and at 4:30 o'clock when I tried to get a message through I spied the indicator on the plane showing eighty-eight miles an hour. And that was just the beginning. The plane trembled under it like a leaf. The wings were bending five or six inches at the tips.

"I sent word that the situation was critical, that I didn't see how the plane could stay there much longer and that I wasn't going to stay there myself. Yet the plane stood nearly twice as much wind before it tore loose, a terrific pressure."

ANTENNA BLOWS DOWN

"While I was trying to get this message through—a message which would have explained our silence later—the antenna blew down," said June. "Bernt went out to fix it, and blew over." He laughed. "I can see Bernt wrestling with that ski. We had the wire on the end of a ski stuck in the snow and it threw him all over the place. Once he slid away so far that he had to take his knife and dig into the ice to crawl back. I could just see him through the gray drift.

"That was a strange sensation, too. We could see only a few feet and with the wind tearing at us and hitting us solid blows, blowing our feet from under us and toppling us over so that we grabbed at anything in reach, we seemed to be in a gray cell battling with invisible giants. We were so all alone, cut off from things even twenty feet away. We could hardly breathe at times and couldn't face the wind at all. We had to bend sideways into it or crawl with our heads tucked in.

STRENGTH OF GALE

"The wind was blowing great guns by this time. How it roared. We went out to hang onto the rope again for the new plane was trembling and lifting on the shock absorbers.

"Once in a gust Larry, who was holding the rope on the wing, was blown out straight, like a flag. After that we lay down on the ground to hold the rope. We took turns lying in the lee of each other for warmth. We would shift over and huddle up close together. We were a miserable lot by then. It seems to me now as if our main feeling was of bewilderment and helplessness. We had so many things to do and no time in which to do them. And we had to fight so for everything.

"The wind blew and shrieked at us. Pieces of snow began to hit us. I thought at first some one was throwing snow and looked around for Bernt.

"But he was in front of the other wing. The lumps banged against our heads and shoulders, thumped us hard and we didn't dare turn in the direction from which they were coming. Sometimes there were whole showers of them. We finally decided they were pieces of packed snow from the mountain two miles away. One of them knocked me flat on my face.

WRESTLING WITH SHOVEL

"When we tried to cut more blocks with the shovel we couldn't get the thing down to the snow. We had to almost fall on it and force it parallel with the snow before we could use it. It pulled and fought with us as if it were alive. We cursed that shovel, clung to it and wrestled as if it had been a part of the storm.

"The blocks of snow would disappear out of our hands when we picked them up. Sometimes when they were loosened they would fly up in the air and shoot away. The only way to carry them was to wrap yourself all around them and crawl along. Larry would pick up a block and roll over, the snow and Larry all mixed up together. It was a fight to get them in position but once they were placed on the wall they stuck there.

"Bernt put down another dead man, a ski buried in the snow and we lay on the lines while he did it. So it went all day, digging in snow blocks, fighting the wind, lying on the lines in gusts and huddling together there for warmth, hungry and exhausted. We went into the tent to eat. Larry did not like for me to get in the plane to send and we couldn't keep our radio schedules with the base for at dinner the wind sounded twice as loud as it had before. It reached a deep note that sounded bad. Snow was pounding against the tent and the snow wall. We wondered why it didn't rip the cloth to pieces. We crawled in our bags for a while to try to get warm and the ice under us was jarring.

About 11:30 the sound of the wind suddenly changed from a roar and the sound became thin and higher. There was a little shake and we looked out and saw she had left. She went straight up and sailed away out of sight in the darkness and snow. We felt pretty badly but there was nothing to do, so we turned in. That was the worst of the storm but it had done all it could do to us. You should have seen our faces. We had been a miserable looking crowd before, but we were worse then. We looked so miserable we laughed. So we crawled inside again.

RELIEF WITH MORNING

"The next morning the wind had gone down some and when we went out there was the plane lying about half a mile away looking apparently uninjured. We couldn't believe our eyes, thought she must have gone to the South Pole. The snow blocks around where she had been anchored were untouched and we could see that she had lifted herself straight up and glided off flying. The blocks of snow which had been piled on her skiis were strewn along for a quarter of a mile. We wanted to go over to her but it was too dangerous then on that icy surface. A little later Balchen persuaded Larry to let him try it and I wish you could have seen him go. He went like a shot. Three steps and he was there, sliding, falling all over the place."

"'Did you tack, Bernt?' Dean asked him.

"'I did everything else so I guess I tacked, too,' said Bernt, with a flash of his white teeth.

"But he had a hard time coming back," June continued. "We could see him edging his way back on his stomach, crawling along with his knife and a ski stick to hold him from being blown away. He was a long time returning. When he got back he said: 'Well, she's a wreck.' We knew it but had hoped against hope. In the afternoon we were all able to go over, for the wind was only blowing forty miles an hour, nothing at all after what we had had, and there was no more loose snow to drift. The plane lay about fifty feet from where she had first hit.

AFTER THE CRASH

"The ice was all splintered there. I forgot to tell you that the whole basin was ice under a thin coating of snow because in summer water runs off the mountain sides and makes a regular pool in the valley in which we were camped. The plane had bounced after that first smash and then skidded to a resting place. She evidently had been flying, for she landed at a gliding angle and a little on the left wing. The controls were lashed and she just flew backward but was not going very fast when she hit.

"We went inside and everything that was loose was lying all over the cabin. The radio transmitter, which had been hung on springs, was lying on the floor and the springs were straightened out.

"The antenna, which had been fastened to skis outside, had been taken along with the plane, skis and all, and when she hit, the wire had broken off at the fuselage. We found the antenna wrapped around the skis, as neatly as if we had done it ourselves, about a half a mile from the plane. They must have hit rolling.

"The ship itself was a bad sight. The longerons and struts were bent and twisted. The skis were not hurt but one of the pedestals had been torn in two. The propeller had evidently been turning fast for the ends of all three blades were curled up the way they are in a full throttle crash. The steel struts of the landing gear were split and curled back like the skin on a banana. The most remarkable thing was that the wing was practically undamaged except that the bow wing tip was broken for about three feet. It could be repaired in a few hours. The tail from the radio installation back was in perfect condition and the tail surfaces were not even touched.

RADIO SALVAGED

"The skis had apparently pulled loose first for the center section of the fuselage was buckled and the tail was some distance below its natural position. The engine and instruments were all right apparently.

"The force with which the plane was torn loose was shown by the way the four turns of a line rope, an unusually strong rope, were broken as if they had been string. It was amazing.

"We brought our portable engine for the radio and the torch for heating it, and to my surprise it started. The transmitter also worked by a miracle until the engine crankshaft broke. I tuned in for the base and listened and tried to send but couldn't make them hear. I heard everything, heard the messages to us and stations in the States. I even copied the New York Times press broadcast and received messages for Gould.

"The weather cleared up the day after the storm and it was warm and calm. The quiet seemed strange after what we had been through. On the second day we started taking gasoline out of the tanks so that if the plane blew away again we would have fuel with which to get home."

GET SAME NEWS OVER

"On the second day we could tell from the messages that we received that you were beginning to get worried," he continued.

"And we heard you broadcasting that the weather was fine and to come back. Then we would look at the wreck.

"'Come back!' We wanted to badly enough. Then we picked up a message, 'We are preparing to come to you. Dog teams leave today.' Our weather was fine. Every hour I wore a path to the radio to copy the same blasted thing. Then I tramped back and Larry would say, 'What's the news?' I'd read him the same message and he finally yelled, 'If you read that thing again I'll throw the teapot at you.'

"The only thing that bothered us much was that we knew you people here and the folks at home would be worried about us when you could get no message from us saying that we were all right.

"We had some peanut tubes and I decided to try to solder them to the wires of the transmitter in place of regular tubes with a screwdriver for a soldering iron and the little solder that was on the tips of the tubes. I worked half a day at them and finally got them hooked up and got good radiation.

HEARS PLANE TAKE OFF

"That was encouraging, and at 4 o'clock the day we were found I was all ready to transmit, but they were not listening as it was not on schedule. All of a sudden I tuned in on the Fairchild plane and yelled to Larry and Bernt, 'I hear the Fairchild. She just took off, I guess.'

"We had received a message that morning about fixing a tee at which to land and they began running around getting it ready. It was a grand feeling.

"I stayed in the plane and it was cold. And I never did get a chance to try out my patched-up transmitter. I finally heard Hanson in the plane say: 'The mountains are in sight,' then 'Don't see anything.' By that time Larry and Bernt saw the plane. They were heading a little north of us and Bernt set off a smoke bomb. When he thought they were going to pass by he tore open another bomb, just ripped it apart and dropped it on the ground. Hanson was just saying he didn't see us when I heard his radio stutter and then signalled back that he had seen our blinker. I quit then and got out of the good old Fokker and there was the commander up above us just gliding in for a landing. Maybe that wasn't a welcome sight. And that's all there was to it, except that I don't want to see any more wind like that. Once is enough."

AGUIRRE'S LAST WORDS ADVISE AGAINST FOLLOWING HIS COURSE

MEXICO CITY, March 21. (AP) The details of the execution this morning of Gen. Jesus M. Aguirre for leading the rebellion in the State of Vera Cruz were published in an official bulletin tonight.

As he faced the firing squad he said:

"At this solemn moment when I am going to die I wish to be an example for the army. I die tranquilly, filled with the knowledge that I did what I believed my duty, but I counsel all not to follow the course that I have. Now, boys, shoot here (covering his heart with his hand.) Don't hit my face."

It was learned that Gen. Aguirre was entirely alone and on foot when he was captured yesterday.

of the once trusted and courageous general will be sent to his wife here.

WAR TO FINISH PROMISED BY ESCOBAR

JUAREZ, March 21. (AP)—War to the end with no overtures for peace to the regime of President Portes Gil was the policy enunciated today by Gen. Jose Gonzalo Escobar, commander-in-chief of Mexico's rebel movement.

In a special train under guard of 200 soldiers the revolutionary chieftain came within a stone's throw of the Rio Grande to the rebel stronghold of Juarez and in an interview with newspapermen freely expressed his aims and purposes and assailed Gen. P. Elias Calles as the real power behind the Mexican government.

President Portes Gil is a mere clerk, he declared, in the hands of Calles. The President, Gen. Escobar said, was unable to name even a single door man without the approval of the former President, who as Secretary of War is the generalissimo of the government's main army waging the campaign to conquer the rebellion.

"We will not expect to make peace with the Calles government and we will not attempt to make any," the rebel commander announced.

Seated in his private car and speaking through an interpreter, the revolutionary dictator was plied with questions which brought out his complete satisfaction with the progress of the rebellion; the imminence of a decisive battle with Calles somewhere south of Jimenez; a denial that the church is aiding the revolt financially and a denunciation of Mexican officials who "without shame are organizing forces in the United States for an invasion of Mexico."

"We believe alike," he told the newspaper correspondents, "the enemy of the church is our common enemy." Calles, he declared, has created the religious question to make capital of it and to "permit profitable outrages."

Flat denial was made by Gen. Escobar that he had come to the border in order to be able to flee into the United States.

ALL READY FOR MAZATLAN ATTACK

NOGALES (Son.) March 21. (AP)—Concentration of rebel troops near Mazatlan, slowed up by lack of transportation facilities, continued tonight and all is said to be in readiness for an offensive against the Federal forces holding that city.

Federal forces burned railroad bridges near La Cruz and the rebels, forced to detrain there, immediately began the march over the mountain roads toward Mazatlan.

An airplane attack by Federal forces merely served to quicken the pace of the advancing rebel forces, the advices say.

Rebel advance guards, who have taken all of the territory to within a ten-minute ride of the city itself, have encountered little opposition, Gen. Carrillo preferring to rely on the defenses around Mazatlan, which consist of lead mines and electrically charged barbed-wire entanglements.

REBELS COMPLETE PLANS FOR OFFENSIVE

EL POTRERO (Sin.) March 21. (AP)—All preparations have been completed by rebel forces to launch the long-expected offensive against Mazatlan, and rebel forces should reach the outposts of that city late this afternoon, according to announcement by Gen. F. R. Manzo, rebel leader, here just before noon.

Further enlistments to the rebel cause have been refused owing to a lack of arms and ammunition, rebel leaders say.

FIELD ARTILLERY DISPATCHED TO NACO

CALEXICO, March 21. (AP)—Mexicali, capital of the Northern District of Lower California, of which Gen. Abelardo Rodriguez is Governor, today was the scene of intense activity.

Five pieces of field artillery were loaded on a freight car bound for Naco, Son., Federal stronghold which is expected to be attacked at any moment.

No troops have been moved from the loyal garrison here, although a company, recently equipped with machine guns, was held in readiness today, awaiting orders from Gen. Rodriguez, who is in the Sonoran border village.

CALLES LENDS AID TO CORRESPONDENTS

HEADQUARTERS OF GEN. CALLES (Torreon, Mex.) March 21. (AP)—Wherever Gen. Calles goes American correspondents, as far as feasible, will go along, too.

Gen. Calles called the correspondents into his private car yesterday and expressed his regret at the hazards and inconveniences which have attended their stay with his army thus far.

He gave orders that henceforth the wooden chair-car which has been assigned to the newspaper men should be carried along with his own private car and he invited them in the future to take their meals in his private dining-room.

He also placed the mobile radio transmitting apparatus at his headquarters at their disposal.

CUSTOMS ACTION ON GOLD REMOVED

WASHINGTON, March 21. (AP)—The Treasury Department has authorized customs officials at principal ports of entry on the Mexican border to examine all incoming individuals to determine whether they are carrying gold and silver and to notify the Mexican government if any is found.

The Treasury issued the order on representation by the State Department, which is understood to have been asked to intervene by the Mexican Embassy.

The United States government was informed that the exportation of gold and silver is illegal under Mexican law, and, while there is no prohibition to the importation of such commodities in this country, the American customs officials have been instructed to do what they can to support the Mexican provision.

The instructions have gone forth specifically to customs officials at El Paso, Tex., and Nogales and Douglas, Ariz., and may be issued to others if necessary.

PLEA FOR EXILE OF AGUIRRE TOO LATE

CHESTER (Pa.) March 21. (AP)—An appeal to exile Gen. Jesus M. Aguirre rather than execute him was sent to the President of Mexico by the Pennsylvania Military College today just as word came to the institution that the rebel leader had been shot.

Gen. Aguirre's 15-year-old son, Leon Humberto Aguirre, is a student at the college preparatory school. He entered the institution last September.

Standing at military attention in his gray uniform in the office of Col. Hyatt, the boy was told of the tragic end of his father.

Col. Frank K. Hyatt, vice-president of the college, said the boy was game.

"He stood erect and looked straight at me," said the colonel, "when I informed him. Whatever shock it was to him, he showed no outward emotion. He saluted like a soldier, and then there was a tear in his eye as he wheeled to leave my office."

MORROW DENIES CAPTURES BY REBELS

WASHINGTON, March 21. (AP)—A report that Puebla, in the State of that name, and Guanajuato, both near Mexico City, have fallen into the hands of the Mexican rebels, was denied tonight by Ambassador Morrow, in a telephone conversation with Undersecretary Clark.

Morrow said the government is entirely without any advices of that nature and denied the authenticity of the report.

GREAT RIVER LINKS FOUND

Explorers Say Amazon and La Plata Form Largest System in World

BUENOS AIRES, March 21. (AP)—The greatest river system in the world exists in South America.

Returning German explorers have found that the Amazon and La Plata are linked by waterways in the Brazilian wilderness, confirming a hypothesis which appealed to geographers because of the similarity of fish in the two rivers.

NACO WAITING FOR ATTACK

(Continued from First Page)

located this afternoon. Gen. Olachea made an airplane flight and found part of Topete's force at Santa Cruz. Rebel cavalry and infantry in trucks are in Cananea.

Among the throbbing hearts are those of the American cattlemen. This afternoon they instructed the cowpunchers to scatter the herds as much as possible and to chase the horses out into the hills, where they will be hidden from the rebels.

One cannon, a one-pounder, arrived for the Federals at Naco today. The chief thrill of this was the fact that it was sent by express from Mexicali and the charges were $1900.

There have been many desertions from Federals to rebels and vice versa today. It is to be a battle between friends and in many cases fellow-tribesmen. The Thirty-eighth Regiment, at Naco, is one of the oldest veteran regiments in the Mexican army. It has fought side by side in many campaigns with the men into whom they will shoot machine-gun bullets.

Mexico Priests Obey New Law

MEXICO CITY, March 21. (AP)—It was officially announced today that 1721 Catholic priests throughout Mexico had complied with recent instructions of the Department of the Interior to register their home addresses in order not to be considered inimical to the government.

Among those who have complied are the bishops of Papantla, Oaxaca, Chihuahua, San Luis Potosi and the auxiliary bishop of Mexico City.

Actress June Marries Lord

LONDON, March 21. (AP) — Miss June Howard Tripp, better known as June the Actress, was married to Lord Inverclyde at St. Columea's Church today.

Only a small party of guests witnessed the ceremony within, but a large crowd of women, including many connected with the theater, was outside and gave the couple a hearty send-off.

The bride wore an oyster gray satin gown trimmed with pearls, and a Juliet pearl cap, and carried a prayer book instead of a bouquet.

NOTABLES PAY HONOR TO FOCH

King Albert and Great Men of France at Home

Body to Lie Sunday Near Unknown Soldier

Final Resting Place to be Beside Napoleon

(Continued from First Page)

at his own home. This evening 5000 persons passed by his catafalque, leaving as many more waiting in line when the doors were closed for the night.

Tomorrow the slow and silent march past the candle-lit catafalque will be taken up again to continue throughout the day.

While the public in Paris paid its tribute in person today, kings, presidents and princes sent messengers to the Foch home and to the Presidential Palace to express their admiration for the Marshal and their sympathy for the widow and nation which has lost him.

To mourning France and to the grief-stricken widow there also came from all ends of the earth untold thousands of messages expressing deep love and affection for France's most honored soldier since Napoleon.

NO POMP AT HOME

Tonight, when the doors had been closed to the public and the family had retired from the death bed, Foch was left to lie with no guard or pomp, as he would no doubt have wished, just as any ordinary man might be in death. Keeping watch were three military officers who were attached to his headquarters during the war and since.

Many men who, like Marshal Foch, reached their greatest glory in the World War followed one another this morning in such succession of noted persons as even Paris rarely is privileged to see within two crowded hours.

At 10:30 a.m. the great gates were thrown open for the gleaming limousine of the President of the republic. President Doumergue was ushered straight to the death bed and then to a side room where Mme. Foch received him and his aide, Gen. Lasson. Ten minutes later he had gone, and another car drove in. It was the Belgian Ambassador.

Then, walking all alone straight across the courtyard, one caught sight of the familiar features and sturdy but slightly stooped body of Georges Clemenceau, the "Father of Victory," who buoyed up the spirits of France while Marshal Foch drove the armies onward to his goal.

"TIGER" ALL ALONE

The "Tiger" had come with only his chauffeur and had left his car in the street. He was unannounced, but Gen. Weygand, who has taken everything in charge at the Foch home, caught sight of him, hurried to the stairs and took the war-time Premier by the arm to escort him to the death chamber.

"It is unjust," the Tiger growled. "He is my junior and it is I who have come to salute him on his death bed."

Joseph Caillaux, whom Clemenceau in his war-time zeal drove out of French politics, also called.

The departing Clemenceau car had only turned the corner a block away when Gen. Pershing arrived wearing black mufti. Gen. Lyautey, also in civilian clothes, and Marshal Petain, in the uniform of that rank, entered the house. They had been gone a few minutes when Marshal Joffre and Mme. Joffre were driven to the door in an automobile with blinds drawn.

Tonight after darkness had come, the gates closed. With no longer a register to sign nor anything to see except the high wall and beyond it the upper story of the darkened home, a crowd of Parisians continued to gather in the street. Such was the love of the common people of France for the soldier who, like the Corsican of another century and other wars, will sleep in the Invalides.

Among the tributes paid the marshal when silence had closed down on the neighborhood tonight was that of an aviator who risked the penalty of losing his rank and license by swooping his illuminated plane low over the home in a farewell salute to his commander-in-chief.

DEATH MAY RECONCILE POINCARE AND "TIGER"

PARIS, March 21. (AP)—A reconciliation between two old-time political foes may be effected by the death of Marshal Foch.

Premier Poincare has written a special personal letter to former Premier Clemenceau inviting him to be the guest of the government in the official cortege at the funeral. The two statesmen embraced at the entrance to Strasbourg in 1918 but have not met or spoken since.

The wartime political leader is expected to depart from his traditional avoidance of public appearance because of his unbounded admiration for the marshal.

CITY COUNCIL ADJOURNS AS TRIBUTE TO WARRIOR

As its tribute to Marshal Foch, the City Council yesterday unanimously adopted a resolution introduced by Councilman Hall, moving that its session be adjourned in honor of the dead commander-in-chief of the Allied armies and that the flag of the City Hall be flown at half-mast until after his funeral.

FOCH LONGED TO SEE OLD FOE

Wanted to Talk Technique and Strategy Over With Von Hindenburg

PARIS, March 21. (AP)—One of Marshal Foch's closest friends revealed today the vain hope of the Marshal that some day he could meet and talk with President Von Hindenburg of Germany.

The Marshal told the intimate he "had the greatest respect" for the German military chief and that he wished they might meet, not as a Frenchman and a German, but as two military technicians to compare notes.

Marshal Foch desired this so much that a rough plan was formulated even as to how it might best be done without publicity.

HERRICK SENT TO FOCH RITES

Ambassador Will Represent President Hoover

Gen. Pershing Designated by War Department

Salute Will be Fired on Day of Funeral

WASHINGTON, March 21. (AP)—Ambassador Herrick was designated by President Hoover today to be his personal representative at the state funeral of Marshal Foch. Gen. Pershing is designated by the War Department to represent the Army. The department also announced that the death of Marshal Foch will be cited in the general orders of the department as is done in the passing of distinguished American soldiers.

On the day of the marshal's funeral a salute of twenty-one guns will be fired at every army post and station, beginning at reveille. Thereafter at an interval of every half hour one gun will be fired until sunset.

RUPPRECHT OF BAVARIA PAYS TRIBUTE TO DEAD

MUNICH, March 21. (AP)—Former Crown Prince Rupprecht of Bavaria gave the Associated Press a signed tribute to Marshal Foch today.

"Marshal Foch, our former adversary, was, besides Gen. [illegible], who preceded him in death, the most outstanding among French army leaders.

"Signed,

"Rupprecht, Crown Prince of Bavaria, field marshal, general."

LODGE OF ELKS CONDUCTS FOCH MEMORIAL SERVICE

An impressive memorial service for Marshal Foch was conducted by the Los Angeles Lodge of Elks last night at the regular lodge session.

An address was made by the noted Shakespearean actor, Frederick Warde, who was presented by Exalted Ruler John J. Doyle, and who was a personal friend of the French commander. Dr. Warde spoke feelingly of his acquaintance with him which extended over a period of thirty years.

Calling the Man who wants Yield with Safety

Financial writers are now strongly urging investors to analyze their holdings on a basis of yield. Are your securities affording you a satisfactory yield? If not, you are losing money. Are your securities thoroughly stabilized in price? If not, you may lose still more money.

Many investors have recently liquidated their securities that were paying a small yield—or were unstabilized—and placed the funds in Pacific States Savings.

They value the distinctly attractive interest they earn here. They value still more the long proven safety of this institution and its present outstanding position of strength and stability.

Your funds in Pacific States Savings are tax free, and conveniently withdrawable at par. Send for our Statement of Condition.

Yearly $12.60; Monthly, $1.05; in Zone 5, including Colorado, Idaho, Montana, New Mexico, Oregon, Washington, Yearly $16.00; Monthly, $1.30; in Zones 6, 7 and 8, balance of States, Canada and Mexico, Yearly, $18.00; Monthly, $1.50. POSTAGE PREPAID.

Entered as second-class matter Dec. 4, 1881, at the Postoffice at Los Angeles, Cal., under the Act of March 3, 1879.

FRIDAY MORNING, MARCH 22, 1929. VOL. XLVIII, NO. 100

HERRICK SENT TO FOCH RITES

Ambassador Will Represent President Hoover

Gen. Pershing Designated by War Department

Salute Will be Fired on Day of Funeral

WASHINGTON, March 21. (AP)—Ambassador Herrick was designated by President Hoover today to be his personal representative at the state funeral of Marshal Foch. Gen. Pershing is designated by the War Department to represent the Army. The department also announced that the death of Marshal Foch will be cited in the general orders of the department as is done in the passing of distinguished American soldiers.

On the day of the marshal's funeral a salute of twenty-one guns will be fired at every army post and station, beginning at reveille. Thereafter at an interval of every half-hour one gun will be fired until sunset.

RUPPRECHT OF BAVARIA PAYS TRIBUTE TO DEAD

MUNICH, March 21. (AP)—Former Crown Prince Rupprecht of Bavaria gave the Associated Press a short signed tribute to Marshal Foch today.

"Marshal Foch, our fiercest adversary, was, besides Gen. Gallieni, who preceded him in death, the most outstanding among French army leaders.

"Signed,

"Rupprecht, Crown Prince of Bavaria, field marshal, general."

LODGE OF ELKS CONDUCTS FOCH MEMORIAL SERVICE

An impressive memorial service for Marshal Foch was conducted by the Los Angeles Lodge of Elks last night at the regular lodge session.

An address was made by the noted Shakespearean actor, Frederick Warde, who was presented by Exalted Ruler John J. Doyle, and who was a personal friend of the French commander. Dr. Warde spoke feelingly of his acquaintance with Foch which extended over a period of thirty years.

BILL URGES TIME PAYMENTS RATHER THAN GOING TO JAIL

SACRAMENTO, March 21. (Exclusive)—Payment of fines on the installment plan as a means of cutting in half the jail population, improving jail administration and protecting "impressionable youth from jail contamination," is sought in a bill introduced today by Assemblyman Feigenbaum of San Francisco.

The measure would provide that "a judgment that a defendant pay a fine, may also direct that he pay the fine within a limited time or in installments, to be stipulated in the judgment and that in default of payment as therein stipulated, he be imprisoned until fine is satisfied in full in proportion of one day's imprisonment for every $2 of the fine remaining unpaid."

Under the terms of the bill, no imprisonment ordered under the provisions of the act shall exceed the term for which the defendant might be sentenced for the offense of which he has been convicted.

"The National Crime Commission has suggested that the installment plan be applied to the payment of fines for misdemeanors and the idea of this bill is supported by the findings of that commission," Assemblyman Feigenbaum said in presenting his measure.

"This reform along the line of installment payments is much followed in Europe and is illustrated in the Michigan code," the San Francisco Assemblyman pointed out.

SENATE TO CALL MRS. M'PHERSON

Eighteen Witnesses Listed for Hardy Trial

Nolan Headed Southward to Serve Subpoenas

Deposition Also Sought from Mrs. Kennedy

SACRAMENTO, March 21. (AP)—Mrs. Aimee Semple McPherson, evangelist, is one of eighteen witnesses the Assembly board of managers decided to subpoena in the impeachment trial of Superior Judge Hardy of Los Angeles, it was announced late today.

Mrs. McPherson's name was the only one the Assembly prosecutors would reveal, as Joseph Nolan, sergeant-at-arms of the Senate, started southward tonight to serve the summons of the high court of impeachment. It was understood, however, that certain employees of Angelus Temple, Mrs. McPherson's church in Los Angeles, and detectives employed during investigation of her kidnaping story two years ago were among the summoned.

MOTHER ALSO SOUGHT

At the same time another action was started northward to link Mrs. Minnie Kennedy, mother of the evangelist, in the impeachment hearing to open before the Senate on April 8.

The board of managers is endeavoring to ascertain where Mrs. Kennedy will be on or about March 30, at which time members of the prosecuting body and counsel for the defense are to question her and obtain a deposition relative to her knowledge of Angelus Temple business transactions while she was manager of the organization.

When Mrs. Kennedy names the town or city where she will be, a commission, approved by H. L. Carnahan, president of the Senate, will be filed with a court or notary of that place. The court or notary will, in turn, instruct Mrs. Kennedy to appear at a certain time to make the deposition.

MUST VISE SUMMONS

Before the eighteen summons can be served they must be vised by Carnahan who will determine whether testimony expected from the witnesses is material to the case. Carnahan is in Los Angeles and will go over the subpoenas tomorrow.

Nolan stands as the highest peace officer in the State and he may either serve all the subpoenas personally or delegate officials of the Los Angeles Sheriff's office to assist him.

Assemblyman Clare Woolwine, a member of the board of managers, is accompanying Nolan to Los Angeles. Woolwine plans to talk with several persons in connection with the Hardy case.

Woolwine said that he would interview Asa Keyes, former Los Angeles District Attorney, who is being held in the Los Angeles County Jail pending action on his appeal from the conviction and sentence of from one to fourteen years in prison for accepting a bribe while in office. Investigation of Mrs. McPherson's kidnaping story was dropped on Keyes's motion.

FACES FOUR ARTICLES

For a while the board of managers was undecided whether to call Mrs. McPherson to the capital or let the defense do it. The defense also was undetermined and today's action by the prosecutors is the first definite step taken in the matter.

The board of managers was undecided as to whether the impeachment should be regarded as a criminal, civil or political action. The manner of procedure varies in each.

The managers consider the impeachment of Judge Hardy for misdemeanors in office as a "political action." The Senate passed twenty-four rules, one of which specified that rules governing criminal court cases should be employed in the impeachment trial.

Judge Hardy is to stand trial on four articles of impeachment, practicing law while in office in violation to the State constitution, obstructing justice, accepting a $2500 check from Mrs. McPherson for legal services and intimidating a prospective witness in the grand jury investigation of Mrs. McPherson's kidnaping story. There were originally five articles, one charging that the judge failed to give William Edward Hickman a fair public murder trial. The Senate upheld the Hardy demurrer on this count.

DEFEATS STING YOUNG FORCES

Senate and House Setbacks Mark Day at Capital

Budget Measure Amendment Showdown Avoided

Tax Commission Agreement Opposition Victory

BY C. A. JONES

"Times" Staff Representative

SACRAMENTO, March 21. (Exclusive)—The Young administration admitted a pair of stinging defeats today, one in the Senate and one in the Assembly, and caved in on two measures rather than sustain a disastrous roll call on each.

In the upper house Senator Inman of Sacramento, administration leader, decided not to bring up again the amendment to the budget bill offered by Senator Merriam of Long Beach, providing a $150,000 armory for that city.

An agreement was reached on the resolution creating a legislative tax commission, whereby Assemblyman Sewell of Whittier obtained what he desired and passed up the opportunity of forcing the administration to stand by and suffer another opposition victory.

Yesterday Senator Inman brought up the budget bill. It had come from the Assembly with the armory appropriation appended through motion of Assemblyman Keaton of Long Beach, much against the peace of mind of the Governor. When the bill got to Senator Inman's Ways and Means Committee he obeyed the wishes of Gov. Young and struck out the Long Beach item. Senator Merriam moved the inclusion of this allocation and it carried, 26 to 11. This is the most disastrous blow Gov. Young has received from a Legislature which has heaved his policies overboard with the heartiness of a crew of chanting sailor men.

VOTES STAND FAST

Senator Inman resorted to the parliamentary dodge of changing his vote, and then moving for reconsideration, which means that he planned to have another try at removing the appropriation the next day. Meanwhile the Governor's office sent forth its emissaries and attempted to swing enough votes so that the affair would not be so catastrophic. The votes stood fast, however, and today Senator Inman let his reconsideration move dissipate.

The Governor, however, has the authority to strike out or reduce an appropriation item, and it generally is presumed that he will take Long Beach's armory proviso out of the bill, or else cut it to the quick. That is not the last move, however, as the Legislature can override this action by a two-thirds vote in the House, where the bill originated. This means that if Assemblyman Keaton can get fifty-four votes in the Assembly the official pen of Gov. Young will write in water. On the original motion in the Assembly Mr. Keaton obtained a victory by forty-one votes to nineteen, with twenty absentees. He believes he can obtain the thirteen additional votes to override Young's action.

As to the tax resolution, Mr. Sewell introduced the measure last week, shortly before the solution offered by Assemblyman Adams of Livingston, which was generally recognized as being sponsored by Gov. Young, made its appearance. At the same time Senator Nelson of Eureka submitted a somewhat similar resolution in the upper house.

The administration members immediately started a fight on Mr. Sewell's resolution, and he took up the gauge of battle with apparent glee. The matter came to a head on an argument as to whether or not the Assembly should resolve itself into committee of the whole, and Sewell won, forty votes to thirty. It is apparent that the same proportion, or better, will hold should Mr. Sewell force his resolution to a final vote.

Meanwhile Senator Nelson's resolution has been adopted by the Senate and is on its way to the Assembly. In point of fact, the resolutions are more or less alike, and Mr. Sewell and Senator Nelson sat down together, the latter accepted some of Mr. Sewell's language, and the matter seems well on its way to completion.

BLOW TO GOVERNOR

The fact that the commission will be composed of legislators, instead of continuing the personnel of Gov. Young's commission, is a severe slap at the administration. The Governor's commission, which labored eighteen months, and spent more than $75,000, submitted a report which upset the Governor, because of its political potentialities, and was thrown into the waste-paper basket by the Legislature.

Senator Nelson's resolution calls for a commission of four Senators and four Assemblymen, appointed by the presiding officer of each house, an appropriation of $30,000, and a report to be filed in December, 1930. The commission is called on to study the old report and its recommendations, and devise some means of equalizing and minimizing the tax burden, rather than discovering additional sources of tax revenue, as seemed to be the Governor's plan.

The Adams resolution has vanished in the dust of Gov. Young's retreat.

NEW STATE CODE URGED IN MEASURE

Senate Amendment Would Have Convention Draft Revised Constitution

SACRAMENTO, March 21. (AP)—The Senate Constitutional Amendments Committee today reported to the floor of the upper house an amendment calling for a convention to draft a new State constitution.

Senator West is author of the amendment, which was favorably received and acted upon by the committee. It provides that within six months an election shall be held and eighty delegates, one from each Assembly District of the State, be elected and form in convention to draft the new constitution within three months of their election.

Compensation of $1000 and mileage for each of the eighty would be appropriated by the amendment.

ROAD CONTRACTS LET

Two of Three Arizona Highway Jobs Awarded Carry Federal Aid

PHOENIX, March 21. (AP)—Three road contracts, involving an expenditure of more than $250,000 were awarded by the State Highway Commission today. Two of the projects carry Federal aid, and the other is being built by special appropriation of the Legislature.

The Lee Moor Construction Company of El Paso was the successful firm for building 4.6 miles of the Globe-Safford highway, at a price of $92,003.21. This is the final link in the scenic route which passes over the new Coolidge Dam.

The General Construction Company of Phoenix was awarded the contract for 7.7 miles of road on the Tucson-Nogales highway, two miles north of Tubac, at a price of $83,327.89. Four bridges over twenty-foot clear span are to be constructed, according to the specifications.

COURT DEBATES ON ELIGIBILITY

Status of League Advisers Causes Concern

Hurst and Fromageot Aspire to World Bench

View Prevails They Should be Named Judges

GENEVA, March 21. (AP)—There was some concern in League of Nations circles today as to whether League advisers of foreign offices should be elected to the bench of the World Court.

It was believed here that Sir Cecil Hurst of England, Henri Fromageot of France, and Frederic Gaus of Germany, juridical counsellors to their respective governments, all aspire to Hague judgeships.

The prevailing view is that their government connections should not debar their election to the court, although it is admitted that the choice of three men who helped draft the Locarno treaty might create the impression among smaller powers that there was too pronounced a "greater power" governmental tinge to the World Court.

Although none of the three have been judges, the opinion at Geneva is that all are qualified to serve on the bench on account of their exceptional knowledge of international law.

Inasmuch as Viscount Finlay of England and Dr. Andre Weiss of France, both judges on the World Court bench, died recently, the League Assembly and Council in September must elect their successors.

The League today asked that all national groups make nominations. It is believed the English and French will submit Sir Cecil and M. Fromageot. Herr Gaus is expected to be a candidate when the new election of the entire bench occurs in 1930.

OUR SERVICE
We seek to render such service to our clients that each dealing with us may become a forerunner of future transactions, and that the client who is a borrower from us today may acquire a confidence which will make him an investor with us tomorrow.
To the Borrower We Offer:

How To Get
HEALTH
and How To Keep It

If the reading of this article teaches you only this one lesson about your own body it may be worth more than millions of dollars to you; for of what use is money without health, or after you are dead?

The lesson is this:—"Keep your system pure and you will have health and strength to gain and enjoy happiness, success and length of years."

But you may ask:—

How Can I Keep My System Pure?

That is not a hard question to answer, for physiology plainly teaches you that your liver, which is larger than any of your other vital organs, has the special work of purifying your blood and thereby your entire system and of keeping it pure and healthy.

How Does the Liver Purify?

Physicians tell us that the liver has several functions, one of which is to manufacture a greenish-yellow, bitter fluid called the bile, which, between meals, is stored up in the gall-bladder, but after each meal is passed out into the intestines. The bile is *purgative* and *antiseptic* or prophylactic. In health, it is your bile that makes your bowels act regularly and freely every day,—it is *Nature's only purgative.* It is your bile that keeps your bowels pure, sweet, clean and free from fermentation (gas) putrefaction and decay. Remember that germs do not thrive where there is fresh bile and there can therefore be no fermentation to cause gas, nor putrefaction or decay to produce poisons or toxines. Also, as bile is Nature's purgative, there can be no constipation if the bile is flowing naturally and freely from the gall-bladder into the bowels after each meal.

But when the bile becomes stagnant and stops flowing freely, your bowels stop acting regularly and the contents become a foul, stagnant breeding bed for the germs of fermentation (gas) decay and disease. These poisons, (called toxines) are gradually absorbed into your blood and circulate all over your body, poisoning, irritating or inflaming your brain and nerves, your muscles and joints, your heart, lungs, skin, kidneys, bladder, spleen and every vital organ of your body, including your liver, stomach and bowels. Your doctor calls this "intestinal toxaemia."

Functions of Gall-Bladder

In 24 hours your liver secretes about 25 to 30 ounces (5 to 6 teacupsful) of bile, which flows through millions of minute canals, or ducts, uniting to make a large tube which empties into the gall-bladder, as creeks and rivulets unite to form a river that flows into a lake. Your gall-bladder is a hollow muscle that serves the double purpose of a reservoir and a pump. Its functions are similar to those of the urinary bladder. About two hours after eating, when the food is passing from the stomach into the intestine, your gall-bladder should begin its peristaltic contractions, thus pumping the bile into the small intestine where it is mixed with your food. Bile is also a very important digestive fluid, aiding in the digestion and absorption of fats and oils. But that is too long a story to relate here.

Nature's Danger Signals

When your car gets out of fix you can tell it. It is the same way with your bile. Nature gives you warning—not by words, but by signals or symptoms. Your doctor recognises these danger signals and you also should know them and instantly heed them. It may save you much pain, serious illness and perhaps, big repair bills.

When the bile becomes stagnant in your gall-bladder and is dammed back into your liver instead of flowing freely into your bowels you, sooner or later, begin to feel some of the following symptoms:—Your breath may become heavy or foul, your tongue coated, a bad taste in your mouth, your food (and tobacco) lose their natural flavor, your food does not agree with you; you may have heartburn, gas, or fluttering around the heart, dizziness or blind spells; you may be troubled with belching or frequent passage of gas from the bowels; the gas "balloons" your bowels and presses so hard on the kidneys that it gives you pain, soreness, stiffness in the small of your back over your kidneys, making you think you have kidney trouble; at night the gas in your bowels presses upon your bladder making you get up frequently, thus breaking into your sleep. In the morning you are tired instead of refreshed. Gradually your health is injured. Your complexion becomes sallow, muddy or yellow—your skin may be disfigured with liver spots or pimples; dark rings may appear under your eyes; you may become sleepless, restless and irritable or blue and melancholic. You may have frequent colds or dull headache; your bowels stop their free, full and natural action; you have constipation, fermentation, gas, putrefaction and self-poisoning or "intestinal toxaemia," as the doctors call it. High blood pressure, with headache and swooning spells, may result from continued neglect.

How to Make the Bile Flow

But when the bile stops flowing freely, how can we start it up again? The answer is: *Take Calotabs at bedtime and drink water freely the next day.* This formula represents the best thought and experience of the best physicians in every civilized country in the world. No other purgative will do. If you take oils, salts, cascara, or the many other simple-laxative syrups, powders and candy laxatives, you are merely wasting valuable time. They only make you feel better for a day or two. They do not remove the cause, *for they do not promote the flow of the bile* which is Nature's only purgative and intestinal antiseptic. When you take Calotabs you know that you have taken a real, doctor's medicine. It cleans you out thoroughly. Every inch of your twenty-five foot canal, including your stomach, small intestines and large intestines, is thoroughly cleared and washed clean and pure and your bile is flowing freely. Next morning your system feels purified and refreshed and you are feeling fine, with a hearty appetite for breakfast. Eat what you please and go about your work;—there is no danger, for Calotabs are perfectly safe and create no habit except the habit of healthy bowel actions.

What are Calotabs—How do They Act?

Calotabs are composed of a *thoroughly* purified and refined calomel combined with *assistants* and *correctives.* The calomel increases the flow of the bile from the gall-bladder into the intestines, and also serves as an intestinal antiseptic. Every physician knows that no other medicine can take its place; *there is no such thing as a substitute for calomel.* The assistants act like salts, washing the calomel out of the system and preventing its accumulation and any possibility of danger. The correctives settle the stomach and bowels, preventing nausea, sickening and griping effects. Calotabs, (and water) therefore, give you the combined effects of calomel and salts without the nauseating, sickening, griping and dangerous effects of either.

Calotabs
Price 35 cents

The medicine chest of every home should be supplied with Calotabs, one of the most important of all family medicines, for it is needed in many cases of sickness, and, if used promptly, may prevent many cases of serious illness.

Avoid disappointment by refusing imitations and substitutes. Your druggist can supply you with genuine Calotabs if you insist. For your protection, Calotabs are marketed in original packages only, having the copyrighted trademark shown above. Family package, containing full directions; only 35 cents.

It's Your Move for the Big Western Boy

He's the service station operator in your neighborhood and deserves a living wage

He has served well—this neighborhood gasoline man. He has answered questions, filled the tires and serviced the windshield and radiator. Much has been said of his value to the community and his being the outpost of the West's greatest revenue—but most important to us who drive automobiles is the fact that he fills our gasoline tanks with good gasoline—and after all that's what makes our private transportation possible.

He is very close to our every day life. For that one reason he must not be discouraged. He must be supported, patronized and allowed to stay in our neighborhood through a living wage which we alone can give him. He is a big western boy. He works and lives here with us. He has suffered through competitive conditions most businesses never know.

Now it's our move—your move. Go back to the service station operator in your neighborhood—become again one of his regular customers. This means more prosperity to your neighborhood, and good gasoline close at hand day and night.

GO TO IT...

GEN. SALTZMAN IN RADIO POST

Hoover Picks Former Head of Army Signal Corps

Second Appointee to Board Still to be Selected

President Also in Conference on Flood Relief

WASHINGTON, March 21. (AP)—President Hoover has selected Maj.-Gen. Charles McK. Saltzman, retired, former chief of the Army Signal Corps, for appointment to the Federal Radio Commission from the fourth zone, and is casting about for a man qualified to represent the first zone on the commission. The fourth zone comprises Midwestern States while the first zone tafles in the New England and Middle Atlantic area.

Formal announcement of the Saltzman appointment is being withheld until the first zone member, who must be a Democrat, is decided upon. The President will not submit to the Senate the names of Arthur Batcheller and C. M. Jansky, who were selected by President Coolidge for these two places, but whose nominations failed to receive confirmation in the last Congress.

In making this, his first appointment to the Radio Commission, Mr. Hoover chose a native of his own State of Iowa. Gen. Saltzman served with distinction over a long period in the Army Signal Corps.

FLOOD DISCUSSED

The President was busy today with numerous callers. He went over the flood situation in Alabama thoroughly with Senator Heflin, Representatives Jeffers and McDuffie, all of Alabama, Secretary Good and James L. Fieser, acting chairman of the American Red Cross, and at the conclusion of the conference it was announced that steps are to be taken at once to relieve the situation.

The Red Cross is to take charge of rehabilitation and superintend getting the people of the flooded area back into their homes, supplying them with seeds and the farm implements necessary for replanting their crops. The smaller planters, whose land holdings are less than 160 acres, will be given relief at once, but in cases of larger holdings an investigation will be made to determine whether help from the outside is needed. The Red Cross is shortly to make an appeal for funds to carry on the work.

GOVERNMENT AID

The President told the group that the Federal government will help by placing the facilities of the War Department at the command of the Red Cross and by making a survey of roads and bridges with a view to assisting in their reconstruction.

Mr. Hoover feels that criticism of his reappointment of Rear-Admiral William A. Moffett as chief of the Bureau of Naval Aeronautics as a departure from an accepted policy of rotation of officers in the service is without foundation and that there are many precedents to support his action.

It was pointed out that President Coolidge had reappointed Moffett to his second term and also had renamed Maj.-Gen. Lejeune for a second term as the head of the Marine Corps. Any rotation policy, Mr. Hoover feels, should not include the technical bureaus of the Army and Navy, where knowledge and experience of a particular type are necessary.

FRENCH VISITORS

At noon Mr. Hoover received a delegation of thirty-eight members of the Association Des Croix De Guerre, which was presented by Ambassador Claudel of France, bade them welcome to America and told them of his sorrow at the death of Marshal Foch. The group, consisting of World War veterans, is making a tour of the United States to repay the visit of the American Legion to Paris in 1927.

The President also received the geological survey delegation, which was presented by Director George Otis Smith.

J. R. Nutt, treasurer of the Republican National Committee, was Mr. Hoover's guest at luncheon and tonight the President invited to dinner Secretary Davis, Postmaster-General Brown, Senator Smoot of Utah, Representative Tilson of Connecticut and Senator and Mrs. Jones of Washington.

Assassinations Hint Tong War

PHOENIX, March 21. (AP)—Three killings, possibly the result of tong animosity, all in the space of a week here, puzzled police today.

The dead were Lee Hop, a Chinaman, killed by three attackers Saturday night, Tom Fong King, a 64-year-old oriental proprietor of a grocery store, who was shot four times while sitting behind the counter of his shop, and Ben Smith, a merchant patrolman who was shot and killed when he went to the aid of a Chinaman who cried for assistance.

Another possible motive for the slayings were seen in the fact that the men who shot Hop pilfered his dwelling and were reported to have taken some narcotics.

Search Curbed in Smuggling

WASHINGTON, March 21. (AP)—The practice of Treasury agents obtaining search warrants on suspicion that smuggled goods are in buildings was ended today by an opinion of the Department of Justice.

The department held such warrants may be issued only on a statement under oath of facts within knowledge of an affiant showing probable ground for his belief that smuggled goods are within premises.

NEWSPAPER MAN DIES

SAN FRANCISCO, March 21. (AP) William J. Milliken, newspaper man, died here last night. The funeral will be Saturday. Milliken was a resident of California for twenty years, and a member of a firm of publishers. He was business manager of the Argonaut Publishing Company here.

ENVOYSHIP FOR FULLER REPORTED

Former Massachusetts Governor's Name Linked With St. James Post

BOSTON, March 21. (AP)—The Boston Herald says today in a copyrighted story that its Washington correspondent has learned that Alvan T. Fuller, former Governor of Massachusetts, has been tentatively picked to succeed Myron T. Herrick as Ambassador to France.

Fuller, long regarded as possible choice for the post, will arrive in Washington Saturday afternoon and, the Herald adds, it is "hardly by accident" that his arrival will coincide with that of Henry L. Stimson, the new Secretary of State. The former Governor has been in Palm Beach and is motoring north.

Apparently the only question unsettled is whether Stimson will approve Fuller's choice for the Paris post, the story says.

WHITE HOUSE DENIES CONSIDERING APPOINTMENTS

WASHINGTON, March 21. (AP)—Reports that former Gov. Alvan T. Fuller, of Massachusetts, is to succeed Myron T. Herrick as Ambassador to France were received at the White House today with a reiteration of the statement that President Hoover is considering no diplomatic appointments until the arrival of his new Secretary of State, Henry L. Stimson.

Mr. Fuller, it was said, has been invited to call at the White House while passing through the city Saturday. Stimson is expected Sunday. It was indicated the fact of their arriving here so closely together is merely a coincidence.

Two Hurt When Aged Stanford Bridge Caves In

PALO ALTO, March 21. (AP)—Two persons were injured and fourteen others badly frightened when a condemned bridge gave way as a Gray line sightseeing bus was crossing it back of the Stanford University campus this afternoon.

Mrs. Edward Perrin of Los Angeles is in the Palo Alto Hospital suffering from shock and minor injuries, and her husband is being treated for shock. Mrs. Perrin, according to R. Thomas, driver of the bus, jumped from the front door of the car.

Condemned signs barring trucks had been placed at each end of the structure by A. E. Roth, controller of the university.

When Thomas felt the bridge giving way, he stepped on the gas and got far enough across to leave the bus hanging with its rear wheels over the broken structure, passengers told police. The bridge is 41 years old.

Bombs Found in Package Mailed From New York

NEW YORK, March 21. (AP)—Four bombs and a sawed-off shotgun were discovered in a package mailed at the Grand Central postoffice late today. The package of bombs was addressed to a person in Chicago, who identity Federal and city investigators declined to reveal.

A clerk in the postoffice intercepted the package. It bore a return address in the Commodore Hotel, which police said proved to be fictitious.

News of the discovery leaked out despite efforts of the police and postal inspectors to suppress it. They had planned to substitute a "dummy" for the package containing the explosives and then arrest the person or persons who called for it in Chicago.

Oriental Grape Trade Sought

SAN FRANCISCO, March 21. (AP) Packers and fruit exporters of San Francisco, co-operating with the Federal government, today made the first step in a campaign to win back the oriental grape markets.

A test shipment of grapes, packed and frozen in barrels by a new method developed by the General Fruit Packing Corporation, will be loaded on board a refrigerator ship bound for oriental ports. The grapes will be consigned to the United States Department of Commerce offices in Shanghai, Manila, Soerabaja, Batavia, Singapore and Hongkong.

Ruling Delayed on Radio Board

WASHINGTON, March 21. (AP)—The District of Columbia Supreme Court has postponed decision on the application of the National Radio Press Association, Inc., for an injunction to restrain Commissioners Robinson, Sykes and Lafount from acting as the Federal Radio Commission until the two vacancies in that body are filled.

After hearing arguments and being assured that postponement of a decision would leave the present status unchanged, the court took the matter under advisement.

BANK BANDIT FOILS PURSUIT OF POSSE

DENVER, March 21. (AP)—A volunteer posse made up of office workers and clerks pursued a robber who held up and took $2000 from the Motor Bank today, only to lose him in a downtown traffic jam. The bank, located at Thirteenth and Broadway, had just opened when the robber entered. He ordered Stanley Crispele, cashier, to hand over the money and Marie Gaines, a bookkeeper, to open a safe. Instead she ran screaming to an adjoining office building and turned in a burglar alarm.

NEW OIL POLICY MADE CLEARER

Wilbur Outlines Procedure in Reviewing Permits

Representative Cases Will be Heard by Secretary

Cancellations Ordered if No Money Has Been Spent

WASHINGTON, March 21. (AP)—Secretary Wilbur today took another step in the development of the administration's oil conservation policy by issuing a general departmental order looking to its further execution.

In outlining the general procedure which he expects the department to follow Mr. Wilbur said that in reviewing permits, representative cases may be recommended for public hearing before the Secretary of the Interior to determine lines of policy. He said the holding of hearings will be an effort on the part of the department to deal fairly with all oil companies and prospectors involved in the recently promulgated policy of completely stopping the drilling of new oil wells on the public domain.

The order flatly instructed the committee appointed by Mr. Wilbur, consisting of Solicitor Finney, Director Smith of the Geological Survey and Commissioner Spry of the Land Office, to cancel all permits where the expenditure of money in development work is not involved.

The General Land Office, the order said, will hold for cancellation, allowing fifteen days in which to show cause, all permits on which there is no evidence that expenditure of money in development work has been made.

Mr. Wilbur instructed the Geological Survey to report to him on the likelihood of oil and gas drainage of government lands in various producing fields where claims of drainage have been made.

CHICAGO UNIVERSITY PRESIDENT SELECTED

CHICAGO, March 21. (AP)—The Rockefeller Foundation, to which the University of Chicago lost its president, Dr. Max Mason, last summer, may furnish his successor, it was indicated today. Dr. Edmund E. Day, economist of the foundation, is said to be under consideration for the presidency of the university.

Two Kinds of
INDEPENDENCE
through STATE MUTUAL

STATE MUTUAL offers the *independence* that comes through owning your own home . . . making it possible to borrow the funds of STATE MUTUAL investors and pay them back easily from month to month . . . with considerable saving to pocketbook and peace of mind.

The other kind of *independence* STATE MUTUAL offers is through the comfortable security of a well-invested surplus. STATE MUTUAL full-paid Certificates . . . purchasable in denominations of $100 . . . earn 5% net, from date of investment, Free of California taxes. Legal investment for trust funds. Interest payable quarterly by check. Guaranteed to be always 100-cents-on-the-dollar, and readily redeemable for cash.

These Certificates are a first lien on assets which are invested in the most stable security known . . . *the American home.* The *improved real estate* securing STATE MUTUAL investments at present has a total appraised value of approximately *three times the amount of money loaned.*

May we send you further information and our latest financial statement?

HAS YOUR WIFE A CAR OF HER OWN?

You'll be surprised at the scores of good used cars available on easy terms. See— **TIMES WANT ADS**

take the *Saturday* **TRAIL** to REST and RECREATION

THIS Saturday at 1 P.M. just lock your desk and hit the trail for recreation, rest and fun. Traffic, crowds, ringing telephones, frazzled nerves soon fling far behind. You're headed straight for Del Mar!

Here is a land of peace and seclusion which congenial minds have found. A different world entirely from the city life you know. Wooded hills and canyons tumble picturesquely down to sea. A sea as blue as sky above, as peaceful, too. Tucked away among these hills, screened from the highway below, are the homes of others who came, and saw...and stayed. Some are imposing mansions, set in magnificiently landscaped gardens. Others are cosy cottages, front-a-front the sea. Wealth and modest means are neighbors, drawn together by common bond of sympathy... the appreciation of *beauty,* culture, contentment.

You can golf with the men who play the kind of game that you yourself enjoy. Or bathe on a beach that is white and wide, where the warm seas come rolling in. Or play tennis, ride, fish, hike. Know the bubbling zest of life! Do as you please. Live as you please. *You're not in the city now!*

The soft caress of spring already has touched Del Mar. You'll like it best right now. Write down the date...Saturday, 1 P.M. 3½ short hours south on the main coast highway to reach Hotel Del Mar. You'll pack a week's vacation in two delightful days spent here!

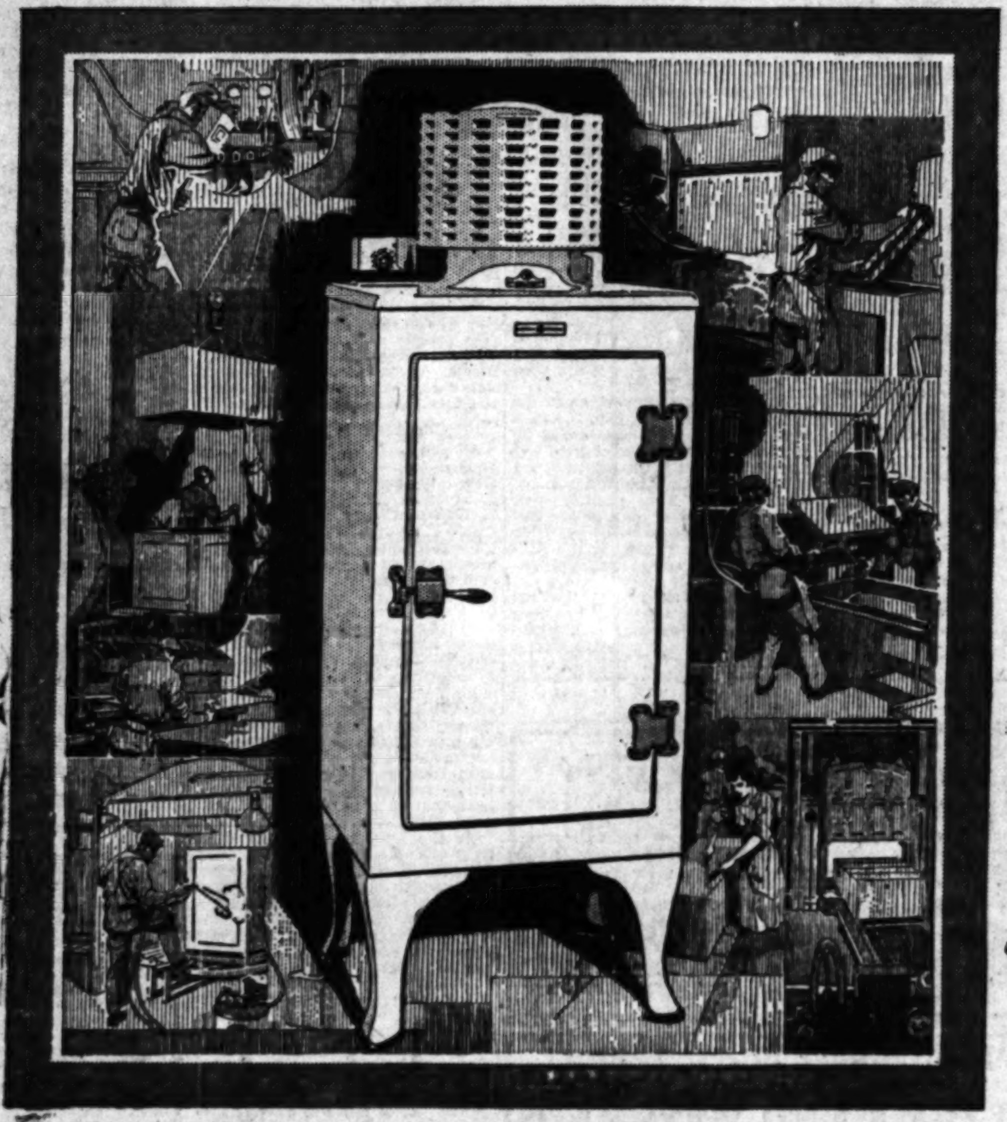
the first
ALL-STEEL REFRIGERATOR

On Display Today



Come in and See it!

GENERAL ELECTRIC
ALL-STEEL REFRIGERATOR

Another chapter has been added to the achievements of the engineers and scientists of the General Electric Research Laboratories. The same group of men who perfected the hermetically sealed mechanism of the General Electric Refrigerator, have now designed and built the first *all-steel* refrigerator cabinet.

This achievement marks the greatest improvement made during the past 30 years, in the design and construction of refrigerator cabinets. It means that new and far greater value has been built into the already unrivaled General Electric Refrigerator.

After the engineers of General Electric had perfected this *all-steel* refrigerator, they had to build the giant presses which were to cut the steel and bend it into shape; and electric welders to fuse together the folded forms at a temperature of 4500 degrees.

Millions spent for new machinery

To manufacture this new *all-steel* refrigerator General Electric has invested several millions of dollars in new machinery. Its aim was to build the best refrigerator ever produced and offer it to the small families of America at a price easily within their reach.

No refrigerator has been built in such quantities or by such efficient and economical methods. Mass production has cut costs to a minimum and made possible the very low price—$227, delivered and installed.

General Electric has now made scientific refrigeration, which is vital to the health of the nation, possible for every home. Only a small down payment is required. The balance may be paid in easy and convenient installments—just a few dollars a month.

The only way to appreciate the outstanding quality, the beauty, the value of this new General Electric *all-steel* refrigerator is to see it. Come in today. It is now on display.

If for any reason you can't visit one of the showrooms listed here (open evenings) send the coupon and complete descriptive literature will be sent you.

$227 Delivered and Installed

"Listen in on the General Electric Hour, March 23rd, sponsored by the General Electric Refrigerator. This program is broadcast from 6 to 7 p.m. from KFI and the N. B. C. network of forty-two stations."

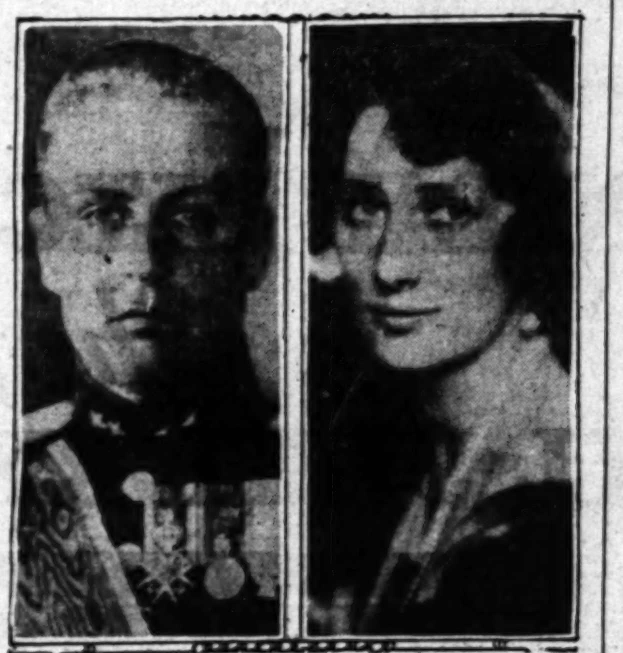
OSLO ACCLAIMS ROYAL WEDDING

Norwegian People Take New Princess to Hearts

Father Weeps at Ceremony in Historic Church

Bride Wears Silver Gown and Diamond Diadem

Two Lands United by Wedding



Populace Acclaims Nuptials

Crown Prince Olaf of Norway and his Princess, who was Martha of Sweden. Principals in ceremony observed yesterday in old church of Oslo.

(Continued from First Page)

wegian and Swedish decorations. The procession of royalties was led by King Haakon and Queen Maud of Norway, with Princess Ingeborg of Sweden, mother of the bride. Princess Martha was conducted by her father, Prince Carl.

The Princess wore a gown of silver with a long train and on her head was a new diamond diadem given by the city of Stockholm. Before the Bishop of Oslo, Johan Lunde, began the Lutheran ritual, a chorus of Swedish students sang a farewell to their Princess.

Handsome Prince Carl, in the light blue uniform of a cavalry general, when he led his daughter to the right hand of the bridegroom held her hand a moment, and then kissed it, while tears streamed down his face.

The bishop in his special sermon declared that in many ways the future of both lands rested on the young couple.

HE JOINS HANDS

"When storms and sorrow come they have their purpose in every home, but they will be short where love is at home," said the churchman, perhaps in appreciation of the notable part which love has played in this state wedding. He then joined their hands in wedlock "until death separates you."

The recessional moved amid the shouts of a hallelujah chorus, which was caught up by the crowd of spectators outside the church and echoed throughout the length of the short ride back to the palace in the state coach. The smiling pair showed themselves on a palace balcony and were greeted by fresh cheers and the singing of the Norwegian and Swedish national anthems.

The Norwegian capital has not been given an opportunity in a long time for such festivity and rejoicing. It rose to the occasion with a vast outpouring of the populace, which thronged the lavishly decorated streets and squares in the vicinity and along the route of the wedding procession.

The most enthusiastic demonstration was outside where the Norwegian people, who have taken their Crown Prince's young bride to their hearts, outdid themselves showing how welcome was the nuptial event to King Haakon's subjects.

CROWD HOUSE TOPS

All points of vantage, even to the house roofs, were occupied by spectators, thousands of whom had poured into the city from all parts of Norway to pay tribute to their future King and his Princess. Wireless came into play to give the population as a whole an opportunity of hearing, if not seeing, the memorable ceremony. The Norwegian Broadcasting Company had even fitted loud speakers along the street adjacent to the church so that the immense crowds were able to follow the entire service.

Absolute silence reigned at first, but when the words "I will" were uttered by the Prince and Princess, the great throng raised cheer after cheer. Then the royal salute was fired from the castle, steamers in the harbor sounded their sirens and the populace gave vent to its great enthusiasm.

As the royal procession emerged from the church, Prince Olaf and Princess Martha entered a state landau with large windows through which they could easily be seen.

Along the short route to the palace, the spectators broke into roars of cheering and so great was the enthusiasm that the police had difficulty checking the crowd's exuberant efforts to get closer to the happy pair. The eagerly expressed wish of the throng for the couple to appear again was answered by the Prince and Princess who showed themselves once more on a balcony. This drew a burst of singing of the Norwegian and Swedish national anthems while the Prince waved his hand and the Princess threw kisses.

area, but so far as can be learned there were no casualties.

HOOVER CONFERS ON ALABAMA RELIEF

WASHINGTON, March 21. (AP)—Steps for the relief and rehabilitation of the stricken people in the flood-swept area of Southwestern Alabama were taken today at a conference between President Hoover, James L. Fieser, acting chairman of the American Red Cross, Senator Heflin and Representatives Jeffers and McDuffie of Alabama.

Twenty-three thousand flood refugees are under the care of the Red Cross in Alabama, reports today from workers to national headquarters showed, while 3000 more homeless persons are being cared for in Florida and Georgia.

The Red Cross will have charge of the work of getting the people back to their homes, of supplying food and of furnishing seeds and necessary farm instruments for the replanting of crops, which were swept away by the flood waters.

President Hoover assured the Alabamans that the Bureau of Roads will begin a survey of the damages to roads and bridges in the flooded area and that the government will do all it can to assist in their reconstruction.

HOMELESS IN FLOOD PLACED AT 26,000

MONTGOMERY (Ala.) March 21. (AP)—Red Cross officials in Washington estimated today that 26,000 persons have been made homeless by floods in South Alabama and Northern Florida and reports of additional scores of refugees were received at Maxwell Field, government flying field here. The flyers have been taking a leading part in relief work.

SENATE PASSES DOPE MEASURE

Resolution Adopted Creating Survey Commission

Legislative Recommendations Aimed for 1931 Body

Bill Goes Through Without Single Dissenting Vote

SACRAMENTO, March 21. (AP)—The Senate today unanimously passed a resolution by Assemblyman Z. S. Leymel of Fresno creating a commission to study and recommend legislation to the 1931 Legislature to suppress the traffic in narcotics.

Senator Sanborn Young of Los Angeles handled the measure that originated in the Assembly on the floor of the upper House. He urged that the Senate pass Leymel's resolution perpetuating the State narcotic committee through the next biennium. Only two of the four members of the 1927 committee would be retained.

The purpose of the committee, Young stated, would be to continue the study started and to confer with the Federal narcotic committee, regarding the possibility of procuring a "farm home" for the care of narcotic addicts.

Senator Ray Jones of Marysville, questioned Young about how nearly complete the investigation of the committee was and if legislation would be offered on the subject to the next Legislature. Young replied that it is a study of findings of the investigation that is now needed and that legislation would be drafted.

Not a dissenting vote was cast by any Senator against the bill.

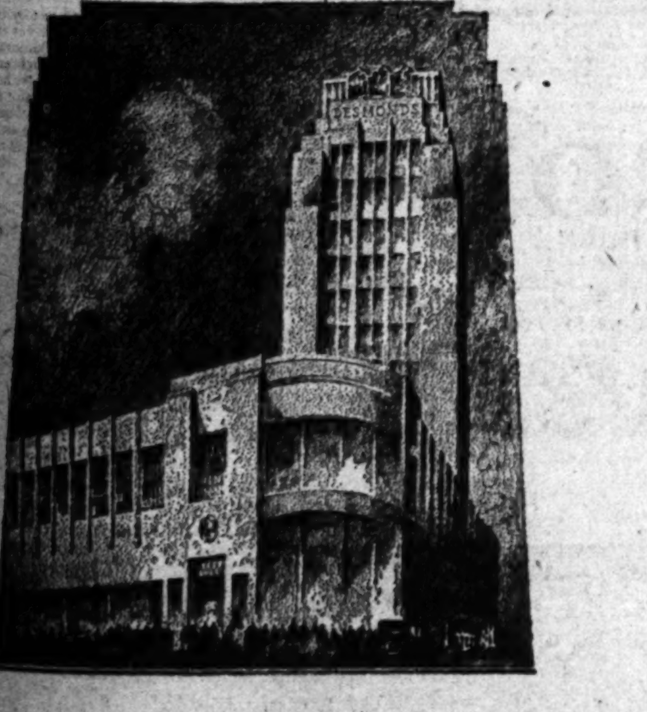
Junior College Bills Passed

SACRAMENTO, March 21. (AP)—Three bills providing additional funds for State junior colleges and establishing systems of accounting were passed by the Senate today.

Senator Merriam of Long Beach, author of all three measures, urged their passage in order that deficiencies in junior college budgets might be cared for out of the general fund.

The enrollment of students above 18 years of age in junior college classes is provided for by one bill. The school code requires that such students be 21.

NATIONALLY FAMOUS MERCHANDISE AT DESMOND'S—WILSHIRE



JOHN SHANNON'S
ENGLISH COATS

A "JOHN SHANNON" label in a man's topcoat proclaims him at once an individual of extreme good taste. John Shannon coats are tailored in London, of fine fabrics from the famous looms of Great Britain. LEGISLATIVE BILLS PASSED

SACRAMENTO, March 21. (AP)—The total of seventy bills were passed in the Legislature today, forty-nine by the Senate and twenty-one by the lower house.

Bills passed in the Assembly:

Assembly Bill No. 172, Woolwine, enabling municipalities to contract with county boards of supervisors for services of county fire warden in the cities or towns.

Assembly Bill No. 1073, Scofield, relating to extension of corporate existence.

Assembly Bill No. 100, Mixter, relating to elections and dispositions of moneys in irrigation districts.

Assembly Bill No. 698, Jespersen, providing that the directors of agriculture instead of county horticultural commissioner shall prescribe treatment for eradication of plant diseases and pests.

Assembly Bill No. 178, Coombs, providing that pension moneys held in trust for members of the veterans' home, if unclaimed by heirs, shall go into the post fund of the home.

Senate Joint Resolution No. 6, Inman, relating to an Act of Congress restricting immigration.

Senate Joint Resolution No. 8, Lyon, memorializing Congress to reduce the rate of taxation on earned incomes.

Senate Bill No. 539, Breed, repealing a section of the statute creating the Bay Farm Island Reclamation District in the cities of Alameda and Oakland.

Assembly Bill No. 647, Spalding, prescribing numbers of hours that reading, writing and arithmetic, spelling and language shall be taught in public schools.

Assembly Bill No. 306, Emmett, giving Ventura county probation officer $250 per month and an assistant.

Assembly Bill No. 307, Emmett, giving Ventura county horticultural commissioner additional assistance.

Assembly Bill No. 38, Morrison, Fry and Mawes, setting annual salaries of sealers of weights and measures and deputies in cities of second class at $6000 for sealers, $3300 for chief deputies; other deputies $2700.

Assembly Bill No. 691, Baum, providing that moneys from relatives or guardians of mentally incompetent persons committed to institutions shall be paid to the county instead of directly to the hospital.

Assembly Bill No. 978, Adams, prescribing grades and measurements for sweet potatoes.

Assembly Bill 671, Woolwine, relating to the contents of petitions, extent of districts and other transactions in connection with swamp and drainage districts.

Assembly Bill No. 193, Heisinger, setting a standard for concrete irrigation pipes.

Assembly Bill No. 880, relating to assessments and actions determining the validity of bonds of swamp and drainage districts.

Assembly Bill No. 383, Harper, granting to the regents of the University of California exclusive rights to certain waters in San Diego county for research purposes.

Assembly Bill No. 648, Seawell, making it a misdemeanor to take, injure or destroy any grain, vegetable or fruit crops.

Assembly Bill No. 134, Eddy, compelling owners of any tract or subdivision to file with the County Recorder a copy of his survey before placing the land on the market.

Assembly Bill No. 169, Woolwine, providing that moneys from detached lighting districts covering delinquent taxes shall continue to be paid to the city within which the district is included.

Senate bills passed:

Senate Concurrent Resolution No. 2, Nelson, provides for tax committee to make State tax system investigation.

Senate Bill No. 189, Hurley, defines private and individual hunting clubs.

Senate Bill No. 47, H. C. Jones, Water Conservation Act.

Senate Bill No. 745, Sharkey, relates to judgments in criminal cases.

Senate Bill No. 627, Sharkey, insurance bill.

Senate Bill No. 101, Fellom, amends the Employment Agency Act.

Senate Bill No. 667, Nelson, election law amendment.

Senate Bill No. 668, Nelson, election law amendment.

Senate Bill No. 341, Inman, relates to pleadings and practice in justice courts.

Senate Bill No. 347, Inman, relates to publication of notice to creditors in probate proceedings.

Senate Bill No. 828, Slater, amends Workmen's Compensation Insurance Act.

Senate Bill No. 339, Inman, relates to contents of wills.

Senate Bill No. 346, Inman, provides for two-year term for directors of State Bar instead of one year.

Senate Bill No. 233, Murphy, amends State Housing Act.

Senate Bill No. 234, Murphy, amends specifications for apartment-house garage construction.

Senate Bill No. 421, H. C. Jones, relates to packing equal size heads of lettuce.

Senate Bill No. 422, H. C. Jones, includes cauliflower in Fruit, Nut and Vegetable Act.

Senate Bill No. 423, H. C. Jones, amends Fruit, Nut and Vegetable Act.

Senate Bill No. 424, H. C. Jones, provides hail damaged pears must be separately graded.

Senate Bill No. 30, Crowley, requires registration of drug stores and assesses $1 license.

Senate Bill No. 548, Inman, American River Flood Control Act.

Senate Joint Resolution No. 7, Cleveland, asks tariff on pineapples, figs, dates, grapefruit and vegetables.

Senate Concurrent Amendment No. 11, Swing, provides representation in Governor's council for all division and departmental heads.

Senate Bill No. 299, Breed, sets aside Del Norte county land for park purposes.

Senate Bill No. 833, Nelson, provides system of assessment and collection of intangible securities tax.

Senate Bill No. 4, Cobb, relates to return of fugitives.

Senate Bill No. 826, Nelson, relating to sale of lands for park purposes.

Senate Bill 567, Lyon, relates to street improvements.

Senate Bill 142, Edwards, provides for the organization of elementary school districts into union high school districts.

Senate Bill No. 483, Merriam, permits enrollment of students 18 years of age in junior colleges instead of 21 years.

Senate Bill No. 488, Merriam, provides uniform accounting systems for junior colleges.

Senate Bill No. 399, Merriam, provides for transfer of funds from State general funds to meet deficiencies in junior college budgets.

Assembly Bill No. 31, Craig, grants certain tidelands to Laguna Beach.

Assembly Bill No. 631, Williamson, grants pipe line easement in Napa county.

Assembly Bill No. 96 Reindollar, relates to general powers of municipal water districts.

Assembly Bill No. 39, Reindollar, allows municipal water district elections to be held with general elections.

Assembly Bill No. 23, Kline, relates to secret paroles.

Assembly Concurrent Resolution No. 11, Leymel, authorizes the appointment of a narcotic investigation committee of one Senator and one Assemblyman.

LIFE-GUARD MEASURE DEFEATED

Bill to Compel Public Bath Places to Maintain Rescuers Bitterly Fought

SACRAMENTO, March 21. (AP)—Assemblyman Robert Fry's bill requiring life guards at all public bathing places was rejected by a 28-to-37 vote in the lower house today after much debating and preliminary juggling in an effort to save it. The measure is to be reconsidered tomorrow.

Introduction of the bill on the floor was a signal for open discussion. Fry was told he was legislating for the Russian River district where he said death by drowning was heavy during the vacation season.

Representatives from Santa Cruz, Santa Barbara and Shasta counties urged that the bill be defeated because, they said, it would compel the presence of guards wherever persons might swim and that it would work hardships on owners of small resorts.

ASSEMBLY ACTS ON TAX SLASH PLEA

Measure to Memorialize Congress on Cutting Rate for Earnings Passes

SACRAMENTO, March 21. (AP)—The Assembly passed a Senate joint resolution today memorializing Congress to make a reduction of 50 per cent in the Federal tax rate on earned incomes below the tax rate on unearned incomes. The resolution passed 48 to 15. Assemblyman Keaton sponsored the measure.

Opponents of the measure characterized it as "class legislation" and declared it would not protect the "small man."

The resolution provides that a reduction in rates is fair because "to tax earned income heavily is to penalize thrift and industry and is a direct tax on labor and tends to retard enterprise and achievement."

Wealth received by an individual who did not create it should bear a heavier tax than wealth received by one who did create it, the measure contended.

Judicial Council Bill Returned

SACRAMENTO, March 21. (AP)—A constitutional amendment to abolish the State Judicial Council was returned this morning to the floor of the upper house for legislative action by the Constitutional Amendments Committee of the Senate without any recommendation.

Senator Swing of San Bernardino authorized the bill that would take direction and administration of judicial business in California courts from the hands of the judicial council.

YOUNG STOWAWAY TAKEN FROM STEAMER

SAN FRANCISCO, March 21. (AP) The adventurous sea career of 14-year-old William Paul, who stowed away on the steamer Admiral Peoples when the ship left San Diego recently, was brought to an end by police, when the boat docked here today.

Officers, acting on a telegraphic request from San Diego police, went aboard and took the adventurer in tow. The lad was booked as a ward of Juvenile Court and taken to the detention home pending further advices from the south.

Approval Voted for Bishop Bill

SACRAMENTO, March 21. (AP)—The Assembly Committee on Education late today voted to recommend for passage the Bishop bill, legalizing high school fraternities.

The Bishop bill provides that high school secret orders may operate in the State providing a member of the faculty is made an active member, and that activities be suspended if the fraternity is found contrary to the best interests of the school.

Life-for-Pint Law Repealed

LANSING (Mich.) March 21. (AP) Michigan's "life for a pint" law, under which bootleggers were subject to life imprisonment for a fourth offense, was repealed today by the State Legislature.

NEW WAR CLOUD SHADOWS CHINA

Nationalist Government Has Still More Worries

Rich and Powerful Faction Becomes Threatening

Both Sides Believe Early Outbreak Impends

LONDON, March 21. (AP)—War clouds in China, never long absent from the horizon since the turn of the century, loomed today in reports from Nanking, Peking and Hankow. The Nationalist government, with a slumbering military revolt already on its hands in Shantung, is at loggerheads with the faction controlling the rich and powerful Wuhan cities of Hankow, Wuchang and Hanyang.

Both sides believe war is inevitable and from Peking comes word that Nationalist troops from the Province of Anhwei have reached Lotienhsien, seventy miles northeast of Hankow, indicating that the outbreak is imminent.

President Chiang Kai-Shek in an unofficial statement reviewing the situation declares that the government will not hesitate to use "revolution methods" against Gens. Hu Tsung-Yu and Yeh-Chi and other supporters of the Wuhan group.

The situation has been tense for weeks. On the 13th inst. the council of the Nationalist government dismissed three generals who had expelled the Governor of the province of Hunan. At the same time the grand council of the Wuhan and other regional governments were abolished. Early this month both sides began mobilizing forces. President Chiang Kai-Shek massed 150,000 men in the Province of Kwangsi, presumably to meet a threatened advance of 100,000 Kwangsi troops.

Honduran Dies in Nicaragua Fight

TEGUCIGALPA (Honduras) March 21. (AP)—The government was informed today that a Honduranean resident was killed during a border clash of American marines and Nicaraguan national guards with outlaws. About 100 followers of Augustino Sandino are said to have been so closely pushed by the military that the fighting was carried into the town of San Marcos, Honduras. The opposing combatants soon recrossed the border and disappeared.

To avoid future incursions the Nicaraguan government has offered to place a strong patrol near the border to prevent outlaws from entering Honduras.

DISCUSS ROAD NEEDS

HANFORD, March 21.—Members of the highway committee of the Kings County Board of Trade will go to Coalinga tomorrow to confer with representatives of the big oil companies operating in the Kettleman Hills field with regard to road construction by Kings county to serve their convenience.

SUPREME COURT TRIO ACCUSED

Oklahoma Chief Justice and Associates Named

Thirty-two Charges Made by House Committee

All Investigation Details Kept from Public

OKLAHOMA CITY, March 21. (AP) Thirty-two charges against three members of the State Supreme Court, Chief Justice Mason and Justices Riley and Clark, were adopted by the House of Representatives general investigating committee in executive session today.

The charges, none of which was made public, probably will be reported out of the House for consideration tomorrow, Homer Paul, Garvin county member of the subcommittee which has been investigating the court, announced.

Paul stated that there were eleven charges adopted by the general committee, to be reported out against each of two of the justices, and ten charges against the third. Various accusations were made, he stated, the charges differing as to each justice.

The subcommittee of which J. A. Patterson, Seminole county, Republican, is chairman, took testimony in connection with the Supreme Court for almost two months. More than 6000 typewritten pages of evidence are said to have been taken during the questioning.

SCIENTIST BACKS DRAGON THEORY

Man Was Contemporary of Sea Serpents, Declares Paleontologist

BERLIN, March 21. (AP)—Prof. Edgar Dacque, Munich paleontologist, disagrees with theories that man descended from the monkey.

He contends that man existed long before the glacial period and was a contemporary of sea serpents and dragons.

CATTLEMAN DIES WHEN TRAIN STRIKES TRUCK

NEWMAN, March 21. (AP)—Glen Friddle, 27 years of age, Newman district cattleman, died today after a truck he was driving was struck by a Southern Pacific train at a crossing near Modesto. Following the crash a forty-gallon tank of gasoline in the truck exploded and showered the locomotive, inflicting minor burns on the engineer and fireman.

FEDERAL SHIPS TRANSFERRED

Two North Atlantic Lines Go to Buyers

Eleven Vessels Sold for $16,300,000

Sale Calls for Continued Operations

WASHINGTON, March 21. (AP)—The final step in one of the largest ship sales in maritime history was taken today with the formal transfer of the United States lines and the American Merchant lines to Paul W. Chapman, Inc., of New York, for $16,300,000. Chairman T. V. O'Connor signed for the Shipping Board and Paul W. Chapman for the firm of Paul W. Chapman, Inc.

ELEVEN SHIPS

Eleven ships are included in the deal. Six of them, the Leviathan, George Washington, America, Republic, President Harding and President Roosevelt, all passenger-carrying vessels, belonging to the United States lines have been called the "Pride of the American Merchant Marine." The other five, combination passenger and freight-carrying ships, are the American Banker, American Trader, American Shipper, American Farmer, and American Merchant, all the vessels are in the North Atlantic trade.

The purchase price was $16,082,000 for the ships and $218,000 for leaseholds on offices and terminal facilities now maintained by the board. The Shipping Board announced that the contract stipulates that there shall be no interruption of service of either of the lines and that the Chapman firm has obligated itself to build two first-class vessels of high speed to supplement the Leviathan in a fast weekly mail service from New York to English Channel ports.

MAY BORROW MONEY

Plans for the new ships are to be submitted to the Shipping Board within a year and they are to be in operation not later than February 13, 1932. The Chapman firm is to have the privilege of the use of money from the construction loan fund set up by the Jones-White law which provides for loans up to 75 per cent of the cost of the ships at a low rate of interest.

The sale is in line with the policy of disposing of the government Merchant Marine to private interests, and in congratulating Mr. Chapman, Chairman O'Connor said he felt that the "United States lines and American Merchant lines are in safe hands."

PLAN TENNIS TOURNEY

TULARE, March 21.—Plans are practically completed for the Tulare county tennis tournament, to be played on the high school courts here Saturday, according to Kenneth Lewis, tennis coach at the high school.

HOLY HUSH HIDES COOLIDGE

Thunders of Silence Envelop ex-President on His Unexplained Visit in New York

NEW YORK, March 21. (Exclusive)—The mere presence of Calvin Coolidge at the Hotel Commodore today was sufficient to produce perfect decorum and almost holy hush.

When the Commodore's celebrated canaries started their usual afternoon concert it sounded like a horrid screaming, and when the assistant manager's cat, Ethlyn, trotted across the Turkish carpeted lobby it was like a horse galloping over cobblestones.

The ex-President is making his first visit to New York as a private citizen—the first, that is, that he has made in many and many a year.

SECLUSION COMPLETE

And his idea of being a private citizen is to be private, not partly private or private sometimes, but wholly, completely, distinctly and unbrokenly private. Not a word, not a single whisper emanated from him as he maintained his rigid seclusion in his suite.

So far as is known the only words that Mr. Coolidge has uttered in public since his arrival in the city last evening were "pick up my bag," this to the red cap to whom destiny assigned him, and "come along," the latter address being delivered to Lucius N. Storrs, managing director of the American Electric Railway Association, who had been his traveling companion from Springfield down.

RUMORS BUZZ AROUND

It was all very mysterious, as, in fact, is the real nature of Mr. Coolidge's business in New York. There are various rumors buzzing around. Some people have a notion that he slipped down here to talk to the big fellows in the Metropolitan Life Insurance Company regarding his possible selection to succeed the late Haley Fisk in the presidency of the company. Other gossips are that he has come to town to palaver with Editor Ray Long about more magazine articles at $6 a word.

Still others have heard that he was to discus with a newspaper proprietor the possibility of joining the editorial staff of that proprietor's newspaper. But it is all guess work and nobody really knows what it is all about except the reticent Yankee hidden away in the hotel room upstairs.

Rich Kidnaper Given Sentence

OAKLAND, March 21. (AP)—David A. Barnett, wealthy San Leandro manufacturer, formerly of Toledo, O., was sentenced to Folsom penitentiary today for kidnaping 5-year-old Eloise Windfelt. He was given an indeterminate sentence that may extend to twenty years in the discretion of the State Prison Board.

Because of Barnett's previous conviction in a statutory case in Toledo the court found there was no alternative to the maximum penalty in the case.

RELEASE OF CARNAHAN DEMANDED

Both Morrow and British Ambassador Take Action in Mexican Kidnaping

WASHINGTON, March 21. (AP)—Ambassador Morrow notified the State Department today that he had communicated with the Mexican government in an effort to obtain the release of T. L. Carnahan, an American mining man, who was captured a few days ago by bandits who raided the La Noria mine, owned by a British company.

The department also was informed that the British legation at Mexico City had made similar representations to obtain the release of Carnahan and a Mexican doctor named Olvera, who was captured with Carnahan.

Safety of T. L. Carnahan, mining engineer, who was kidnaped by Mexican bandits near Sombrete several days ago, is assured, according to word received by his wife's parents, Mr. and Mrs. V. P. Safford, 425 South Burlingame avenue, Brentwood. A telegram to Mrs. Safford from the superintendent of the La Noria mine where Carnahan was employed stated that the officials are in touch with him and that negotiations are under way for his safe return.

The telegram also asked that the mine officials be allowed to handle the matter in their own way. Mrs. Carnahan is at the La Noria mine aiding the officials in their efforts to obtain his release from the bandits.

MUCK STIRRED UP IN INMAN DIVORCE

RENO, March 21. (AP)—The name of Mrs. Walker P. Inman, estranged wife of Walker P. Inman, son of Mrs. James B. Duke, was dragged through the muck and filth of New York night life here today in the contested divorce suit which is being heard before a jury in Judge Bartlett's court. During the recitation of Charles Miller, chauffeur for the Inmans, stories of protracted drinking orgies and sensational results were described.

KELLOGG SIGNS RUMANIA PACTS

His Signature Now Adorns Total of Eighty Treaties

WASHINGTON, March 21. (AP)—Secretary Kellogg signed treaties of conciliation and arbitration with Rumania today and thereby brought to eighty the number of treaties to which he has given his signature.

The total gives Mr. Kellogg the leadership over his predecessors, his record exceeding even that of William Jennings Bryan, during whose administration the move for conciliation and arbitration treaties was accelerated.

CARDINAL IMPROVES

VATICAN CITY, March 21. (AP)—Cardinal Galli, who was stricken by serious illness while visiting the convent of the Dorothean Sisters, has considerably improved in health.

Young to Review Plea of Mooney

SACRAMENTO, March 21. (Exclusive)—Gov. Young said today that he will give his attention to petitions for a pardon for Thomas K. Mooney as soon as the Legislature adjourns and the bill-signing period is at an end.

"The situation demands that I give attention to the Mooney case," the Governor is reported as telling friends, "but to do so during the legislative period would be impossible."

The affidavit of Estelle Smith, star witness for the prosecution in the case, that she told a false story on the witness stand, has been filed at the Governor's office along with other evidence.

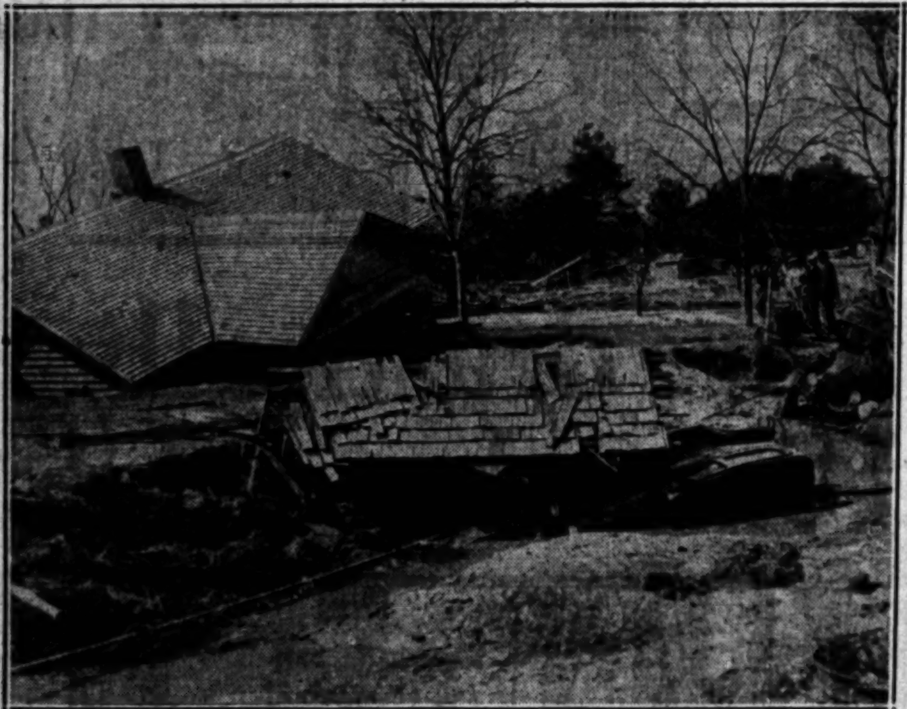
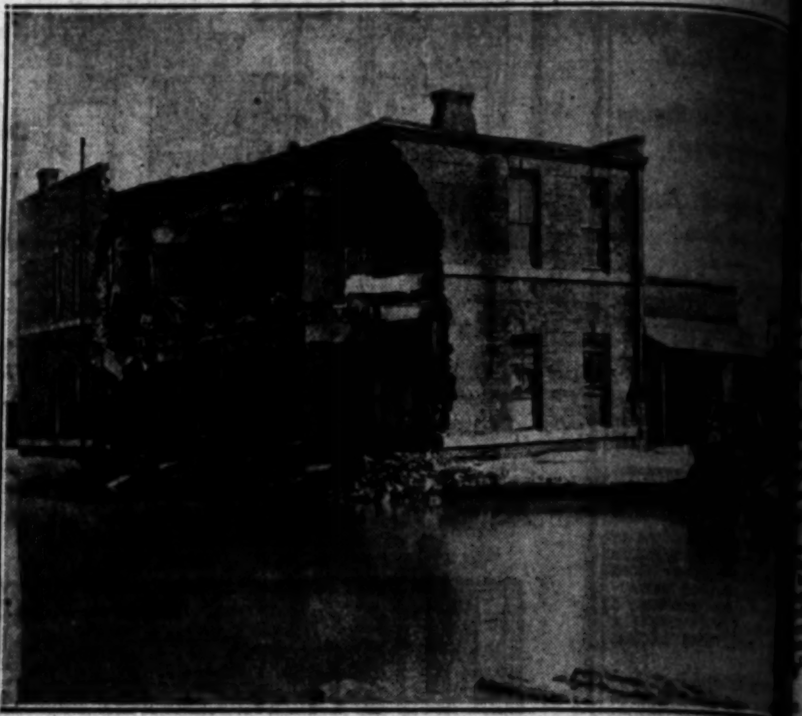
Village of Elba, Ga., Debris-Strewn Ruin as Adult Residents Return



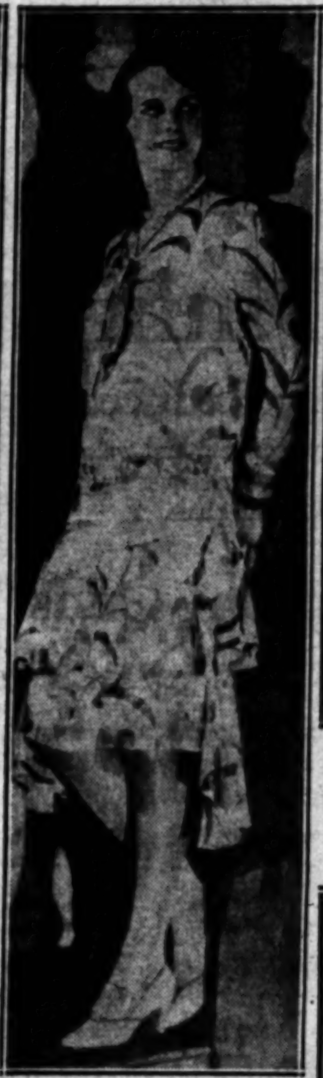


A Picture of Desolation Was Spread Before the Eyes of the 1000 Adults of the Flood-Stricken Little Village of Elba, Ga., who were permitted to return to the spot as waters receded. The devastation of the village was practically every structure within its confines having been damaged to some extent. All residents of Elba under 16 years of age are being kept in nearby towns on higher ground. Photo at left above shows one of the homes that were wrecked. Note automobiles in debris. Middle, Red Cross worker ministering to victim of exposure at temporary outdoor hospital. Photo at right conveys some idea of the fury of the torrent that raged Elba. (A. P. photos.

Detective Squads Cruising About Chicago in automobiles are kept in touch with developments at police headquarters through the use of portable radios. The radio makes it possible to assemble the police strength of a district at a given point in minimum of time. (P. & A. photo.)

Mexican Bandits have agreed upon terms with La Noria mine officials for the release of T. L. Carnahan of Los Angeles, recently kidnaped near Sombrete. (P. & A. photo.)

One of the Few Women Fingerprint Experts in the world is Miss Cary V. Moyer who is connected with the Boston police department. Working under Miss Moyer in the identification bureau are two other young ladies. Miss Moyer studying fingerprint above. (P. & A. photo.)



Nature Is Supplying many of the effective flowery designs which characterize spring frocks. This one is of printed voile with uneven hem lines and V neck. (P. & A. photo.)

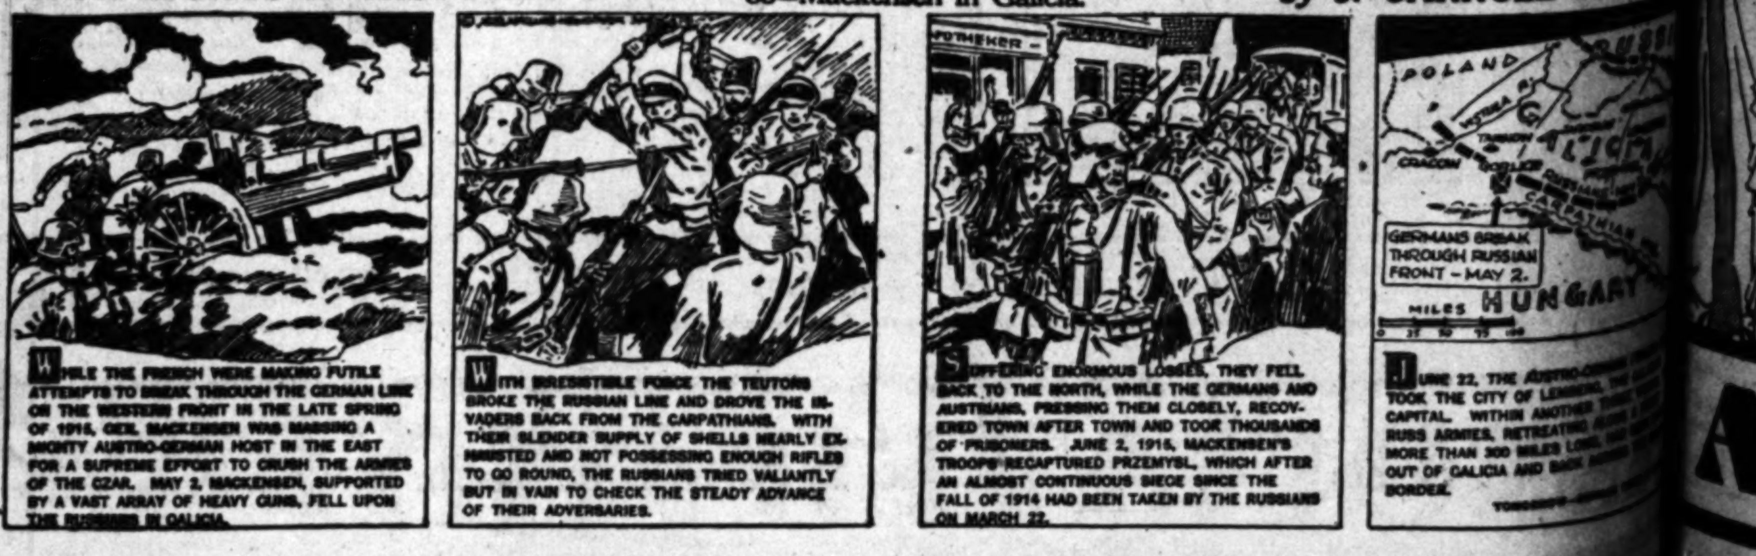
HIGH LIGHTS IN HISTORY 1295

The Story of the World War
65—Mackensen in Galicia.

by J. CARROLL MANSF



WHILE THE FRENCH WERE MAKING FUTILE ATTEMPTS TO BREAK THROUGH THE GERMAN LINE ON THE WESTERN FRONT IN THE LATE SPRING OF 1915, GEN. MACKENSEN WAS MASSING A MIGHTY AUSTRO-GERMAN HOST IN THE EAST FOR A SUPREME EFFORT TO CRUSH THE ARMIES OF THE CZAR. MAY 2, MACKENSEN, SUPPORTED BY A VAST ARRAY OF HEAVY GUNS, FELL UPON THE RUSSIANS IN GALICIA.
WITH IRRESISTIBLE FORCE THE TEUTONS BROKE THE RUSSIAN LINE AND DROVE THE INVADERS BACK FROM THE CARPATHIANS. WITH THEIR SLENDER SUPPLY OF SHELLS NEARLY EXHAUSTED AND NOT POSSESSING ENOUGH RIFLES TO GO ROUND, THE RUSSIANS TRIED VALIANTLY BUT IN VAIN TO CHECK THE STEADY ADVANCE OF THEIR ADVERSARIES.
APOTHEKER
SUFFERING ENORMOUS LOSSES, THEY FELL BACK TO THE NORTH, WHILE THE GERMANS AND AUSTRIANS, PRESSING THEM CLOSELY, RECOVERED TOWN AFTER TOWN AND TOOK THOUSANDS OF PRISONERS. JUNE 2, 1915, MACKENSEN'S TROOPS RECAPTURED PRZEMYSL, WHICH AFTER AN ALMOST CONTINUOUS SIEGE SINCE THE FALL OF 1914 HAD BEEN TAKEN BY THE RUSSIANS ON MARCH 22.

NOTAS TELEGRAFICAS

Homenaje de Notables Personalidades al Héroe Caído

PARIS, 21 de Marzo.—Todo el mundo está de luto, no sólo Francia, ante el féretro del Mariscal Foch, en la capilla ardiente que se le ha dispuesto. Un rey y un presidente, generales y ministros, han venido a rendir su tributo de respeto y de admiración al héroe de la gran guerra, mezclándose con los representantes del noble y sufrido pueblo francés, que por centenares han acudido también, a dar su última despedida al viejo guerrero muerto. Representando a Bélgica, que fue la primera nación herida en la gran contienda mundial, acudió a la casa del mariscal, nada menos que el rey Alberto en persona, que tuvo el honor de servir a las órdenes del generalísimo, con las tropas belgas en Flandes. Otros de los personajes que visitaron la capilla ardiente fueron el Presidente Doumergue, el General Pershing, el Primer Ministro Poincaré y el ex-Primer Ministro Clemenceau, el "Padre de la Victoria". De todas partes del mundo se han estado recibiendo mensajes de condolencia.

Los Sacerdotes en Méjico Obedecen Reciente Decreto

CIUDAD DE MEJICO, 21 de Marzo.—Se declaró oficialmente hoy que 1721 sacerdotes católicos, en todo Méjico, han cumplido con la reciente disposición de dar a conocer sus domicilios a la Secretaría de Gobernación, a fin de no ser considerados como enemigos del gobierno actual. Entre los que han cumplido con tal medida se cuentan los obispos de Papantla, Oaxaca, Chihuahua, San Luis Potosí y el obispo auxiliar de la diócesis de Méjico.

Nuevo Presidente de la Universidad de Chicago

CHICAGO, 21 de Marzo.—En virtud de haber pasado el doctor Max Mason a prestar sus servicios a la Fundación Rockefeller, desde el último verano, ésta se ha comprometido a proporcionar un candidato para llenar la vacante vacía. Se trata del doctor Segismundo E. Day, economista de fama mundial, que pertenece ahora a la citada institución.

Otro Sabio Contra la Teoría de Darwin

BERLIN, 21 de Marzo.—El profesor Edgardo Daque, paleontólogo de Munich, no está de acuerdo con las teorías que hacen descender al hombre del mono. En efecto, abriga la idea de que el hombre existió mucho antes del período glacial y que fue, sin duda alguna, contemporáneo de las serpientes de mar y de los dragones.

Hallazgo de Eslabones Entre Dos Grandes Ríos

BUENOS AIRES, 21 de Marzo.—Según exploradores alemanes que acaban de regresar de una expedición por lugares desconocidos, el mayor sistema fluvial del mundo entero está en Sudamérica. En efecto, los citados exploradores encontraron que el Amazonas y el Plata, están unidos entre sí por afluentes diversos, perdidos entre las selvas vírgenes, hecho que viene a confirmar antigua hipótesis de la estrecha conexión entre ambos ríos, externada ha mucho por los geógrafos, al notar la similaridad de peces pescados en las aguas de ambos.

NOTAS LOCALES

Luto Oficial por la Muerte de Foch

El Ayuntamiento suspendió ayer sus sesiones en señal de luto por el fallecimiento del generalísimo de la gran guerra, Mariscal Foch. Se dispuso, asimismo, que la bandera flotara a media asta en el mástil del edificio comunal, hasta que hayan pasado los funerales del ilustre desaparecido.

Actor que Hablará a los "Leones"

El conocido actor Leon Carrillo, será el principal orador durante el almuerzo semanal del club de los Leones de Los Angeles, que se celebrará hoy al mediodía, en el Biltmore. La señorita Clara Fogleson recitará escogidos trozos literarios.

Charlas Infantiles para Chiquillos de Escuela

XII

Jefferson era un hombre muy cortés (Jefferson was a very polite man). Un día en que montaba a caballo con su nieto, encontraron a un negro (One day his grandson was riding with him. They met a negro). El negro se quitó la gorra e hizo una reverencia (The negro lifted his cap and bowed).

London Reports All Artificial Cotton Now Sold

[Copyright, 1929, by the Chicago Tribune]

LONDON, March 21. (Exclusive) The bulk of the present year's output of artificial cotton which is being grown in Essex and in Sussex has, it is announced, been sold to Continental cotton manufacturers. Dr. Headley Thornton, the inventor of the process from which a weed found in British Guiana can be converted into artificial cotton, states that this year's output will only be 80,000,000 pounds but that in five years, owing to the purchase of huge tracts of land in England and abroad by the English Artificial Cotton Production and Manufacturing Corporation, the output will be 1,000,000,000 pounds.

Dr. Thornton declares that the price of production will be 12 cents per pound, as compared with 20 cents and 30 cents for imported cotton. He adds that a process has been discovered for the making of artificial silk from the same product.

ARIZONA BEGINS WAR ON SCABIES SPREAD

PHOENIX, March 21. (AP)—Taking steps looking to the complete eradication of scabies in Arizona, Dr. R. J. Hight, State veterinarian, and Martin Bugglim, member of the live stock sanitary board, expect to leave April 1 for the Clear Creek district for a thorough inspection of that territory, where traces of the disease have been reported. The State officials will be met at Williams or Flagstaff by Federal inspectors from the Bureau of Animal Husbandry.

TINY BOAT FAILS TO CROSS OCEAN

Old Salt and Crew of Two Rescued in Midsea

Starvation Nearly Brings End to Odyssey

Liner Picks Up 'Unsinkable' Craft and Hungry Trio

NEW YORK, March 21. (AP)—The long odyssey of Capt. Jacob P. Schuttevaer, 70-year-old sea captain, who sought to cross the Atlantic in a twenty-foot "unsinkable" lifeboat has come to an end and the determined old salt is en route to San Juan, P. R., aboard the steamship Marques de Comillas, which picked him up in mid-Atlantic Monday.

Details of the rescue of the captain and his crew of two were received by the Associated Press today from Capt. Miranda of the Spanish steamer that picked them up.

NEAR STARVATION

When the men were rescued they told Capt. Miranda they would have starved or died of thirst if the ship had not happened along. The Schuttevaer, as the lifeboat is named, left Lisbon February 8, last, and had not since been heard of. It started originally from Rotterdam on February 26, 1928, but was tied up in European ports for almost a year.

Capt. Miranda's message to the Associated Press telling of the rescue follows:

"On March 18 at 10 p.m., we noticed on the port side occasional skyrockets which appeared to be fired from a very small craft. Then we saw another light signaling by the Morse code for help.

SAVES CRAFT, TOO

"I at once gave orders to head for the craft and when we had the little boat alongside stopped my engine. The craft was on the larboard side and my ship protected it from the wind and sea. It was a sailing ship. The three members of the crew came on board the Marques de Comillas and stated that they were abandoning their trip and their boat. I gave orders, however, to raise the craft on board, which was done by my crew.

"The travelers were given every kindness on board and have attended mass punctiliously.

"They tell a very interesting story of their odyssey and say that they would have starved or died of thirst soon had we not happened along."

RAIL BOARD DENIES STAGE LINE HEARING

SAN FRANCISCO, March 21. (AP) The State Railroad Commission has denied petition for rehearing by T. C. Gillespie, owner of the Pasadena-Ocean Park stage line, of his application for certificate to operate locally between Hollywood and Ocean Park and intermediate points.

Nobile Rescue Flyer Feted

WASHINGTON, March 21. (AP)—Capt. Einar Paul Lundborg, the rescuer of Gen. Nobile, was presented to President Hoover today by Minister Bostrom of Sweden. Later the flyer was entertained at luncheon at the Swedish legation, after which he paid his respects to the Italian Ambassador.

BISHOP ARMSTRONG SOLEMNLY INDUCTED

SACRAMENTO, March 21. (AP)—Rt. Rev. Robert J. Armstrong, formerly of Yakima, Wash., was inducted today with solemn pontifical ceremony as bishop of the Sacramento diocese. More than 130 visiting prelates of the church from all parts of the West mingled at the colorful service with the largest throng of laymen ever to gather at the Cathedral of the Blessed Sacrament.

WOMAN SLAYER SEEKS PAROLE

Mrs. Peete Pleads for Action by Prison Board

SAN QUENTIN PRISON, March 21. (AP)—Mrs. Louise L. Peete of Los Angeles, whose last application for parole was rejected by the State Prison Board, again is asking the board for action on her case.

Mrs. Peete, Los Angeles housekeeper who slew her employer, was one of eleven life termers whose application for conditional freedom was on the monthly calendar issued today. The woman, whose last application was made in December, 1928, has served a few months over seven years.

There are 173 names on the calendar. The board will meet on the 30th inst.

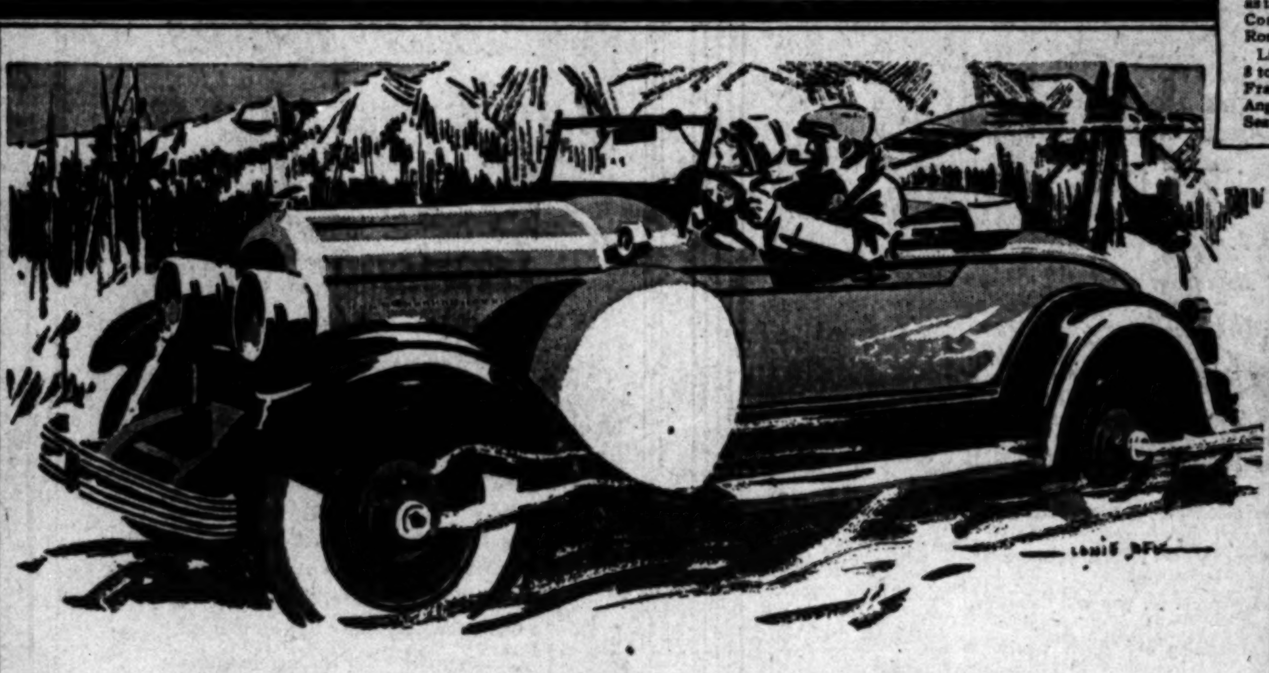
Last Minute Information on Junior Olympic Games

Follow ROADS TO ROMANCE
ON YOUR OWN PACIFIC COAST



THE fascinating story of Ramona and her Indian lover Alessandro, as told by Helen Hunt Jackson, is a colorful portrayal of life in the California of yesterday.

Romantic bits of western history such as this are revealed in the Associated Oil Company radio program "Roads to Romance."

Listen in each Wednesday evening, 8 to 8:30 p.m., on stations KPO-San Francisco; KGO-Oakland; KFI-Los Angeles; KGW-Portland; KOMO-Seattle; KHQ-Spokane.

Proof easily obtained

"I was not personally convinced," says Emmett B. Bishop to our Vernon representative, "that a high compression fuel was necessary. Proof was easy, simply by using a tank of white gasoline and the same of Ethyl and comparing their performance.

"When using the white gas, my Chrysler acted as if the spark had been retarded . . . there was a severe ping in the motor. One tank of Ethyl gasoline satisfied me that its use was necessary to obtain the maximum in power and flexibility."

Associated Ethyl gasoline increases power by putting carbon to work. It gives stronger, smoother engine action, less shifting, quicker pick-up, and knock-less performance. This super-fuel reduces operating costs and lengthens your motor's life.

Drive in at any red, green and cream station and fill up with Associated Ethyl gasoline. You'll notice the difference at once.

ASSOCIATED ETHYL GASOLINE

GERMAN DEBT PAYMENT SET

Reparation Annual Minimum Placed as $420,000,000

Berlin Delegation Chief Apprised of Findings

Leaves Paris to Lay Plan Before Government

PARIS, March 21. (AP)—One billion seven hundred and fifty million marks (approximately $420,000,000) is the irreducible minimum which Germany's creditors will accept as her first annuity payment under any new reparations plan.

Experts representing the Allied nations today reached this definite point in the long negotiations leading up to revision of the Dawes plan, and so informed Dr. Schacht, chief of the German delegation.

Tonight Dr. Schacht left for Berlin with a reduction of 700,000,000 to 800,000,000 gold marks over present annuities as an inducement to the German government and German financiers to come quickly to terms with their Allied creditors.

FACTS KEPT GUARDED

There were other conditions, notably definition of the amounts payable in subsequent years and the number of payments, but what these were Dr. Schacht and his colleagues of the second Dawes committee carefully kept concealed.

Dr. Schacht has received nothing resembling an ultimatum, but his associates of the Allied countries, who always have found him open to free discussion of every aspect of the reparations problem, have made it plain that Germany's creditors have gone to the limit in making relatively convenient terms of payment.

In Berlin Dr. Schacht will consult with members of his government, heads of banks and important industrialists, and will return here in time for the plenary session of the second Dawes committee Monday afternoon.

AMERICANS REST

Whatever counsel he receives in Berlin, it is thought that he will prolong negotiations by further efforts for modification of the plan submitted. Hence a final agreement likely is to be delayed until after Easter.

Members of the American delegation are resting or have left Paris over the week-end. Owen D. Young and Thomas N. Perkins went to Cherbourg this evening to meet their wives who will arrive on the Olympic tomorrow. Thomas W. Lamont is going to London for the week-end. J. P. Morgan plans to spend the week-end golfing.

SCOLDING BRINGS SUICIDE

HARTFORD CITY (Ind.) March 21. (Exclusive)—So angry did Riley Greene, 42 years of age, become when his wife scolded him for getting ashes on the floor when he built a fire, that he stepped to the porch and hanged himself. Mrs. Greene says he had been drinking. He leaves four children.

HOUSEWIFE STILL WORKS HARD DESPITE MODERN CONTRIVANCES

WASHINGTON, March 21. (AP)—The American housewife still has a full-time job, despite the advent of bakers' bread, model kitchens, washing machines and other contributions of modern science, and she still has about as many working hours as her husband.

Figures compiled by the Bureau of Home Economics of the Department of Agriculture from the daily records of more than 2000 housewives show that the average working time for all was slightly more than fifty-one hours a week.

It was shown that the life of the city housewife is very little easier, so far as working hours in the home are concerned, than that of the woman in the country or small village. The average time spent in home making by women in towns of from 2500 to 50,000 was fifty-one hours a week, while their sisters in larger communities averaged slightly more than the forty-eight-hour standard generally accepted for the male union worker.

Only 10 per cent of the city women worked less than thirty-five hours a week, the figures showed, and it was explained that the study was conducted among women of a slightly above average economic group.

Inquest Ordered in Bandit Death

KANSAS CITY (Kan.) March 21. (AP)—An inquest into the death of J. H. Hough, killed yesterday by vigilantes, and said by a witness to have been trapped by his slayers was set today for some time next week by Dr. Ben F. Coffin, County Coroner.

Hough, at first unidentified, was shot as he fled from the Industrial State Bank after robbing the institution of $1705. F. S. Forrester, head teller, and two other vigilantes opened fire on the bandit as he fled to his parked automobile.

A reward of $1000 is authorized for each dead bank bandit in Kansas, police officers said.

STATE RAIL BOARD AUTHORIZES BRANCH

SAN FRANCISCO, March 21. (AP) The State Railroad Commission today authorized the Central Pacific and Southern Pacific railroads to construct approximately forty miles of line between Alturas, Modoc county, and Klamath Falls, Or. The line, said to be a branch for the time being, will entail twenty-eight grade crossings.

TWO MEN HOLD PARLEY STAGE

Young and Morgan Much Observed at Paris

Reparations Debate Shows Contrast in Pair

Banker Most Colorful and Jovial of Two

J. PIERPONT MORGAN.

BERLIN, March 21. (AP)—Seen through German eyes, Owen D. Young, pictured as "the silent man" of the present reparations conference, and J. Pierpont Morgan, its "real heavyweight," present a marked contrast of personality.

The two men who are playing so important a role in German economic history are the subject of considerable study and comment among German observers and newspaper correspondents, who draw vivid comparisons between the tall, pale, almost haggard figure of Young, in his plain blue business suit, and the more robust and "jovial" Morgan, wearing in his buttonhole the tiny red ribbon of the French Legion of Honor.

"When the fourteen experts are seated for the secret sessions at the table in the hall of the Hotel George V," writes the Paris correspondent of Germania, the official organ of the German Centrist party, "the contrast between these two leaps to everyone's eyes.

"The calmest and most silent member of the conference is its president, Owen D. Young. Anyone who did not know him would take him for a technical assistant, he holds himself at such a distance from the discussions. This American, who ranks among the most successful business men of his country, has such reserve and such control, not only of affairs, but of himself, that there is about him almost a suggestion of unreality. His silence is so marked it might almost seem uncertainty if it were not for the steady, direct look of his eyes.

OWEN D. YOUNG

HE LIKES WORK

"He appears to work for the love of it and any distraction is for him only an interruption. His secretary has a room next to the one he chose for himself at the Ritz, overlooking the silent, now shrouded garden of the Palace of Justice, and it is said that he often dictates even during the night. He takes very little part in the activities of the other experts outside the meetings. At most, one only sees his tall figure silently moving through the curtains of the blue tea room, his left hand sunk deep in his pocket, his right holding a cigar or stubby little pipe.

"He works tremendously, but he works without haste. He has not a single hasty gesture. Yet he is everywhere first. Morning after morning he is the first of the members of the conference to appear in the hall of the Hotel George V."

In general the conclusion has been reached by German writers that only the most detached weighing of their country's case may be expected of Young. "Without any special sympathy, yet without antagonism."

MORGAN COLORFUL

Mr. Morgan, on the other hand, appears to them a much more colorful figure.

"Morgan is as full of movement as Young is still and silent," comments Germania.

Possibly, this paper suggests, the great financier deliberately tries to spread this feeling of "good fellowship" about himself, so that the other experts may forget that, while they are at the conference only as representatives of their nations and governments, he is there in his own right as a "Wall-street king." Possibly, it asks, "even Morgan feels forced to be a little conciliatory when the figures go up so high in the billions?"

"At any rate," Germania concludes, "it is certain that Mr. Morgan attaches great importance to what might be called 'atmosphere.' The Legion of Honor ribbon shows that. Another marked characteristic is that invariably, with his talking and joking, he knows how very skilfully to achieve a middle ground and hold the center of the stage amid a group of divided specialists.

"Outside the meetings he seeks always to escape the whisper that follows him everywhere, 'There goes the man who can spend a million a minute.' That he should waste such valuable time on this conference is for many a guaranty of its success."

Easter Frolic Will Continue

WASHINGTON, March 21. (AP)—The practice of inviting the children of the national capital to roll eggs on the White House lawn on Easter Monday will be continued through the Hoover administration.

For years it has been traditional for the youngsters to gather in the south grounds of the executive mansion for the annual frolic, and today it was announced that Mr. Hoover plans no departure from this custom.

Pilot Accused in Air Deaths

NEWARK (N. J.) March 21. (AP)—Capt. Philip Sebold of the police department today announced that he will bring a technical charge of manslaughter against Lou Foote, pilot of the plane which crashed in the Newark Meadows, killing fourteen persons, and obtained a warrant for his arrest.

Foote is the only survivor of the accident.

WESTINGHOUSE SERVES EVERYWHERE

Today marks a forward step in Los Angeles Transportation

Not service merely, but continuous, comfortable service, is the constant aim of the Pacific Electric Railway Company for its many patrons.

In the five o'clock rush hour, when downtown streets are a bedlam of impatient horns and clanging bells, the street car demonstrates its greatest value to your city. The more congested the traffic, the more valuable is the vehicle that moves people en masse.

Today marks the placing in operation of ten new, modern type, Westinghouse equipped street cars, replete with every innovation for the comfort and convenience of passengers.

Westinghouse is cooperating in the progress of your transportation companies. Each year sees new Westinghouse achievements in electrical engineering that improve the service in your city and interurban street cars.

"Strategically located"

an ADDED VALUE that cannot be duplicated—anywhere!

Two main considerations determine the value of any residential lot:

(1) The tangible assets—size, shape, soil, contour of land, accessibility, and the presence of public utilities, etc.

(2) The intangible assets—of which location is the most important—determining community development and surroundings.

This is a universally accepted standard of evaluation. Therefore the best investment security—for immediate home-building or for future profits—is in that community where tangible and intangible assets, or *"Added Values,"* rank highest.

The location of Palos Verdes Estates is the most important of all its *"Added Values"*. Nowhere within practical living distance from Los Angeles can you duplicate either the situation or the magnificent views visible from almost every homesite.

And because Palos Verdes is a natural beauty spot a Basic Plan of Construction was set up by which its identity, as an exclusive residential community, has been permanently established. Similarly, Protective Restrictions preserve its beauty and forever exclude any unwanted or unlovely developments.

This is an *"Added Value"* that no amount of money could buy elsewhere. Yet you may purchase here, today, at mere "frontage" prices!

In addition, every homesite, regardless of its price, entails a free membership in the Golf and Country Club—and free access to 30 odd miles of bridle trails and 4½ miles of private shore line. It also entails community ownership of an 800-acre Park System, a School District, Playgrounds, Tennis Courts—in fact, every recreation facility. For all these *"Added Values"* you pay nothing more than the low front foot price of the lot!

Visit Palos Verdes soon—this week—today! Compare its location! Study its "Added Values!" Ask any one of our representatives to give you a list of homesites still available for purchase and to show you over the property. Then decide!

NEWS OF SOUTHERN COUNTIES

CALEXICO DINES CHAMBER PARTY

Good-Will Tourists Shy at Crossing Border

Crandall Toasts Prosperity of Imperial Valley

Today's Program Includes Drive Through Fields

CALEXICO, March 21. (Exclusive) Typical border town hospitality awaited President Crandall and the eighty-two members of the Los Angeles Chamber of Commerce good-will tour who accompanied him this afternoon, when the special train carrying the party from San Diego coasted down through the rocky canyons of Carriso Gorge into Imperial Valley's desert sunshine.

As the party passed through El Centro at 5 o'clock Jasper Travers, president of the Associated Chambers of Commerce of Imperial Valley, and Leo Hetzel, president of the El Centro chamber, extended Imperial Valley's greetings to the visiting party.

WELCOMING BANQUET

A half hour later when the special train reached Calexico, Mayor A. J. Mercier of the border town and a delegation of local business men were waiting to escort the Los Angeles party to Mexicali, where a dinner was served at 6:30 o'clock.

Some of the members of the party inquired about the status of the revolution before they crossed the international line, but they were assured that no rebels have been within firing distance of Mexicali since the revolution was started on the 3rd inst.

H. H. Clark, honorary president of the Calexico Chamber of Commerce, gave a brief message of greeting to the visitors following the banquet and President Crandall of the Los Angeles chamber responded with a toast to the prosperity of Imperial Valley.

Harold Proctor of Los Angeles supplemented with songs, the musical program provided by local entertainers. His accompanist was Mrs. John Canton of El Centro.

TODAY'S PROGRAM

At 9 o'clock the big iron gate at the international port of entry clanged shut just as the last of the invading delegation returned across the line into American territory. The party will spend the night here and leave in its special train for Yuma, where breakfast is to be served by the Arizona Chamber of Commerce.

Motor busses will be waiting for the visitors after the morning meal and tomorrow's program includes motor excursions to the Imperial heading at Andrade and Holtville and a tour of the Imperial lettuce and cantaloupe fields. Luncheon is to be served at noon by the El Centro Chamber of Commerce at Barbara Worth Hotel.

The afternoon schedule includes visits to Westmoreland, Calipatria and Brawley, where the Chamber of Commerce will serve dinner tomorrow night.

CHAMBER PARTY LEAVES SAN DIEGO AT 10 A.M.

SAN DIEGO, March 21.—Headed by Shannon Crandall, president, the Los Angeles Chamber of Commerce good-will party left here at 10 o'clock this morning for Agua Caliente, where a luncheon was served in its honor.

The party left at 12:30 for El Centro, where the members planned to spend the night, proceeding to Yuma, Ariz., early tomorrow.

Pie Day at High School

ONTARIO, March 21.—Pi may be mathematics in the classroom, but on the campus it is pie, meaning something to eat.

Students at Chaffey Union High School forgot all about mathematics and figures today when they observed annual pie day, which is a senior-class tradition.

Seniors aren't the only ones who eat pie on pie day, however. All the rest of the students, including faculty members and the janitor, were inveigled into buying a pie from the seniors. No pies were carried away. They were eaten on the spot.

The climax of the pie festival occurred at noon, when the students poured out of the building and the pies poured into their systems. Pies were sold at auction. The committee responsible for the pains that followed later in the evening were Jean Baird, Ruth Galentine, Frieda Galle, Ralph Whistler and Gordon Cummings.

OFFER SITE FOR NEW HEALTH CENTER

HAWTHORNE, March 21.—Two sites for which agreements of purchase have already been drawn up by a citizens' committee and the City Council are ready for presentation to the County Board of Supervisors as an inducement toward securing the proposed new district health center building for this city. The committee has arranged a special session for next Tuesday at which time Dr. J. L. Pomeroy, the county health officer, is to be present and the offer placed before him for his approval, it was announced today. The sites to be offered by the city are a tract at Circle and Euclid, and another at Main and Inglewood avenues.

TAKES SHOT AT PROWLER

MAYWOOD, March 21.—While someone was making an attempt to burglarize a residence at Fifty-sixth street and Loma Vista avenue about midnight, a neighbor happened to look out of a window of his home and, then securing a gun, sent a load of bird shot in the direction of the man who immediately made his escape. Officials in the surrounding cities were notified to inquire at the hospitals to ascertain if the burglar suspect had arrived at any of them to have the shot removed.

REMINDER OF GOOD OLD DAYS

Traffic Policeman Injured by Being Thrown From Horse

SOUTH GATE, March 21.—While police officers are occasionally injured when riding motor vehicles, it remained for Walter Grove, member of the local police department, to be injured by a horse, which will keep him from duty for several weeks. While Groves is one of the motorcycle officers, it became necessary for him to patrol his district on a horse, on account of streets being torn up. While in pursuit of a man the horse stepped in a pool of oil, causing it to slip and fall. He suffered a badly fractured foot, which will keep him off duty for some time.

Police Say Bathing Suit is Immodest

HERMOSA BEACH, March 21.—What the well-dressed bathing beauty will not wear on the beach here this summer will receive a thorough airing on Saturday morning when Miss Mary Wilson, 23 years of age, of 710 Hermosa avenue, is to appear before City Recorder T. A. Marchant on a charge of violation of the bathing-suit ordinance.

Miss Wilson appeared on the beach early yesterday morning attired in a tight-fitting suit of extreme cut, backless to a point below the waistline and with large portions of the front and sides cut away. She was placed under arrest by Chief of Police Eddie Messenger and Sergt. Foote and later released on her own recognizance. The offending suit bears the label of a well-known manufacturer and the case will probably be prosecuted under the ordinance prohibiting the trunk type of bathing suit, Chief Messenger said.

One-piece bathing suits of the double trunk type, and backless with cross straps which prevent the sholder straps from slipping will not be barred here this summer, according to the officers. Appearance off the beach without a robe is prohibited and all bathers are excluded from beach dance halls under the present regulations.

City's Affairs to Remain in Statu Quo

PASADENA, March 21.—There will be no wholesale chopping off of city officials' heads when the new Board of City Directors is reorganized in May, it was revealed today by City Director Robert L. Daugherty, who is expected to be named chairman of the new board to succeed Chairman Clayton R. Taylor.

Prof. Daugherty set at rest rumors that City Manager R. V. Orbison and several department officials were to lose their official heads when the new board is seated.

"If a political issue is to be made of the possibility of candidates for directorships may indorse such changes," said Daugherty, "I am perfectly willing to assume responsibility for the assertion that no changes whatsoever are contemplated by any member of the board."

"I told Mr. Orbison some months ago on behalf of the other directors that there was no thought of removing him from office. I told him that we were satisfied with his work and felt it only fair to let him know, so that he might work without the threat of a change at the hands of a new political regime hanging over his head."

As four of the seven board members will remain in office for another two years, and constitute a majority, and in view of the fact that Directors Carl Wopschall and Irving S. Monroe appear certain of re-election on the basis of the vote in the recent primary election, it is held probable that the major department heads will be unchanged.

Aged Pioneer Dead at Ventura

VENTURA, March 21.—Jules Feraud, 78 years of age, for half a century a Ventura business man, died at his home at Santa Clara and Kalorama streets last night after an illness of several months. Feraud came to Ventura in 1875 from South America, where he had gone as a boy from his birthplace in Salernes, France.

Here he married Miss Frances Yanez, who survives him, and started in the bakery business. Had Mr. Feraud lived until December he and Mrs. Feraud would have celebrated their fiftieth wedding anniversary.

Feraud's business enterprises had been located at Main street and Ventura avenue, the present site of his store, for fifty-four years. Before starting in the bakery and grocery business he followed for a short time the vocation of cabinet maker and ship builder. Besides his store, Feraud acquired several hundred acres of land near Dry Lake, several miles south of Ojai, and had a ranch in the Santa Ana Valley.

Twenty-five years ago he became a director of the Home Savings Bank of this city at the time that institution was organized, and held that post until his death.

He is survived by his widow, one daughter, Mrs. Nettie Smith, of this city, and by four sons, Frank, Anthony, Charles and Ernest, all of this city. Funeral services are to be conducted Saturday morning at 10 o'clock from the residence to the old mission, followed by burial in Ivy Lawn Cemetery.

COLLEGE FOUNDER DIES

Dr. Jasper Field, First President of Redlands University, Succumbs to Heart Attack

REDLANDS, March 21.—Dr. Jasper Newton Field, D.D., founder and first president of the University of Redlands, died suddenly this morning at his home, 757 Walnut avenue. Dr. Field died from a heart attack. He had not been well for some weeks.

Dr. Field was 74 years of age. He was born March 2[illegible], 1855, in Ohio and early in life decided to enter the ministry. Through great sacrifice he made his way through college and then secured his theological training. He held pastorates in Ohio and Indiana before being called to the First Baptist Church in Redlands.

This was in 1906, and three years later he conceived the need of a Baptist college in Southern California. He presented this to Baptist leaders, received encouragement, placed it before the Baptist Association, and it was decided to raise $300,000. Redlands offered the site, nucleus of the present campus, and Dr. Field was given a year's leave of absence to collect the money.

He succeeded and the first building was the administration building. Then the president's home was built and next Mrs. Martin Bekins of Los Angeles built a girls' dormitory. For six years he was president of the university, then resigned because of his health. He went back east and was in business there for several years and finally was badly injured in an automobile accident.

Dr. and Mrs. Field returned to Redlands, built a home here, and when Calvary Baptist Church was formed in San Bernardino, he was called to the pastorate. Several times he tried to resign and this last month told the congregation he was forced to leave on account of his health.

He leaves Mrs. Field, three daughters, Mrs. Ethel Foster of Santa Monica, Mrs. Webster of Santa Paula, Mrs. Louis Clatworthy of Los Angeles, and Ernest Field, an only son, of Indianapolis.

Bloody Fight in Ventura Tramps' Camp

VENTURA, March 21.—James Barry, "jungle" inhabitant, is in a precarious condition at the County Hospital, with a knife wound through his side because Raymond McLeod told him that his whiskers were too long. McLeod, booked at the County Jail, with a bloody gash on the side of his head caused by a brick being hurled at him by Barry, did the cutting in self-defense, he told Sheriff Robert Clark today.

The fight started shortly before noon in the "jungle" camp of the men near the Southern Pacific depot. Details of the affair were graphically described by Peter Pavlick, just three weeks out from Chicago with two companions, Joe Pusteinik and Julius Michalesto, who were enjoying the delights of an adjoining "jungle" camp. Pavlick said he and his companions were lunching on some bread and cakes donated by another camper. The donor gave Barry and McLeod some stale bread, green with mold. McLeod started to eat it, cutting off the mold.

"That's not fit to eat," Barry is said to have told him, picking up a brick in a threatening manner, "it's too old."

"It's not as old as your whiskers," McLeod is said to have replied, and Barry picked up another brick and hit him a heavy blow over the eye.

To save himself from further mutilation, McLeod thrust out with the knife he had been using and ran it through Barry's side, he declared.

Complete Road to Salt Lake

INDIO, March 21.—The last link of a road from Indio to Salt Lake City has just been made through the San Bernardino Canyon and Jackson Pass. This road is the Utah Trail and makes a direct route to Boulder Canyon, Zion National Park, Bryce Canyon and Salt Lake City, and is a scenic drive of rare beauty. A connecting road, about half-way between Coachella and Indio, is through the wonderful Fargo Canyon.

When four miles of road is made through Pinon Flats the trail will lead directly to San Diego. It is now planned to start work on this road in the autumn and use the prison gang for the construction work.

On the 17th inst. about forty persons from all points of the Coachella Valley met at Jackson Pass for a picnic dinner to celebrate the completion of the road over the pass.

The opening of this trail gives access to some of the most lovely scenery in Southern California.

WEATHER STATION TO BE AT LEMON PLANT

SAN FERNANDO, March 21.—The government Weather Bureau station at the ranch of J. C. Hersey, near here, is to be removed to the plant of the San Fernando Valley Lemon Association about April 1, next, it is announced here by the local Chamber of Commerce. The transfer of the station will be directed by Bert Hanneman, manager of the lemon plant. Daily observations and records will be kept by Mr. Hanneman and telephoned to the bureau in Los Angeles.

IMPORTANT MATTERS BEFORE CITY COUNCIL

HUNTINGTON BEACH, March 21.—Electrical engineers will meet with the City Council here next Monday night to draft plans for the new $35,000 street lighting system to be installed on Main street. The new system is to include eighty-eight units.

The Council will also render a final decision as to whether or not they should help the Chamber of Commerce, which is in financial difficulties.

COMPETITION STRONG FOR ROAD WORK

Many Contractors Enter Bidding for Construction of Maricopa Highway

VENTURA, March 21.—A record-breaking number of bids is expected to be received here next Wednesday for the construction of the first seventeen-mile stretch of the Maricopa-Ventura road. Charles W. Petit, engineer for the Ventura-Kern-Santa Barbara Joint Highway Commission, today said that thirty-five contractors have taken out sets of blueprints and specifications. This is far and away the greatest array of competition in his memory, and Petit is of the opinion that probably thirty bids will be made for the work, on which the estimate is $160,000.

Contractors from all parts of the State are figuring on the job, which lies in the Upper Cuyama Valley on the north side of the mountains which separate this city from the San Joaquin Valley. As as a result of the promised competition, an exceptionally low unit cost for the work is anticipated by Petit.

Prize Offered for Best Talk on World Peace

UPLAND, March 21.—Upland Rotary Club will sponsor an annual contest at Chaffey Union High School for a prize to be awarded to the winner for the best address based on the sixth object of Rotary, international peace, according to announcement made at the club that Crombie Allen, past president of the Rotary Club of Ontario, had provided a fund of $500 for that purpose.

Allen became interested in the Rotary movement for world-wide peace as a result of travels in many of the forty-five countries of Rotary International, which he visited as former president of the California Newspaper Publishers' Association, to invite the press congress of the world to California in 1932 when the Olympic Games are held in Los Angeles.

A similar sum was given to Chino Rotary Club for a contest among students of California Junior Republic at Chino, the contest to be based on Rotary's motto, "Service Before Self," and the Junior Republic's motto, "Nothing Without Labor."

Allen's gift was presented on the occasion of his retirement from the Junior Republic as a trustee.

Process Server Treated Badly

GLENDALE, March 21.—Robert Horowitz, a process server for the Los Angeles Superior Court, residing at 1438 South Fairfax avenue, Los Angeles, complained to the Police Court here today that Dr. D. A. Rainboldt, dentist, had thrown him down the stairs leading to Rainboldt's office at 122 South Brand Boulevard, when Horowitz attempted to serve a court summons on the dentist. Police Judge F. H. Lowe instructed the clerk of his court to notify Dr. Rainboldt by telephone of the filing of Horowitz's complaint and asked him to appear for arraignment without necessity of serving a warrant on him. Horowitz told Judge Lowe that the summons was issued in connection with a divorce action.

New Postmaster After April 1

BURBANK, March 21.—Grove Ketchum, who was recently appointed postmaster of Burbank to succeed Leigh M. Rothenburg, is expected to take over the duties at the postoffice here April 1, it was learned today. The new appointee has forwarded his required bond to the Postmaster-General at Washington and is awaiting his commission.

April 1 is the beginning of the fiscal year at the postoffice here and the change in executives is feasible at that time, it is reported.

BREAKS CAR WINDOW TO OBTAIN PURSE

GLENDALE, March 21.—Tempted by the sight of a purse left lying on the seat of a coupe belonging to Mrs. C. M. Taylor, 410 East Fairview street, that had been parked at Wilson and Kenwood streets, a thief hurled a rock through the window of the car and made off with the purse, Mrs. Taylor told the police last night. The pocketbook is said to have contained a sum of money and a number of other personal effects.

ATHLETIC CONTESTS

COVINA, March 21.—More than 200 entrants are expected to participate in the annual Y.M.C.A. athletic contest for boys and girls of the San Gabriel Valley which will be held on the local high school track Saturday afternoon. Events will begin at 1 o'clock and will be open to the general public, according to Y.M.C.A. officials. The contest was held last year at Monrovia, when 150 young athletes took part in the program.

OFFICERS SEARCH FOR TWO LEPERS

Anaheim Police Notified That Mexicans are Headed Toward City

ANAHEIM, March 21.—Anaheim police today were searching for two Mexicans suspected of having leprosy. The suspected men purchased transportation from San Francisco to Anaheim two days ago and are believed headed this way to visit or make their homes with relatives.

One of the men is believed to use the name Diejo. The Orange County Health Department is assisting in the search.

This county recently had a leprosy case among its Mexican population, the victim being a woman who died subsequent to her discovery from causes ascribed as "mental suicide."

Monrovia Post Wins National Recognition

MONROVIA, March 21.—Ranking highest in the United States with a remarkable score of 970 points out of a possible 1000, Monrovia Post, No. 44, American Legion, won the national certificate of Distinguished Service, according to announcement made by Commander Ted Laveson.

The figures are said to be the highest ever made by any Legion Post.

The Distinguished Service Certificate contains the following notation: "By scoring 970 points out of a possible 1000 for the year as shown by attached gold seal, Monrovia Post, No. 44, Department of California, the American Legion, obtained the highest rating in the department as the result of maintaining a well balanced, efficient post activities program as specified in the official annual merit report."

As the department of California is rated the greatest in the American Legion, winning of the certificate places the local Legion post in a position to claim the distinction of being the greatest and best balanced post in the entire organization.

The post has also received the Meritorious Service Citation for having passed its previous year's membership before the end of November.

During Department Commander Belgrano's first official visit to Monrovia Post Tuesday night, Area Commander Wright of Ventura, in complimenting local Legionnaries upon receiving the Distinguished Service Citation, presented the gold sealed parchment which bears the signatures of National Commander Paul V. McNutt, Department Commander Belgrano and the national and State adjutants to John R. Harris, under whose administration the record was made last year.

"No other post in California has made such a showing as Monrovia," declared the area commander.

The Legion assembly was otherwise honored by the presence of Rev. Father Edwin, former chaplain in the World War, and one of the original signers, who assisted in the organization of the first Legion post in Paris, March 15, 1919.

Father Edwin is now a member of Sierra Madre Post.

RUNAWAY CHILD TELLS WIERD TALE

MONROVIA, March 21. (AP)—How she spent the greater portion of last night asleep on the grass of the old high school grounds at Ivy and Palm avenues was related during the wee sma' hours this morning to exhausted and worried parents by Maud Morgan, 5 years of age, who admitted herself through the back door of the Morgan home at 512 South Ivy avenue, at 1:30 a.m. The little girl disappeared from home yesterday afternoon and last night her mother, Mrs. Viola Morgan, enlisted the aid of police to search for the runaway.

As the high school grounds were combed in the search after the Morgans had been notified that the little girl was seen playing there in the afternoon, Chief of Police Frank Scott was puzzled today when he learned the girl's story of her disappearance, which was none too clear.

VALLEY RODEO WON'T BE ON EASTER DAY

NORTH HOLLYWOOD, March 21.—The semipro baseball team has called off its rodeo and carnival that had been scheduled to take place here on Easter Sunday. The day had been chosen without a thought that the Sunday decided upon would fall on Easter. When ministers here visited the ball players and made explanation the date was hastily canceled. The rodeo now will likely be held the second Sunday in April.

HOSPITAL CHEF DEAD

SAN BERNARDINO, March 21. James Thomas Wells, 63 years of age, chef at the Patton State Hospital for thirty years, died at his home yesterday. He had been in ill health for the past year.

Mr. Wells came to Southern California in 1898 from Wisconsin, where he had been employed at the State Hospital at Madison. He was an intimate friend of the late Gov. Waterman and was widely known in the San Bernardino Valley. He is survived by his widow, Mrs. Florence Wells of Highland, and a son, J. R. Wells of San Bernardino. Funeral services will be held at 2 o'clock tomorrow from the Mark B. Shaw memorial chapel, San Bernardino.

ROAD OPENING PLANNED

Huntington Drive Celebration Set for April 11 in Charge of Development Association

MONROVIA, March 21.—At a conference this morning between Mayor A. J. Little, contractors of Huntington Drive, and officials of the San Gabriel Valley Development Association, April 11, was the date definitely set for the opening of the new Huntington Drive boulevard.

The celebration will be in charge of the San Gabriel Valley Development Association, and efforts will be made to have the largest representation of public officials ever assembled from valley cities, according to Myron Haig, secretary. The association will extend invitations to every city in the valley, he said.

An executive committee was appointed including Montaville Flowers, president of the Huntington Drive Improvement Association; V. R. Bush, president of the Monrovia Chamber of Commerce; Charles E. Turner, president of the Monrovia Merchants' Association; Perry Byerly, president of the Duarte Chamber of Commerce; Hal Slemmons and R. H. Schwartzkopf, Arcadia; Herman Moore, president of the Arcadia Huntington Drive Association and Myron Haig.

Upon decision of the committee, an attempt will be made to secure Harry Culver, former president of the California Realty Association, as the principal speaker for the occasion.

With the opening of the new strip of boulevard from the east city limits of Arcadia to the east city limits of Monrovia, the 100 foot boulevard is now completed to the city limits of Azusa, and represents, according to State highway officials, one of the finest pieces of highway in Southern California.

Enlarge School at Municipal Flying Field

SAN DIEGO, March 21.—Expansion of flying activities at Lindbergh Field, the city's municipal airport, through the establishment of the Airtech training school, which will take the place of the San Diego air service, is announced today by Roy Campbell, Jr., vice-president of the municipal flying-field school.

Under the new expansion policy the Airtech school will be devoted exclusively to the training of pilots and instruction in aerial navigation.

Campbell said the Airtech school has closed a contract whereby the Weems system of aerial navigation, which has received the indorsement of the nation's leading flyers, will be taught at the municipal airport. There will be both day and night classes in marine and aviation navigation. The instructor of the aviation classes will be H. C. Gatty, a graduate of the Australian Navy Academy and former officer of the British Royal Air Force. Commander Frank Rorschbach, U.S.N., retired, will be chief instructor in marine navigation.

"San Diego's municipal airport is the first municipal flying field in the United States to be fitted with a complete aircraft supply plant as well as a modern school of instruction," said Campbell. "Activities at the field are increasing so rapidly it became necessary to expand our facilities and increase the staff of instructors."

Jail Fathers for Neglect

SAN DIEGO, March 21.—Two fathers accused of having abandoned families of small children, leaving the little ones to be cared for by the County Welfare Commission, were locked up in the County Jail today, unable to raise high bail of $1000, fixed in each case by Township Justice Arthur L. Mundo. Justice Mundo described the cases of alleged failure to provide as "the most flagrant" yet called to attention of the court.

Hellmuth Hirr, one defendant, is declared by his wife, Mrs. Katherine Hirr, to have abandoned her last November, leaving her to struggle along unaided with four small children. The youngest is now 4 months of age. Frank J. Underwood left Mrs. Ruth L. Underwood early in January with 12-months-old Margie Jean, according to the mother's charge.

Both men were arrested by Deputy Sheriff Blake Mason and lodged in jail. They were said to have returned here yesterday, intending to remain in San Diego only a day or so.

SPECIAL ATTRACTIONS AT NEWPORT BEACH

NEWPORT BEACH, March 21.—The Newport Chamber of Commerce has announced the dates of two outboard motor races to be held April 7 and May 5. Action was taken in arranging the races following a proposal from the Civic Regatta Association, of which the local chamber is a member. The races will be sanctioned by the Southern California Outboard Motorboat Association and are expected to attract a large field. Frank L. Smith, a director of the local chamber, has offered cups to the winners.

The plans for "Collegiate Week," which begins today, have been completed, according to the committee in charge of the arrangements. Dancing contests, water sports, treasure hunts and many other events will feature the "collegiate carnival." High-school and college students from all over the United States are expected to spend their Easter vacations at the beach.

GIRL ELUDES AUTO BANDIT

GLENDALE, March 21.—An attempted hold-up was foiled last night, when Miss Irene Mallo, employed in a restaurant on Brand Boulevard, raced away from a man who followed her home in another car and attempted to crowd her into the curb, she told police.

On her way home to Burbank Miss Mallo stopped at a durg store at Brand Boulevard and Fairmont street to make some purchases, and when she came out a man followed her in another car, speeding up as a lonely stretch of Kenneth Road was reached and trying to crowd her car into the curb. Refusing to yield the road, the girl sped away and finally eluded her pursuer. Police have a good description of the man and his car.

AUTOIST OFFERS HELP; MEETS ARMED BANDIT

ONTARIO, March 21.—Just how it feels to look into the barrel of an automatic pistol is known to Earl Moyer, Ontario radio dealer. He looked into one last night when stopped and robbed on Foothill Boulevard east of Cucamonga.

Moyer was halted by a man who stood in the middle of the boulevard and flourished his arms as though in great distress. When Moyer stopped his car the stranger whipped out an automatic and relieved Moyer of all the money he carried. Then he ordered him back into the machine and warned him against making a slower speed than fifty miles an hour getting away from the spot. Moyer complied.

City Completes First Unit of Tree Planting

COMPTON, March 21.—Compton celebrated the completion of the planting of the first unit of trees in its 12,000-tree-planting campaign here this afternoon with a program and celebration. Mayor Dickison, city officials and others joined in to make the affair a success.

The corner of Oleander and Palmer streets was the site of the event. The high school band and a chorus from the intermediate school furnished the music. A. B. Gidley, City Manager, spoke on the need of tree planting and urged the establishment of a city nursery.

City Engineer Glenn Rood spoke of the engineering problem and of the method of levying assessments and Dean R. L. McClung of the University of Southern California college of commerce spoke on progress and culture. Supt. J. W. Gastrich spoke on Arbor Day. Mrs. Jules Kraus gave an expression of appreciation as chairman of the tree-planting commission. Compton is planning to put in 12,000 trees within the next two years. This was the first unit planted and consisted of carobs, palms and eucalypti.

DOMESTIC TROUBLES AIRED IN COURT

ONTARIO, March 21.—Nice, clean, white curtains over the window are a woman's pride and joy. But when her husband comes in and invents a new indoor sport, which consists in having target practice on the nice, clean curtains and the household furniture, using a mouthful of tobacco juice as his cannon, the wife has a right to get mad.

So Mrs. L. M. Shaney swore out a complaint for arrest of her husband, M. H. Shaney, 321 East D street. She told Judge George R. Holbrook that in addition to the indoor target practice her husband rubbed chewing gum in her hair and beat her.

Shaney said he did this because she wouldn't prepare his breakfast for him. Judge Holbrook solved the problem for Shaney by giving him a four months' rest on the county prison gang where all of his meals would be prepared for him on schedule time.

Shaney didn't like this suggestion and has appealed to Superior Court.

FUNERAL SERVICE FOR AUTO VICTIM

REDONDO BEACH, March 21.—Funeral services for Mrs. Agnes Delamater, wife of former City Building Inspector E. H. Delamater who died of injuries received in an automobile collision in Compton last night, will be held from the Cate Mortuary here, definite arrangements awaiting the findings of the Coroner's inquest tomorrow. Mrs. Delamater was riding in a car driven by her husband when the accident occurred and was the only occupant of either car to receive serious injuries. John Rizzo, 740 North Main street, was the driver of the second car and was released by officers after questioning following the accident.

DISTRIBUTE FOLDERS BOOSTING VALLEY

GARDENA, March 21.—Descriptive folders of the Gardena Valley are being made ready for distribution, under the chairmanship of L. T. Guild of the advertising committee of the Chamber of Commerce. The folders set forth resources and industries of this section and are shared by four localities, Strawberry Park, Western City, Moneta and Gardena.

COMPTON BOND ELECTION

COMPTON, March 21.—Compton votes tomorrow on whether or not the city shall issue bonds in the sum of $40,000 for the purpose of buying a site and building a swimming pool. Another proposition coming up will be the voting of $10,000 for an addition to the library and for the erection of a shell for the Compton municipal building.

Curb Exchange Adds Four New Stocks to List

Four additional issues approved for listing yesterday by the governors of the Los Angeles Curb Exchange make a total of twenty-six new securities that have made their debut on the board since the first of the year, a growth probably unparalleled by any other new security market, according to curb officials.

Topping the group of new listings, all of which will make their appearance on the board tomorrow, is Consolidated Steel Corporation, recently formed by a consolidation of the Llewellyn, the Baker and the Union Iron Works, pioneer Los Angeles companies. The other three are Emporium Capwell Corporation, California Copper Corporation and the Associated Insurance Fund, Inc.

The entire authorized common stock capitalization of the steel company, amounting to 480,000 shares of no-par value, is to be immediately outstanding and called for trading.

Emporium Capwell Corporation, large department store of San Francisco and Oakland, has listed 260,000 shares of no-par common stock out of a total authorized issue of 650,000. California Copper Corporation has listed 2,358,021 shares of $10 par common stock out of a total authorized issue of 3,000,000 shares. Associated Insurance has listed 450,000 shares of $10 par common out of a total authorized issue of 1,000,000 shares.

Refined Copper Prices Nearing Post-War Peak

NEW YORK, March 21. (AP)—Refined copper prices today were near the post-war peak established in 1919. Copper for export was advanced 1 1-8 cents to 23 3-8 cents a pound following a 1-cent rise late yesterday to 23 cents for domestic copper. The 1919 domestic price record was 23½ cents.

The advance in export price of more than 1 cent was the longest stride taken in the movement which has carried the metal up about 7 cents since the first of the year and 3 cents above the level of a week ago.

Engineering and Mining Journal, in its weekly review today, reported continued insistent demand for copper here and abroad in face of limited offerings by producers. Advances in London quotations early in the week and anxiety of foreign buyers were held chiefly responsible for the present rise.

Acceptance Rates Again Move Upward

NEW YORK, March 21. (AP)—Bankers' acceptance rates, already well above the New York Federal Reserve Bank's rediscount rate, again headed upward today.

The First National Corporation of Boston instituted the rise with an increase of ⅛ of one per cent in its bid and asked rates on all maturities, and was immediately followed by New York dealers. This brings the quotations for thirty-day acceptances to 5½ per cent bid and 5⅜ per cent asked.

Bankers' acceptance rates have mounted steadily since the Federal Reserve system announced its policy last December of withdrawing its support from the acceptance market. At the end of November the thirty-day acceptances were quoted at 4 5-8 bid, 4½ asked. The present upturn is attributed to futher selling of acceptances by the reserve banks.

ACOUSTIC PRODUCTS MAY BOOST CAPITAL

NEW YORK, March 21. (Exclusive)—Acoustic Products Company has called a special meeting of stockholders for the 29th inst. to vote on a proposal to increase the authorized capital stock from 1,000,000 to 2,300,000 shares. P. L. Deutsch, president, says the new stock may be used for the purchase of important rights and patents for synchronization of sound with pictures, negotiations for which are still in progress.

MAGMA COPPER GOES ON $5 ANNUAL RATE

NEW YORK, March 21. (AP)—The annual dividend rate of the Magma Copper Company today was increased $1 to $5, with the declaration of a quarterly dividend of $1.25 a share, payable April 16 to holders of record the 30th inst. Last December the directors raised the rate $4 from $3.

PATH CHARTED BY COPPER

Red Metal Industry Demonstrates Feasibility of Co-operation; Benefits Distributed

BY EARLE E. CROWE

Producers in other industries who have doubted the effectiveness of co-operative programs to control production and distribution are having a little trouble in explaining away the success of the copper industry. Copper metal yesterday was quoted at another new peak of 23 3-8 cents for export, a price that adds millions to the potential earnings of producers and further testifies to the wisdom of applying economic regulation to industry.

Lately the petroleum business has been taking tentative steps along the path charted by the copper companies. Oil companies have formed an export corporation built along the lines of the company organized by the copper people under the Webb Act to control foreign sales. They have also made substantial progress on a program to control domestic production by co-operative agreement.

FUSIONS TO COME

But the oil companies still have another leaf to take out of the brilliant record written by the copper interests. Combination in the oil industry is still in its infancy, compared with the progress the copper companies have made in this respect, and it is doubtful if any marked headway can be made in the direction of controlling production and distribution until this development gets into full swing.

In oil there are too many single units of respectable size to make co-operation feasible. Copper interests have eliminated the number of voices by the process of combination that has left two or three huge companies with the influence to put just and beneficial measures into practice. Oil companies have always had to contend with a powerful and discordant minority.

If there is any question of the wisdom of the steps taken in the copper industry the answer is readily available in the benefits already accruing to the stockholders and the workers. Anaconda stockholders, for illustration, have shared substantially in copper prosperity by successive increases in the dividend rate from $3 to $7 a share. This increase has taken place in less than a year's time.

WAGES BOOSTED

In step with the improvement of the stockholders' position the employees of copper mining companies have been given three advances in wages to date, the last rise representing a total increase of more than $1 a day over the wage level of last fall. The last increase of 5 per cent was announced when copper went to 19 cents a pound, which suggests that further advances are possible if the price of the red metal is maintained around 23 cents a pound.

When the Utah Copper Company announced the last increase in wages it was stated that 3800 workers were affected and that the addition to the annual pay roll amounted to about $1,400,000.

How fusion of companies has proceeded in the copper industry is shown by the list of companies controlled by or affiliated with Anaconda and Kennecott, the two leading interests. Anaconda's interests include Chile, Inspiration, Andes, Butte Copper and Zinc, and Greene Cananea. In the Kennecott fold are Braden, Utah, Mother Lode Coalition, Nevada Consolidated, Chino and Ray Consolidated.

Lamont Report Shows Business Generally Good

WASHINGTON, March 21. (Exclusive)—Business conditions the first two months of 1929 were described today by Secretary of Commerce Lamont as "generally good."

Automobile production continued at a high rate, the manufacture of trucks being 100 per cent greater than was the record of the same two months of last year. Output of passenger automobiles was 50 per cent greater. Production of agricultural implements increased 40 per cent, with export figures showing a corresponding increase.

The chief depression was in building. This was about 14 per cent off, but Secretary Lamont believes it is due primarily to high interest rates and will not continue.

Imperial Utility Reports Profits

Net income after taxes, but before interest and other charges of the Southern Sierras Power Company, operating in Imperial Valley, totaled $1,220,397.87 for 1928 as compared with $1,039,435.94 reported earned for 1927, an increase of $180,961.93 or about 18 per cent, it was announced yesterday by the company.

The gross operating revenues of the company aggregated $4,082,956.98, against $3,784,814.10 in 1927, a gain of $298,142.88, or approximately 8 per cent. Net operating earnings totaled $2,379,368.09, against $2,185,494.17 in 1927, an increase of $193,873.92, or about 9 per cent. Southern Sierras Power Company is a subsidiary of the Nevada-California Electric Corporation.

Goodrich Plans Offer of Rights

NEW YORK, March 21. (Exclusive)—Directors of the B. F. Goodrich Company today voted to offer 25 per cent of the new common at $81 a share to common stockholders, subject to the approval by the shareholders of the proposed increase in authorized common stock from 1,000,000 to 1,500,000 shares at the annual meeting April 17.

The directors also declared the regular quarterly dividend of $1 on the common stock, payable June 1 to stock of record May 10.

BORROWINGS OF BROKERS AT NEW HIGH

Increase of $166,000,000 for Week Brings Total to $5,793,000,000

WASHINGTON, March 21. (AP)—Loans to brokers and dealers held by New York Federal Reserve member banks for the week ending the 20th inst. were announced by the Federal Reserve Board today as $5,793,000,000, representing an increase of $166,000,000, as compared with the preceding week and establishing a new high record.

The former high record established on February 3, 1929, was $5,669,000,000. For the next two weeks after that high record loans went down in response to a warning by Federal Reserve Board that use of Federal Reserve credit for speculation must be restrained. But the weeks following started a steady climb toward the peak established today. The loans for the week ending March 21, 1928, were $3,779,000,000.

The detailed distribution of the loans over the three weeks dealt with in the board's report was:

March 20, '29.	March 13, '29.	March 21, '28.
For own account:		
$1,091,000,000	$1,004,000,000	$1,027,000,000
For account of out-of-town banks:		
$1,760,000,000	$1,761,000,000	$1,467,000,000
For account of others:		
$2,934,000,000	$2,862,000,000	$1,285,000,000

Comparative weekly figures of brokers' loans with corresponding periods of last year follow:

	1929	1928
Jan. 2	$5,330,103,000	$3,810,023,000
Jan. 9	5,312,799,000	3,819,572,000
Jan. 16	5,384,000,000	3,788,000,000
Jan. 23	5,442,000,000	3,789,000,000
Jan. 30	5,559,000,000	3,816,000,000
Feb. 6	5,669,000,000	3,835,000,000
Feb. 13	5,568,000,000	3,819,000,000
Feb. 20	5,477,000,000	3,728,000,000
Feb. 27	5,307,000,000	3,722,000,000
Mar. 6	5,647,000,000	3,696,000,000
Mar. 13	5,627,000,000	3,746,000,000
Mar. 20	5,793,000,000	3,779,090,000

LOANS TO BROKERS SHOW DECREASE HERE

Brokers' loans made by sixty-six members of the Los Angeles Stock Exchange for the week ending Wednesday reached $39,562,070, a decrease of $407,550 from the preceding week, it was announced yesterday by Kirk L. Sinclair, manager of the clearinghouse of the exchange. The figure is an improvement of $764,758 over the week ending the 6th inst., when brokers' loans totaled $38,797,312, the lowest level of the year.

The comparative tabulation follows:

Week ending—	
January 2	$40,945,177
January 9	41,265,707
January 16	39,844,495
January 23	39,021,469
January 30	40,174,972
February 6	40,535,581
February 13	42,774,535
February 20	41,914,372
February 27	40,611,963
March 6	38,797,312
March 13	39,969,620
March 20	39,562,070

New Merger in Aviation Field Pends in East

NEW YORK, March 21. (Exclusive)—Universal Aviation Corporation, operators of an extensive air transport service, will become one of the many diverse subsidiaries of the Aviation Corporation, the largest aeronautic holding and developing company in the United States, if a stock transfer proposal is accepted by Universal shareholders.

An offer to exchange Aviation Corporation's stock for stock of the Universal Aviation Corporation on a share-for-share basis is conveyed to individual stockholders in a letter mailed yesterday by Louis H. Piper, Universal president.

This offer is contingent upon acceptance of the proposal on or before May 20 by holders of at least 51 per cent of outstanding Universal stock.

Harrison Buys San Diego Seat

Nicholas M. Harrison, Jr., affiliated with the brokerage house of Drake, Riley & Thomas, has acquired the membership on the San Diego Stock Exchange held by W. H. Black, Louis P. Wilson, executive secretary of the exchange, announced yesterday.

This transfer brings two seats on the exchange for Drake, Riley & Thomas.[James Sheldon Riley is already a member besides a member of the Los Angeles stock and curb markets. Announcement was also made of the election to membership of Harry J. Wiesler of San Diego, who acquired the seat held by I. D. Putnam.

HUPP PLANS ENTRY IN AVIATION FIELD

NEW YORK, March 21. (Exclusive)—Hupp Motor Company is expected to announce its entry into aviation industry soon. There have been persistent rumors from Detroit with respect to this move, but officials have declined to comment or disclose future plans.

TRACTION NET GAINS

NEW YORK, March 21. (Exclusive)—American Light & Traction Company reported today a consolidated net income for 1928 of $9,225,158 after all charges, against $7,242,182 in 1927, a gain of more than $2,000,000, nearly 30 per cent.

DIRECTING HEADS OF OIL COMPANY

J. A. TALBOT.

C. M. FULLER

RICHFIELD NAMES NEW PRESIDENT

J. A. Talbot Elected to Board and C. M. Fuller Made Successor

Directors of the Richfield Oil Company of California, following the annual meeting yesterday of stockholders, elected James A. Talbot to the newly created position of chairman of the board, and advanced S. M. Fuller to the presidency. W. E. Dunlap, manager of production, was elected by the stockholders to fill a vacancy on the board of directors.

No change in operating conditions of the company are to follow the shift in titles, Mr. Talbot said in a statement issued after the directors' meeting. For some time Mr. Fuller has been the chief operating officer, and Mr. Talbot has devoted his energies to the administration of the financial affairs of the company.

"My acceptance of the chairmanship of the board, carrying with it the chairmanships of the finance committee and the executive committee, will place me," Mr. Talbot said, "in the position of more efficiently administering the business and financial affairs of the company.

"Contrary to reports that have been current that my activities in the interests of Richfield are to be lessened, I wish to most emphatically state that I shall continue to devote to the affairs of the company as much time as during the past years of our most successful growth."

Mr. Fuller, the new president, is recognized as one of the most successful marketers in the industry. He entered the business in 1913 as a salesman for the Los Angeles Refining Company, leaving the latter part of the year to accept a position with the National Petroleum Company. When the Richfield Oil Company was consolidated with the Los Angeles Refining Company and the Kellogg Oil Company, he became a director and general manager of the new company. When the Richfield and United Oil Company were merged in 1923 Mr. Fuller was made vice-president and general manager of the combined company.

Directors also declared the regular quarterly dividend of $1.75 on the preferred, payable May 1 to stock of record April 5.

Engine Company Stock on Mart

New financing in connection with the recent combination of the C. & G. Cooper Company, of Mt. Vernon, O., and the Bessemer Gas Engine Company, of Grove City, Pa., into the Cooper-Bessemer Corporation, will be placed on the market today by the National City Company and August Belmont & Co. The offering, which consists of 100,000 shares of $3 cumulative preferred stock, Series A, with warrants, and 40,000 shares of common stock, will be made in units of ten shares of preferred and four shares of common at a price of $660 per unit.

The new company, which will rank as one of the leading manufacturers of gas engines, Diesel oil engines and compressors, will have outstanding upon completion of this financing, 100,000 shares of no par value $3 cumulative preferred stock, Series A, and 200,000 shares of no par value common stock. It has no funded debt. Net earnings of the combined properties for the last four years have averaged $1,014,443 annually, equivalent to 3.38 times the dividend requirements on the preferred stock and to $3.57 a share on the common to be outstanding presently.

STEEL INDUSTRY HUMMING

Exports Show Sharp Gain in January and Imports Drop Below Mark for December

BY JOHN F. SINCLAIR

[Copyright, 1929, by North American Newspaper Alliance.]

NEW YORK, March 21.—Steel mills are reported running almost at capacity. Not only is home demand for steel increasing, but so is foreign demand.

The exports of iron and steel products in January, according to the current iron age, totaled 274,296 gross tons, an increase of 52,486 over December. Such figures may be dull, but they really show that January's record is the highest export of steel in eight years—since February, 1921, excepting only last August.

On the other side of the picture there was less foreign steel entering the United States, the imports for January being 51,493 tons, as against 55,199 in December.

Who bought the steel exports in the largest amounts? The countries, in order to size of purchase, are Canada, Japan, Italy, Venezuela and Argentina.

American-made machinery is being sold abroad in increasing amounts. If industrial machinery of all kinds, including automobiles, is figured, the value exported in the calendar year of 1928 totals $1,035,000,000, as against $857,000,000 in 1927.

Naturally, steel products are directly affected by such expansion.

Business, not only in copper and steel, but in all lines, is showing remarkable expansion. High credit conditions do not seem, up to date, to have hurt business materially, except the building trade. Present indications point to a drop of nearly 20 per cent in building activity for the first quarter of 1929, under the corresponding period in 1928.

William H. Woodin, 60 years of age, graduate of the Columbia School of Mines, president of the American Car and Foundry Company and a director in a score of other companies, including General Motors, has just purchased a co-operative apartment at 865 Fifth avenue, New York, for which he paid $310,000. This is one of the highest prices ever paid for a co-operative apartment in New York.

In this particular co-operative every owner occupies an entire floor, and no one has paid less than $120,000 for his home. The apartment building, which is of twelve stories, is known as "The Apartment of the House of Morgan," for two of the Morgan partners, Harold Stanley and Thomas Cochran, own apartments in the building, as does the widow of a Morgan partner, Mrs. Henry P. Davison.

Other owners in the building include Mrs. E. H. Gary, widow of the chairman of the United States Steel Corporation; Mrs. W. Averill Tarriman, wife of the shipping magnate; H. B. Frelinhuysen, William D. Loucks, attorney; Michael J. Meehan, now credited with being "the strongest asset" in radio stock; Henry Root Stern, attorney, who is reported to have paid $210,000 for his apartment, and Dr. John B. Watson, writer on the subject of human conduct, who paid $180,000 for his. There is one apartment vacant.

Every owner pays 10 per cent of the cost of the apartment each year for up-keep. This takes care of all overhead and taxes. Mr. Woodin, therefore, will be paying $31,000 a year to carry his end. In interest on the money which he paid for his

IRREGULAR TONE ON STOCK MART

General Price Drift Aimless in Nervous Trading

Further Tightening of Money Dampens Enthusiasm

Bulls Thwarted in Effort to Start Buying Rally

NEW YORK, March 21. (AP)—The stock market floundered around in extreme confusion today as the bulls made strenuous efforts to retain control of the market, but were unable to overcome widespread nervousness over the outcome of the New York Federal Reserve directors' meeting after the close.

The fact that no change was made in the rediscount rate of 5 per cent was in line with expectations, as the Bank of England announced no change in its rate, but the reserve officials had a bitter pill for speculative Wall street to swallow in an announcement of an increase of $166,000,000 in brokers' loans, carrying the total to the highest level in history at $5,793,000,000, as compared with the previous record of $5,669,000,000 on February 6.

A development earlier tending to intensify the uneasiness was a jump of 1-4 of one per cent in the bid and asked rates for bankers' acceptances, all maturities, carrying the bid rates to 5½ to 5 5-8 per cent, and close to the commercial paper rates of 5 3-4 to 6 per cent. In view of the apparent disparity between the rediscount rate and credit rates generally, bankers are begin-

5 FACTS

investors should know

...about California Improvement District Bonds

1 Such bonds, issued for the installation of sewers, drains, street work, etc., are payable, principal and interest, from an ad valorem tax levied on all lands in the issuing district, collectible with and as a part of general County taxes from which it cannot be separated.

2 Issued in coupon form with even $1000 denomination and serial maturities, these bonds offer the same convenience in handling enjoyed by any corporation or municipal security.

3 Exempt from California Personal Property Tax and all Federal Income Tax.

4 The yield runs from 5% to 5½% and is considerably higher than that offered by school district bonds, which are comparable in security.

5 District bonds are automatically a legal investment for California Savings Banks and Trust Funds or are subject to certification as a legal investment on proper application.

Further information regarding California District Bonds together with details of specific issues will be gladly furnished without obligation. Just send name and address below.

NET INCOME OF SAFEWAY GROCERY UP

Operating Report for 1928 Shows 84 Per Cent Gain Over 1927

NEW YORK, March 21. (Exclusive)—Consolidated net profits of the Safeway Stores, Inc., and subsidiaries reached a total of $3,505,098 for the year ended December 31, last, after all charges including taxes, as compared with $1,906,674 for 1927, an increase of $1,598,424 or more than 84 per cent, it was announced here today.

The year's earnings include the operations of properties acquired during the period from the date of acquisition only, and after allowing for preferred dividends are equivalent to $8.12 a share on the average amount of common stock outstanding. In 1927, $5.36 a share was earned on the same capital basis.

In October, 1928, the stock was split on a five-for-one basis and dividends declared at the annual rate of $3 a share. This was equivalent to $15 on the old stock as against $12 formerly.

Through the program of expansion by which the company has purchased grocery chains throughout the entire country and principally the West and Middle West, it has been officially estimated that the sales volume for the current year will reach $180,000,000 and net profits $6,500,000. Sales for 1928 aggregated $103,303,598, a gain of about $33,000,000 over 1927.

Among recent consolidations has been the Piggly Wiggly Western States Company of Los Angeles and the Piggly Wiggly Pacific Company of San Francisco.

ROSSIA INSURANCE PLANS EXPANSION

NEW YORK, March 21. (Exclusive)—Rossia Insurance Company today called a special meeting of stockholders for April 22 to vote on increasing the capital stock from $2,000,000 to $3,000,000; reduction in par value from $25 to $10, and a stock dividend of 20 per cent.

EMPORIUM-CAPWELL NET EARNINGS UP

SAN FRANCISCO, March 21. (AP) The Emporium-Capwell Corporation today reported a net earning, after paying Federal income taxes, of $1,078,526 for the fiscal year ending January 31, last, in a statement signed by A. B. C. Dohrmann, chairman of the board. Earnings for the preceding fiscal year amounted to $1,026,619, the report said.

UTILITY COMPANY EARNINGS GAIN

CHICAGO, March 21. (Exclusive)—Northwest Utilities Company reported today net income for 1928 of $1,170,242, equal after preferred dividends to $3.11 a share on the 164,143 shares of common stock outstanding, as compared with $997,398 reported earned for 1927, or $2.28 a share on the same capitalization.

INCREASE PLANNED IN CADILLAC CARS

NEW YORK, March 21. (Exclusive)—Cadillac division of General Motors Corporation will spend $5,000,000 on its building and equipment program, which involves six separate projects, according to L. P. Fisher, president. Cadillac will have a capacity of 60,000 cars a year when this program is completed.

NICKEL COMPANY VOTES DIVIDEND

NEW YORK, March 21. (AP)—International Nickel Company of Canada, Ltd., today announced an initial quarterly dividend of $1.75 a share on its preferred stock, payable May 1 to holders of record April 2.

Detroit Life Absorbed by Holding Unit

Insurance Securities Company, Incorporated, holding organization for the Union Indemnity Company of New Orleans and a number of other insurance units, has acquired the Detroit Life Insurance Company of Detroit, Mich., on a stock exchange basis of six shares of the holding company for one of the Detroit company, it was announced yesterday.

Union Indemnity, which entered the Los Angeles territory in April last year, is now doing a gross premium business in this city of more than $1,000,000 annually, it was stated. The business of the International Indemnity Company of Los Angeles, was reinsured last year.

Acquisition of the Detroit Life rounds out a diversified line of insurance controlled by the company from which many economies of administration are expected to result. Other companies controlled include Northwestern Casualty and Surety Company of Milwaukee, La Salle Fire Insurance Company of New Orleans, Bankers' and Merchants' Fire Insurance Company of Jackson, Miss., and the Union Title Guarantee Company of New Orleans.

Tone Steady on London Market

LONDON, March 21. (Exclusive) The stock market had a steady tone today, with business on a small scale, owing to the fortnightly settlement. The industrial list moved irregularly, with talking machine issues in supply. Tobacco and artificial silk issues had a steady tone, while electrical securities were generally neglected with General Electric lower. Ford Motors, Ltd., was in demand around £4 1-4. The mining list had a firm tone, while oils moved irregularly. Sunard issues were lower, following the declaration of the regular dividend. Rubbers were dull.

The gilt-edge division had a weak tone. Foreign issues were in fair demand. Home rails were easier and Argentine rails were steady.

Hertz Disposes of Motor Coach

CHICAGO, March 21. (Exclusive)—The interest of John Hertz and associates in the St. Louis Motor Coach Company has been sold to the International Utilities Corporation for around $1,750,000. This is in line with Mr. Hertz's gradual retirement from all business activity.

Mr. Hertz owned control of the company, and the Omnibus Corporation of America has one-third of the Class A and one-sixth of the B stock. The St. Louis Motor Coach Company owns all of the common stock of the People's Motorbus Company of St. Louis.

May Company Earnings Off

NEW YORK, March 21. (AP)—May Department Stores Company of St. Louis, today reported 1928 earnings of $5,758,062, a decrease from the 1927 total of $6,498,927.

The 1928 profit is equal to $4.96 per common share, against $5.56 in the previous year.

MORTGAGE CONCERNS COMPLETE MERGER

Mortgage Certificate Corporation, with head offices in Los Angeles, has merged with the Reliance Bond and Mortgage Company and William C. Hale, president of the latter company, is president of the merged organization, it was announced yesterday. The principal business of the company is the financing construction of residences, apartment and business buildings and the refinancing of buildings already constructed.

NEW FINANCIAL COMBINE MADE

(Continued from Fifteenth Page)

America with the Chase National Bank. Mr. Walker is a director of Chase, and he explained that the present friendly relations existing with the Chase interests would continue. No merger with the Chase was being considered, he said.

The conferences were carried on among A. P. Giannini and P. C. Hale, acting for the Transamerica Corporation, and Mr. Walker and George Armsby, one of the Blair partners, and Mr. Delafield, acting for the Bank of America and Leo V. Belden for the Bancamerica Corporation.

The Bank of America is one of the oldest banks in the United States. It was organized in 1812 by the New York directors of the first bank of the United States which was formed by Alexander Hamilton in conection with his work as Secretary of the Treasury.

Since 1920 the bank has been merged with Franklin Trust Company, Atlantic National Bank, Battery Park Bank, Commercial Exchange National Bank and Bowery and East River National Bank.

The Giannini interests obtained control of the bank in March of last year, paying $510 a share for the controlling block of stock. Several years before A. P. Giannini bought the East River National Bank and the Bancitaly Corporation was formed as a holding company. The East River Bank was merged with the Bowery Bank and the Bowery and East River Nation Bank came into existence. When the Bank of America was acquired the Bowery and East River National was consolidated with it.

Transamerica Corporation was organized recently as a holding corporation for all of the Giannini enterprises, and the Bancitaly's stocks, including the Bank of America shares, were turned over to it.

OPERATIONS EXTENSIVE

Blair & Co., Inc., was formed by John I. Blair, who was born in 1802. Earlier activities were devoted to United States and Canadian railroad financing. In 1920 Blair & Co. and William Salomon & Co. were consolidated. The company has played an important part in foreign government financing and has offices in most of the foreign countries and throughout the United States. These offices will remain intact and work in conjunction with the new interests.

The active Blair executives who will continue with the new corporation include J. Cheever Cowdin, George N. Lindsay of New York, Harry Olcott and Roger Ballard of Chicago and Edward Clark of San Francisco.

The consolidated institutions will have thirty-one banking offices and the securities corporation will have offices in Albany, Boston, Buffalo, Chicago, Cincinnati, Cleveland, Hartford, Los Angeles, Milwaukee, Minneapolis, Oakland, Omaha, Philadelphia, Pittsburgh, Portland, Or., St. Louis, St. Paul, San Diego, San Francisco, Scranton, Seattle and Syracuse.

Shell Policy Meets Protest

LONDON, March 21 (Exclusive)—The minority comittee has issued a circular to shareholders of V. O. C. Holdings, Ltd., declaring that they are not benefiting to anything like the extent they should.

The policy of Shell Transport and Trading Company regarding the disposal of the V. O. C. output is strongly attacked, the committee declaring that there is the strongest possible obligation on Shell to allow the company to pursue its normal development. The chairman of the committee is Sir William McClintock and the account membership includes C. S. Gulbenkian, international financier.

OIL MERGER DETAILS ARE NOT COMPLETED

Tentative agreements for the consummation of the Italo-McKeon oil merger have been signed, but no details regarding the exchange of stocks, etc., have been worked out as yet, A. G. Wilkes, vice-president of the Italo Petroleum Corporation of America, declared yesterday. It is understood that negotiations are now in progress for the inclusion of another company in the deal said to be capitalized at $30,000,000. It is expected that a complete announcement will be made next Monday or Tuesday.

PROFITS OF UTILITY SHADE OFF IN YEAR

CHICAGO, March 21. (Exclusive) American Public Service Company today reported net income of $1,519,587 for the year ended December 31, last, equal after preferred dividends to $5.82 a share on 150,000 shares of common stock, as compared with net of $1,550,442, or $5.99 a share on the same number of common shares in 1927.

UTAH MINES RAISE PAY OF EMPLOYEES

SALT LAKE CITY, March 21. (AP) A wage increase of 25 cents a day for all employees of the Utah Silver-Lead Mines was announced today, effective April 16. The increase, made possible by rises in lead prices, will increase the monthly pay roll of silver-lead miners of the State by $40,000, it is estimated. Some 5000 men are employed.

DEPARTMENT STORE EARNINGS DECLINE

NEW YORK, March 21. (Exclusive)—American Department Stores Corporation today reported for the year ended December 31, last, profits of $443,159 after depreciation, Federal taxes, etc., equal after preferred dividends to $1.52 a share on the average number of common shares outstanding, as compared with $515,620, or $1.94 on 200,000 shares in 1927.

ROYAL SHELL GROUP SEEKS CONCESSION

AMSTERDAM, March 21. (Exclusive)—It is understood here that the Royal Dutch-Shell group is now negotiating with the Hungarian government to obtain a preferential position in that country. The group is reported to be prepared to invest about 5,000,000 or 6,000,000 pangoes in Hungarian state securities in order to obtain the position.

The Clearinghouse

News of Spring Street

Burt A. Heinly, executive secretary of the Greater Harbor Committee of Two Hundred, addressed the monthly meeting of the Foreign Exchange Club at the Alexandria Wednesday evening on "The Intimate Viewpoint of Some Harbor Problems." He stressed the splendid work of the committee bringing about the agreement of the parties interested in the unification of greater harbor belt lines.

To Address Board

James C. Ferris, assistant title officer of the Title Insurance and Trust Company, will speak before the Pasadena Realty Board at the regular noon luncheon today in the Pasadena Y.M.C.A. Building. His subject will be "Conditions and Restrictions Affecting Real Estate."

Joins Security House

John S. Pettibone, formerly in the eastern banking business, has joined the sales organization of William Cavalier & Co.

Expands Offices

Banks, Huntley & Co., member of the Los Angeles Stock and Curb exchanges, has enlarged its offices to more readily facilitate trading for its customers, and has increased the work of the statistical department which is now headed by Kenneth R. Clarke. The offices cover a large portion of the twelfth floor of the Stock Exchange Building and a part of the eleventh floor.

ESPEE STOCKHOLDERS TO GET BOND OFFER

SAN FRANCISCO, March 21. (Exclusive)—In a letter to stockholders, the Southern Pacific Company offers the right to purchase at 94 per cent and accrued interest a portion of the new forty-year 4½ per cent gold bond issue, equal to 17½ per cent of the par value of stock held by each stockholder.

RUBBER MARKET

NEW YORK, March 21. (Exclusive)—Taking advantage of the low price levels established Wednesday, crude rubber futures opened today with some good buying in evidence and initial quotations were 30 to 50 points advanced. Some selling activity was noticeable early and prices for a brief period wavered, but aided by short covering the market strengthened in the late hours and closed firm and on the upswing, with eight active deliveries 60 to 90 points up.

Spot on the outside firmed up and closed ⅛c higher at 23¾c. The situation in general is somewhat unsettled, considerable wariness being noticeable on the part of some traders who fear a further slump. London was 5-16d lower at 10⅝d.

Citrus Crop of Nation Eleventh in Importance

Figures from the Crop Reporting Board of the Department of Agriculture for 1928 show that oranges, in spite of a short crop in both California and Florida, stand eleventh in value of all United States crops.

Corn, with a farm value of $2,133,000,000 is by far the largest and represents about 25 per cent of the value of all crops, which was $8,456,000,000. Cotton, valued at $1,291,000,000, comes second with hay third at $1,243,000,000.

Apples led all fruits with a farm value of $185,125,000, with oranges second at $130,500,000. Although in 1927 the value of the United States grapefruit and lemon crops was about identical, $22,320,000, the lemon outstripped grapefruit in value last year.

Day's Dividend List Reported

NEW YORK, March 21. (Exclusive)—Dividend declarations reported today follow:

Freeport Texas Company, regular quarterly of $1, payable May 1 to stock of record April 15.

Wheat Futures Shade Off; Corn Gains Fraction

CHICAGO, March 21. (Exclusive)—Wheat prices held within narrow limits, with commission houses and the local element on both sides buying on a moderate scale, the finish being ⅛@⅜c lower, with March 1.23, May 1.27@1.27⅛, July 1.29⅝@1.29¾. Corn finished unchanged to ⅜c higher, with March showing the most strength, closing at 93⅞, while May was 96⅝ and July 99¾@99⅞. Oats were unchanged to ⅛c higher, with March 47 and May 47⅞, while rye was ⅛@⅜c lower, March being 1.08 and July 1.09⅝.

Outside interest in wheat was the lightest in some time, and while there was buying of July early by a house with eastern connections, presumably based on an unfavorable summary from parts of Kansas from their crop observer, other reports from that section were rather optimistic, and the local element was alternately bullish and bearish. Seeding of spring wheat was started in parts of Illinois and also in South Dakota, and in the latter State is expected to increase rapidly with weather conditions. The forecast, however, suggested unsettled weather over a great part of the belt.

There is marked uncertainty regarding the outcome of winter wheat crop, and while there are numerous reports of good conditions, many operators are apprehensive of damage. The open interest at the close on Wednesday in all wheat futures here was 148,686,000 bushels, a decrease of 629,000 bushels from the previous day, and the first reduction in several weeks, suggesting scattered liquidation by longs, although there has been no evidence of the leading holders attempting to get out.

The wheat market appears to be at a dead center, with little in the routine news that attracts attention, and with a noticeable lack of speculative and cash business. No export sales were reported at the seaboard and it has been some time since a good business was claimed. Winnipeg closed ⅛c lower to ⅜c higher, the latter on October, while Liverpool was unchanged to ⅛d lower. Argentine exports for the week were estimated at 7,534,000 bushels, against 5,604,000 bushels the previous week and 6,788,000 bushels last year.

There was further selling by longs in corn, and while there was a decline early, the finish was on a good rally from the inside figures, with short covering on reports of shipping sales of 240,000 bushels to the East a factor, making about 500,000 bushels sold in the past two days, the best business in a number of weeks. There were also intimations of export business, but no sales were claimed at the seaboard. The local spot basis was steady to ½c higher, with 30,000 bushels booked to come here from other terminal markets.

The East and South were after cash oats here, with shipping sales of 110,000 bushels. Seeding of oats has started in Illinois and in South Dakota and is expected to get under way in Iowa next week with favorable weather. Commission houses were fair buyers, while cash interests sold. Houses with eastern connections bought May and sold September at 3⅛c difference. Little interest was taken in rye and prices held within narrow limits.

Provisions were firmer in sympathy with advance in hog prices. Buying was led by cash interests, while most conspicuous selling was by one of the smaller packers. Shipping trade was moderate. Western markets received 89,900 hogs, against 112,339 a year ago.

Oil Shares React Under Slackened Trading as Credit Stringency Looms

Oil shares, reacting fractionally for the most part, brought about an irregular array of prices as the volume of trading slackened yesterday on the Los Angeles Stock Exchange. Other divisions of the market strengthened to some small degree but the turnover was not to be compared with recent sessions that have spurted actively in response to the better gasoline-price situation. Anxiety over the national credit situation, was a large factor in the curtailment of stock trading.

Publication of a new record for brokers' loans in New York accentuated the uncertainty and the softer trend of prices which got definitely underway about noon failed to find any rallying support. Rio Grande was an exception in the oil list and closed up 3-8 on the day to 40 1-8. Standard Oil, about which merger rumors cirulated in the previous session, dropped back from its high position and closed off 3 3-8 points net to 76 3-4.

Union of California reacted a point to 50 7-8 and Union Associates, ⅛ to 51 1-4. Signal Gas slumped 1 3-4 points to 46½ and Richfield, 7-8 to 45 1-8. Barnsdall eased down 3-8 to 45 1-4. Macmillan Petroleum, on light sales ran contrary to the list and advanced 3-4 to 36 3-4. Occidental dropped 40 cents to 3.10.

Pacific National Company was an active performer on the miscellaneous board but ended at 38, off 1-8 net. Transamerica gained ½ to 140½ and Seaboard Securities, 3-4 to 44 3-4. California Bank jumped up 2 7-8 to 133. No substantial changes were registered by the balance of the market.

LOS ANGELES CURB

The spotty condition displayed by the big board had its counterpart in the trading yesterday on the Los Angeles Curb Exchange with the number of losses outweighing the number of gains. Airplane shares led the downward course but no losses exceeded 2 points.

Fokker fell off 1 3-8 points to 36½; Lockheed, 1 to 20; Maddux, 1-4 to 12 1-4; Western Air Express, 1 to 65 and Bach, 10 cents to 3.30. The Aviation Corporation and Aviation of California each held firm.

Italo Petroleum, linked with a proposed merger of a number of companies, bounded up 1 1-4 points to 11 1-4. Hancock, reacted 1 3-4 to 44, Mexican Seaboard, 1½ to 53 and Continental, 1 point to 25.

Sales totaled 138,029 shares valued at $745,237.

COTTON MARKET

NEW YORK, March 21. (AP)—Early advances on relatively firm cables and apprehension that rains in the Southwest would spread eastward over the belt were followed by reactions in cotton today. After showing net advances of about 10 to 14 points, active months broke to or below yesterday's closing quotations as result of liquidation combined with some southern and local selling.

The decline brought in some buying on private reports of rain from east of the Mississippi River, however, and the midafternoon market was steady, with prices about net unchanged to 6 points higher.

RANGE OF PRICES

Oat hay	27.00@28.00
Barley hay	26.00@27.00

WOOL MARKET

BOSTON, March 21. (AP)—The market on fleece wools is very irregular, with an easing tendency. Ohio and similar 58-60s, strictly combing wools are available at 49c, although some holders are asking 50c in the grease. Ohio strictly combing 56s have moved at 53 to 54c and 48-50s have sold at 52 to 53c in the grease.

LOS ANGELES MARKET

CATTLE—A good clean-up of the small supply was made at 15@25c higher prices for steers and about steady values on other classes.

A car of good 775-pound Arizona fed steers topped at 12.85, while another load of 819-pound fed Arizonas made 12.50. A car of 736-pound fed Mexicans sold for 10.75, while a small lot of common 676-pound averages made 9.75.

A sizable lot of good 532-pound yearling heifers scored 11.25, while a small lot of good 794-pound Southern California feed lot heifers made 11.00, with a short load of 940-pound cows from the same feed lot at 10.00. Other she stock, mostly odd head and small lots of dairy type cows, cleared from 7.75@9.00. Cutters and low cutters were in small supply from 4.60@7.25. A few medium and good bulls cashed from 8.50@9.50.

CALVES—Yesterday's supply was cleaned up at steady prices. A car of good and choice 227-pound vealers made 15.25, with 383-pound weights out at 12.25. A car of plain 280-pound Californias sold for 12.50, with 350-pound averages out at 11.50. Odd lots of other calves sold down to 9.50.

HOGS—Yesterday's estimated supply included one load direct to packers. Asking prices were higher and with packers resisting the advance, the market was dull and draggy. Sales made were steady to 25c higher. A car of 195-pound Nebraska butchers topped at 12.60, while a car of 181-pound Nebraskas brought 12.50, with a load of 144-pound Californias at 11.75. A load and a half were still unsold. A small lot of 171-pound truck-in butchers made 12.00. The general run of packing sows were quoted from 9.00@9.50.

SHEEP—None. Medium to choice milk lambs were quoted from 15.00@17.00, with medium to choice fed lambs from 14.00@16.00, and good to choice wooled ewes from 8.00@9.00. The first western milk lambs arrived on the Kansas City market yesterday. The sale reads: "Five loads of 72 and 73-pound Arizona spring lambs sold for 20.50."

YESTERDAY'S QUOTATIONS

Slaughter cattle and calves: Steers, 1100 to 1300 pounds, good, 12.25@13.00; 800 1100 pounds, good, 12.50@13.00; 800 pounds up, medium, 11.50@12.50; common, 9.00@11.50. Heifers, 850 pounds down, good, 10.35@11.25; common and medium, 7.65@10.35. Cows, good, 9.75@10.25; common and medium, 7.40@9.75; low cutters and cutters, 3.50@7.40. Bulls, yearlings, excluded, good beef, 9.00@9.50; cutter to medium, 7.00@9.00. Calves, 500 pounds down, medium to choice, 10.50@14.00; cull and common, 7.50@10.50. Vealers, milk fed, good and choice, 13.00@16.00; medium, 11.50@13.00; cull and common, 8.50@11.50.

Hogs, medium weight, 200 to 250 pounds, medium to choice, 11.25@12.40; light weight, 160 to 200 pounds, medium to choice, 11.50@12.60; light lights, 130 to 160 pounds, medium to choice, 11.35@12.40. Packing sows, rough and smooth, 8.25@9.50. Slaughter pigs, 90 to 130 pounds, medium to choice, 9.25@11.50. (Soft or oily hogs and roasting pigs excluded in above quotations.)

Slaughter sheep and lambs: Spring lambs, good and choice, 16.00@17.00; medium, 15.00@16.00; cull and common, 12.00@15.00. Lambs, 84 pounds down, good and choice, 15.50@16.00; 92 pounds down, medium, 14.00@15.00; all weights, cull and common, 11.00@14.00. Ewes, 120 pounds down, medium to choice, 7.60@9.00; all weights, cull and common, 3.50@7.00.

OUTSIDE MARKETS

SOUTH SAN FRANCISCO, March 21. (AP)—Hogs, receipts 600, direct 350; two loads back; easterns 25c higher; two loads 175 to 185-pound Idahos, 12.95, with 110 to 130-pounds sorts at 12.00@12.60; few lots local fed, 11.25; odd head sows, 8.00@8.50.

Cattle, receipts 270; six loads back; early sales steers strong to slightly higher; load 1065-pound California hay fed steers, 12.75; load low medium, 11.75; cows, 15@25c higher; load good horned Nevadas, 10.15; load Californias, 10.00; medium grades, 8.50; odd lots low cutters and cutters, 3.50@6.50; bulls, 8.00@9.00; veals weak to lower; odd head medium to good 200-pound veals, 13.50.

Sheep, none, quotably steady; good spring lambs quoted around 17.50@18.00; old crop fed lambs weak.

CHICAGO, March 21.—Hogs, 25,000, including 5000 direct; market mostly 20@25c higher; top, 12.00 paid for 160 to 200-pound weights; largely 11.65@11.90 market for good to choice 160 to 320-pound averages; butchers, medium to choice, 250 to 300 pounds, 11.40@11.85; 200 to 250 pounds, 11.50@12.00; 160 to 200 pounds, 11.40@12.00; 130 to 160 pounds, 10.50@12.00; packing sows, 10.50@11.10; pigs, medium to choice, 90 to 130 pounds, 9.50@11.50.

Cattle, 7000; calves, 3500; steers and yearlings fairly active, steady to 25c higher; medium weights and weighty steers in light supply showing most upturns; lower grades predominating; yearling heifers up to 14.00; slaughter classes, steers, good and choice, 1300 to 1500 pounds, 12.75@14.25; 1000 to 1300 pounds, 12.50@14.50; 950 to 1100 pounds, 12.75@14.75; fed yearlings, good and choice, 750 to 950 pounds, 13.25@15.00; heifers, good and choice, 850 pounds down, 12.50@14.00; cows, good and choice, 9.25@11.50; cutters, 6.00@7.50; bulls, good and choice beef, 9.60@10.75; vealers, milk fed, good and choice, 13.00@17.00; stocker and feeder steers, good and choice, all weights, 12.00@13.00.

Sheep, 12,000; slow, early indications around steady; indications of bulk fat lambs around 16.85@17.25, best held around 17.50; fat ewes steady at 10.00@11.00; feeding and shearing lambs, 16.00@16.50; lambs, good and choice, 92 pounds down, 16.40@17.65; ewes, medium to choice, 150 pounds down, 8.50@11.00; feeder lambs, good and choice, 15.00@16.75.

SOUTH ST. PAUL, March 21.—Cattle, 2800; slow, steady on all classes compared with Wednesday's close; odd head choice yearlings early, 13.25@13.75; best mixed yearlings, 12.50; bulk all weights salable 10.75@12.00; she stock largely 7.50@8.75 for common and medium cows; comparable heifers, 8.75@10.00; cutters unchanged; bulls slightly more active, largely 8.50@9.00 down for medium grades; stockers and feeders fully steady; number of cars direct to traders; calves, receipts 2400; vealers 50c or more lower; good lights, 14.00@16.00; bulk, 14.50@15.00.

Hogs, 9000; active, 25@40c higher than Wednesday, supply well cleared; bulk lights and butchers, 11.50; top, 11.60 paid for closely sorted light weights; bulk light lights and pigs, 11.00, few 11.25; sows, 10.00@10.25.

Sheep, 8000; practically nothing done, asking higher on feed lambs and ewes; few bid 16.00@16.25 on best lambs; steady.

DENVER, March 21.—Sheep, 5500; no early sales, lambs generally asking higher; late Wednesday lambs mostly 25@50c lower; shipper top, 15.85; packer top, 15.65.

Hogs, 2500; thirteen loads direct, two to Arizona, few early sales around 25c higher; 180 to 240-pound drives, 11.15@11.35, asking above 11.60 on numerous hogs; packers inactive; light lights, 10.25@10.75; nothing done on packing sows; few stags, 9.00@9.50.

Cattle, market 1606; generally steady; fat steers, 948 to 1161 pounds at 12.50@12.85, freight paid, some bid 12.40; other light and medium weights, 12.25@12.50 flat; several loads heifers, 11.50@12.25; load 777 pounds, 12.35, freight paid; best 642 pounds, 12.75, freight paid; best cows, 9.95; others generally 8.40@9.85; vealers up to 16.00; bulls, 8.60 down; stockers, 11.50@12.40; horned stock cows, 7.85; stock heifers 9.25.

KANSAS CITY, March 21.—Hogs, 7500; fairly active, 15@25c higher; mostly 25c higher than Wednesday's average; stock pigs steady; top, 11.60 on 190 to 225 pounds; bulk 170 to 260 pounds, 11.35@11.50; 260 to 350-pound butchers, 11.10@11.35; 140 to 160 pounds, 10.25@11.40; packing sows, 9.50@10.40; stock pigs, 9.25@10.25.

Cattle, 2500; light and medium weight fed steers fairly active, steady to strong; spots 10@15c higher on lower grades; weighty steers slow, around steady; other killing classes, cattle, comparatively scarce, unchanged; vealers, 1.00@1.50 lower; weighty calves weak; stockers and feeders scarce, steady; bulk fed steers, 12.00@13.25; choice medium weights, 13.65; short load mixed yearlings, 14.00; few loads fed dogies, 11.50@11.75; fed heifers, 10.50@12.75; bulk butcher cows, 8.00@9.50; vealers, mostly 15.00 down; fed selected kinds, 16.00.

Sheep, 7000; lambs steady to 10c lower; odd lots sheep steady; top wooled lambs, 16.50, others downward to 16.00; clippers, 15.10; five loads 72 to 73-pound Arizona spring lambs, 20.50.

ST. JOSEPH, March 21.—Hogs, 8000; active, mostly 25@35c higher; top, 11.60 for 220-pound hogs; bulk 160 to 280 pounds, 11.35@11.50; most 280 to 350 pounds, 11.25@11.35; odd lots light lights, 10.00@11.00; packing sows steady to 25c higher; majority 10.25@10.50; stocker and feeder pigs strong, mainly 9.00@9.50.

Cattle, 1000; light weight steers and yearlings, including heifer and mixed yearlings strong to 15c higher; other she stock fully steady; weighty steers slow, bulls and vealers unchanged; choice mixed yearlings, 14.00; other steers and yearlings, 12.50@13.25; fat heifers 11.50@12.50; bulk beef cows, 8.25@9.50; cutter grades, 5.75@7.25; medium bulls, 8.00@8.75; top veals, 16.00; replacement stock scarce, fully steady; few feeder steers, 11.75@12.40.

Sheep, 4000; no early sales, indications steady to strong for fat lambs, asking 16.75 or above for best offerings; 63-pound native spring lambs, 20.00.

OMAHA, March 21.—Hogs, 9000; active, 25@40c higher; close at full advance to all interest; top, 11.75 on two loads of choice 225-pound butchers; bulk 200 to 320-pound butchers, 11.40@11.70; choice 300-pound butchers to packers, 11.70; bulk 160 to 200-pound lights, 11.25@11.60; light lights downward to 10.50; feeder pigs upward to 10.50; packing sows, 10.60@10.75.

Cattle, 3300; killing classes active, steady to strong; stockers and feeders scarce, firm; fed steers and yearlings, 12.00@13.25; light mixed yearlings, 13.30; yearling steers, 13.75; few lots heifers, 11.60; bulk beef cows, 7.75@9.75; bulk all cutters, 5.75@7.00; medium bulls, 8.50@9.00; practical top veals, 15.50.

Sheep, 10,000; lambs steady to 25c higher; fat sheep 25@50c higher; feeders steady; early sales fed wooled lambs to packers, 16.25; sales to shippers, 16.50@16.75; fat ewes, 10.75 down; shearing lambs up to 16.50.

PORTLAND, March 21.—Cattle and calves active, fully steady; receipts, cattle 105.

Hogs steady; receipts 225, including 200 on contract.

Sheep and lambs quotably steady; receipts 485, all on contract.

METAL MARKETS

CLEVELAND, March 21. (Exclusive)—Daily Metal Trade today says: Good steel business, high operations and heavy shipments are assured for at least three months, sellers in the Cleveland district report. Some interests believe that the active demand for steel will continue well into the third quarter of the year and some even state that demand through the entire year will be good. At Pittsburgh hot-rolled merchant steel bar contracting for second-quarter requirements is slightly more active. Deliveries still are extended three to four weeks, with practically all mills operating at capacity.

Sheet steel demand at Chicago is gaining steadily. The fact that buyers are almost doubling specifications of a few weeks ago so as to get orders entered on mill books is tending to lengthen deliveries. Steel works are operating around 95 per cent of capacity at Chicago and 95 per cent at Pittsburgh.

Nonferrous metals are extremely strong and prices are tending upward. Copper, 23c, Connecticut, and a further advance is in prospect. Zinc is tending upward, although at the moment it is selling at 6.35c, East St. Louis. Lead, 7.75c, New York. Tin is firm at 49.37½@49.50c.

METAL PRICES

NEW YORK, March 21. (AP)—Copper strong; electrolytic, spot and future, 23.

Iron steady; unchanged.

Tin steady; spot and future, 49.00@49.37.

Lead firm; spot, New York, 7.75; East St. Louis, 7.75@7.85.

Zinc firm; East St. Louis, spot, 6.60.

Antimony, 9.87.

PERMITS ISSUED

The following permits have been issued by J. M. Friedlander, Commissioner of Corporations:

Two Nine Six Nine Wilshire Corporation. To erect store and garage building. Officers, E. A. Seymour, Raymond W. Varnum, Rex Braley, Sidney Coolidge, Jr., and Frank R. Hume. Capital, 10,000 shares, $100 par value, and 20,000 shares no par value. Permitted to issue $404,000 notes and 4000 preferred shares and 4000 common shares.

B-G Sandwich Shops, Inc., Los Angeles. Restaurants. Officers, Frank R. Greene, E. W. Hackett, C. H. Fox and J. P. Burlingham. Capital, 1500 shares, $100 par value; 1500 no par value shares. Permitted to issue 250 preferred shares and 250 common shares.

FORD MOTOR PLANT PLANNED IN POLAND

NEW YORK, March 21. (Exclusive)—Ford company intends to construct an automobile plant in Poland, according to cable advices to the American Polish Chamber of Commerce in New York. Two representatives of the Ford company are now in Poland negotiating the venture. It is said the plant will build cars not only for the Polish market, but also for soviet Russia and the Baltic states.

MARKET FLASHES

NEW YORK, March 21. (AP)—Stocks irregular; General Motors touches new high.

Bonds easy; Anaconda 7s again buoyant.

Curb irregular; Auburn Auto climbs more than eight points.

Foreign exchanges irregular; Canadian dollar rallies.

Cotton steady; forecast unfavorable weather.

Sugar steady; commission house support.

Coffee higher; European buying.

CHICAGO, March 21. (AP)—Wheat easy; fine weather Kansas.

Corn steady; better cash demand.

Cattle steady to higher.

Hogs higher.

SALT LAKE MINES

Diversified Income Realty Holdings

DIVERSIFICATION with discrimination in metropolitan Los Angeles Income property is the keynote of the plan of operation of the Pacific States Improvement Co., Ltd.

Discrimination as to location of property, type of building best suited to property from an income producing and appreciation of value standpoint, together with an exceptional building standard, should place this company far in the front in its respective field.

Pacific States Realty Improvement Co., Ltd.

...offers an investment in a company whose policy includes the finest types of buildings, now operating, and contemplated, a company whose policy also includes that of investment in property and buildings prior to each stock offering. Thus policy holders are assured a sound investment, with the added feature of owning stock in actual income producing realty.

NEW YORK BOND PRICES

NEW YORK, March 21. (AP)—Bond prices generally continued on the downgrade today in reflection on stiffening credit conditions, although the combined averages of forty issues showed a slight gain. The rise of ⅛ of 1 per cent in the bid and ask rates on bankers' acceptances, placing them ⅛ of 1 per cent above the prevailing rediscount rates, held out little hope of easier monetary conditions soon. No change was made in the 5 per cent rediscount rate of the New York Federal Reserve Bank, but brokers' loans increased $166,000,000 to a new high record.

While scale buying of high-grade bonds has been reported on the part of large corporations and insurance companies, the attractive yield on commercial paper, bankers' acceptances and time money rates has diverted a large volume of investment funds to these channels. Although many bonds are selling at their lowest prices in several years, the current yield in many cases is still under 5 per cent as against 5¾ to 6 per cent on commercial paper, 8 per cent on time money and 9 per cent on call.

Convertible issues were again turned over in large volume. Anaconda Copper 7s moved up to a new high at 268 and then slumped to 263 for a small fractional loss. International Telephone and Telegraph convertible debentures also closed fractionally lower at 117. Cuba Cane Sugar convertible 7s sank 1½ points to a new low at 70.

New low records were recorded by a wide assortment of railroad issues, including Boston and Maine 5s, Chicago and Northwestern refunding 4½s of 2037, Hudson and Manhattan adjustment income 5s, Missouri Pacific general 4s, and Pere Marquette 4s, Series B. Chicago, Burlington and Quincy 4½s, Chicago Union Station 6½s, Erie consolidated 4s, Louisville and Nashville refunding 4½s, Katy adjustment 5s, Series A, and Seaboard Air Line adjustment 5s recorded moderate gains. The so-called second-grade rails made the best showing.

American Ice 5s, which were strong yesterday, fell back 1½ points. International Cement 5s dropped 2 points to a new low at 107. Tennessee Copper 6s advanced 3 points, and a firmer undertone was apparent for several of the steel company liens.

United States government issues were slightly reactionary.

In the foreign group, prices were mixed. Nagerman bonds held fairly steady, apparently being unaffected by the proposed cut of 800,000,000 marks in the Dawes reparation payments.

The quotations represent sales of bonds (in thousands of dollars) and the high, low and closing prices in the order given. To expedite transmission, the close is omitted when the same as the low, and both low and close when same as high.

CAPITALIZATION

	To be authorized	To be outstanding
Cumulative Preferred Stock (without par value)	150,000 Shares Series A $3	100,000 Shares
Common Stock (without par value)	500,000 Shares*	200,000 Shares

The Corporation will have no funded indebtedness.

*25,000 shares are reserved for sale at the discretion of the Board of Directors and 100,000 shares are reserved for exercise of certain stock purchase warrants, entitling the holders thereof to purchase common stock at $50 per share.

The following information has been furnished by Mr. Beatty B. Williams, President of the Corporation:

The Cooper-Bessemer Corporation (an Ohio corporation) will represent a combination of the C. & G. Cooper Company (an Ohio corporation) and the Bessemer Gas Engine Company (a Pennsylvania corporation) through recapitalization and change of name of the former and acquisition by it of the assets and business of the latter. The Bessemer Gas Engine Company, Grove City, Pennsylvania, manufacturers two cycle gas engines of from 30 to 200 horsepower and direct driven compressor units. During the past five years it has established itself as an outstanding producer of marine Diesel engines ranging from 50 to 1500 horsepower and is now actively engaged in the development and sale of stationary Diesel engines for industrial and utility uses. The C. & G. Cooper Company, Mount Vernon, Ohio, manufactures four cycle gas engines and compressors ranging in size from 50 to 1500 horsepower and through its specialization in large four cycle engines has been a leader in furnishing the power requirements for the transmission of natural gas through pipe lines. The combination of these two organizations will result in a corporation serving complementary fields and ranking as one of the leading manufacturers in the United States of gas engines, Diesel oil engines and compressors.

For the four years ended December 31, 1928, the net earnings of the properties presently to be owned by the Cooper-Bessemer Corporation, after giving effect to the adjustment of certain items of special compensation in the Bessemer Gas Engine Company, and adjusting Federal taxes to the present rates, as computed by Arthur Andersen & Co. (including company estimate for the last two months of 1928 for the Bessemer Gas Engine Company), have averaged $1,014,443 annually, equivalent to 3.38 times the dividend requirements on the Cumulative Preferred Stock and to $3.57 per share on the Common Stock to be presently outstanding. In spite of the disturbed conditions obtaining in the oil and gas industries throughout the early part of 1928, the earnings for the year 1928 are equivalent to over three times the Preferred dividend requirements and $3.06 per share of Common Stock.

The pro forma consolidated balance sheet of the Cooper-Bessemer Corporation and subsidiaries as prepared by Arthur Andersen & Co., based upon the consolidated balance sheets of the C. & G. Cooper Company and subsidiary as of December 31, 1928, and of the Bessemer Gas Engine Company and subsidiary as of October 31, 1928, adjusted to give effect to the present financing and transactions incidental thereto, shows net current assets of $4,399,868, equivalent to $44.00 per share of Cumulative Preferred Stock to be outstanding. Based upon the book figures, the net tangible assets, after deducting all liabilities and reserves, amount to $7,783,344, equivalent to $77.83 per share of Cumulative Preferred Stock. The policy of the combined companies has been conservative in connection with depreciation charges and write-offs, and the real value of the fixed assets is believed to be substantially in excess of the values at which they are carried on the books.

The articles of incorporation, as amended, will contain suitable provisions restricting the creation or assumption of any mortgage or long term indebtedness, or the issuance of prior securities, and will also provide against the payment of dividends on the Common Stock (other than stock dividends) unless, after payment of such dividends, consolidated earned surplus shall amount to at least $1,000,000 and consolidated net current assets shall equal $40 per share of Cumulative Preferred Stock then outstanding.

The management of the Cooper-Bessemer Corporation will consist of the individuals now in active charge who have been largely responsible for the success of the combined companies.

We offer these units, if, as and when received by us, subject to the approval by counsel of all legal proceedings. It is expected that delivery in the first instance will be made on or about April 8, 1929, in the form of allotment certificates for the cumulative preferred stock and warrants and temporary certificates for the Common Stock.

Price $660 Per Unit

1454 units have been reserved under an agreement, whereby the previously authorized Preferred Stock of the C. & G. Coopr Company (which will be called for redemption on June 30, 1929) may be exchanged for these units on or before April 8, 1929, at the rate of one and one-half units for each ten shares of Preferred Stock so exchanged.

The National City Company August Belmont & Co.

NOTICE TO COMMON AND ORIGINAL PREFERRED STOCKHOLDERS OF SOUTHERN CALIFORNIA EDISON COMPANY.

NOTICE IS HEREBY GIVEN, that the Board of Directors has authorized the issue and sale of two hundred fifty-six thousand (256,000) shares of Common Stock of Southern California Edison Company, a corporation, organized and existing under the laws of the State of California. Said stock is offered to holders of Common and/or Original Preferred stock, payable in cash. Each holder of Common and/or Original Preferred stock of said corporation of record on March 29, 1929, may subscribe for and purchase such Common stock between April 22, 1929 and May 21, 1929, inclusive, at the rate of one (1) share for each ten (10) shares of Common and/or Original Preferred stock of this Company held by the stockholder on March 29, 1929. No fractional shares will be issued. The Company will mail or deliver to each holder of Common and/or Original Preferred stock on April 22, 1929, a subscription warrant specifying the number of shares for which the stockholder is entitled to subscribe and purchase under this offer. Warrants will be transferable. Right to subscribe for and purchase shares must be surrendered between April 22, 1929 and May 21, 1929, inclusive, at Bankers Trust Company, 16 Wall Street, New York City, or to the Investment Department of the Company, 306 West Third Street, Los Angeles, California, with the subscription form on the back of the warrant properly executed by the holder and accompanied by payment in full.

Dated: March 1, 1929.

NEW YORK CURB STOCKS

NEW YORK, March 21. (AP)—Frequent shifts of speculative sentiment characterized today's curb market with final quotations irregularly lower. Fears of an increase in the New York Federal Reserve rediscount rate proved unfounded, but brokers' loans showed an increase of $166,000,000, a new high record. Directors of the Chicago Federal Reserve Bank meet tomorrow, and a higher rate is looked for there.

Oils, which were under heavy accumulation yesterday in reflection of improved trade conditions, failed to follow through on the rally, several of the leaders, such as Gulf, Humble, Imperial and Vacuum closing at net declines of 1 to 2½ points. Standard Oil of Ohio and Lion Oil Refining were among the few issues in that group to show a gain.

Further liquidation developed in the aviation group, Keystone dropping 3 points, Sikorsky, 1½; Curtiss and Aero Express, 1¼, and a number of others fractionally.

Public utilities moved within narrow and irregular limits. Northeastern Power sank to another new low, and other active shares showed changes of only a point or so.

Auburn Auto jumped 7 points and Ford of Canada closed a point higher at 990 after being down to 962. The Department of Commerce reported record-breaking automobile production for February.

Consolidated Laundries moved up more than a point to within a fraction of the year's high. Anaconda Copper rights touched a new high at 35 and then lost all their gain. Most of the other mining shares lost ground despite the stiffening tendency of nonferrous metal prices. American Cyanamid preferred soared more than 15 points to a new high at 122 and then lost about 4 points of its gain. Hart Parr issues, Durham preferred, Lazarus Company and Rolls Royce preferred also sold at new peak prices.

Grigsby Grunow broke nearly 16 points and closed at the bottom. Southern Asbestos dropped 8 points to a new low at 36½ but recovered about half its loss. American Cigar Manufacturing and Zenith Radio also sold at new low prices.

The closing price is omitted when same as the low, and both low and close when same as the high.

CAPITALIZATION

	Authorized	To be Presently Outstanding
CAPITAL STOCK (no par value)...............	200,000 Shares	100,000 Shares

The information given below has been summarized from a letter received from Mr. N. F. Milnor, President.

HISTORY: Milnor/ Inc., organized under the laws of California in 1923, operates a chain of nineteen shops dealing in Oriental and European wares—located as follows:

Hotel Biltmore, Los Angeles
Hotel Virginia, Long Beach
Hotel Huntington, Pasadena
Lake Norconian Club, Norco
Hotel Del Monte, Del Monte
Hotel Beverly Hills, Beverly Hills
3555 Wilshire Blvd., Los Angeles
6562 Hollywood Blvd., Hollywood
Hotel Maryland, Pasadena
Hotel Raymond, Pasadena
Hotel Biltmore, Santa Barbara
Hotel Royal Hawaiian, Honolulu
Hotel Seaside, Honolulu
Hotel Moana, Honolulu
Flintridge Biltmore Hotel, Flintridge
Arizona Biltmore, Phoenix
389 East Colorado St., Pasadena
1206 Orange Avenue, Coronado

In addition to the above a concession is operated in one of the prominent downtown stores of Los Angeles, but is not operated under the Milnor name.

Through personal representation in the Orient and in European markets, and by eliminating the importer and the jobber, this organization is able to distribute a widely diversified line of merchandise at the lowest possible prices. Thus the shops of Milnor, Inc., enjoy the distinction of selling under the following guarantee: "If merchandise purchased from Milnor can be duplicated anywhere in the United States for less, or you are in any way dissatisfied, you have the privilege of obtaining a refund."

A policy of expansion is planned by the management for additional shops to the chain. It has under consideration at the present time, shops at Agua Caliente, Mexico; Havana, Cuba; Paris, France; as well as in hotels of other leading cities of the United States.

SALES AND EARNINGS: Growth of Milnor, Inc., is indicated by the record of sales during the 5 years 10 months period ended December 31, 1928, which shows an increase from $245,639.67 (year ended February 28, 1924) to $751,028.72 for the 12 months ended December 31, 1928—an increase of over 200%.

Sales for the first three months of the year 1929 as compared to the corresponding period in 1928 are as follows:

	1928	1929	Increase
January	$46,744.97	$ 59,664.92	27%
February	93,895.45	113,612.79	20%
March	109,894.33	*132,500.00	20%

* Last 15 days of month estimated.

Net earnings before depreciation and Federal Income taxes, after giving effect to economies resulting from the reduction of officers' compensation based on a certain contract existing between Mr. N. F. Milnor and the Corporation, have been as follows:

Years ended February 28				Last 10 Months
1924	1925	1926	1927	1927
$51,792.98	$62,869.28	$116,637.05	$106,354.02	$74,835.60

Net earnings for the 12 months ended December 31, 1928 as certified by Messrs. Haskins & Sells, Certified Public Accountants, before depreciation and Federal Income taxes and after giving effect to the various economies as stated above, have been as follows:

1928	Earnings per share
$181,456.65	$1.81

ASSETS: The Balance Sheet as of December 31, 1928, shows total current assets of $594,362.05 against total current liabilities of $141,733.10, a ratio of 4.19 to 1. Among current liabilities at that time were bank loans in the sum of $110,000, which item has since been entirely liquidated. The Company maintains the policy of making payment immediately upon receipt of stock merchandise and at this time has no current liabilities except those incurred in the day-to-day purchase of office supplies and other miscellaneous items incident to the business.

MANAGEMENT: The management of the business remains under the active direction of Mr. N. F. Milnor, President and General Manager, who has contracted his services for the ensuing five years.

DIVIDENDS: It is the intention of the directors to declare an initial quarterly dividend of 25c per share on the capital stock of Milnor, Inc., which is at the annual rate of $1.00 per share.

This offering represents a portion of the holdings of certain individuals and does not provide capital for corporate purposes.

It is expected that application will be made in due course to list these shares upon the Los Angeles Curb Exchange or the Los Angeles Stock Exchange.

We offer the above shares, when, as and if received and accepted by us for delivery either in temporary or definitive form, subject to the approval of our counsel, Messrs. Gibson, Dunn & Crutcher of Los Angeles.

Price $15.50 Per Share

IRREGULAR TONE ON STOCK MART

(Continued from Fifteenth Page)

ning to regard higher rediscount rates as inevitable, and would not be surprised if the upward revision is instituted at the meeting of the Chicago Reserve Bank directors tomorrow.

CALL RATE STEADY

Call money held at 9 per cent all day, having reached 10 yesterday, although New York banks were said to have withdrawn from $30,000,000 to $35,000,000. Funds from corporation and other nonbank sources, however, were attracted by the high rate in large volume, and the loan desk was said to have had a surplus of $20,000,000 for a time during the afternoon. Time money was still firm at 8 per cent.

A factor in the huge increase in brokers' loans, which was among one of the largest week's jumps recorded, was said to have been the tendency of traders to withdraw funds from their brokers' accounts to meet income taxes. The New York banks were again heavy lenders in the stock market, increasing their loans $87,000,000, while the account of others gained $72,000,000, and that of the out-of-town banks $7,000,000.

NEWS BULLISH

The day's business news included another jump of 1 cent a pound in copper metal to 23 cents, and further firmness in lead and zinc. Commonwealth Power and Indiana Pipe Line declared extra dividends of $1, and Magma Copper boosted its annual rate from $4 to $5, its second increase in recent months. Crude oil stocks during February increased 8,890,000 barrels, according to the preliminary estimate of the American Petroleum Institute.

Such important issues as General Motors, American Can and United States Steel were brought forward as market leaders. Motors was bid up about 4 points to a new top at 91 3-4, and Can was sent up about 2 points to a new high, while Steel made a like gain, but at the close all sagged from their best levels.

Confusion in the copper market caused by the violent upturn in the red metal prices inspired heavy profit taking in the copper shares. Anaconda gained new high ground, only to fall back for a net loss of more than 2 points, and American Smelting and Greene Cananea slumped 3 and 6 points. Howe Sound and Magma, however, touched new high and held firm. In the railway equipments Baldwin nearly touched its previous 1929 high, and Loma tallied a new peak on increasing orders. Oils ran into selling, Standard of California losing 3 points.

PROGRESS MADE

Safeway Stores rose 6 points to 173 on optimistic earnings estimates, and Continental Can jumped 6 points to a new peak at 78 3-4, in sympathy with American Can and expectations of higher dividends. Electric Power and Light, Detroit Edison, Union Carbide, Midland Steel preferred, Advance Rumely issues, Superior Steel and Stromberg Carburetor also broke into new high ground.

The new Radio stock closed at 92 1-4, off nearly 2 points, and the old stock, as yesterday, failed to appear. It will be officially stricken from the list tomorrow, but appears to have made a quiet exit two days earlier. Tuesday it closed at 485, and today 490 was asked and 425 bid. Victor dropped 26 points in a small turnover. Other weak spots included Canadian Pacific, Commercial Solvents, Crosley Radio, Goodyear, Grand Stores, International Nickel, Johns Manville, United States Realty, Western Union and Wright, losing 3 to 6 points.

The commodities were generally steady, cotton improving on better Liverpool cables, but encountering profit taking. Wheat eased slightly.

Foreign exchanges were dull but generally firm, sterling improving slightly. The peseta and the yen, however, sagged.

STEEL EXPORTS IN SHARP GAIN

(Continued from Fifteenth Page)

apartment is added, his rent is about $50,000 a year. Not a small figure, even in New York.

The apartment site was bought by Michael F. Paterno, still under 40 years of age, and Italian born, from E. H. Gary. The old Gary Mansion was torn down and Mr. Paterno put this monumental building in its place. Mr. Paterno has sold about $15,000,000 of co-operative apartments in New York in the last twenty-four months."

"Co-operatives are basically and economically sound," he said. "Otherwise the strongest business leaders in the nation would not buy them."

CLEARINGS, MONEY

Clearings yesterday were $42,090,330.29, an increase of $10,064,429.34 over corresponding day last year.

Transcontinental Air

At the time we first advised the purchase of Fokker stock was selling at $19. Recently it has sold at $44.

We have urged the purchase of Transcontinental Air since it sold at $20. We believe that present buyers at today's prices will reap a splendid profit.

Principal stockholders in Transcontinental Air Transport, Inc., are said to be the Santa Fe and Pennsylvania Railroads and the Wright and Curtis Airplane Companies. The company's executive personnel includes the illustrious Col. Chas. A. Lindbergh.

It is said that some time between [illegible] 1st and May 15th this company [illegible] inaugurate, in combination with the Pennsylvania and Santa Fe Railroads, a forty-eight hour coast-to-coast service between New York, San Francisco and Los Angeles saving two days in time—traveling rail by night and by passenger transport planes by day.

This opening will no doubt be given volumes of national publicity which we believe should bring a strong advance in the price of this stock.

OIL NEWS

By HOWARD C. KEGLEY

[illegible] of the Pacific Coast section of the American Petroleum Institute, [illegible] meeting in executive session [illegible] yesterday, were reported, last [illegible] to have unanimously adopted [illegible] calling upon the industry in California to reduce the [illegible] of production of the State [illegible] average production during [illegible].

[illegible] movement is in accord with [illegible] adopted recently by [illegible] American Petroleum Institute, [illegible] meeting in Houston, Tex., and [illegible] to be in accord with President [illegible] Hoover's ideas regarding oil [illegible]. The 1928 oil production [illegible] in California was about 633,000 [illegible] a day and the present production [illegible] is about 800,000 barrels [illegible].

[illegible] conference lasted until late [illegible], the latter part of the [illegible] being devoted, it is asserted, [illegible] consideration of ways and means [illegible] accomplish the desired result.

[illegible] Tests Today

[illegible] tests scheduled for Lawndale [illegible] are widely variant in their [illegible]. They represent a fair [illegible] of the field and their [illegible] probably will bring final conclusions as to the potentialities of [illegible] part of the field, at least.

[illegible] Standard Oil Company will [illegible] a test today in its Vance No. [illegible] which is about 1000 feet east of [illegible] discovery well and on the opposite side of Inglewood Boulevard. [illegible] cemented at 6140 feet, with [illegible] at 6234 feet. It drilled into [illegible] layers of oil sand and [illegible] a formation similar to that [illegible] J. E. O'Donnell tested in his [illegible] well last week, with poor [illegible]. A failure in the Standard [illegible] probably would mean suspension [illegible] virtually all drilling east of [illegible] Boulevard, where nearly [illegible] wells now are standing idle, [illegible] the test.

[illegible] other significant test is to be [illegible] in the Pacific Western Oil [illegible] Rowland No. 2, directly [illegible] the discovery well and less [illegible] feet southeast of it. Tubing [illegible] run yesterday afternoon [illegible] bailing started last night. [illegible] was landed at 5751 feet. [illegible] 20 feet of formation was [illegible].

[illegible] Smith Development Company [illegible] yesterday suspended drilling [illegible] No. 1, at the intersection [illegible] of Rosecrans and Inglewood [illegible] and offsetting four wells. [illegible] awaits the outcome of the [illegible] and other tests.

[illegible]

[illegible] was set yesterday at 4517 [illegible] the Beal No. 1 well, of the [illegible] Exploration Company at [illegible] Hills. Thirteen and [illegible] sacks was used.

[illegible] hole was cemented at 4517 [illegible]. In a few days drilling will [illegible] toward the deep producing [illegible].

[illegible] Drilling

[illegible] was stopped yesterday [illegible] the C.O.P. No. 1 well, of the [illegible] Producing and Drilling [illegible] at the southwest corner of [illegible] Boulevard and Maryland [illegible] in Lawndale, pending developments in adjacent wells. This [illegible] is standing at 5460 feet.

[illegible] Out

[illegible] plug will be drilled out to [illegible] feet in the No. 186-C well [illegible] General Petroleum Corporation [illegible] at Santa Fe Springs. The [illegible] expects to drill this well [illegible] the next day or two.

[illegible] Exception

[illegible] wildcat well, [illegible] No. 1 being drilled [illegible] by the Petroleum Securities Company is down 4000 feet. [illegible] formation, according to [illegible]. Drilling has been suspended [illegible] pending plans to drill deeper. [illegible] well, located in a new [illegible] area, is being [illegible] with much interest, by [illegible] operators.

[illegible] than 400 acres are under [illegible] to this company in that area. A few acres are held by the Ring Petroleum Company, which plans to locate at least two wells there as soon as it observes the results in the Schwachow test.

Deep Sand Producer

The second substantial producer from the O'Connell sand at Santa Fe Springs was brought in early yesterday. It is the Shell Oil Company's Slusher B-1, completed at 6435 feet, and is making 2450 barrels of fluid a day with a water cut of 14 per cent. This is in the same sand from which the Getty No. 19 was placed on production several weeks ago making 1300 barrels of oil and 1500 barrels of water a day.

The Shell well drilled to 6522 feet and the preliminary tests indicate the presence of water in the bottom of the hole; so it was plugged back to 6435 feet. The well is located in the western portion of the field, in an area where the Buckbee and Nordstrom sands were not especially productive.

Santa Fe Wells

The Wilshire Annex Oil Company yesterday completed its Eagle No. 2 at Santa Fe Springs for a production of 4700 barrels per day. It was finished in the Nordstrom zone at 5295 feet. The water cut in the initial flow was 1.9 per cent. It was reported from the field after the well had flowed for several hours that the water was increasing in the well.

The Universal Consolidated Oil Company completed in the Santa Fe Springs field yesterday, its Blanchard No. 11. It is making 1200 barrels of oil per day.

Richfield Wells

The Richfield Oil Company started drilling out the cement in its Elliott No. 2, the company's deep test in the Santa Fe Springs field, yesterday. This well is in the extreme northeastern part of the field and is down 7195 feet. It will be several days before a production test can be made.

The water test in the Oscar Howard No. 4 was successful yesterday and the well is being drilled into the sand at a depth of 5778 feet. It was cemented at 5702 feet.

The Oscar Howard No. 3, which was cemented at 5679 feet, was being drilled ahead yesterday at a depth of 5864 feet.

DAILY EASTERN CITRUS MARKETS

(By the Associated Press)

Carlot shipments of California citrus, compiled for the California Fruit Growers' Exchange from railroad passing reports, were reported as follows:

SOUTHERN CALIFORNIA	Oranges.	Lemons.
March 20	283	51
Season to date	17,607	3,008
Last season to date	12,477	2,272
CENTRAL CALIFORNIA		
March 20	0	1
Season to date	6,574	240
Last season to date	5,814	275
NORTHERN CALIFORNIA		
March 20	0	0
Season to date	481	47
Last season to date	659	94

California oranges found varying conditions at eastern and middle western auction centers yesterday, some points showing favorable conditions and others unfavorable. Lemons received favorable reports at nearly all market centers.

Analysis of trading showed the following price range per box:

	ORANGES Graded above choice.	ORANGES Choice.	LEMONS Graded above choice.	LEMONS Choice.

SAN FRANCISCO

SAN FRANCISCO, March 21. (AP)—Transamerica hit a new high in trading on the San Francisco Stock Exchange today, touching 142¾. It settled back at the close to 141, a net gain of ⅛ over the last sale of yesterday. Approximately 5000 shares of this issue changed hands during the day. Among the other banking stocks, the American Company was up 5 points at 145. Anglo and London Paris, selling ex-dividend, brought 261.

The market today was irregular, all of the oils sinking to lower levels, with the exception of North American, which was up ¼ at 24¾. Standard Oil of California was off 4 at 76¼. Union Associates sold down 1¼ at 50½. Low prices were chalked up against Richfield at 44¾, Union Oil at 50⅞ and Shell Union at 29½. Honolulu Consolidated was off ½ at 39¾.

Among the industrials, Pacific Telephone and Telegraph advanced 5 points to 185, John Bean at 47½, Crown Zellerbach at 22⅝, Galland Laundry at 54⅞ and Paraffine at 81½, were moderately higher. Fractional losses were shown by Atlas Diesel at 56, California Copper at 8½, Caterpillar at 76¼, Leslie Salt at 38¼, Pacific Gas and Electric at 57, Oliver "A" at 40¼ and Pacific Lighting at 79. In the radio section, Roister was down 2¾ at 61¾. Magnavox was off ⅛ at 8½.

Totals: Bonds, none; stocks, 60,636 shares of $3,610,021 market value.

Nearly $6,000,000 worth of perfumery and toilet preparations were imported into the United States last year.

BAY CITY CURB

SAN FRANCISCO, March 21. (AP)—Italo Petroleum followed the lead of the oils on the stock exchange to rise from 10½ at the opening to 11¾ on the curb exchange today.

Occidental and Universal showed a weakness early, but gained fractionally at the close. Occidental, losing 10 cents overnight, opened at 3.45, rose to 3.65 and fell to 3.15. Universal followed, only the range was less pronounced than that of Occidental.

Bank of America continued its erratic selling. With a 12-point drop from the previous close, it opened at 262½, fell to 250½, but regained to 271 at the close. Bank of America of California closed fractionally higher at 180½. Aviation of California during an erratic day of trading touched a new high of 31 and closed at 29, with no change. The rest of the aviation issues were comparatively quiet, Fokker at 36⅛, Kinner at 5¾, Lockheed at 20¾, Maddux at 13 and Western Air Express closed 1 point lower at 65.

At The Crossroads Of The Pacific

BY

LEO M. MEEKER, President

PAN AMERICAN BANK OF CALIFORNIA

HONOLULU, March 18—Stand up on the veranda of this magnificent Royal Hawaiian hotel as the great passenger and cargo ships from the Mainland, the Orient, or Australia round Diamond Head and steam into Honolulu Harbor, and call these islands "The Crossroads of the Pacific," with the knowledge that Honolulu and Los Angeles annually exchange over $16,000,000 worth of goods.

Or let your eyes compass the beauty of palm-fringed Waikiki Beach and call it "The Paradise of the Pacific."

Speaking commercially or speaking poetically you need be in Hawaii but a day or two before you vividly realize that no matter how you designate these islands, you are enjoying life in one of the most unique and delightful spots on earth.

Honolulu greets you with a lei—a wreath placed around your shoulders to indicate Hawaii's affection and esteem.

From my observation of the great regard the Islands have for Los Angeles in a commercial way, I believe Hawaii would lay a great lei around the shoulders of Southern California if she could and cement forever in Hawaii's romantic gracious way, the trade relations that have sprung into such tremendous importance between the Islands and Los Angeles these last few years.

In 1922 there were about 75 Southern California firms shipping goods to the Hawaiian Islands.

Today more than 1,000 Los Angeles and Southern California concerns are doing business here.

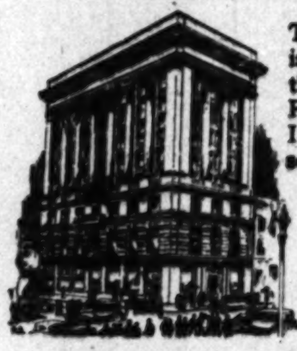
The Los Angeles Steamship Company's splendid liners, the City of Honolulu, the City of Los Angeles, and the Calawaii, are carrying over 10,000 people to and from the Islands each year.

Last year 329,074 tons of merchandise valued at $9,830,947 were shipped from Los Angeles to Hawaii and the Islands shipped back to Southern California 52,991 tons valued at $6,566,297—an annual exchange of over $16,000,000 worth of goods.

I have been particularly pleased to note such familiar Los Angeles business names as the Western Auto Supply Company, headed by George Pepperdine; Monolith Portland Cement Company, under the leadership of Coy Burnett; Bishop and Company and many other well known Southern California firms doing business here.

Commerce Just Beginning

Commerce and travel to Hawaii has just begun in the opinion of close observers of this activity. The people of the Islands draw upon the mainland for practically everything they wear and use, as well as for much of what they eat. On the other hand, Hawaii produces large quantities of food products, such as sugar, pineapples, and other fruits, for which she must find markets on the mainland.



The destiny of Hawaii is closely linked with the development of the Pacific Coast empire. In fact, Hawaii feels so close to the United States, that she wants to become the forty-ninth state of the union. There is a move on foot in the islands to petition Congress that this request be granted.

Cultivating the good will that already exists between Hawaii and Southern California is bound to increase trade relations that are mutually profitable. Southern California firms will find it advisable to make a close study of conditions here.

It is well to remember that Hawaiian firms are well versed in overseas trade. Located here at the crossroads of the Pacific with ships from all quarters of the globe visiting the Islands, shipping plays a much more important part in the commercial life of business organizations here than it does with the companies of Southern California. Upon my return to Los Angeles, I shall be glad to discuss trade conditions in Hawaii, with any business man who may be interested.

Leo M. Meeker

PRESIDENT

PAN AMERICAN BANK OF CALIFORNIA

THE WEATHER

(Official Report)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, March 21.—[Reported by H. B. Hersey, Meteorologist.] At 5 o'clock a.m. the barometer registered 29.96; at 5 p.m., 29.86. Thermometer for the corresponding hours showed 52 deg. and 58 deg. Relative humidity, 5 a.m., 98 per cent; 5 p.m., 80 per cent. Wind, 5 a.m., southeast, velocity 2 miles; 5 p.m., south, velocity 4 miles. Temperature, highest, 61 deg.; lowest, 50 deg. Rainfall for season, 10.51 inches; normal to date, 12.92 inches; last season to date, 8.32 inches. Barometer reduced to sea level.

WEATHER CONDITIONS. — March 21: Light to moderately heavy rains have occurred during the past twenty-four hours in the Gulf States and in Arkansas, and in the lake region, Wisconsin, Minnesota, Montana, Idaho and the northern portions of Utah, Nevada, and over the North Pacific Slope. The temperature has risen considerably in the Ohio, Middle Mississippi and Lower Missouri valleys, and in Kansas, Nebraska and Colorado and over the Pacific Slope, and temperatures were normal or above over practically the whole country this morning. In Southern California clear, warm weather prevailed yesterday. It was clear this morning, except near the coast, where fog was in evidence at most stations. Temperatures were generally close to the normal. Fair weather and moderate temperature may be expected in Los Angeles and vicinity Friday, with probably fog or clouds in the morning.

SUN, MOON AND TIDES.—Los Angeles, March 22: Sun rises 5:54 a.m., sets 6:06 p.m. Moon rises 3:37 p.m., sets 4:45 a.m. Los Angeles Harbor, March 22: High tides, 7:14 a.m. and 8:21 p.m.; low tides, 1:19 a.m. and 2:07 p.m.

LOCAL TEMPERATURES. — March 21: Minimum and maximum temperatures from Southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Imperial	83	45
Los Angeles Harbor	71	51
Mt. Wilson	61	46
Pasadena	81	44
Pomona	80	45
Porterville	72	42
Redlands	82	42
Riverside	81	40
San Bernardino	82	44
Santa Ana	78	49
Santa Barbara	78	52
Sierra Madre	78	49

LOCAL FORECAST

For Los Angeles and vicinity: Unsettled Friday and Saturday; probably showers on coast; cooler in the interior.

STATE FORECAST

SAN FRANCISCO, March 21. — Weather forecast:

San Francisco and vicinity: Cloudy and unsettled; probably showers; cooler; fresh northwest winds.

Northern California: Unsettled and cooler, with probably local showers; fresh to strong northwest winds on coast.

Sacramento, Santa Clara and San Joaquin valleys: Unsettled and cooler; probably local showers; moderate shifting winds, becoming northwesterly.

Southern California: Unsettled, with showers in west portion; cooler in east portion; moderate northwest to west winds on the coast.

ARIZONA FORECAST

PHOENIX (Ariz.) March 21.—Forecast for Arizona: Fair Friday and Saturday; little change in temperature.

COLORADO RIVER

YUMA (Ariz.) March 21.—[Exclusive Dispatch from the U. S. Reclamation Service.] Gauge height Colorado River, 19.60 feet. Discharge, Thursday, 20,100 cubic feet.

EUROPEAN MERGER OF FILMS NEAR

Germany Hears Rumors of British Combination to Fight Americans

[Copyright, 1929, by the Chicago Tribune]

BERLIN, March 21. (Exclusive) The motion-picture world in Germany is full of rumors of forthcoming mergers between British and German film concerns. Directors of British and foreign film companies here are carrying on negotiations with several German firms, especially the Terra Film Company.

The evening newspaper Tempo states "this is part of a Europe-wide campaign inspired by London for a pan-European combination against the American film industry."

The German "Movie Trade," which is referring to the project daily, says today: "In itself this is an excellent move, but what we have seen so far of British production does not inspire our confidence in their producers as allies against the Americans."

Forgery Claim in Utah Case Hit by Expert

SALT LAKE CITY, March 21. (AP) The disputed signature on a salary advance receipt for $4000 bearing the name of Alvin Keddington, City Auditor, found in the records of the late Max M. Beaver, City Treasurer, today was pronounced genuine by Milton Carlson, Los Angeles handwriting expert.

Keddington has declared the entire receipt a forgery. The handwriting expert, in his final opinion to the City Council, declared not only the signature but the date and the figures as well to be in the handwriting of the City Auditor.

The Council immediately called Keddington in and demanded his resignation. This he refused to submit and the City Attorney was instructed to bring immediate proceedings to oust him from office on the ground of misconduct.

After Beaver's death, which was declared a murder by an inquest jury, private accountants discovered a shortage in his funds which they estimated at $100,000 or more. The district judges of this county today ordered a grand jury investigation of the circumstances of the death and the shortage in the city treasury.

VITAL RECORD

INTENTION TO MARRY

The following notices of intention to marry were issued yesterday. Name and age given.

ALFIERI—ISABELLA. Frank Alfieri, 35; Josephine Isabella, 19.

ANDERSON—MAST. Walter W. Anderson, 30; Florence L. Mast, 30.

APODACA—HENDERSON. Guillermo Apodaca, 25; Lucy Henderson, 18.

IT'S A WONDERFUL WAY TO RELIEVE UGLY ECZEMA

In 20 years, soothing, invisible Zemo has seldom failed to relieve even the most stubborn cases of Eczema and itching skin. Also the way this remarkable antiseptic liquid quickly banishes pimples, itching rash and other skin irritations, will delight you. If you want a clear skin, never be without safe Zemo. All druggists—35c, 60c and $1.00.

The "Why" and "Wherefore"

Of the Sunday Times New Real Estate Section

Los Angeles Times regards the publication of development news as one of a newspaper's important functions. Particularly is this true in a community of rapid growth.

News of progress is interesting, and, if withheld, people are virtually left in the dark as to the significance of what they see. In addition, such information often affects the welfare of a newspaper's readers.

Times' readers are in a uniquely favored position so far as this class of news is concerned. The Sunday Times' new real estate section gives the development news throughout the whole area of Southern California. It is the ONLY Sunday real estate section published in Los Angeles.

The aim will be to make this service constantly better. For example, note the forthcoming Sunday issue. A new improvement will be the incorporation of real estate want ads directly into the real estate news section. Every form of real estate information---news and advertising---will thus be consolidated into a single convenient unit.

Los Angeles Times publishes its real estate section on Sunday for two reasons:

First: Sunday is the day when people plan for the future. It is the day when thoughts turn instinctively to buying a home, or investing a little money as a nest egg. Sunday leisure makes it possible to read about such matters.

Second: On Sunday the Los Angeles Times goes to more than 260,000 households. It seems only fair and right that all readers of the Los Angeles Times ---Sunday readers as well as week-day readers--- should get the benefit of this information.

But investors are not the only ones who find the Sunday Times' real estate section engrossingly interesting. The average citizen frankly realizes that Southern California has outgrown him. Old landmarks are gone. Stores and theatres stand where he expects to see pastures and barley fields. To all such, the Sunday Times real estate section opens up and explains the great new community in which they live.

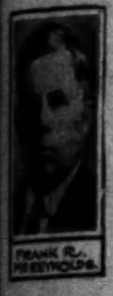
McReynolds Says Jones Law Routing Bootleggers

Prohibition Chief Returns from Washington

More Funds Now Available to Finance Fight

Bootleggers all over the country are forsaking their illegal occupation as they learn the penalties attached to the new Jones enforcement law, Maj. Frank R. McReynolds, prohibition administrator for Southern California, declared yesterday on his return after a three weeks' trip to Washington.



FRANK R. McREYNOLDS

"Prohibition headquarters in Washington have been advised of a marked change in conditions since the Jones law went into effect on the 2nd inst.," said Maj. McReynolds. "On my return to Los Angeles I was informed by investigators that bootleggers here also are closing up shop—several caught recently declaring they are making their last deliveries to clean out their stock before quitting."

While in Washington, the local prohibition administrator had conferences with Commissioner of Prohibition Doran, as a result of which more prohibition-enforcement agents will be placed in the field here.

GET MORE FUNDS

"I was informed that considerable more funds will be available for prohibition work this year," declared McReynolds, "and these funds, in combination with the Jones law, should show results."

More bootleggers will quit business, McReynolds believes, when a full realization of the penalties attached to the Jones law become general.

"The law says a maximum fine of [illegible], or five years in prison, or both, shall be the penalty of being convicted of bootlegging, but there are other things also to be considered," said the prohibition administrator.

"Under the new law bootlegging automatically becomes a felony and conviction means loss of citizenship. Aliens can be deported if convicted. Under the old law persons convicted for the first time of manufacture or sale of liquor could only be fined $1000 or given a sentence of six months in jail, and transportation of liquor had only a maximum penalty of $500 fine, with no prison sentence attached. Now the full penalty of the Jones law can be administered."

MAY FIGHT HARD

McReynolds believes that the few more desperate rum sellers that remain in business will probably put up a harder struggle before submitting to capture than they have in the past, and thus sees harder work in store for enforcement agents.

Prohibition headquarters in Washington have not been advised as to what detailed changes President Hoover had in mind when he declared in his inaugural speech that prohibition enforcement should be centralized under the Department of Justice, McReynolds declared, and he does not think that any definite plan will be forthcoming until the Presidential survey of the situation is completed.

Sepulveda Road Hearing Today

The Public Works Committee of the City Council will conduct a special public hearing in the Council chamber today at 1:30 p.m., on the project to connect Sepulveda Boulevard and Balboa avenue in the vicinity of Ventura Boulevard.

Two alternative routes have been presented to the committee by City Engineer Shaw, one of which provides for the building of a tunnel under Mulholland High Way. The estimated cost of the tunnel route is [illegible] and the estimated cost of the other is $497,730, but Shaw argues in favor of the tunnel route as more economical in the long run to the motoring public. It also points out that the Board of Supervisors has agreed to allocate [illegible] to the cost of the tunnel.

FRANK MILLER DECORATED

Emperor of Japan Honors Mission Inn Proprietor in Recognition of World Peace Efforts

BY CHESTER G. HANSON
"Times" Staff Representative

RIVERSIDE, March 21.—An impressive and colorful ceremony marked the arrival of the visiting Japanese hotel and railroad men here tonight when Frank Miller, noted proprietor of the Mission Inn, was formally honored on order of His Majesty, the Emperor of Japan.

K. Mizusawa, Japanese Consul at Los Angeles—on instructions of the Japanese Emperor—conferred upon Mr. Miller the Fourth Degree of the Merit of Meiji and decorated him with the Small Order of the Rising Sun. This was done as His Majesty's mark of appreciation of Mr. Miller's efforts in behalf of world peace.

It was a scene that will live long with those who were present when the official presentation was made in the Carrie Jacobs Bond room on the top floor of the inn, back of the old clock tower.

There were gathered there members of the party of hotel and railroad men from Japan, who are touring the Pacific Coast. All wore formal dress, some of them wearing the native formal evening dress known as the haori, a long kimono of heavy black silk. They wore white hose and the flat sandal-like affairs known as zori. On the flowing sleeve of the Kimona is the white family crest.

Mr. Miller wore a black haori, one which was made for him by the mother of one of the visiting hotel men, H. Shozo Yamaguchi. He and the Japanese Consul, attended by Vice-consul T. Takaoka, stood at one end of the room underneath the flags of the United States and Japan. The visiting Japanese ranged themselves to the side and were joined by representatives of the local Japanese colony and Y. Shimanouchi, of the Los Angeles Japanese American. There was a little Japanese girl in costume, too. Mrs. Miller was there, as were Mr. and Mrs. Dewitt Hutchings, the latter being the daughter of Mr. Miller, and Mrs. Alice Richardson, sister of Mrs. Miller, friends of the Miller family and members of the hotel men's association.

BESTOWAL ADDRESS

When all was ready, the Consul addressed Mr. Miller, saying that he had the honor to inform Mr. Miller of the action of the Emperor of Japan in bestowing the degree and decorating him with the order. He said that one of the chief desires and purposes of His Majesty was to promote peace among the peoples of the world, and that in recognition of Mr. Miller's efforts in this direction the Emperor had ordered the honor bestowed. He then read in Japanese the certificate, following with the translation, which was, in part, as follows:

"The Emperor of Nippon, who by the grace of heaven succeeded the

CONSULAR CORPS ACTS ON DE BESA

Resignation Asked and Accepted on Receipt of Letter from Washington

Lorenzo S. De Besa, who claims the title of "Count," ceased to be a member of the Consular Corps of Los Angeles at a special meeting called at the Biltmore yesterday to consider his case.

"Mr. De Besa resigned and we elected Dr. Pedro De Larralde, Consul of Venezuela, secretary of the corps in De Besa's place," Charles E. Roberts, Costa Rica Consul, who is dean of the corps, announced.

"Did you request De Besa's resignation?" he was asked.

"Well, yes," he replied, "we intimated very strongly to him that he should resign."

"Why?"

"Because of certain information we have from the State Department of your government."

It was learned that the corps has a letter signed "for the Secretary of State by Francis White, Assistant Secretary," in which, among other things regarding De Besa, it is stated, "you are informed that Mr. De Besa has no recognition in the United States as a consular representative of any foreign government." The letter is dated February 27, 1929. Records of the corps state that De Besa was elected secretary of the corps in 1927 as a representative of Latvia and in 1928 as representing Santo Domingo. His term as secretary would not have expired until next September, but for his resignation.

Charles Winzel, Belgium, is vice-dean of the corps. Adrian Hartog, Netherlands, is treasurer.

De Besa has been very active about the city in one public thing or another. He also has been involved in litigation. He could not be reached last night for a statement concerning the action of the corps or for his version of why he resigned.

STEPHENS NOT TO BE CANDIDATE

City Attorney in Letter to Public Tells Plan to Enter Private Practice

Definite announcement that he will not be a candidate to succeed himself as City Attorney was made yesterday by Jess E. Stephens, in a formal letter to the public. His statement follows:

City Atty Stephens

"When for the fourth time I took the oath of office as City Attorney four years ago I resolved, that upon the completion of the term I would establish my own law business and before it became too late endeavor to make a competence for myself and family. How well I have succeeded in my efforts to serve during my many years in this important position; how well I have met the capital emergencies that have come upon the city is not for me to say. I know I have kept the faith. I would have been unappreciative indeed, when my tenure of office drew short and men and women in all walks of life began petitioning me to remain for another term, if I had not found myself impressed and pleased.

"At about the time discussion as to my remaining City Attorney became quite general I was approached by men in authority with the suggestion that my long municipal experience would be of value in connection with the Colorado River project and that I should accept the attorneyship for the Metropolitan Water District. This suggestion came from persons outside of and within this city. This, it seemed, would work in with my plans, and yet enable me to serve where I could be the most useful.

"I have very carefully considered the situation and have concluded to adhere to my original plans, regretful as I am that in doing so I seem to disappoint so many earnest citizens and friends. I therefore, definitely announce that I shall not be a candidate to succeed myself as City Attorney. My successor in office will find me always willing and ready to give him the benefit of my long experience.

"I will not here attempt to put into words my deep gratitude to the people of this city, who so many times and so generously have voted me their confidence.

Phenomenon of Rose-Tint Sky Explained

Explanation of the rose-tinted glow that enveloped Los Angeles and environs just as twilight deepened yesterday was explained last night by Col. H. B. Hersey, chief of the United States Weather Bureau.

"It just happened there was a fog bank over the city and a heavy black cloud just east of it," Col. Hersey said. "A wind current evidently swept a gap in the fog blanket and the rays of the sun shot through. The sunlight was reflected back by the cloud and the rays were diffused into a light phenomenon, witnessed only in this part of the country and then rarely."

Numerous telephone calls were made by agitated citizens to the Weather Bureau inquiring if the phenomenon would have any bearing on weather conditions. The answer was "no."

OSTEOPATHS PLAN TO ATTEND CONVENTION

The Los Angeles Osteopathic Society will be well represented at the twenty-eighth annual convention of the California Osteopathic Association in Sacramento June 3 to 6. Dr. H. E. Beckwith is president of the Los Angeles Osteopathic Society. Sessions will be held in Sacramento's new Memorial Auditorium. The program of entertainment will include a golf tournament, a trapshoot, receptions both for the delegates and for the women visitors and trips to points of interest in Sacramento and the surrounding area.

L. J. MERRITT DIES IN SLEEP

Was Rockefeller Associate in Many Industries

Discovery of Iron Range Brought Him Wealth

Had Resided in Pasadena Thirty-two Years

By a "Times" Staff Correspondent

PASADENA, March 21.—Lewis J. Merritt, discoverer and developer of the great Missabe Iron Range of Minnesota, which now constitutes almost half the holdings of the United States Steel Corporation, died quietly in his sleep at 1 a.m. today in his home, 359 West Del Mar street. He was 81 years of age and had been a resident of this city for the last thirty-two years.

With his wife, the late Mrs. Eunice Wood Merritt, the mining genius had made donations, totaling $2,000,000 for religious and charitable causes in this city since his retirement in 1912.

For many years Mr. Merritt was a co-director with John D. Rockefeller and John D. Rockefeller, Jr., in a great number of iron mining, steamship and railroad corporations operating in the Great Lakes district, which interests were controlled by the Rockefeller and Merritt families.

NOTED ANCESTORS

Born at Hanover, Chautauqua county, New York, in 1848, Mr. Merritt was a son of Lewis Howell Merritt and Hephzibeth Jewett Merritt. His father was one of the founders of Duluth, Minn., the Merritt homestead of 160 acres comprising the heart of the present Duluth business district. On his mother's side he was descended from Richard Wright, who was one of the founders of Methodism in America.

Among his noted ancestors were Silas Wright, United States Senator and Governor of New York; William Wright, United States Senator and Governor of New Jersey; Robert Wright, Governor of Maryland; Joseph Wright, Governor of Indiana; Sir James Wright, the last Royal Governor of Georgia; Nathaniel Wright, a member of Winthrop's Colony and owner of ships that brought the colonists to America; Thomas Hyson Wright, surveyor for Lord Baltimore and a delegate to the Assembly at Annapolis in 1736, and Stephen Wright, who built the first steamship, Claremont, for its inventor, Robert Fulton in 1807.

AIDE TO CUSTER

In 1854, when he was 6 years of age, Mr. Merritt was taken by his parents to Duluth, which at that time was known as a small trading post. At the age of 27 he went west to assist in building Custer Barracks at Fort Lincoln, N. D. He served as first lieutenant of infantry under Gen. Custer and escaped the massacre by being mustered out of service six weeks before the Indian uprising.

In 1869 he was married to Miss Eunice Annette Wood, cousin of the late Gen. Leonard B. Wood, the young couple being the first white settlers married in St. Louis county, Minnesota, of which county the city of Duluth is the county seat.

Mrs. Merritt, who died five years ago, was active in the affairs of the First Methodist Church of Pasadena. She and her husband contributed generously to local branches of the American Red Cross, and founded the David and Margaret Home. Upon the death of Francis E. Willard, she declined the nomination to succeed her as national president of the Women's Christian Temperance Union.

BUILD RAILROAD

Mr. Merritt is said to have made the most important discovery of iron ore in history when he located the Missabe claim in Minnesota.

With his brothers and son, Hulett C. Merritt of this city, Mr. Merritt financed and built the Duluth, Missabe and Northern Railway, which connected the great iron deposits in the Missabe range with Lake Superior, and carried the ore mined by the Missabe Mountain Iron Company.

Branching out into many other activities which laid the foundation for the industrial development of Minnesota and the Dakotas, the financier founded the real estate firm of L. J. Merritt & Son, which became the most important investment and real estate concern in the Northwest.

He leaves, beside his son Hulett C. Merritt of this city, three other children, Lewis Napoleon Merritt,

MRS. DOHENY APPOINTED FOR ESTATE

Widow of Slain Oil Man Named Administratrix Under $10,000,000 Bond

Mrs. Lucy Smith Doheny, widow of Edward Laurence Doheny, shot by his insane secretary, yesterday was appointed by Superior Judge Guerin administratrix of her husband's $10,000,000 estate, consisting mostly of 66,666 shares of oil stock. The court fixed Mrs. Doheny's bond at $10,000,000.

The president of one of the largest bonding companies in the United States was in court, and said that under the rule of the Superior Court limiting bonds to 10 per cent of the bonding company's capital stock and assets, his company could qualify for no more than $2,750,000.

Attorney Charles Wellborn, representing the estate, said that relatives of the deceased could qualify for personal bonds of $40,000,000 or $50,000,000, but that he would prefer to use a corporation security. It was suggested that a number of bonding companies might combine to qualify for the full amount.

Five children are mentioned, besides the widow, as heirs. They are Lucy, 14; Edward, 12; William, 10; Patrick, 6, and Timothy, 2.

Burial Ground for Fire Horses Up to Committee

President Werdin of the Fire Commission yesterday appointed Commissioners Laws and Wilson a committee to investigate and report on the offer by the Los Angeles Pet Memorial Park, Inc., to donate a suitable burial ground for pensioned fire department horses in the Pet Memorial Park at Calabasas.

The offer is to provide a perpetual resting place for the animals who have so well served the city in protection of life and property, and one where the city can erect a handsome memorial if it desires.

Referred to the commission also is a communication sent to the Park Commission by T. F. McGann & Sons Co., asking consideration of its plant should it be desired to erect a sculptural bronze memorial, since it is in that line of business.

Beyond the recent recommendation by the Fire Commission that a suitable memorial be erected to the memory of the fire horses, no action has been taken toward the project by any city department.

LIGHT PLAN ABANDONED

Abandonment of the proceedings for the installation of new lighting appliances on Verdugo Road between Valle Vista Drive and Fletcher Drive was voted by the City Council yesterday.

GRIMES TRIAL MOVING ASKED

Counsel to File Venue Change Motion Today

Difficulty in Getting Jury Basis of Plea

Attorney for Lucas Starts Action, Others Join

A motion for a change of venue to another county in the case of Mrs. Callie Grimes, five police officers and others charged with conspiracy to "frame" the morals arrest of Councilman Jacobson will be made at 10 a.m. today before Superior Judge Wood where for two days efforts have been made to obtain a jury panel for the trial of the action.

Attorney Paul Schenck, counsel for R. J. (Dick) Lucas, one of the accused men, with startling suddenness late yesterday declared to the court his intention of the move on the grounds that an unprejudiced jury cannot be empaneled in Los Angeles county.

OTHERS JOIN MOVE

Counsel for Harry Raymond, Frank B. Cox, Hubert J. Wallis and Mrs. Grimes, joined Schenck in the assertion that they will present affidavits on the motion to the court today. Attorneys for Albert Marco, Charles H. Crawford and J. F. (Rusty) Williams, the remaining defendants, have not decided. Judge Wood will rule on the motion after it is presented.

While there are some indications that a jury will be selected and empaneled today, the court has undergone two days of difficult procedure hampered by the desires of the majority of the tentative jurors not to serve. Many of the prospective talesmen asserted they have "fixed opinions on the Jacobson case" and could not be fair in the trial of the matter.

CHALLENGES USED

During yesterday the defense exhausted the ten collective peremptory challenges allowed and two individual challenges. Aside from the ten collective each of the eight defendants is allowed five further challenges. As the challenges rotate between Lucas, Cox, Raymond, Marco, Crawford, Mrs. Grimes, Williams and Wallis, the first two supplied the peremptories yesterday.

Dep. Dist.-Atty. Dennison, in charge of the prosecution, has exhausted but two of his fifty peremptories and yesterday indicated he is satisfied with the tentative jury as it is seated now. During the day he approved the panel eight times.

HELD IN CUSTODY

Those temporarily seated in the jury box and held in custody of Bailiff Parker on a court order in a downtown hotel last night are Mrs. Cora Postal, Culver City; Mrs. Dollie B. Cates, 5203 El Rio avenue, Eagle Rock; Robert Graham, 1512 West Seventh street, Long Beach; William D. Penner, 325 North Marguerite avenue, Alhambra; Mrs. Ella K. Green, 449 Florencita, Montrose; Harry D. Tompkins, 117 South Revilla avenue, Inglewood; Mrs. C. W. Brown, Montrose; John M. Rife, 5518 Meridian street; Herbert G. Dow, 535 Golden West avenue, Temple; Albert Vern Tipton, 543 South Arizona avenue, Montebello; J. Ewart Bruce, 2619 Wilshire Boulevard, and Henry A. Towsley, 356 Hillsdale street, Inglewood.

The ire of Judge Wood frequently was aroused in the proceedings when many were called into the jury box and pleaded "fixed opinions" or asserted some reason why they should be excused. Twenty-one men and women passed through the jury box yesterday, excused or challenged for sickness in the family, physical debility or in possession of predetermined opinions on the case, which they declared they could not lay aside and judge the evidence fairly on its merits.

JUDGE WARNS

As the examination of the prospects for the panel dragged laboriously along and court and counsel became more irritated with the slow pace Judge Wood warned both sides that the court is privileged to take over the examinations under a ruling which provides for such action. He did not indicate, however, that such measure will be taken.

In the examination of one tentative juror, who said that he had been reading the newspapers and discussing the case with friends on which he had formed an opinion that he could not ignore even in the face of evidence, the court bitterly denounced, "those who will

(Continued on Page 10, Column 1)

by Harry Carr

BISBEE (Ariz.)—President Hoover's determination to reform the Indian Bureau has made Arizona palpitate.

It is not an academic question of what should be done with an alien and captive race. It is something real, actual and vital.

INDIAN VOTERS

For one thing, Arizona is alarmed at the prospect of Indians becoming voters in wholesale numbers, and at the last Presidential election found a way to dodge that issue.

The State is filled with Indian reservations and the employees thereof have a big political machine. The young army of agents, inspectors and what-have-you will not be turned out without a struggle.

An attempt was made to stampede the Arizona Legislature into a protest against the reform measures of Hoover, but the bill died in the State Senate.

BLOODSTAINS

The heart of the old Apache country used to be right around Bisbee and Tombstone.

In the side of a hill just off the main street of Bisbee is a big cave where the women and children used to take refuge when the Apache war signals curled up in thin smoke from the hills.

SAVED BY APACHES

The old Arizona people are very sniffy about the histories which tell how the Army subdued the Apaches.

They say that the Apaches came nearer to capturing Gen. Crook than Gen. Crook came to capturing the Apaches. In the end, as they point out, it was the Apaches who conquered the Apaches. The Army never made the slightest progress until they hired some Apache scouts of a rival tribe to chase down old Geronimo.

THE SCOUTS

It is a surprise to nearly everyone to know that the Army still employs Apache scouts.

At Fort Huachuca there are twenty-one scouts on the government pay roll. They have substituted uniform pants for their old breechclouts; but they still live with their families in tepees.

Several of them are very old men who fought and bled in the Apache wars. They are used mostly as cattle herders and line riders. They are attached for administrative purposes to the colored Twenty-fifth Infantry.

WILD SCHOOL DAYS

I think Arizona is doing more to preserve its history than any other State in the Union.

Men are still living who have seen it all.

M. J. Cunningham, who now is the tame president of a bank in Bisbee, went through the wildest days of Tombstone as a little boy.

Coming home from school one day he saw the most famous gun fight in the West—between the Clanton and Earp gangs.

He says that even the little boys went armed. One day his school-teacher abruptly decided upon a reform. He ordered every infant to come forward and throw his artillery into the school stove. As all the guns were loaded, the next few minutes, after the guns got on fire, were far from monotonous.

The next morning when school convened under the eye of the loving teacher, the children all wore guns on their hips. They would have felt naked without them.

MAN MEASURES ALL SPACE

Scientist in Pasadena Address Says "Radius of Everything" Computed by Him

By a "Times" Staff Correspondent

PASADENA, March 21.—The universe, meaning all creation, has at last been measured by man, Dr. Edwin Hubble, Mt. Wilson Observatory astronomer, revealed tonight in giving the final lecture of the series presented this winter at the California Institute of Technology through the co-operation of the Astronomical Society of the Pacific and the Mt. Wilson Observatory.

Aided by Einstein's newest theory, Dr. Hubble has calculated that the "radius of everything" may approximate 10,000,000,000 light years, meaning the distance light will travel at the rate of 186,000 miles a second in that time. The astronomer stressed the fact that his calculations are subject to change, but that they may be the nearest approximation to truth which observers can arrive at with existing conceptions.

"Now that the observers have come space, we must turn the work of measuring the universe over to the theoretical scientists for checking," he said.

In introducing the speaker, Frederick H. Seares, assistant director of the Mt. Wilson Observatory, stated that the increased knowledge of the nature of spiral nebulae, which exist toward the limits of all space, is largely due to Dr. Hubble's recent work.

The measurement of the size of the universe has been accomplished, Dr. Hubble explained, by a method which should give a close approximation.

In a general way it has been computed that if nebulae existed more than 10,000,000,000 light years away that there would be more

HOODOOS HAUNT COLLEGIANS

Students Answering Superstition Questionnaire Confess Evil Omen Beliefs and Virtue of Knocking on Wood; Four Out of Five Have Favorite Bogey Man

Ever since there have been emancipated souls, so-called intelligentsia or what have you, it has been boldly stated that superstition is a relic of barbarism and characteristic of the illiterate and uneducated. Now, like a slap in the face, come reports of a recent survey on this subject in one of our enlightened California schools and the results are such that one is tempted to ask, "What avail education?"

A questionnaire was prepared obtaining twenty recognized superstitions and given to some 395 college students, who were asked to indicate the effects these quaint notions have upon their daily lives and habits and the degree of their belief in them. No effect, little effect, moderate effect or intense effect were the gradations called for, and the resulting tabulation of answers showed that education apparently is ineffective in the face of signs and omens.

For example, a mere 20 per cent claimed to be totally unaffected by superstitions, while 80 per cent admitted their influence in some degree or other and 32 per cent fell slightly under their baneful sway with a decided preference for one or two pet superstitions.

These were the superstitions se-

MARSHALL RITES ARRANGED

Arrowhead Hot Springs Developer's Burial to be in Ohio Birthplace

Funeral rites for Seth Marshall, former president of the Arrowhead Hot Springs Company and for more than half a century a resident of San Bernardino, who died in Franklin Hospital, San Francisco, Wednesday, at 5 p.m., after a long illness, will be conducted in Painesville, O., where he was born.

Final details of the funeral plans will be made today in San Francisco at a conference between Mrs. Nancy G. Marshall, the widow, intimate friends and Walter Burke, Los Angeles attorney for Mr. Marshall. The arrangements at present provide for the cremation of the body in San Francisco and immediate shipment to the Ohio city, where the ashes will be interred in the family burial plot.

Failing health brought Mr. Marshall to California in 1880 from his Michigan home, and shortly after his arrival he purchased a large tract of land near San Bernardino and started the development of what later came to be known as the Arrowhead Springs Hotel and the Arrowhead Springs Water Company.

The hotel became one of the popular resorts of Southern California and the mecca for thousands of tourists and visitors, as well as the scene of many exclusive affairs attended by society leaders of Los Angeles. Mr. Marshall sold his interests in the hotel properties recently for a sum approximating $1,000,000 and came here to make his home.

He became ill while in San Francisco and went to the hospital for treatment. He was married in 1907. Mrs. Marshall was with him at the time of his death.

Bandit Confesses to String of Six Los Angeles Bank Robberies

PLUNDER MORE THAN $20,000

Four San Diego Hold-ups by Trio Also Charged

Negro Implicates Two Other Men in Depredations

Statement Clears Up List of Unsolved Crimes

Walter Miller, one of a trio captured in San Diego on Tuesday following a bank robbery there, confessed yesterday to authorities of the southern city that he and his two companions committed the six Los Angeles bank robberies of which Chief of Detectives Cline accused them following their apprehension, according to word received at police headquarters here.

Miller, a negro, in his confession also admitted participating in the robbery of four San Diego banks. His statement, police assert, clears up the series of daring hold-ups of which Los Angeles' banks were the victims over a period of two years.

$20,000 TAKEN

Plunder from the Los Angeles institutions alone amounted to nearly $20,000. The $8100 taken by the robbers in the San Diego hold-up of Tuesday was recovered when the bandits were captured.

Lynn Keith (alias Larry C. Davis) and John J. Foster, Miller's companions, both white men, who were captured with him, have not admitted their part in the series of crimes, advices from the south indicate.

Keith, who has a Los Angeles criminal record previous to the spectacular hold-ups, is declared by Miller to be the "brains" of the trio.

"He has more nerve than any man living," the giant negro told While Keith and Foster held officers. their victims at bay during their operations, the negro would scoop the money into a bag. Until Tuesday they had been successful in eluding police.

CITES HOLD-UPS

Miller's confession cited the following Los Angeles hold-ups, for which figures on amounts lost were supplied by police:

January 5, 1927—United States National, Twelfth and Olive streets. Loss between $1000 and $2000.

March 29, 1927—Bank of Italy, Melrose and Western avenues; $2700.

August 23, 1927—Los Angeles First National and Savings Bank, Hollywood Boulevard and Normandie street; $8000.

March 3, 1928—Citizens Trust and Savings Bank, Western avenue and Virginia street; more than $1000.

November 10, 1928—Citizens Trust and Savings, Adams street and Halldale avenue; $5000.

December 18, 1928, First National Trust and Savings, West Jefferson street branch; $1200.

ROBBERIES IN SOUTH

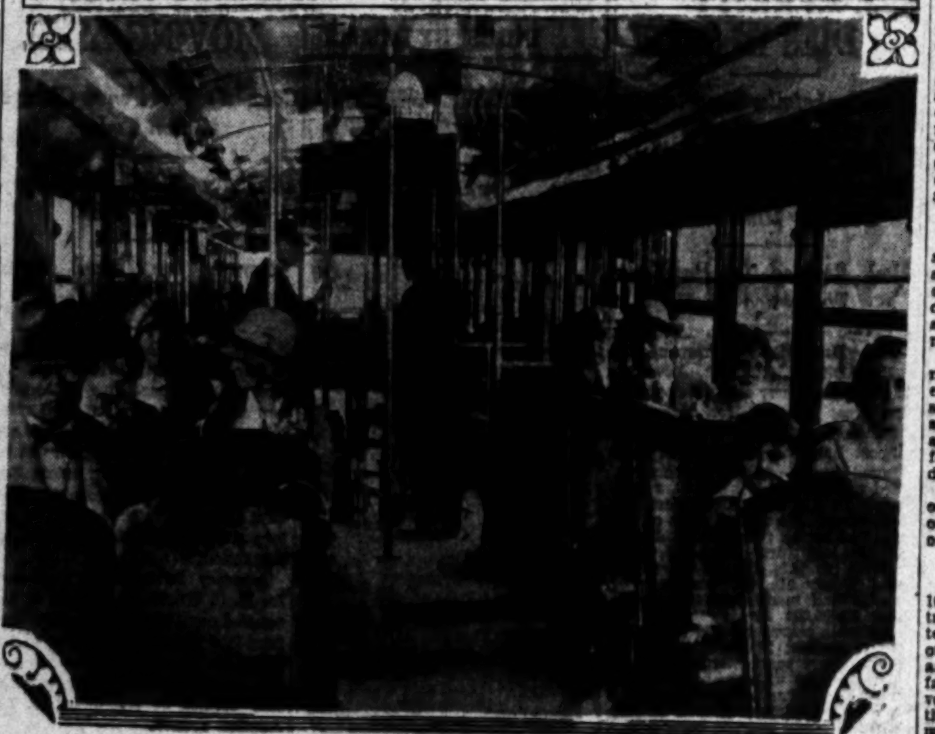
The San Diego robberies, which were committed between intervals of the Los Angeles hold-ups, included the Security Commercial and Savings, two branches of the First National Trust and Savings, and the Bank of Italy.

Miller's statement concerning dates of all the robberies proved exceptionally accurate, but the negro was unable to estimate the amounts he and his companions obtained.

On arrest of the pair Tuesday Los Angeles police at that time identified them as the men wanted in connection with the Los Angeles hold-ups.

NEW TYPE STREET-CAR IN SERVICE

Pacific Electric Tries Out First of Its "Noiseless" Carriers



Hollywood Commuters Get Latest in Railway Coaches

A NEW type roller-bearing car yesterday was in operation as the first of ten to be placed in service by the Pacific Electric Railway on its Hollywood lines. Noiselessness is the end sought by the use of roller bearings, while greater safety and comfort are expected as the result of other features.

Each new car is provided with an improved type of all-leather, deep upholstered seat, with a seating capacity of sixty-five. The doors are air-operated and are designed so that they are interlocked with the motor equipment, making it impossible to start a car while a door still is open. Every car has center and end exit doors. Equipment of each car includes four Westinghouse fifty horsepower motors of latest design. This electrical equipment is used to provide faster acceleration.

In general outer appearance these new cars resemble the local cars now in service on the Hollywood, Watts and South Pasadena lines.

STREET ORDINANCES ADOPTED

Final ordinances were adopted by the City Council yesterday for the improvement of the following thoroughfares: Third avenue between Pico and Washington streets; Clinton street between Hoover street and Virgil avenue, and streets in the following improvement districts: Upland avenue and Grand avenue, Hawaiian avenue and J street and Crescent avenue and Eighteenth street.

Nitrate producers in Chile are combining to compete with world manufacturers of synthetic fertilizers.

lected for the questionnaire: (1.) Carrying a rabbit's foot. (2.) Sitting thirteen at a table. (3.) A black cat. (4.) A falling star. (5.) Putting the left shoe on first. (6.) Knocking on wood. (7.) Lighting three cigarettes with one match. (8.) Breaking a mirror. (9.) Looking at a new moon over the right shoulder. (10.) A horseshoe. (11.) Walking under a ladder. (12.) Standing under an open umbrella in the house. (13.) Friday the thirteenth. (14.) A four-leaf clover. (15.) Getting out of bed on the unaccustomed side. (16.) Picking up a pin. (17.) Taking animals on a boat against their will. (18.) Seeing the first star in the evening. (19.) The alternative of shaving before an examination or changing clothes put on wrong side out.

The importande of knocking on wood to fend off ill fortune stood out head and shoulders above the rest as the most popular superstition, with the horseshoe, walking under a ladder and the black cat running close seconds in varying order. Next came the four-leaf clover, Friday the thirteenth, mirror breaking and sitting thirteen at a table.

Whether the answer of one student comes under the head of being influenced by omens or a more homely designation, was not explained in the report, but the reader may judge for himself. He said, "None of these omens has ever affected my actions, but a week before an examination I never shave."

This experiment was conducted in the Sacramento Junior College by Roland M. Miller, a member of the faculty, and in commenting on the study, he said:

"In all of the answers it is noticeable that the element of bad luck figures oftener than good luck, showing, possibly, the relative place of fear in the minds of the superstitious. The general results seem to indicate that the scientific attitude of mind, which is incompatible with superstition, is not very widespread among college students of freshman and sophomore grade."

Mr. Miller, whose article on the survey appears in a recent issue of Sociology and Social Research, published by the University of Southern California, believes, however, that research among a group of graduating seniors would show some decline in superstition, thus adding a ray of hope to what otherwise would appear a very depressing situation.

L. J. MERRITT DIES IN SLEEP

(Continued from First Page)

also of Pasadena; Mrs. William Horace White of Santa Ana, and Mrs. Evlyn Merritt Hanan of Reno, Nev. His youngest brother, Andrus R. Merritt, resides in Los Angeles.

According to tentative plans, the funeral services will be conducted at 2 p.m. Saturday in the chapel of Turner and Stevens Company, Marengo avenue at Holly street. Rev. Harry White of Burbank will officiate, and entombment will follow at the Hollywood Mausoleum.

Hulett C. Merritt announced that the pallbearers will be six grandsons and nephews of the empire builder.

VETERANETTES PLAN REUNION ON YACHT

Feminine veterans of the World War who went overseas are again to sail the high seas tomorrow. The aquatic reunion of veteranettes will bring together former ambulance drivers, nurses, nurses' aides and canteen workers, hailing from Los Angeles and vicinity. Mrs. Robert B. Holmes of Wilmington, who served in France with the Red Cross during the war, is hostess of the cruise which will start from the California Yacht Club at 2 p.m.

MAN MEASURES WHOLE UNIVERSE

(Continued from First Page)

light on the earth at night than is visible, due to the fact that even the most distant nebulae produce a certain amount of light.

On the presumption that nebulae are distributed as densely in the space telescopes cannot reach as in observable space, it is believed that nebulae existing past the boundaries of the universe set by Dr. Hubble's calculations would make nights on earth lighter than they are, he said.

INTERESTING DISCOVERY

One of the most interesting results of the recent studies of the size and nature of the universe, according to the astronomer, is the discovery of an apparent relationship between the distances of the nebulae and their velocities.

"Although Andromeda, one of the nearest nebulae, is approaching the earth at the rate of 100 miles a second, the majority of the nebulae are going in the opposite direction, and the farther away they are the faster they receded from us," he declared.

Of the millions of nebulae astronomers have calculated the velocity of fifty and the speed and velocity of twenty-five.

SPEED MEASURED

Nebulae in the general range of 100,000,000 light years away are retreating from the earth's solar system at the rate of 100 miles a second. It has been discovered that as astronomers push their telescopes farther toward creation's limits, the velocity of the nebulae away from the earth increases regularly 100 miles a second for each 1,000,000 light years.

To determine how far away a nebulae is, a unique method has been devised. In each of the nearer nebulae stars are visible. After determining which type one of these stars is, the astronomer can tell by measuring the amount of light from the star with the spectroscope and telescope, the approximate distance.

When the nebula is too far away for its stars to be visible, it can be classed according to the types existing nearer the earth, and its distance determined roughly in the same manner.

First Well at Lawndale in With Good Flow

The first well to come in at Lawndale, Pacific Western Howland No. 2, was struck at 9:45 last night at 5885 feet. It was showing 1500 barrels and a tremendous gas pressure, according to the report. George Dyer was the tool pusher who brought in the well, which was spudded in January 28. Casing was set at 5695 feet. The well is about 500 feet west of Inglewood avenue.

The race to bring in the first well was won by a close margin because at the time this hole began spouting oil it was reported that Oil Petroleum Sproot No. 1 was swabbing in expectation of coming in before the night was over. The first well in the Lawndale field, Standard Vance No. 1, was spudded in January 12 and is reported still bailing.

Histories teach wisdom, but not everyone learns—(William Lyon Phelps.

JAPAN HONORS FRANK MILLER

(Continued from First Page)

imperial lineage unbroken for ages eternal, does hereby bestow upon Frank Augustus Miller, a citizen of the United States of America, the fourth degree of merit of Meiji and decorate him with the Small Order of the Rising Sun as His Majesty's mark of appreciation.

"The seal is affixed at the imperial palace of Tokio on the 2588th year after the accession of Emperor Jimmu, and on the second day of the eleventh month of the third year of the era of Showa."

So saying, he took from its case the decoration and affixed it to the lapel of Mr. Miller's gown.

There was applause, and cries of "banzai."

Because of a lengthy illness from which Mr. Miller is convalescing, he was forced to have his response to the gracious words of the Consul read. In expressing his appreciation, he said he knew of no reason why he should be so honored except perhaps that on account of his admiration for Japan he has been trying to express sentiments of friendship and neighborliness to Japanese wherever the occasion offered. He had not done that, he said, with any expectation of reward or recognition.

The West, he said, has much to learn from Japan and the Near West. The two have much to learn from a mutual study. The Japanese people, he felt, have worked out some of the finest things that ever have been attained in regard to simple family relations, religious feeling and ideals of peace. They are a people who crave friendship and esteem.

"I am glad," he said, "to receive this decoration, because I respect so highly Japan and what Japan stands for, and the noble sentiments that His Imperial Majesty, the Emperor of Japan, has expressed. He has taken for the title of his era the term 'world peace.' He has, therefore, consecrated himself and his people to that aim.

ALL ONE FAMILY

'All around the world this same theme is dominating the finest minds. From the children to the greatest statesmen we are learning that we are all one family and that we must live in an atmosphere of respect and love. Let each one of us individually be humble, respecting and accrediting the thoughts and ways of others; let us be mutually respectful, learning from others the things we have failed to work out for ourselves, and let us be loving, for without such simple things as friendships and loving thoughts and sympathetic contacts the world falls apart and is a barren place."

At the conclusion of the ceremonies the party retired to the banquet room at the inn for dinner.

The visiting Japanese arrived here from Agua Caliente, having stopped off for breakfast at Hotel Del Coronado and for luncheon at the Norconian Club. Tomorrow they will have breakfast here and after a tour of the orange groves will have luncheon at the Guasti vineyard as guests of Segundo Guasti. Tomorrow night they will have a dinner party at the Ambassador Cocoanut Grove, as guests of Abe Frank, the manager.

U.C.L.A. Plans Observance of Charter Day

Sixty-one years ago tomorrow Gov. Haight signed the document which created the University of California, and, together with other divisions of the university throughout the State, the University of California at Los Angeles will celebrate the anniversary tomorrow. It is known as charter day, and students and faculty will assemble in Millspaugh Auditorium in the morning to hear Prof. Monroe Deutsch of Berkeley deliver the charter day address, the subject of which will be "Gods and Machines."

In the evening the faculty will be guests at a dinner at the Los Angeles Country Club arranged by the Women's Faculty Club of U.C.L.A. Among the guests of honor will be Prof. Deutsch, Dr. Ferdinand C. S. Schiller of Oxford, London, and others.

Alumni of the University of California will gather this evening at Pasadena to celebrate the occasion where the principal speaker will be Dr. Loye Holmes Miller, professor of biology at U.C.L.A.

GASOLINE CHANGE ASKED

Amendment of the city fire ordinance, so that gasoline may be sold in the basements of Class-A buildings, now prohibited in basements of any type of structure, was requested of the City Council yesterday by the Fire Commission on recommendation of Fire Chief Scott.

POLITICS

THE WATCHMAN

Trend of Political Thought and Action

BY THE SENTRY ON HIS BEAT

Only the timely expiration next week of the period in which candidates for local offices can file their nominating petitions, it seems, will prevent a veritable horde of officeseekers from appearing on the May primary election ballot.

Latest recapitulation of the epidemic of mayoralty aspirants indicated that the list temporarily remains at seventeen, with the Councilmanic field hovering around the 100 mark. Two or three actual candidacies and several potentialities are on the horizon for City Attorney.

The rumor persists—and is gaining momentum—that Mayor Cryer, despite his announced decision to retire, will find the "popular demand" so insistent as to cause him to change his mind and seek another term.

The following items have been gleaned by The Watchman from the mass of publicity announcements submitted by the various candidates or their press representatives:

Councilman Douglas E. Foster, candidate for re-election from the Twelfth District, has been indorsed by Dr. John R. McCoy, specialist.

"It gives me great pleasure to support Douglas E. Foster for re-election as Councilman representing the Twelfth District," said Dr. McCoy.

"His unquestioned integrity as well as his splendid record in office make him deserving of support from all good citizens in his district. My personal opinion is that Mr. Foster will be elected at the primary. Co-operation on the part of his supporters I am sure will bring this about."

With fifty voters in attendance, the South Avalon District Bonelli-for-Mayor Club was organized last night at 610 East Vernon avenue. Carol M. Swan, president of the South Avalon District Improvement Association, presided at the meeting. Bonelli's experience, character and familiarity with governmental functions were given as grounds for the group's interest in his election.

Advancing the plan for holding regular monthly conferences with his constitutents to discuss issues of interest to the district, Thomas P. Franklin, attorney and former field deputy in the Internal Revenue Bureau here, has announced his candidacy for Councilman from the Sixth District.

"It is my idea to divide the district into four geographical sections and meet once a month with the people of each section," said Mr. Franklin, who lives at 1850 West Eightieth street.

Mr. Franklin is 40 years of age, has resided in Los Angeles for thirteen years, coming here from Indiana, and has lived in the Sixth District for the past eight years, where he is a property owner.

Because a meeting of District Seventeen of the American Legion had previously been scheduled, the testimonial banquet of veteran friends of John R. Quinn, head of the Veterans Welfare Board and past national commander of the Legion, which was to have been held next Tuesday evening, has been postponed until Tuesday, April 9.

This announcement was made yesterday by Eugene Berger, chairman of the arrangements committee for the Quinn affair.

"When the committee discovered that Van Hogan, commander for District Seventeen of the Legion, had called together representatives of the posts in his district for next Tuesday evening we at once postponed the Quinn banquet," said Mr. Berger. "Mr. Quinn's friends among the ex-service men and women of the city will gather at the Alexandria Tuesday evening; April 9."

Chairmen of the subcommittees for the Quinn banquet include Judge Leonard Wilson, Phil Dodson, Bill Harton, Chester Turner and Dr. Charles W. Decker. Clarence Kinkaid is vice-chairman of the general committee.

The directors of the Motor Car Dealers' Association unanimously indorsed P. H. Greer for Mayor at their meeting last Tuesday. This is the second time in the history of the association that a political candidate has had their indorsement.

Councilman Charles J. Colden, candidate for Mayor, who has established his headquarters in Room 202, City Club Building—833 South Spring street—is prepared to hold a series of informal "at homes," according to Lew Head, his campaign manager.

Colden has arranged to spend one hour each day except Saturday and Sunday at his headquarters, where he will meet his friends and inform them personally where he stands upon all municipal questions involved in the mayoralty campaign.

Opening of a Thirteenth District Hugh J. McGuire-for-Mayor headquarters at 2715 North Broadway was announced yesterday by Oren Evans, campaign manager. The headquarters is in charge of Avery D. Endsley. He is calling a meeting next week, at which a Thirteenth District McGuire-for-Mayor Club will be organized.

EASTER IS COMING

It really is a joy to dress little boys in these cute, becoming novelty suits

BAR TESTS STUMP MAJORITY

Less Than Half Pass Examination in January; Advantage of Degrees Shown

More than one-half, 52.3 per cent to be exact, failed to pass the State bar examination in January, it was revealed in statistics made public yesterday. Of a total of 235 candidates for entry into the legal profession in California to be examined that month, 112 passed the quizzes successfully, while 123 failed.

The list of failures was greatest in the Los Angeles area, where ninety-seven failed and seventy-six passed. In San Francisco, thirty-six passed and twenty-six failed. The advantage of an B.A. degree to a candidate before the bar examiners is shown by the report that 82 per cent of the applicants who possessed both a B.A. and an LL.B. degree passed, while 50 per cent of those who had an LL.B. degree but no B.A. degree, failed.

Only one woman was among the candidates in the January examination, and she completed the quizzes with flying colors. She is Helen B. Brown of 5218 North Hartwick avenue, Eagle Rock. Her brother, Eugene C. Brown also was a successful candidate.

The list of applicants recommended for admission here as a result of the examination is as follows:

John Chandler Bartlett, James E. Bates, Reginald J. Bauder, John Forbes Bender, Thomas W. Bewley, John L. Bland, A. A. Brock, Eugene C. Brown, Helen B. Brown, Robert Clifton, Cecil Edward Clough, Frank E. Clove, James La Verne Crawford, Don Francis Dodge, William McKinley Dorney, Elmer D. Doyle, William Elliott Dudney, L. Spencer Esselstyn, Edward W. Fisher, Dudley R. Purse, Francis J. Gabel, Maynard Garrison, Meredith Perry Gilpatrick, Yale B. Griffith, F. O. Gunness, William Jack Hamilton, John Collard Higgins, Jr., William H. Hitchcock, John Willard Holmes, J. Everett Houser, Masad Isasaki, Wahlfred Jacobson, Bourke Jones, William H. Rothberg, Joseph Wesley Saunders, Cleveland Schultz, Jr., Israel Reginald Schultz, Morris Shapiro, Eugene L. Simerson, Sam Skoss, Graham Lee Sterling, Jr., Glenn M. Still, Mary K. Sutor, George W. Tackabury, Jr., Laurence Paul Taylor, Miller B. Towman, Thomas Peter Walker, Charles Dudley Warner, Gordon R. Weller, Bert G. Wetherby.

YOUNG NEGRO JAILED IN TAILOR-SHOP THEFT

Robert Dunson, 23 years of age, colored, of 1402 East Twentieth street, was arrested yesterday for suspicion of burglary following a theft of goods from T. D. Levine's tailoring shop at 910 South Hill street. The tailors in the back room heard a noise and saw a negro run outdoors carrying several bolts of cloth. Traffic Policeman Gee gave chase, but lost sight of his quarry. The police were informed that bolts of cloth had been thrown at the rear of a parking yard at 913 South Main street. Detectives caught Dunson when he approached the place. He protested that he had stumbled innocently on the plunder, but employees of the tailoring shop identified him as a negro who had loitered in front of the shop yesterday morning.

Six More Will Enter Race for Education Board

The number of candidates for election to membership on the Board of Education was doubled yesterday when six aspirants to such positions took out nominating petitions at the office of City Clerk Dominguez, four of them being nominees of the Socialist party.

The four Socialist candidates are Charles F. Conley, a carpenter of 732 Clover street; Irene Smith, a minister of 1519 North Western avenue; W. Scott Lewis, a lecturer of 2500 Beechwood Drive; and George S. Grant, a real estate dealer of 5500 Morgan avenue. The other two candidates who took out petitions yesterday are L. H. Keppel, retired, of 1181 South Fresno street; and W. L. Cummings, of 1017 South Boyle avenue, who is in the refining business.

Another candidate for the office of City Attorney appeared in the field yesterday. He is Frank M. Smith, an attorney of 2808 North Sichel street. There are only two others in the race for this office so far, Peirson M. Hall and Erwin S. Werner.

The field of Councilmanic candidates now numbers 106 names, two new names having been added yesterday. They are John J. Carr, a court reporter of 348 North Vendome street, and William Francis Ireland, of 251 South Hill street, who is secretary of a large bakers' association.

Jail Jam May be Relieved by Army Barracks

After an interview with City Health Officer Parrish yesterday, Councilman Ingram, chairman of the Council's Police and Fire Committee, announced that his committee will recommend an immediate appropriation of the necessary funds to construct two buildings of the army barracks type on the city-owned land adjoining the Lincoln Heights Jail to relieve the present overcrowding of the jail.

Councilman Ingram agreed with Dr. Parrish that the construction of the barracks is the best temporary relief measure possible. He added, however, that his committee intends also to recommend to the Council that it order the placing on the ballot at the next election of a proposition to issue sufficient bonds for the construction of a new jail large enough for the present needs of the city.

POLICE RAID PARK CARD GAMES

Elderly Gentlemen Lose Privilege of Playing Pinochle Because Rich Young Idlers Use Lawns as Place to Gambol With Lady Luck

Gambling for high stakes at Lafayette Park by young men utterly ruined the recreation of twelve elderly gentlemen who were accustomed to play pinochle in the park for pleasure, it was revealed at the meeting of the Board of Park Commissioners yesterday.

The twelve elderly gentlemen were chased off the park grounds by officers seeking to break up gambling by others, it was reported to the board. It was said that "young bloods" with nothnig but time on their hands drove up in expensive cars and spent the afternoons playing cards on the grass. Stakes began to get higher and one man is reported to have lost his service station on one turn of the cards.

Professional gamblers made their appearance in the new field, with the result that complaints were made to the police by irate parents and all card games were stopped.

The twelve elderly gentlemen yesterday asked the board for a permit to renew their pinochle battles. The request was referred to Secretary Hassett with power to act.

Hassett stated he will deny the request for renewal of the pinochle games because granting the permit would simply open the grounds again for the operation of card sharks.

CODY TOLD OF WIFE'S CONDITION

Doctor Telephones Him at Palm Springs Nature of Miss Normand's Illness

Lew Cody, motion-picture actor, learned for the first time yesterday of the true condition of his wife, Mabel Normand, one-time star of the screen world, who is waging a desperate fight against tuberculosis. He was advised by Miss Normand's physician, Dr. C. E. Fishbaugh, who telephoned to Palm Springs, where Cody is recuperating after a serious siege with influenza.

According to information obtained yesterday, Dr. Fishbaugh revealed to Cody the nature of Miss Normand's illness and that she is in a serious condition although there is no immediate danger. Cody was informed that Miss Normand is receiving the best of medical attention and that during the past several days she has responded to treatment better than at any time in weeks.

Dr. Fishbaugh declared last evening that Miss Normand's fever is fast abating and that even though it is difficult to notice any definite change in her condition from day to day, she is sleeping better and resting more easily. It is possible that later on Miss Normand may be removed to a near-by sanatorium to wage her battle for health.

Cody went to Palm Springs immediately on his arrival in Los Angeles from New York, where he was stricken and became dangerously ill. Word yesterday from the springs was to the effect that Cody is fast recovering his health and is expected back in Hollywood within a few weeks.

Band of Gypsies Add Color to Scene at Trial

Municipal Judge McDill's courtroom presented a colorful spectacle yesterday when more than a score by gypsies appeared as witnesses against Louis Adams, charged with driving his automobile into three of them. At the conclusion of the hearing, Judge McDill ordered Adams held under $2000 to await trial by Superior Court on a charge of assault by means and force likely to cause great bodily harm.

According to Dep. Dist.-Atty. Stahlman, Adams went to the gypsy camp at 4760 Alhambra Boulevard and quarreled with several of the gypsies about a bride whom he declared he had purchased for his son for $3000. At the conclusion of the argument he leaped into his automobile and backed the machine into a group of woman and children, injuring Rosie, Ruby and Mary Nichlos, 5, 23 and 38 years of age, prosecution witnesses testified. He was arrested when police responded to a riot call to the camp.

Little Cripples to Have Party at Theater Today

Two hundred crippled children from the Orthopaedic, Children's Clinic and Los Angeles Lying-in hospitals will be the guests of the Paramount Theater tomorrow morning with Dist.-Atty. Fitts and thirty Los Angeles judges acting as hosts for the party. The occasion is the current engagement of the Singer Midgets with a show appealing especially to children.

The children will be met at their hospitals with busses furnished by the Tanner Motor Company and Boy Scouts to assist them. They then will journey to the City Hall to travel with the judges from there to the theater. Four motorcycle officers under Capt. Cannon's direction will escort the party.

Those judges who will attend the party include Sprowl, Rosencranz, Aggeler, McComb, Fricke, Yankwich, Stutsman, Tappaan, Blake, Hazelett, Bishop, Collier, Craig, Burnell, Reid, Pope, Shaw, Bowron, Swain, McLucas, Emmet Wilson, Murray, Hahn, Haas, Stafford, Baird, Price, Galbertson, Crawford, McDill and Bush.

Easter Dawn Speaker Will Be McGroarty

John Steven McGroarty will deliver the Easter message at the sunrise services at the Coliseum it was announced yesterday through the offices of the Community Development and Philharmonic Orchestra Associations, sponsors of the event.

JOHN STEVEN McGROARTY

As author of the "Mission Play" and a foremost authority on California history, McGroarty has achieved national recognition as a writer, playwright and public speaker.

A radio program will be broadcast in the stadium for the entertainment of the early arrivals. Virginia Flohri, soprano; Robert Hurd, tenor, and Dr. Ray Hastings, organist, will take part in the arrangement of sacred songs and music to precede the services.

CLASS ARRANGED FOR TROJAN YELL LEADERS

Proving that the leading of yells is now considered among the higher arts, Yell King Gordon Pace of the University of Southern California last night opened a cheer-leading class for Trojan students who aspire to the positions of directing rooting sections next year. Lessons will be given on group control and plotting of bleacher stunts.

NOTICE:

To Real Estate Advertisers

The Sunday Times on the forthcoming Sunday will still further improve its new real estate section by incorporating therein its entire listing of real estate want ads, together with all kindred want ads such as hotel and apartment-house leases, money to loan, money wanted, and business opportunities.

This latest improvement requires that the closing hour for the above classes of want ads be advanced to noon on Saturday.

Advertisements received after Saturday noon will necessarily appear in the "Too Late to Classify" column in the Sunday Times' general want ad section.

The Los Angeles Times purposes to make its Sunday real estate section an outstanding Sunday feature. Advertisers can materially assist by submitting copy well in advance—on Thursday or Friday wherever possible.

The Sunday Times' Closing hour for all other classes of want ads—such as rentals, automobiles, things for sale, swaps, employments, special notices—will remain as heretofore at 7:30 p.m. Saturday.

MEMBER OF THE ASSOCIATED PRESS
The Associated Press is exclusively entitled to the use for republication of all news credited to it or not otherwise credited in this paper and also all local news published herein.

The Times aims at all times to be accurate in every published statement of fact. Readers who discover any important inaccuracy of statement will confer a favor by calling attention of the Editorial Department to the error.

No employee of The Times is permitted to accept any gratuity, in money or its equivalent, from any individual, group or organization having news or business relations with The Times. The public should clearly understand that it is unnecessary to pay anybody anything to get news into The Times and that any Times employee who accepts "gifts" calculated to influence his or her work for this newspaper is thereby rendered subject to immediate discharge.

Bad laws, if they exist, should be repealed as soon as possible; still, while they continue in force, for the sake of example they should be religiously observed.

—Abraham Lincoln.

Today's Bible Text

He will swallow up death in victory; and the Lord God will wipe away tears from off all faces; and the rebuke of His people shall He take away from off all the earth: for the Lord hath spoken it. Isa. xxv, 8.

ONLY THE BEST

The room at the top is not being saved for the sluggard or the dodger.

SOME REPAIR SHOP

Hollywood may have broken some hearts but is as well known for its capacity for mending them. Some old, damaged and dilapidated hearts have been made to look like new. And it isn't all in the climate either.

OUT OF THE NORTH

Almost a full section of a Manitoba court has been sitting in Los Angeles in order to best obtain the testimony of witnesses. If all the Canadian courts could hold their winter sittings in this section litigation would doubtless develop a new and unwonted popularity.

COMPARISONS ARE SMELLY

Congressman Sabath declares that more than ten times as many distillery outfits were found in the State of Alabama last year as in his city of Chicago. Yet Alabama is mentioned as bone-dry territory. But maybe the officials weren't looking for them very hard in Chicago.

THE BIG HOUSE

If Albert Marco must stay in prison twenty-eight years he is going to feel bad about it. There is a chance of his becoming embittered; yet the discipline and experience should ultimately bring him forth in changed and chastened mood. Let him try to make up his mind that the stretch will do him good and everybody will be satisfied.

THE ALABAMA DISTURBER

Thoughtless and vagrant souls are said to have tossed mud and other debris at Senator Tom Heflin, while that robust and rambunctious statesman was talking to a flock of Klansmen in Massachusetts. Which is no way for the Bay State to welcome the ring-tailed roarer from Alabama. But probably Tom will blame it on Rome anyhow, so that Brockton will escape without grave censure.

UPS AND DOWNS

Experts in the soviet engineering school in Leningrad are reported as striving to develop the rocket idea in transportation—by which great power is supplied by a series of tail-end explosions. They are talking glibly of a speed of eighty miles a second and of possible communication with Venus or some other careless planet. It all sounds like the operations of a Socialistic government—up like a rocket and down like a stick.

DEMOCRATIC ORGAN

Al Smith has bought him a massive hurdy-gurdy and installed it in his suite in a New York hotel. Perhaps the idea is to develop this as the official organ of the Democratic party. But the New Yorker says that this thing goes with a monkey rather than a mule. Would Democracy wish to change its symbol? The former Governor says that if he had one of the monkeys from his Albany zoo he could take his hand organ out on the highways and make a lot of money. Of this there is no doubt. He might try a little of it toward wiping out the deficit of his national committee.

HAIL COLOMBIA

The government of Colombia, in South America, has appointed an engineering commission made up of one American, one English, one French and two Colombian experts to study the country, its needs and resources, with the idea of preparing a program of public improvements. They will lay out important roads and make plans for such bridges as are vital. Of course it is hoped to ultimately float a foreign loan to cover most of this work, but the citizens aver that they are going ahead anyhow whether America takes more of their bonds or not. The government of the country appears to be safe and sane and the investments we already have there are considered excellent.

THE HARBOR BELT LINE

How much municipal-ownership theorism and how much desire to control political patronage are back of the "issue" some of the Mayoralty candidates are making against the unification plan for railroad facilities at Los Angeles Harbor, it is difficult to determine; but it is safe to say that if the plan is defeated in favor of the so-called municipal belt line those who get the political patronage will be the chief beneficiaries of the latter and there will be a long list of sufferers, including shippers, taxpayers, the public and the railroads.

It is impossible, in a nutshell, to present the complete argument in favor of the unification plan and against the politico-theoretical plan; the Harbor Commission has succeeded in reducing the main points of the argument to thirty-three typewritten pages, in a summary which it has made public and of which it has sent copies to all the announced candidates for Mayor; but even that comprehensive summary does not tell the whole story. It does make plain, however, to any unprejudiced and fair-minded individual that the unification plan, to which the city is committed, is in the public interest; that it will give the city full protection, including all the advantages that could possibly be the result of municipal ownership and operation; that it avoids the disadvantages; and that it will result in better and cheaper facilities for shippers and other users of the harbor than the alternative scheme.

The nearest thing to concise statement that can be framed, probably, is this: that the choice between the two plans is a choice between one system and five; that the five-system plan involves expensive and confusing duplication of trackage and multiplication of switching charges; that it will necessarily be several times as costly to operate; and that it will inevitably involve delays and inconveniences.

Many people appear to have the impression that the city at the present time owns a sort of belt-line railroad, which needs only a little extension to serve all parts of the harbor. This is far from the truth. The city owns eleven separate parcels of trackage, connecting existing railroad lines with wharves and other structures on city-owned land. To consolidate these into a system would require approximately sixty-seven miles of construction, virtually all of which would parallel trackage of the other railroads, and such duplication would very obviously be sheer waste. The city lines at present are mere feeders of the Southern Pacific, the Pacific Electric, the Santa Fe and the Union Pacific. They do not constitute a system, nor can they readily be made into one.

The unification plan, on the other hand, provides a system at a minimum of construction effort, which gives every railroad free access to every spot where there is trackage, and permits the fullest competition between them for the shipping business of the harbor. It is not true, as is being asserted, that the unified system will be under the "domination of the Southern Pacific" or that the railroads will control it. On a board of eight, under the plan, the city will have four representatives, and six votes will be required to decide. Assuming the Southern Pacific and Pacific Electric representatives to act in unison, those two votes are far from domination—four votes short of it, in fact; nor can the four railroad representatives run the board, even if they can get together.

Apparently there is no help for the injection into municipal politics of this issue, specious and illogical as it is; it is there and must be dealt with by the voters in the light of the best information they can get. It may guide them to know that the rail unification plan was suggested by United States engineers and worked out by the Greater Harbor Committee of Two Hundred with the aid of engineers of the State Railroad Commission; and that it has the hearty indorsement of virtually every civic organization which has made a study of it.

If it is not interfered with it will go into effect as soon as the Interstate Commerce Commission has given its final approval. The other plan involves great delay and great expenditure of public money—money which can be put to far better use, and it will result in an inferior plan.

OKLAHOMA'S GOVERNORS

Oklahoma has just rid herself of a second successive elected Governor by the impeachment route, and the Legislature, after two years of turmoil, is presumably squared away to deal with the next comer or what have you? No one can say that Henry S. Johnston, now entitled to write Ex-Gov. before his name, gave up without a struggle; on one occasion he abolished a legislative session by calling out the State troops, to prevent it from doing what it has now done.

The Oklahoma Senate threw out a long list of charges against Gov. Johnston, but convicted him of general incompetency. Consultation of the spirits—etherial, not alcoholic—before taking any important step was one of the charges against him; but most of the objections were based on his supposed deference to the wishes of his confidential secretary in all State matters.

In thus summarily disposing of Governors who do not measure up to the standards set by the Legislature, Oklahoma shows an enterprising and experimental disposition and may succeed in hammering out some new principles of government worthy of general adoption. Most States, saddled with a mediocre executive, endure and wait till the next election. But Oklahoma strives for perfection. She may not get it, but at least, the application of the mathematical doctrine of probabilities will insure obtaining a reasonably satisfactory Governor some time, if all the bad ones are ousted soon after their seating.

HIGHBROW LINEAGE

As the direct descendant of two Presidents of the United States Charles Francis Adams, the new Secretary of War, supplies the historical and social perspective for the new Cabinet. The family can even give the Colonial Dames a thrill. The Adamses have been the cream of Massachusetts for 300 years. **If we have any aristocracy they are it.**

The
LEE SIDE O' LA
BY Lee Shippey

MILLIE the co-ed, who recently wrote about her adventures on skis and toboggans at Big Bear, has taken pity on us again. She writes:

Likes All of 'Em

THE LAND OF SUN-SHINE "HUH"

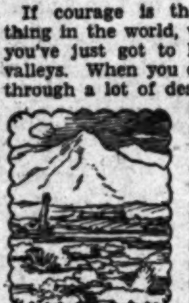
Dear Mr. Leeside: Noticing that your colyum has been rather dull lately, I thought I'd write a few lines to try to help you brighten up.

When Uncle Bill came out from Iowa for a visit he religiously did his best to find fault with California. And, boy, he was some finder. On what he'd call a glorious spring day back home he'd shiver like he was trying to test the holding powers of his false teeth and say, "Br-r-r! I thought you never had really cold weather here!" And when it rained once in six weeks he'd go around sneering, "Is this what you call sunny California?" with the "sunny" accented as strongly as Hollywood French.

And now that he's been here through most of a winter he's still like all the others. He's going to settle somewhere in California, and every week-end we drive him to see some place which may be his fortunate choice. Our latest trip was to Coachella and Imperial valleys.

Ah, Fickleness, Thy Name Is Millie!

If courage is the most thrilling thing in the world, with beauty next, you've just got to hand it to those valleys. When you drive down there, through a lot of desert just like Imperial Valley was, and then see what men have done to it in twenty-eight years it—well, I just can't express it. It actually made me doubt that Mr. Wilson, who was driving us, really is the greatest hero that ever lived, even if he did score a touchdown in our closest game last season.



Desert Bloom

Boy, there's plenty of men in the Coachella and Imperial valleys that have made the desert blossom like the rose. But nobody anywhere ever made the rose blossom like the desert!

Snow still flashed on San Gorgonio and San Jacinto as we swept between them, but it wasn't that which made us catch our breath. It was our first glimpse of desert wild flowers, not out in full force yet, not painting the desert with great rainbow stripes as they will be in a few more days, but so exquisite in daintiness and in fragrance they made me glad I'm not an artist, because I know if I were one the impossibility of picturing them would break my heart.

Comes the Law

I loved them so I wanted to get right out of the car and pick them all so nobody else could enjoy them. But Mr. Wilson restrained my generous impulse. He said that now there's a law against picking desert plants, as some folks had been gaily uprooting 1500-year-old ocotillo cactus and other things it would take a good while to reproduce. Even the smoke tree, he said, which shines like a silvery ghost, and which everybody wants to cut for the living-room vase, must be at least seven or eight years old before it is big enough for anyone passing in a car to notice.

I'm sorry about that law. Because if the best people wink at it like they do at Mr. Volstead's there soon won't be any desert plants left, billiony as they are at present.

Coachella Valley

There's something about the Coachella Valley that just gets you. No, that's wrong. There are a lot of things about it that get you. There's the contrast of desert and oasis, the secretiveness of palm canyons, the shy, veiled graces of atholtree windbreaks, the mysterious colors which camouflage the guardian mountains—and if you remember how camouflaged ships were painted you'll know what I mean—utterly deceiving one as to distance and outline.

And there are dates enough for all the flappers in Los Angeles.

Where Dates Are Berries

Near Indio we ran into date-palm groves, and stopped to find out about them. There are seventy date growers there, but they produce 85 per cent of the dates raised in America. Twenty-five years ago it was discovered that date palms would grow there, and the government experimented there and in Mecca, sending to every country in the world which raised dates for offshoots which might grow there. They found that dates heretofore grown only in Algeria, Tunis and Tripoli were best suited to that valley. And why? Well, maybe you don't know that quite a lot of Africa is farther north than San Diego.

They experimented till 1911. Then they brought over 2000 offshoots—like bulb-plant offshoots—and got busy in earnest. Boy, they met with more troubles than John J. Raskob did. But now dates are so common they call them berries. There is a packing plant near Indio which packed 1,000,000 pounds last year and could do an international business, but the home foks gobble the product up so fast. Last June the first carload shipment of American dates was made to New York, and there have been three since. And I wouldn't wonder if pretty soon all the health faddists in America will be saying: "Eat Coachella Valley dates—they make you feel like a sheik."

GEE! THEY'RE GOOD
DATES

Leeside, I've got an interesting berry (meaning date) to keep right now, so I'll write you about Imperial Valley tomorrow. MILLIE.

OUR CITY SAFEST

While there is a large spare room for improvement, and while our laments at the terrific week-end toll of life have been loud and genuine; yet Los Angeles turns out to be the safest city in America, according to the Traffic Commission.

Nor does this come from fewer automobiles. Los Angeles county has 745,929 registered motor vehicles. Of these 430,000 are in the city proper. Last year we suffered 320 traffic fatalities within the city limits. Even though some accuse our city limits of extending to Alaska, that but takes in more territory for trouble. We had one death for every 1343 cars.

According to the latest available reports, Chicago has 368,982 automobiles and 831 deaths in 1928, or one for every 444 automobiles. New York had one death for every 525 cars. San Francisco is debited with one for every 940 machines. Detroit next to Los Angeles has the best record in the country, or one for every 1056 cars.

Whether we have better traffic regulations, or the California folks are more careful or agile, as the case may be, it may be difficult to determine. Without doubt each car in Los Angeles travels farther each year with our all-the-year-round good weather conditions than cars otherwheres. Again this doubtless increases the possibilities of car casualties here for the number of vehicles registered. If we had the statistics of accidental deaths for the number of miles traveled by motor vehicles, Los Angeles would stand out more than ever the Angel City she is. Angelenos are angels by birth; other cities manufacture angels via the traffic route.

However, Miss Los Angeles should not flatter herself that she is Miss Perfection. Three hundred and twenty deaths, even though low compared with the toll of other cities, are that many too many.

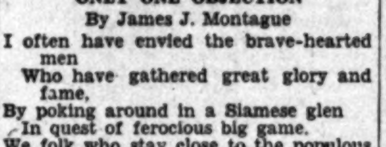
Our keepers of the public safety appear to be tagging the motoring public with larger success than other cities are doing. Some fatalities are unavoidable. Children often rush in where only guardian angels can save them. Elderly folks frequently become confused and step into the way of traffic. But on the whole Los Angeles can be proud of her record.

WILDS OF BORNEO

Students of the University of Chicago have gone into the wilds of Borneo to spend a year with the Dyaks and other remote tribes. The purpose is to prove that there are no such things as head-hunters among the peoples of the islands. If the boys don't lose their heads they win.

GAME OF CONVERSATION

The extra session of Congress is primarily planned for the relief of the American farmer, but the American politician will first claim a hearing.



ONLY ONE OBJECTION

By James J. Montague

I often have envied the brave-hearted men
Who have gathered great glory and fame,
By poking around in a Siamese glen
In quest of ferocious big game.
We folk who stay close to the populous marts
Grow sodden and flabby of will,
We ought to fare forth to the wilds, where our hearts
Could leap at the thrill of the kill.

To meet with a tiger upon his own ground,
Instead of pent up in a zoo,
And lay him out cold at his very first bound—
That must be a grand thing to do.
And how nice it would be, when we'd hung up his hide
With the head looking savage and grim,
To say to our friends, with excusable pride:
"Yes, one single shot laid out him!"

But doubtless the tigers feel much the same way
When abroad through the jungle they roam
Intent upon making the hunter their prey
And to carry him happily home.
When, quietly stalking the wilderness through
In every direction they glance
And as soon as a man with a rifle they view
They tremblingly growl: "Here's our chance!"

I know I should feel inexpressible joy,
And believe I was walking on air,
Could I pick up a weapon and swiftly destroy
A lion which leered from its lair.
To watch these great brutes making off on the run
While I hurried along on their track,
Pumping shot after shot, would be plenty of fun
If only they wouldn't hunt back!

(Copyright, 1929, by the Bell Syndicate, Inc.)

THE TRUTH ABOUT AUSTRALIA

BY COL. EDWARD P. BAILEY

In answer to numerous requests, in a spirit of fair play to a friendly nation, and to correct the fallacious statements relative to one of the best customers of the United States I wish to challenge many of the remarks of a writer in recent issues of your paper under the caption, "What Is Wrong With Australia?"

Colonization of the United States took place fifty years at least before that of Australia, and the latter has always had the handicap of being so far remote from the world's markets. True, Australia has been going through the growing pains of labor troubles, and if we will look back into the history of the United States we will find that it had the same experience; far less than fifty years ago, as a matter of fact, less than half that time we had very vivid experiences of devastation right here in Los Angeles, added to loss of life the like of which has not occurred in the Antipodes.

Mr. J. E. Hogg states—"for the past thirty years Australia's labor government, etc."—this is so far from the truth that it is absurd. Australia was created a commonwealth January 1, 1901; the Federal government is a Liberal government, and except for a brief period of 1915 to 1917, when labor was in power, it has always been, and is now a Liberal government. Two-thirds of the States are free from labor in power, and the other one-third rapidly waning; so much for that statement, and those pertaining to it.

Wool and wheat are other matters whose mention is contrary to facts. They have not suffered but have steadily climbed in volume of production. Figures for 1927 show sheep, 104,267,101, an increase of 25 per cent over previous years for a long period. Another statement flagrantly wrong is that there are 15,000,000 acres less land under wheat cultivation; the fact is that there are 4,000,000 more than in 1918, a steady increase for many years, the area today being 11,687,919 acres under wheat cultivation.

Mr. Hogg further states that "some years ago the government took over the operation of the railways, etc." and "railway building was originally undertaken by thirteen different companies," etc. The facts are that no companies, except railroad contractors, ever built railroads through the States, except under contract to the State governments, who have always operated, and owned them, and as far as the writer's knowledge goes as one connected with railroad building in Australia, there were some four firms in competition. Further while it is true that on several occasions private authorities were permitted to construct several small mileage lines, they all failed and the government had to complete them and operate them. Notwithstanding the sparse population of 6,000,000 people spread over the great area of the six divisions or States of Australia, some 3,000,000 square miles, and the naturally vast distances from city to city, the five capital cities are linked by rail, some of the country traversed being at the time virtually unexplored, and the railroads were built under great difficulty by camel teams. They were all government designed, constructed and operated, and on all lines agricultural settlement was encouraged by very low rates.

Altogether the Australian governments have spent some $1,316,500,000 on railways, and earn a total gross revenue from them of close on $207,000,000, of which working expenses absorb roughly three-fourths, leaving one-fourth to pay interest on capital, a very fair result considering that some of the lines are development lines. The interest charges on cost of equipment and construction have to be met out of general taxation; nevertheless the railroads are owned by the people, and give a one-way continuous line of railway journey from Queensland to Western Australia, a distance of 5499 miles. Let the reader take a map and study this, and the only logical and fair conclusion to be arrived at is that this is a monument of attainment to the credit of Australia.

True also there are four different gauges of main railroad in the commonwealth at this time, for which when the colonies were unfederated there was good and sufficient reason, unfortunate now, in some respects, but not so bad as Mr. Hogg would have us understand, and plans have been under consideration for many years past to standardize same. Another great achievement of Australia is that today her entire coast line of 12,205 miles is already paralleled with air lines in operation.

J. E. Hogg is again woefully wrong in the statement that Australia is virtually bankrupt, and has drawn on a vivid imagination purely in regard to this, as any banker doing a foreign trade contact in Los Angeles can vouch for, irrespective of the fact of the report of a recent financial commission investigation. In addition the national debt of this wonderful and virile island continent was materially increased by the heroic self-sacrifices of the whole of the people by the part they undertook in the recent World War, not only by financial contribution, but in supplies, equipment and manhood, and not as a result of labor dominance, as your writer asserts.

The author of "What Is Wrong With Australia?" is so far astray in the facts of his statements, that anyone who knows the northern territory and its Port Darwin, will smile at the connection of wheat, wool and cattle. It never was a wheat country, and sheep and cattle were never anything but a matter of local requirements, to the extent of a few thousand, as compared with the millions in other States. The statement relative to pilotage inside the Barrier Reef must surely have been made to add to the indictment, or increase space, as the stopping of the Dutch vessel calling at Port Darwin was of no material matter to the trade of the port or the pilotage, as there is quite adequate service to the port by the Burns Philp Steamship Company to care for the trade of that section.

The same lack of knowledge of facts is patent in Mr. Hogg's statement that the bankrupt government refuses to build roads, irrigation projects, etc., the official year book of the commonwealth of Australia plainly shows this, and that the expenditure on roads in New South Wales alone during 1925 and 1926 was over $5,000,000 and in the smaller State of Victoria, some $500,000. While as regards irrigation, the same authority shows that the expenditure on one project alone—the Hume works on the River Murray, up to December 1, 1927, was $22,000,000, with provision of a further expenditure of over $6,000,000 for 1927-28, this in addition to numerous other smaller works going on.

As a matter of detail I might continue right on down the line with every statement of Mr. Hogg's with more or less similar result, but I would be interested in knowing not only when Mr. Hogg was in Adelaide and had this lumber interview with Mr. Stacey, but when was South Australia a great lumber State? Either these gentlemen know something that is not known there, or they have got the names of States mixed.

It is unfortunate that such rash statements can be broadcast that are not constructive, but are unfair and certainly not sportsmanlike. It is doubly unfortunate that in view of the fact that our Department of Commerce of United States of America is urging the need of foreign trade, that such a valuable customer of the United States and one to the extent of about $205,000,000 per year, as the exports to Australia from the United States show, and of which a very fair percentage was shipped out from the Port of Los Angeles, should be the one selected for such destructive, and unnecessary wholesale criticism, and odious comparison. It has also been a problem to me to know how some writers can portray any real idea of a foreign country, with a long sojourn of two or three weeks, or describe its railway journeys, by remaining in one city and its environs, by traveling around on a street car. I will undertake to say that there is not a single merchant in the United States today but who would be glad to double his business done with this alleged blighted country.

Instead of stagnating as our friend states, Australia has just built itself a Federal capital at Canberra, along modern lines, as planned under competition by an American architect, B. R. Maybeck of San Francisco. Sydney's city underground railway costing $50,000,000 is just about completed. The Sydney Harbor bridge, the largest arch bridge in the world, connecting the city and northern suburbs, 1600 feet span, 170 feet head room at high tide, and costing $25,000,000, is making good progress. For its population Australia has made the greatest progress in aviation of any country.

The value of its production in minerals mined for the year 1926-27 is over $120,000,000. Butter, milk and cheese produced, valued, $235,000,000. Hardwood lumber cut, valued $54,000,000. Oats, corn and barley, $24,000,000 value. Sugar cane crushed, some 4,000,000 tons. Cattle, 13,000,000. Horses, 3,000,000. Wool and sheepskins, value $317,000,000. The foregoing are a few of the staple lines of the returns for one year. The total value of all productions for 1926-27 was $2,234,370,000, for the population of about 6,000,000 people, and all primary productions only. The same year shows that Australia had 21,579 factories in operation, the value of the output being $2,043,464,190. This will give a little idea of the exact situation, at just the time Mr. Hogg paid, as I understand from him, his first and only visit to that country, which was the short time of wait for steamer for New Zealand.

More money per head is spent in Australia on such items as schools, hospitals (as now advocated by Cabinet Minister Wilbur) and old-age pensions, than in any other country on earth. School instruction is available to all, no matter how remote the scholar; the consequence is no illiteracy in that country. There are likewise no slums. There you will find the parliamentary institutions as well as the judicial system are British, and no less distinguished than the British for spotless integrity.

It is the one continent in this world held by one people, speaking one language, all owing allegiance to one sovereign, and a continent unstained by war within its borders, and held and controlled by the race which first wakened it to civilization.

Transfer Tossers Fined

In the recent "Cleaner City" campaign in Sydney, Australia, 257 people were prosecuted in the first week. The chief offenses were the throwing of street-car transfers and empty cigarette boxes on the streets. Anyone caught committing these offenses was promptly handled by the inspectors, who worked among the crowds.

The patience of Job [illegible] have impressed us much [illegible] if his typewriter ribbon [illegible] come off on a busy day.

Useless wedding presents won't burden Lindy. He can store them with the medals.

Another thing that makes crime strange is the fact that there are so many legal ways to steal.

You can tell a native at a winter resort. He is the one who apologizes for the weather.

About the thirty-seventh rainy day old Noah probably began to envy those who made no preparations to float.

Hatless young men seem especially silly to the old boy who thinks his age doesn't show when he has a hat on.

If the summer White House needs nothing but elevation and isolation, what's the matter with a balloon?

Nature keeps success within limits. The more a man gets, the more easily he is licked by one who has nothing to lose and isn't afraid to take chances.

Be patient. The other fellow would see things as you do if Nature had given him your wonderful mind.

Americanism: Abusing witnesses with the court's consent; wondering why people don't respect the courts.

Statisticians say the country is eating less beef, but they probably don't count that in chicken salad.

Mr. Coolidge will get the full shock of his new estate when he sees the last paragraph of his magazine stuff cut short to fit around the advertising.

A postage-stamp machine is a great convenience if the drug clerk has time to show her how to work it.

If that German really has invented a paper that won't burn, it will be handy when you must answer Junior's appeal for more college expense money.

The spring song contains almost every musical note except the sweet sound of a bat meeting a fast one.

Several Senators want a law to forbid the wicked practice of buying on margin, but don't tell how much they lost.

A Scottish piper is said to play every day near King George's bedroom, but there is no other evidence that the monarch's recent illness affected his hearing.

The world is kept alive by the services of people who are too busy to become known.

The minute a man begins to realize that things might be worse he becomes an optimist.

Si Heck approached his neighbor to pass the time of day. "I set my boy to sawin' some wood lately," he said.

"Did ye?" replied Joshua Higgins. "I'll send my boy Alf right over to help him."

"No, you won't, either! I want the job did in a hurry."

WHERE CAN I LEARN

To Build a Battery?

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is inclosed. Address: Louise L. Temple, care of The Times.]

The cheapest battery costs $7, but a diligent student in the Gardena Evening High School, Normandie and Gladstone streets, Gardena, can make one in class for a dollar's worth of materials. Similarly, a $30 battery can be made for $2. The knowledge gained in battery building, however, is worth far more than this saving.

Harold McLendon, instructor of the class, was an auto electrician in the Los Angeles [illegible] machine shop for three years and for five years he had his own electrical shop.

In connection with the instruction in battery building, McLendon helps students with their problems on auto and household electrical equipment. Students may bring their [illegible] and repair their ignition systems and spark plugs. They may bring starters or generators off of the car; and, after repairing, can test them with the tester at the school shop before taking them back to the machine.

Helpful husbands may repair electric irons free or at nominal costs—the greatest possible expense being $1, if a new heating element is necessary. Many men have repaired their washing machines. The motors on these often get out of order, due to overloading, which strains the motors and burns them up. Most washing machines have one-fourth horse power, and they should have one-half horse power. A man can change the work over for about $1 plus the time of six or eight evenings.

This class is a part of the free public school, and there is no charge for instruction.

CHICAGO CUBS DEFEAT DETROITERS AGAIN, 8 TO 4

PHANTOM FINN SPROUTS WINGS

[illegible] Hither and Thither About Continent

[illegible] Flits Around Cinders as Occasion Demands

Scheduled to Flit Here in Coliseum Tomorrow

BY BRAVEN DYER

Prof. Paavo Nurmi, the famous [illegible] and run speedster from the other side of the water, has in reality become not only "The Phantom Finn" but also "The Flying Finn."

PAAVO NURMI

The man who astounded the world by winning four championships in the 1924 Olympic Games, the man who runs in one country on a given night and hops for another for an engagement three days later, the man who races around the track with a ghost-like stride which gave him the first of those nicknames—this man flies into Los Angeles tomorrow morning via airplane. He is due in a Western Air Express ship at [illegible] Field at 11 o'clock.

It is not unusual for men to fly into Los Angeles by airplane. Likewise nothing that Nurmi does is unusual—or perhaps we should say [illegible] he does should be considered unusual—for Paavo is such a [illegible] both mentally and physically that there is no way of determining his next move, be it on land or sea or in the air.

MEETS CARTER

Nurmi has a running engagement at the Coliseum tomorrow afternoon with Ernest Nickolas Carter, the [illegible] young real-estate agent who trains by chasing prospective purchasers from one tract to another. Under ordinary circumstances the great Nurmi would think no more of running a young fellow like Carter than he would of jogging across the street for his breakfast.

But disquieting reports have been carried across land and sea about this young realty man. It seems that two years ago Nickolas constituted himself an official reception committee to that famous Swedish schoolmaster, Edvin Wide, nee Veedee. Scenting a possible sale, Carter decided to give Wide a royal welcome and laid his plans accordingly. Nick figured out that he could run the Swedish pedagogue bowlegged, flatchested and flatfooted, following which the visitor would be in such a broken-down condition that he would be unable to repulse the advances of the right smart real-estate salesman. The upset of all this conniving was that Nickolas did run Wide bowlegged,

(Continued on Page 2, Column 6)

THEY'LL SUPPORT THE "PHANTOM FINN," TOO

These three Southern California dark horses revealed themselves as sterling athletes at the Trojan-Olympic Club track-and-field meet a week ago. Fitzmaurice (left) ran the mile in 4m. 29 1-5s. while Swede (next) was not far behind him. Schleimer (right,) put the shot 46ft. 9¾in. when nobody suspected the Trojans had a shot putter worthy the name. All of these young men will appear in the Southern California-Occidental meet which is part of the big Nurmi program at the Coliseum tomorrow afternoon.

HORNSBY IS BATTING STAR AS BENGALS BITE DUST

Rajah Clicks Home Run, Double, Single; McManus Swats Homer With Two on for Tigers

BY BOB RAY

Chicago's Cubs made it two straight over those toothless Tigers of Detroit yesterday at Wrigley Field, and if the game was a sample of what goes on in the majors, the local fans ought to be mighty glad that the Coast League season opens Tuesday. The score was 8 to 4 and if two ball clubs ever looked as though they didn't care it was Joe McCarthy's Cubs and Bucky Harris's Tigers yesterday afternoon.

Rogers Hornsby, who didn't look so hot in Wednesday's game, showed the 6500 fans on hand that he is still the star slugger of the Chicago contingent. The Rajah slapped out a home run, a double and a single in five trips to the plate and personally accounted for the driving in of five Cub runs.

ROGERS HORNSBY

Hal Carlson and Mike Cvengros did the hurling for the Cubs and held the Tigers to eight hits that were fairly well scattered. Carlson blanked the Junglecats in the first four rounds to give him a record of nine successive scoreless innings during the exhibition games, but in the fifth Marty McManus, Detroit third-sacker, slapped one over the left-field wall with two on to end Hal's record. Cvengros took up the hurling duties in the sixth and yielded three hits and one run in the last four rounds. Mike had a couple of anxious moments in the sixth and seventh rounds but breezed by with only one run scoring off him.

HEILMANN HITLESS

Harry Heilmann, the Detroit first-sacker and supposedly premier slugger, certainly didn't look as though he ever led any league in hitting if his batwork yesterday was any criterion. Harry, who led the American League sluggers in 1921-23-25-27, didn't hit a ball out of the infield and didn't look as though he even could. If any

MOTOR BOAT TITLE WON BY SEGRAVE

British Major Cops Honors from Rival; Leaky Craft Slows Up Englishman

MIAMI BEACH (Fla.) March 21. (AP)—Before a colorful crowd that lined the shores of Biscayne Bay, Maj. H. O. D. Segrave of England today won the world's motor boat championship in listless fashion despite the fact that he finished the twelve-mile race one and three-fourths laps behind his opponent, Gar Wood of Detroit.

Segrave's victory in the championship, which was sanctioned by the American Power Boat Association, was computed on a point system in a two-day competitive race between the two internationally known sportsmen and had no bearing whatever on the mile straightaway record of 92.8 miles an hour now held by Wood's brother, George.

The British driver, piloting his trim single-motored craft, Miss England, collected 400 points yesterday by finishing first, and 361 points to-

M'LARNIN MEETS MILLER

Jimmy's Eye-Glazing Right Hand Pitted Against Ray's Deadly Left Hook Tonight

BY EDWARD J. NEIL
Associated Press Sports Writer

NEW YORK, March 21. (AP)—The thrills and dramatic possibilities hidden in the lithe frames of two youthful punchers, the Celtic Jimmy McLarnin and blond Ray Miller, will lure close to 21,000 of the fight faithful to Madison Square Garden tomorrow night for a thorough testing of the ancient theory of a deadening left hook versus an eye-glazing right hand.

It is a theory that has been argued in the ring before and undoubtedly will be threshed out again some time. There is nothing new in the situation for the youngsters themselves. They debated the matter once before in Detroit. But there was a shock for ring students in the result that night when the corn-haired hooker from Chicago battered McLarnin so badly that "Baby Face" could not answer the bell for the eighth round.

JIMMY McLARNIN

The boys who watched Charley White, another Chicago star and probably the left-hook king of all lightweights, try for years to crack a solid southpaw shot on Benny Leonard's chin will gather to find out if such a thing is possible. If Miller can repeat his technical knockout victory there probably will be an official revision of the theory that "left hooks never beat straight rights."

MILLER CONFIDENT

Miller believes that he can whip McLarnin, the boy who knocked out Sid Terris, Phil McGraw and Joe Glick in a round or so apiece, any time at all with just his left hand. He is so confident that he isn't afraid to concede the Irish belter considerable advantage on the scales. Jimmy is more careful with his language, but thinks he should do much better tomorrow night if he avoids such a punch as the left that ripped a deep gash under his right eye at the start of their previous tussle.

So skeptical of repetition is fight fandom that odds on McLarnin in the wagering have steadily lengthened from 8 to 5 to 3 to 1. The weight element has had something to do with

(Continued on Page 2, Column 3)

BOROTRA GAINS SEMIFINALS OF INDOOR NET TITLE PLAY IN GREAT BATTLE WITH HALL

NEW York, March 21. (AP)—Jean Borotra was pressed to the limit in the quarter-finals national indoor tennis championship today to defeat the pugnacious Gil Hall of Orange, N. J., by 10-8, 6-4. Hall, who holds the Canadian indoor crown, gave the French player stroke for stroke. Borotra thus had a harder time winning his way into the semifinals than did either Bill Aydelotte of New York, the defending champion, Frank Hunter, of New Rochelle, N. Y., or Julius Seligson, of Lehigh, the inter-collegiate titleholder, who alone remain to bar his way to the championship.

JEAN BOROTRA

Aydelotte, who plays the French Davis cup veteran tomorrow for the right to enter the final, chalked up his fifth straight-set victory at the expense of Lawrence Kurzrok, New York, 6-4, 6-3.

HUNTER WINS

Hunter eliminated Herbert L. Bowman of the New York A. C. by the same scores, and Seligson qualified to play him tomorrow by crushing Gregory Mangin of Newark, N. J., 6-4, 6-2, in a match which was chiefly notable because the umpire fell off his elevated chair. Man-

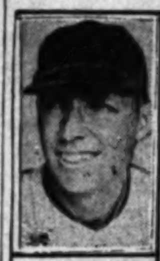
STARS ROUT PLASTERERS

Hollywood Conquers Semipro Club, 4-1, as Wetzel Turns in Fine Mound Exhibition

SAN DIEGO, March 21.—Allowing three scattered hits and striking out ten batters, Edward (Buzz) Wetzel turned in a masterful mound exhibition today for the Hollywood Stars in turning back Bert Stratton's pounding Plasterers, 4 to 1, in a fast exhibition game.

Only in three innings did the Plasterers fail to retire in one-two-three order, unable to touch Wetzel's fast curve. Wetzel is the first Hollywood pitcher to toil a full game this season and it is needless to say his efforts pleased Manager Oscar Vitt.



OSCAR VITT

The Stars are slated to start against the Sacramento Solons next Tuesday in the opening Coast League contest of the season. He is ready and if that statement needs corroboration, the Plasterers will be pleased to testify.

Runs came in pairs for the Stars, the monotony of goose eggs on the scoreboard being relieved in the third and seventh innings. Wetzel opened the third by singling to right field, and he came home on Mike Maloney's sizzler to the left field, which went for two bases. Bonowitz brought Maloney in with a double, but Peterson retired the side before Bonowitz could get any further.

Dudley Lee walked in the seventh, stole second, went to third on Maloney's sacrifice fly and scored while Bill Ramage was booting Bill Albert's grounder. Singles by Bonowitz and Bill Rumler chased Albert across the plate. Earl Dunning, right fielder, made a thrilling running catch of Mickey Heath's long fly for the third out.

After Max Clarkson struck out and Lee Ramage flied out to Bonowitz in the first canto, Bill Ramage cracked a single to right and went to second on a passed ball. He did not get any farther, however, as Lawrence Peterson, pitcher and clean-up man in the batting order, grounded out. That was the only blow the Plasterers were able to get until the seventh, when Lee Ramage doubled and scored while Red Rol-

(Continued on Page 2, Column 7)

PREXY GIVES STATEMENT ON LADIES-FREE CONTROVERSY

A statement was issued yesterday by President Harry A. Williams of the Pacific Coast League relative to the "ladies free" controversy. It outlines the intention of the Los Angeles club to admit women free at Wrigley Field, not to collect from other clubs for women when the Angels are traveling, and the step to be taken by the league head in case visiting clubs object to the practice. The statement follows:

HARRY WILLIAMS

"Considerable confusion seems to exist as to the status of the 'ladies free' controversy in Los Angeles, and several have asked me for the details.

"Some weeks ago the Los Angeles club informed this office that women would be admitted free to every game at Wrigley Field, and this office has not been notified of any change in this policy.

"In recapitulation, the Los

(Continued on Page 2, Column 2)

LLOYD THOMAS GETS MEDAL

Lloyd Thomas won more football laurels at the annual Trojan grid banquet Wednesday night, when he was awarded the Davis-Teschke medal, as being the greatest inspiration to his team-mates. The awarding of the medal is an annual affair. Thomas previously had been awarded the University Club trophy for being the most valuable player, in the four California schools in the Pacific Coast conference—Southern California, U.C.L.A., California and Stanford.

"Ward, if my talk has any merit tonight, it will be because of this suit I am wearing. As you know, a number of things had upset me and when I agreed to speak I did so reluctantly. However, when the boys wouldn't take 'no' for an answer, I got to thinking the matter over and decided a new Oviatt suit might help the occasion a lot, and, do you know, it has made me feel great . . . their clothes have a psychological effect upon a person that makes them worth many times their price."

Homer Sheridan Heavy Favorite to Whip Joe Roche Tonight in Hollywood Rin

VISITING BOXER SHORT ENDER

Fred Winsor Will Second Roche in Fight

Sheridan Will Go Out for Knockout Victory

Joe Guerrero and Joe Noto Mix in Semi-Wind-up

The boys who like short-enders are hopping on Joe Roche to beat Homer Sheridan in the main event at the Hollywood American Legion tonight. Sheridan will enter the ring a heavy favorite, but Fred Winsor has the San Francisco Italian in great condition and fighting better than he has for many months.

HOMER SHERIDAN

Boxing men are almost unanimous in their opinion that Roche is the best fighter Sheridan has been matched with since he came to this Coast. Roche is game and knows how to fight. He isn't going to enter the ring frightened and beaten before he starts. With Winsor in his corner Roche has a mighty good chance to win.

Sheridan has beaten every fighter he has met on this Coast. He looms up like a good bet to beat Bert Colima if they ever fight. A Colima-Sheridan fight is on the fire, but Colima is a bit backward about accepting terms. Sheridan claims he's going to flatten the Mexican if he ever gets him in the ring.

Unless Sheridan opens up and fights tonight he will run second. Sheridan can fight, but at times he is inclined to go into a shell and expect his opponent to do all the leading and to force the fight. Sheridan waits his chance to get over his now-famous left hook, which has been his best punch.

If Roche beats Sheridan it will be an upset as Hollywood fans think Sheridan should win and some believe by a knockout. Both men are in good condition and the fight should be a close and interesting one from the start.

Some nifty-looking preliminaries are on the card. Joe Guerrero, Mexican lightweight, is fighting Joe Noto in the semi-wind-up. Guerrero should be the winner as he is a good boy with everything but experience to make him a top-notcher. He has been handicapped by lack of fights. The Noto-Guerrero bout may be the best on the bill.

Young Chet Gleeson is stepping along nicely, but he must be careful with Joe Piminthal. Gleeson is the better boxer and should win, but Piminthal has a dangerous punch.

In the second spot Johnny Cordova looks like the best bet. He fights Ralph Leonard. Cordova shows signs of becoming a great fighter. He may win by a kayo. Cerilo Accunning fights Bobby Rodriguez in the curtain raiser.

Golden Prince Loses by Nose

TIA JUANA RACE TRACK, March 21. (Exclusive)—Alexander Pantages, speedy 4-year-old colt owned by and named for the theatrical magnate, won by a nose over Golden Prince, Coffroth Handicap victor, in the Cabazon Handicap, feature of today's program. Alexander Pantages won the mile and one-eighth gallop by a nose in 1:51.

Carrying top weight of 122 pounds, the Kentucky Express, Golden Prince, Jack Parmelee in the saddle, trailed Penalo, the pace setter, until reaching the stretch. Here Alexander Pantages came to the front, and given a rousing ride by Hurst Philpot, was able to stave off the Coffroth winner. Jack Dempsey's Doctor Wilson was third. Results:

First race, four furlongs: Vagabond, 111 (Critchfield,) won; Foreign Club, 116 (Lyons,) second; Phil K., 108 (Trivett,) third. Time, 0:48 4-5.

Second race, one mile: Athelrain, 111 (Lowman,) won; El Cid, 106 (Lyons,) second; Gondolier, 111 (Wilson,) third. Time, 1:42 4-5.

Third race, five furlongs: Willow Bramble, 121 (Barrett,) won; Sarez M., 123 (Steffen,) second; Red Bas, 123 (Bulder,) third. Time, 1:01 3-5.

Fourth race, five and one-half furlongs: Honor Thistle, 107 (Steffen,) won; Critic, 109 (Neal,) second; Woodface, 107 (Wilson,) third. Time, 1:07 3-5.

Fifth race, six furlongs: Hawkshaw, 116 (Wood,) won; San Carlos, 111 (Douglas,) second; The World, 108 (Steffen,) third. Time, 1:13.

Sixth race, mile and one-eighth: Alexander Pantages, 107 (Philpot,) won; Golden Prince, 122 (Parmelee,) second; Doctor Wilson, 108 (Barrett,) third. Time, 1:51.

Seventh race, mile and one-sixteenth: Rip Rap, 109 (Steffen,) won; Woodgain, 106 (Douglas,) second; Shasta Nut, 109 (Trivett,) third. Time, 1:46 4-5.

Eighth race, one mile: Don Fernando, 111 (Garvey,) won; Alice, 114 (Parmelee,) second; Nicodemus, 109 (Barrett,) third. Time, 1:41 3-5.

"U. S." ROYAL GOLF BALLS GUARANTEED for LIFE

Any "U. S." Royal Golf Ball will be replaced at any time by your Golf Professional or dealer:

If the cover cuts through
If paint flakes or chips off
If the ball goes out of shape
If the ball fails to putt true

RABBIT PUNCHES
BY PAUL LOWRY

BUCKY AND THE TIGERS

IT IS impossible to forecast at this time just what effect the Detroit Tigers will have on the American League pennant race this year. At the current writing they do not appear to be an ominous threat to the peace of mind of last year's champs, the New York Yankees.

Of course, the boy manager, Mr. Bucky Harris, who was fired by Washington because he had the temerity to win two pennants for a team that had never won any before, may accomplish some wonders with his sprinkling of veterans and untested youngsters.

And no one will begrudge Bucky his due—save the Washington bosses, perhaps—if he does turn the American League upside down. The Yanks have exaggerated matters so much in the past few years that it would be quite refreshing to see something astonishing happen—such as Bucky Harris, the boy manager, leading his brave athletes down the home stretch in first place, for example.

Naturally, the suspicion prevails that the present collection of Tigers are misfits when you compare them with the illustrious Tigers who represented the club when ole Sam Crawford and Ty Cobb were in their prime.

But then, as the boys say, you never can tell what's under the skin. A gent named Stone who plays left field looks like a great potential star. Another named Gehringer, who plays second, has a big year ahead of him.

And big Gale Alexander, who doesn't know yet what to do with his feet around the initial sack, is as tall as any man in the league and has broader shoulders than Hack Wilson of the Cubs. He can lay into the apple with the grunt of a ten-ton truck, and as the experts say, he is a diamond in the rough.

But the best diamond of all is Bucky himself. He may not land his athletes in the first division this year, but watch out a year or so hence.

Ask Washington!

⁂

EVIDENCE OF A FIGHT

THERE is evidence abroad in the community that a real fight is on tap at the Hollywood Legion Stadium tonight.

The evidence arrived from San Francisco Wednesday. It was noted that evening when Mr. "Windy" Winsor pressed his ear to the telephone and spoke gently about the Joe Roche-Hector Sheridan affair.

Mr. Winsor, who trains and manages for Roche, spoke fluently and quite a period of time on the possibilities of his fighter.

"My boy Roche," said Mr. Winsor without pausing for breath after the usual greetings, "has become a great fighter under my direction.

"You know he once held Bert Colima to a draw at Hollywood, but he was not my fighter then. He is much better now, and it would be very silly of Colima's manager to let him box in the ring with my boy now. He would lose easily to my boy Roche.

"My boy has had practically three fights in the past three weeks, and he is right on edge to give this guy Sheridan a thorough beating.

"And don't forget about my great Mexican fighter—"Dummy" Mahan. He put up a great fight against Young Corbett. They paid off on over $13,000 in San Francisco on that fight. He's a pretty good fighter, isn't he?

"Don't forget now—come out and see my boy Roche beat the stuffings out of Sheridan Friday night."

With that Mr. Winsor barked off.

⁂

OAKLAND JIMMY THROUGH

CURTAINS for Oakland Jimmy Duffy.

Knocked out in three rounds by an unknown the other night.

Duffy, once a great welterweight, has been in the game since 1920. He started about the same time as Bert Colima—both in the old four-round days.

But where Colima is still on top Duffy is through. The difference lies in the handling of the two fighters.

Duffy was taken East in 1922 and improperly rushed into four hard fights. They took a toll from which he never recovered—two knockouts by Lefty Lew Tendler and two by the hard-hitting Bobby Barrett.

Duffy, a wonderful left-hook artist, never was the same after that eastern trip. He came home to the Coast and eventually fought some great battles, but he has been declining steadily for the past three years.

He reached the end of the boxing trail when the unknown stopped him.

WILLIAMS IN STATEMENT

(Continued from First Page)

Angeles club has stated that it will not collect from women when the Angels are traveling, allowing the home club to retain all the money from this source; that it will not demand a turnstile count on the road, which system will not necessitate women passing through a separate turnstile, but will accept the home club checker's count; that it will pay visiting clubs for ladies at Wrigley Field on holidays or 'pool' days, and that it will pay into the league treasury the regular 5 per cent on all women admitted free to Wrigley Field.

"In the event a complaint is made by the visiting club, under the league constitution, the next step of this office would be to place this complaint before the board of directors for decision.

"Should I place a 'clocker' on the gate at Wrigley Field it would not be because of any unwillingness on my part to accept the report of Wrigley Field officials, but solely as a matter of routine and record for the league as a whole."

SEGRAVE WINS SPEED HONORS

(Continued from First Page)

day for second place for an aggregate total of 761.

Wood was forced out of yesterday's event by a broken steering quadrant. He was unable to finish that race and was awarded no points, but today he flashed across the course in a brilliant burst of speed to win first place and 400 points. Segrave, who had only to finish the race today to win the championship, put up a game but losing fight for the first three laps. At this point his boat, damaged when it struck a log on the course yesterday, sprang a leak and he was forced to slow down to almost a snail's pace to keep from ripping out the bottom of his craft. An automatic bailer, fore and aft, kept the boat from sinking, he said.

McHUGH TOPS GOLFERS

SAN FRANCISCO, March 21. (AP) John McHugh of San Francisco, State amateur golf champion, is rated as the only scratch man in Northern California in the 1929 handicap list released here by the Northern California Golf Association. H. Chandler Egan of Medford, Or., and Monterey Peninsula; Lawson Little, George Ritchie, Dr. John Wolf and Dr. C. H. Walter, all of San Francisco, are ranked as 1 handicap men.

M'LARNIN AND MILLER CLASH

(Continued from First Page)

that, for McLarnin, at 140 pounds or better, will have an advantage of from six to eight pounds. After fighting up through the flyweight, bantam, feather and lightweight divisions, Jimmy will be forced to battle in the future as a full-fledged welterweight. Miller has difficulty building up to the 135-pound lightweight limit.

BITTER FIGHT LOOMS

The possibility of two accurate and deadly hitters staging an even bloodier and more spectacular renewal of their first engagement has brought out a record demand for seats at a lightweight show. There has been no public sale for the $100,000 worth of tickets. The last of the pasteboards were disposed of yesterday by mail or allotment.

Griffin in Handball Win

NEW YORK, March 21. (AP)—W. J. Griffin of Detroit, the defending title-holder, advanced to the semifinal round in the singles of the national four-wall handball championships by defeating Henry Dworman, also of Detroit, in a hard-fought match tonight, 21-17, 21-14.

Griffin will meet George Nelson of Baltimore in one of the semifinal round matches tomorrow. Nelson had gained his place in the semifinals earlier in the day, defeating John McGuire of the Pastime A. C., New York, in easy fashion, 21-4, 21-6.

Alfred Banuet, of the Olympic Club, San Francisco, also advanced to the semifinals, defeating Harry Bell of Detroit, 21-9, 21-7.

In the last of the quarter-final round singles matches, Lane McMillan of the Olympic Club, San Francisco, defeated William Barry of the New York A. C., 21-18, 21-7. McMillan will meet Banuet in the other semifinal tomorrow.

In the doubles, the defending title-holders, Willis A. Kammann and Alfred Schaufelberger, of Detroit, will meet Edward A. Hahn and John Dunwoody, Jr., of the Pastime A. C., New York, in one semifinal bracket tomorrow while A. R. Banuet and Lane McMillan of San Francisco battle Al Spiegel and Herman Dworman of Detroit, in the other.

COVINA HIGH UPSETS PASADENA J.C. NINE

Coach Chief Newman's Covina Colts handed the Pasadena Junior College nine a 12-to-10 setback in a game played yesterday on the Covina field. Hal Chamberlain, Covina hurler, featured the game with a home run over the left-field bleachers with the bases filled in the fifth inning. Score:

	R.	H.	E.
Pasadena J. C.	10	7	3
Covina	12	9	2

Batteries — Forsythe and Burroughs; Chamberlain and Willoughby.

AQUATIC STARS CLASH TONIGHT

Mercury Pool Will be Scene of Title Tankfest

Two Junior National Crowns on Tap for Swimmers

Coast's Leading Performers Vie for Championships

BY OLIVE HATCH

Speed swimming . . . Australian crawl . . . Exhibitions by the world's best springboard divers . . .

MICKEY RILEY.

These are in store for spectators who attend the junior national and Southern Pacific Association championships tonight at the Los Angeles Athletic Club plunge. With the crack of the starter's pistol at 8:15 p.m., one of the largest championship meets of the season will hold the limelight of the water world.

Mermaidens all the way from San Francisco to San Diego are entered in the women's junior national 100-yard breaststroke championship, one of the many features of the evening. Helen Zabriskie, northern star who represents the Fleischhacker Club, enters the event a favorite with several past seasons' records to her credit. Genevieve Scully should bear the Florence Chambers Club (San Diego) banner to the starting line with a prospective winner's place in the offing. Margaret Gould, L.A.A.C. entrant, will be opposed by two rivals from the San Clemente Club—Adeline Whaline and Marjorie Lowe.

The other junior national title at stake, a three-foot springboard event will bring together leading Pacific Coast men divers. Now, lem'me see, such capable performers as Stan Kistler and Johnny Riley (Mickey's brother and a fine diver in his own right) will endeavor to uphold the Mercury name for L.A.A.C. Two "Dons," Cory and Davis, one from the Pacific Coast Club and the other from U.C.L.A., should come dangerously near the title-winner's point-score. Frank Kurtz is the sole Hollywood entry, while Fred Clark, 15-year-old newcomer, will be the dark horse of the evening, trotting all the way from Paul Nelson's club in Santa Maria for the event. 'Sall for the junior nationals.

It won't be at all surprising in the S.P.A. 220-yard breaststroke senior championship for men, if "Doc" Dick Gunter of the Mercuries runs (swims) Lloyd Varney, Hollywood A.C. entrant, a race for both the title and a new Pacific Coast record. Or vice versa.

The men's senior S.P.A. 150-yard backstroke championship and record may meet the same fate, with some very fast paddlers, George Leech, L.A.A.C. star, and two Hollywood boys, Weston Kimball and George Harris all in the running for first place, or a close second. Will Rogers, Jr., is another Mercury entrant.

The meet is under sanction of the A.A.U., and open to the public.

Complete entries follow:

Women's junior national 100-yard breaststroke championship—Helen Zabriski (S. F. Fleischhacker Club,) Genevieve Scully (San Diego,) Margaret Gould, Edna Rush (L.A.A.C.;) Adeline Whaling, Mildred Lowe (S.C.)

Men's junior national 3-foot springboard championship—Stan Kistler, Johnny Riley (L.A.A.C.;) Don Corey (Pacific Coast Club;) Don Davis (U.C.L.A.;) Frank Kurtz (Hollywood A. C.;) Fred Clark (Santa Maria.)

220-yard senior S. P. A. breaststroke championship for men—"Doc" Gunter, Jerry Ballou (L.A.A.C.;) Lloyd Varney (H. A.C.;) Jack Lockheart Carters (S.C.)

150-yard senior S. P. A. backstroke championship for men—George Leech, Will Rogers, Jr. (L.A.A.C.;) Weston Kimball, George Harris, Fred Tebbetts, Bob French (H.A.C.)

Women's 100 yards, free style junior S. P. A. championship—Jennie Cramer, Georgia Coleman, "Babe" Walton (L.A. A.C.;) Marie Moore (San Diego, unattached;) Dorothy Moriarity, Polly Kelsey, Jean Williams, Betty Kelsey (San Clemente.)

Women's 100-yard backstroke, junior S. P. A. championship—Blanche Turner, Hilda Curtis, Ruby Harris, Ollie Burke (L.A.A.C.;) Olga O'Byrne (S.C.)

Women's 400-yard relay, junior S. P. A. championship—Florence Chambers Club (San Diego,) Pacific Coast Club (Long Beach,) Pasadena Athletic and County Club, San Clemente Club, and Los Angeles Athletic Club.

Hollywooders Trim Lincoln

Hollywood High School's midget tracksters administered the Lincoln High School Class B and C track outfits a double setback in a meet held in the Redshirts' oval yesterday afternoon. The Sheik Bee spikesters won their encounter by a 62-to-24 score, while the C lads rolled up a 45-to-36 score over the Lincoln midgets.

CLASS B RESULTS

100-yard dash—Won by Denages (H.) Ortega (L.) second, Part (H.) third. Time, 10 4-5s.

660-yard run—Won by Evans (H.) Bertola (L.) second, Slave (L.) third. Time, 1m. 30 1-5s.

70-yard high hurdles—Won by Bunndage (H.) Rosen (L.) second, Cowan (H.) third. Time, 10 3-5s.

120-yard low hurdles—Won by Green (H.) Phillips (H.) second, Duda (L.) third. Time, 14 2-5s.

1320-yard run—Won by Rogan (H.) Dooke (L.) second, Wall (L.) third. Time, 3m. 33s.

Broad jump—Won by Dinnigan (H.) Phillips (H.) second, Nobel (H.) third. Distance, 19ft. 7½in.

High jump—Tie for first between Topwen (H.) and Cooper (H.) Malken (H.) third. Height, 5ft. 3in.

Shot put—Won by Mitchicoff (L.) Malken (H.) second, Dugnes (L.) third. Distance, 47ft. 5in.

Pole vault—Tie for first between Beliete (L.) Pasler (H.) and Breneguless (H.) Height, 10ft. 6in.

Relay—Won by Hollywood.

CLASS C RESULTS

50-yard dash—Won by Talamantes (L.) Trust (H.) second, Hamlin (H.) third. Time, 5 4-5s.

100-yard dash—Won by Trust (H.) Talamantes (L.) second, Hamlin (H.) third. Time, 10 4-5s.

660-yard run—Won by Pender (L.) Brunbeck (H.) second, Ooshel (H.) third. Time, 1m. 33 3-5s.

120-yard low hurdles—Won by Mitshuhashi (H.) Wineland (L.) second, McIntire (L.) third. Time, 16 4-5s.

Broad jump—Won by Talamantes (L.) Struts (H.) second, Hooyou (H.) third. Distance, 18ft. 8in.

High jump—Won by Pather (H.) Colvan (H.) second, Cowan (L.) and Pender (L.) tied for third. Height, 4ft. 10in.

Shot put—Won by Hamlin (H.) Wineland (L.) second, Seiler (H.) third. Distance, 34ft. 2in.

Pole vault—Won by Cowan (L.) Prather (H.) second, Steel (H.) and Reed (H.) tied for third. Height, 8ft. 6in.

Relay—Won by Lincoln.

Chicago Cubs Trim Detroit Again, 8 to 4

(Continued from First Page)

of the folks came out to see Heilmann hit they certainly must have been disappointed by his terrible showing.

Sam Gibson, an awkward right-hander with a lot of funny deliveries, and Earl Whitehill, a darn good looking southpaw, were the Detroit slabsters. Gibson was nicked for six runs during his five-inning stay, while Whitehill held the Cubs to a couple of counters in the last four rounds. A total of fourteen safeties were gathered off the shoots of the Bengal bafflers.

The Cubs, who batted first yesterday, helped themselves to a three-run start in the opening inning. Woody English got a life when his grounder rolled right through Schuble's paws and sprinted home when Norm McMillan followed with a double to left center. Stone, the Tiger left-fielder, took his time tossing the ball in to Gehringer and English slid in ahead of the latter's throw to the plate. Hornsby followed with a home-run swat over the left-field bricks and that was that, for Wilson and Stephenson, who didn't get a hit all day, were easy outs.

GIBSON VICTIM AGAIN

Gibson was the victim of another Cub attack in the fifth when three more of the Windy City athletes pattered over the plate. Four successive hits were rifled off Gibson's offerings and all of them found a landing spot out in center field. English started the center-field bombardment with a one-base shot to Rice's territory and McMillan followed with one to the same spot, putting Woody on third. Kiki Cuyler hit a long one to deep center that Rice got on the first hop. Rice, who has a lame arm, leisurely took his time throwing the ball back so the fleet-footed Cuyler stretched the hit into a double, as is his custom. English scored on Kiki's clout. Hornsby followed with another single to center and McMillan and Cuyler came home.

Carlson, who did not have his customary control yesterday, was touched for three Tiger tallies in the last half of the fifth. Rice singled with one away and Gehringer walked. Heilmann was tossed out by Carlson, but McManus, after working the count to three and two, slammed a high one over the left field fence to account for the three tallies.

Whitehill yielded a run in the sixth when Gonzales greeted him with a hit to right, scampered to second on Taylor's pinch-single, took third on English's bunt and scored when McMillan hammered a sacrifice fly to Stone.

Detroit filled the bases with none out in the seventh on singles by Rice and Gehringer and Cvengros's wide heave to second of Heilmann's grounder, but only one run was made out of the setup. McManus hit into a double play, Rice scoring, and then Stone fanned to end the inning and the Bengals' last threat.

Another today, folks. Same place, same time and same teams. The score:

HILL TRIMS JARVIS

LONDON, March 21. (AP)—Johnny Hill of Scotland defeated Ernie Jarvis of Millwall on points in a fifteen-round match for the flyweight championship of Great Britain here tonight.

MILLIONAIRES UPSET OAKS IN ICE HOCKEY CLASH, 2-1

Playing before the largest crowd of the season, the Hollywood Millionaires upset the Oakland Oaks 2-1 and got emphatically back in the running for the California Ice Hockey League crown, at the Winter Garden last night.

Coming out of their slump with a rush, the Millionaires scored in the first period, Dale Wells taking a pass from Capt. Rube Brandow to net the puck.

Phil Stevens, Oakland captain, evened the count in the second period, scoring unassisted, on a pretty piece of skating. The final tally came after ten minutes and forty-seven seconds of play in the final period, when Dave Smith evaded the entire Oak defense, and netted his shot.

The work of Capt. Rube Brandow was outstanding for the Hollywood team, while Georgie Bond, as usual, sparkled for the Oaks.

The L. A. Richfields trampled the San Francisco Seals, 4-3, in the North last night, thus tightening up the league standing for the stretch drive. Oakland plays the Richfields here Monday night, with Hollywood and the Seals mingling in the north.

LA NATIVIDADS DEFEAT OILERS

Uncovering an unexpected burst of speed, and outclassing and outpassing their opponents in every period, the La Natividads defeated the Union Oil squad, 7-3 in the first game of the play-off series for the Southern California Amateur Ice Hockey League title at the Palais de Glace last night. Miles and Hume tallied twice for the victors, with Chappell, Marion and Kraft gathering one goal each. Simington collected two for the Oilers, and Henry one.

PHANTOM FINN SPROUTS WINGS

Nurmi Speeds West in Plane for Race With Carter

(Continued from First Page)

flatchested and flatfooted, beating him by the rather splendid margin of eleven yards. This so pained the Swedish professor that he forthwith left the village, Carter thereby missing out on selling him a lot.

News of this reached the ears of Nurmi and according to wires received here by L.A.A.C. officials from Hugo Quist, Paavo's manager, the Flying Finn did not exactly relish the idea of meeting Nickolas over the mile route—this being the distance that Carter had used to humiliate Wide, Nurmi, so it said, even went so far as to magnanimously offer Carter a handsome handicap if he would only consent to run two miles rather than one. This Nick refused to do, which, to the ordinary layman, sounds like a very wise decision. Certainly no sane person is going to run two miles when one will serve the purpose just as well—but then there have been some folks so unkind as to question the mental status of anybody who would run even one mile, let alone anything beyond that.

FLYING WEST

Last night Charles Wesley Keppen, the silver-tongued announcer and impresario of all things athletic at the L.A.A.C., talked to Quist over the long-distance telephone and was informed that the mile distance was perfectly acceptable to Nurmi. Quist also reported that the jumps were being made by train from Chicago to Cheyenne, Wyo., thence to Salt Lake and Los Angeles by plane.

That Nurmi is still able to hobble around the track with considerable alacrity was demonstrated Wednesday evening for the benefit of the citizens of Hamilton, Ont. All Paavo did there was to gallop two miles in 9m. 23s. This on a short, indoor track, which probably counts ten or more laps to the mile. All of which means that outdoors the Finnish wonder would, were he to run at the same clip, knock off two miles in close to nine minutes flat. The world's record is a second or so under nine minutes.

Mr. Ray Davidson, the rushing press agent who has been doing considerable running around (in circles) himself, reports that there is a tremendous demand for ducats to tomorrow's affair and that he wouldn't be the least bit surprised if his splendid publicity caused the people of Los Angeles to storm the Coliseum in even greater numbers than they did four years ago, when Nurmi performed in two meets to the intense delight of more than 85,000 souls.

BOROTRA GAINS COURT VICTORY

(Continued from First Page)

gin was leading, four games to one, when Ben Dwight turned an inadvertent back-flip onto the hardwood floor, badly bruising his shoulder. Whether his nerves were affected by the incident, the high-ranking Newark player was able to win only two of the remaining thirteen games.

Hall acquitted himself brilliantly against the more experienced Borotra and until the Basque shot over a slinging placement drive for the final point the American always had a fighting chance to win, so closely were they matched.

An unusual feature was that in the twenty-eight games necessary to decide the contest, not one game was deuced.

TILDEN APPEARS

Bill Tilden, who is entered on the quest of doubles title, made his first appearance of the tournament today when he and Hunter, his partner, defeated S. J. Harte and Walter Swaybill, 6-2, 6-3, to enter the semifinals, having previously drawn a bye and a default. Big Bill, who has promised to accompany Hunter on another European campaign this summer, played somewhat languidly and showed a lack of practice as he has been devoting most of his attention to theatrical interests this winter.

Borotra and his American partner, Watson Washburn, also advanced to the semifinals, defeating Manchester and Hammett, New York, 6-3, 6-1.

HOOD WINS VERDICT IN PASADENA BOUT

Ernie Hood, veteran Pasadena puncher, outpointed Alfredo Imperiod of Sacramento in the ten-round main event at the Pasadena arena last night, and won the right to meet Blas Rodriguez in a ten-round go which Promoter Morrie Cohan has carded for next month. Other results on last night's card: Bennie Marks outpointed Johnny Dabuco, six rounds; Young Launcho knocked out Herbie Rooney, four rounds; Kid Esau drew with George Rannage, four rounds; and Joe Drolitto knocked out Marvin Regan, one round.

INGLEWOOD BOWS TO VENICE POLO OUTFIT

VENICE, March 21. (Exclusive)—Venice High's powerful water polo team went into a three-cornered tie for first place in the Bay League here today by trimming the Inglewood paddlers, 11-6, in a fast game played in the Venice Plunge. Huntington Park, Inglewood and Venice are all tied for the league lead. In a preliminary game the Venice Class "C" team swamped the Inglewood babes, 13-8. Orr led the Gondolier scoring with seven goals.

PICK ROMANS FOR TITL

L. 'A. High Tracksters Favored Over Hollywood in Today's Feature Meet

Fighting for the dual track championship of the
Coach Clif Reynolds will lead his L. A. High Ra
Hollywood High this afternoon. As both squads a
a battle royal is expected. The Romans are sligh
to their victory over Poly last week. However, th
very close and a couple of upsets may give the pal

STARS DEFEAT SEMIPROS, 4-1

(Continued from First Page)

lings was mishandling Ashley Jorndt's infield tap.

Max Clarkson was the third San Diegan to touch Wetzel, singling over third base in the ninth. Clarkson reached third on two infield outs.

Of course, the spoils belong to the victors, but Stratton's boys deserve a good hand for the brand of baseball displayed against the Coast League crew. They pulled a snappy double play in the first inning—Lee Ramage to Bill Ramage to Kent. The game was played in one hour and twenty-five minutes. Hitting honors went to Bonowits and Wetzel, with two blows apiece. Peterson did a fair brand of pitching himself, but his efforts were overshadowed by Wetzel's work. Peterson held the socking Stars to eight hits, and that is as good as anyone has been able to do this year. He struck out two and walked three. In the fourth inning the San Diegan fanned Lee for the third out. Johnny Bassler, who walked, was on third and Wetzel, who singled, was on second. The feat drew a big hand from the crowd.

Stratton's outfit is the last San Diego team to appear against the Sheiks, who will break camp Monday, and the home talent has given the league boys some hard going.

EXPECT KAYOE ON MAIN-STREET CARD

With a main-event shot hinging on the outcome of his battle with Bad Bill White at the Main Street Athletic Club tomorrow night, Leo Hernandes is expected to fire both barrels at the rugged negro welterweight. Hernandes, who just "drifted in" at the Main-street club a few months ago, has knocked out every man he has faced in the ring. Goldie Hess, Ocean Park 130-pound puncher, and Bobby Fernandes are tomorrow night's main-eventers.

GRID RELATIONS RESUMED

LAWRENCE (Kan.) March 21. (AP) Football relations between the University of Kansas and Haskell Indian Institute, severed in 1904, will be resumed in 1930, it was announced today.

The game will be played October 11, in connection with the annual Haskell Indian pow wow. Vice-President Charles Curtis will be invited to attend the game.

...al track championship of the Major City League ...ill lead his L. A. High Rambling Romans out ...fternoon. As both squads are undefeated to ...ed. The Romans are slight favorites to win ...oly last week. However, the meet figures to ... of upsets may give the palm to Bill Paige's boys.

Two other dual meets are scheduled for this afternoon, both affairs promising several close races. Eddie Leahy's Poly Mechanics travel out to Manual Arts where they expect to turn back the Toilers. In the other meet on tap, Herman Schroeder's Garfield Bulldogs will invade Fairfax High. The Colonials' strength on the field gives them the edge.

Out at Banning High in Wilmington, the finals of the Marine League meet will be run off this afternoon. Jordan and Riis are the pre-meet favorites, with [illegible] given a slim chance to edge in for the honors.

Tomorrow at El Monte, the finals of the San Gabriel Valley League will be held. John Muir Tech, with Pasadena, with Pesky Frye and Summers in the weights, is a heavy favorite to win.

In the L. A.-Hollywood affair, several close finishes are looked for. Chief among these is the quarter-mile squabble between Red Houck of L. A. and Thorny Rogers of Hollywood. Both are strong runners and today's race looks like it will be run under 52s.

Another race that is drawing a lot of interest is the half-mile. Rudy Obergfall, Hollywood ace, is a slight favorite over Capt. [illegible] Poore of L. A. Dave has been handicapped with an injured [illegible] the last couple of weeks. Whether he can keep up Obergfall's fast pace, favoring his ankle as he has done so far, is a much mooted question.

POETS WIN GAME

Whittier High School outclassed Compton Junior College to win a 16-7 ball game at Whittier yesterday. Fowler and Coots formed the Poet prep battery, while Pearl and Haddock toiled for the collegians. Whittier gathered eleven hits and made five errors, as compared with Compton's nine hits and six miscues.

Upsets Feature First Round of Match Play in Lakeside Invitation Tournament

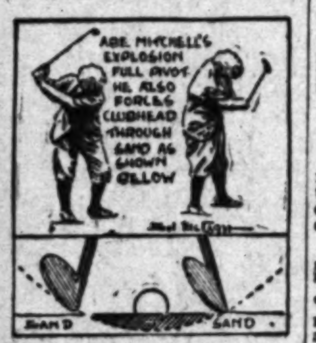
Trojans Face Occidental in Third Game

Occidental and Trojan ball teams tangle today in the third game of their series. The Trojans won the first two games, early in the season, but were playing better ball than they have been displaying lately, and the Tigers are considerably improved. Sam Crawford, Trojan coach, indicated yesterday that he would give George Williamson a chance to prove his ability, and would start him against the Eagle Rock squad, with Joe Ward receiving.

Roth's 81-20—61 copped the low-net prize.

Dr. J. W. Carson, 82-14—68, won in Class A. A three-way tie between Roy Sheldon, F. Deleot and L. F. Martin resulted in the blind bogey.

Cut Under for Explosion Shot



ABE MITCHELL'S EXPLOSION FULL PIVOT. HE ALSO FORCES CLUBHEAD THROUGH SAND AS SHOWN BELOW
SAND
SAND

BY SOL METZGER

Abe Mitchell will tell you that an explosion shot is one of the most difficult. It requires such a nicety of judgment and such a powerful blow.

Abe digs in with his feet not far apart and with open stance. He uses a full pivot for the shot, as he figures that one not only has to hit with all the strength he can get into hus swing, but with all his weight behind the blow.

Mitchell takes an inch or more of sand, depending upon its density and weight, and plays the shot like Sandy Herd—with a slice swing. To do so, he takes the niblic back outside the line.

But the main point about Abe's explosion is that he follows through. Note the sketches of him at start and finish of an explosion. Note also how his club cuts through the sand under the ball, heel leading. No shot is better named than the explosion. It is just that. By hitting through in this way one forces the sand to leap almost straight up. It pushes the ball up ahead of it, which accounts for the almost perpendicular climb of a ball from a sand lie. Your club face does not make contact with the ball at any time. But be sure you go through, or else your ball will merely plop up and fall down again near where I tlay originally.

Why continue to slice when the fault can be absolutely cured by following a few simple instructions? Write Sol Metzger, care of this paper, and request his illustrated leaflet on "Slicing." In writing inclose stamped, addressed envelope. [Copyright, 1929, Publishers' Syndicate.]

ANGELS DEPART TO FACE TIGERS

(Continued from First Page)

the Detroit second team to keep the Angels keyed up for their series opener with Seattle next Tuesday. Six pitchers are making the Phoenix trip. Krug intends to use Russ Miller and Angie Walsh, ex-Philly flingers, in tomorrow's game, with Tex Weathersby and Sheriff Peters delegated to pitch the Sunday clash.

Following is the list of Seraph players who are making the trip: Marty Krug, Trainer Frank Jacobs, Glenn Gabler, Tex Weathersby, Sheriff Peters, Russ Miller, Augie Walsh, Red Roberts, Jigger Statz, Bobby Jones, Earl Webb, Slug Tolson, Walt Berger, Wes Schulmerich, Ray Jacobs, Carl Dittmar, Johnny Butler, Truck Hannah and Dal Warren.

The Angels will return here Monday in time for a workout the day before the Coast League season gets under way.

BRUINS OUT TO STOP TROJAN HOCKEY TEAM

The ice hockey team of the University of California at Los Angeles will make a final attempt tomorrow night to annex a victory from the fast Trojan hockey stars of the University of Southern California at the Winter Garden Ice Pavilion at 8 p.m. The Trojans have already taken two games of a three-game series, and tomorrow night's ice fracas will close the athletic relations of the two universities in that sport for this year.

The U.C.L.A. puck men elected a captain last Saturday night, following their 2-to-1 defeat by Southern California, choosing Scott, Bruin star center. The Bruin line-up tomorrow night will be as follows: Scott, center; Johnson and Clowe, forwards; Piasek and Johnson, guards, and England at goal.

SONNENBERG WINS

GRIFFIN (Ga.) March 21. (AP)—Gus Sonnenberg tonight successfully defended his heavyweight wrestling title, defeating Dan Kolman, Portland (Or.) grappler, in two straight falls. Sonnenberg won the first in 11m. 31s., using his famous flying tackle, and the second in 5m. 13s.

BEAVERS BEAT INDIANS, 13-5

Portlanders Pound Collard and Edwards Hard

Cronin, Keesey and Bush All Hit Home Runs

No Game Today, to Resume Feud Tomorrow

ANAHEIM, March 21. (AP)—Unlimbering their heavy artillery against the slants of "Hap" Collard and "Big Jim" Edwards in the fourth, fifth and sixth innings of the game here today, the Portland Beavers punched the Seattle Indians for a 13-to-5 win. Jack Knight hurled the full route for the Beavers and kept the Indian club well in hand. He permitted but six scattered hits.

The Indians scored in the second inning when Barbee walked and scored on McDaniel's homer over the center-field wall. This was the last threat made by the Indians until the seventh, when Muller drove out a circuit clout. In the eighth Steinecke singled and scored on Barbee's circuit smash over the center-field fence.

The batting siege of the Beavers was powerful in the fifth. Home runs by Cronin, Keesey and Bush, plus numerous other singles, sent Collard to the showers.

Again in the sixth the batting flurry continued against "Big Jim" Edwards.

There will be no tilt here tomorrow afternoon. The Beavers and the Indians will take a day of rest, and resume the series here Saturday afternoon and Sunday.

The score:

		R.	H.	E.
Seattle	...020 000 120—	5	6	2
Portland	...000 384 00x—	13	13	4

Batteries: Collard, Edwards and Steinecke; Knight and Rego.

PIRATES NOSE OUT SEALS, 5-4, IN TEN INNINGS

SAN FRANCISCO, March 21. (AP)—The Pittsburgh Pirates nosed out the San Francisco Missions, 5-4, today in an exhibition game that took ten innings to decide the winner. Walter Tauscher, recruit, who pitched the last five innings for the Pirates, started the tenth with a home run over the right field fence and Adams scored on Comorosky's double. Fred Hoffman, Mission catcher, also hit a homer in the tenth, but the rally ended there. The score was tied at 3-3 from the fifth on.

Fred Brickell, Pittsburgh right fielder, and Irving "Fuzzy" Hufft, Mission's left fielder, suffered injuries in today's game that may keep both on the shelf for a few days. Brickell wrenched his left ankle sliding back into first base and Hufft split a finger while attempting to snag a line drive.

Pittsburgh (N.L.)	..100 020 000 2—	5	14	1
Missions (P.C.L.)	..210 000 000 1—	4	4	1

Hill, Tauscher and Hargreaves; Nelson, McQuaid and Baldwin, Hoffman.

CARDINALS POUND OUT WIN OVER PHILADELPHIA

AVON PARK (Fla.) March 21. (AP)—The St. Louis Cardinals came out of their hitting slump today to pound out a 14-to-7 victory over the Philadelphia National League club in an exhibition game. Two great veteran baseball stars, Grover Cleveland Alexander and Gabby Street, formed the Cardinal battery the first inning. Street, former battery mate of Walter Johnson, and now a Cardinal coach, had asked to be paired with Alexander for an inning.

Philadelphia (N.)	...202 012 000—	7	8	1
St. Louis (N.)	.....300 632 00x—	14	12	1

Alexander, Brown, Hallahan and Street, Jennard; Ferguson, Benge, Willoughby, Hart and Davis.

WASHINGTON TAKES EASY GAME FROM ROBINS

CLEARWATER (Fla.) March 21. (AP)—The Washington Senators won easily over the Brooklyn Robins by 9 to 5 in an exhibition game here today, despite a Brooklyn advantage of 12 to 11 in safe hits. The Senators bunched six of their drives with two passes, an error and a wild pitch in the third and the eighth. Three runs were scored in each of the big innings.

Washington (A.L.)	..033 000 130—	9	11	2
Brooklyn (N.L.)	.....011 000 030—	5	12	3

Brown, Campbell and Spencer, Tate; Elliott, Ballou, Dudley and Henline.

PHILADELPHIA SWAMPS CINCINNATI, 10-5

ORLANDO (Fla.) March 21. (AP)—The Philadelphia Americans swamped the Cincinnati team today, 10 to 5. Although two hits and two errors gave Cincinnati hope and a one run lead in the eighth, the Athletics squelched both with six runs in the ninth.

Foxx, Athletics, hit a home run in the sixth inning, bringing in Simmons ahead of him.

Philadelphia (A.)	...020 002 006—	10	11	3
Cincinnati (N.)	....300 000 020—	5	9	2

Yerkes, Shores, Jones and Perkins; Rixey, Lucas, Zahniser and McMullen.

RUTH LEADS YANKEES TO 10-1 WIN OVER BRAVES

ST. PETERSBURG (Fla.) March 21. (AP)—Aided by Babe Ruth's first extra-base hit of the season, a double in the seventh, scoring Combs and Koenig, the Yankees defeated the Braves here today, 10 to 1. The victory gave the Yanks four out of five in the series, with only one game remaining. Waite Hoyt made his first appearance on the mound, giving the Braves one hit and no runs in four innings. Roy Sherrid allowed one hit and one run in five innings.

New York (A.)	......300 010 402—	10	15	0
Boston (N.)	.......000 000 010—	1	2	5

Hoyt, Sherrid and Dickey; Cunningham, Greenfield, Holshauser and Taylor.

McGRAW DRILLING GIANTS HARD ON DEFENSE

SAN ANTONIO (Tex.) March 21. (AP)—John McGraw is giving the Giants plenty of work on defense. He has the outfielders drill in keeping base runners from getting home. With the sacks populated with one to three runners, Mac hit fungoes to the outfielders and instructed them where to throw the ball after taking it on the first bound to retire a runner or keep him from advancing. Much time was spent on the cut-off play to keep a man on first from reaching second.

Oxy Netters Down Bruins

The powerful Occidental net squad yesterday served out a 4-to-2 defeat to the Bruin tennis team of the University of California at Los Angeles in a set of matches played on the U.C.L.A. courts. The feature match of the day was the battle between the No. 1 men of each team, Capt. Ben Gorchakoff of Oxy taking a 6-3, 6-3 straight set decision from Leonard Dworkins, Bruin sophomore star.

Frank Gove, second man on the Tiger squad, was unable to compete yesterday against the U.C.L.A. racquet men, due to failings in scholarship, so the fifth singles match was eliminated. The final issue was in doubt until the last doubles match. A Bruin victory was expected and would have tied the score at 3 to 3, but Osborne and Robinson, visiting doubles team, defeated Capt. Bob Laird and Struble of U.C.L.A. in a closely fought three-set match, 3-6, 6-1, 8-6.

Summary of matches:

SINGLES

Ben Gorchakoff (O.) defeated Leonard Dworkins (U.C.) 6-3, 6-3.

Kussman (O.) defeated Laird (U.C.) 6-4, 4-6, 6-2.

Westsmith (U.C.) defeated Robinson (O.) 6-1, 6-2.

Smith (U.C.) defeated Osborne (O.) 6-4, 6-4.

DOUBLES

Gorchakoff and Kussman (O.) defeated Dworkins and Westsmith (U.C.) 6-4, 7-5.

Osborne and Robinson (O.) defeated Laird and Struble (U.C.) 3-6, 6-1, 8-6.

JEFFERSON TRIPS FREMONT

In a track meet that was replete with thrills from start to finish, Coach Jim Purcell's Jefferson High School cinderpath aggregation pulled another surprise in City League track circles when they downed Coach Otto Anderson's strong Fremont track and field team, by a 55-49 score in a meet held on the Pathfinders' oval yesterday.

The issue was always in doubt. The score before the relay stood 50-49 in favor of Jefferson, who proceeded to win the baton-passing event and thereby cinch the trackfest.

TRACK EVENTS

880-yard run—Won by Collier (F.) Simons (F.) second, Hassan (J.) third. Time, 2m. 7 1-5s.

100-yard dash—Won by Jordan (J.) Glasgow (F.) second, Carmichael (J.) third. Time, 10 2-5s.

120-yard high hurdles—Won by Parker (J.) Proctor (F.) second, Pelter (J.) third. Time, 15 4-5s.

440-yard dash—Won by Carmichael (J.) Forbes (F.) second, Edwards (J.) third. Time, 51s.

220-yard dash—Won by Jordan (J.) Glasgow (F.) second, Tobbins (J.) third. Time, 22 1-5s.

220-yard low hurdles—Won by Parker (J.) Biles (F.) second, Lee (J.) third. Time, 26 4-5s.

Mile run—Won by Thomas (F.) Kish (J.) second, Morgan (F.) third. Time, 4m. 48 2-5s.

8-man, one-mile relay—Won by Jefferson. Time, 3m. 7s.

FIELD EVENTS

Shot put—Won by Vols (F.) O'Dowd (F.) second, Gruwell (F.) third. Winning distance, 45ft. 4½in.

High jump—Won by Sexton (J.) Shelly (F.) and Cox (J.) tied for second. Winning height, 5ft. 4in.

Pole vault—Won by Cirino (J.) Gruwell (F.) and Hardy (F.) tied for second. Winning height, 11ft. 6in.

Broad jump—Won by Rankin (F.) Spange (J.) second, Shelly (F.) third. Winning distance, 21ft. 1¼in.

Ed Dudley is Tied for Lead

MIAMI BEACH (Fla.) March 21. (AP)—Three comparative outsiders, Frank Ball of Atlanta, George Christ of Davenport, Fla., and Ed Dudley of Los Angeles, today tied with one of the favorite professionals, Al Watrous, Detroit, for medal honors in the qualifying rounds of the $15,000 La Groce open golf tournament here. Each carded 142 for the thirty-six holes.

MADCAPS COLLECT

The Madcaps basketball team defeated Woodbury Business College, 25-12, in a game played at the Jefferson High School gym last night. Rockwell, with 12 points featured for the winners. Lindberg gathered seven for Woodbury's.

WYKOFF IN DEBUT TODAY

Frank Wykoff will don his spikes for the first time this year today, when he competes for the Glendale Junior College in a meet to be held with the Pasadena Jaysees on the former's field. Wykoff, who has had a long lay-off due to a serious illness, has been working out under the direction of his coach, Normal Hayhurst, for the last few weeks, and has decided to make his comeback trial today.

He will have plenty of competition from his own team-mate, Russell Slocum, and also from Treharne and Welch, Pasadena runners, but should break the tape first if he is in anywhere near his old-time form.

The outcome of the meet will be doubly interesting as it will not only give the fans a glimpse of the famous runner, but also go a long way toward deciding the Jaysee conference winner.

Jeddy Welch, demon hurdler, will walk away from the rest of the field in the lumber events as the Pasadena timber-toppers are hardly in his class. However, Welch has been neglecting the hurdles in the last few Jaysee meets in order to compete as a sprinter and should give Wykoff an interesting afternoon if he concentrates on the sprints.

Compton mixes with Santa Ana and Fullerton takes on Long Beach in the conference meets tomorrow.

CLARA BOW FOOLS BROADWAY

In Wig She's Incognito in New York

Actress Tricks Metropolis
Film favorite and wig she fooled New Yorkers with.

IT REMAINED for Clara Bow to be a little bit different when she visited New York. On her return to Hollywood yesterday the red-headed Paramount star disclosed the fact that she managed to wander about unmolested in the crowds of the great city. A blond wig made it possible.

Miss Bow hit upon the idea of the wig to aid her in getting through the crowds to shop. But the strange thing about her shopping tour was that she didn't buy anything.

"After looking around New York I realized it would be just a waste of time buying clothes there because Los Angeles and Hollywood stores are ahead of New York in the matter of styles," she said.

While in the East Miss Bow went over to Brooklyn, her home city, for a short visit. In New York she registered as "Stella Ames," which was her name in her most recent production. She returned yesterday to start work on her new starring picture for Paramount.

Rain Possible for Today Along Coastal Region

The nearly continuous cloudiness of yesterday may bring rain today or Saturday, according to the forecast of the Weather Bureau last night.

"Unsettled Friday and Saturday, probably showers on the coast cooler in the interior," read the daily prediction, and also called attention to the total sunshine for yesterday as being only one hour and five minutes, out of a possible twelve hours and ten minutes.

Temperatures yesterday were given as 61 deg. for the high and 50 for the low.

CAMPUS HUMOR BOOK HAS NEW PERSONNEL

"The Claw," unofficial student humor magazine at the University of California at Los Angeles, has had an almost complete change in its staff personnel, following the retirement of Rhebock Lewis as editor-in-chief. Lewis will assume the capacity of publisher with the forthcoming April Fool's issue and Edward Lansdale will become editor.

Other reorganization of the editorial staff follows: Walt Purdom and Don Angus have been appointed assistant editors by Lewis; Stranford Enright, Jr., is drama editor, and Hubert Roberts and Theodore Ginsburg will act in technical and contributing capacities. "The Claw" was banned several months ago by the U.C.L.A. administration.

Airplane factories of Germany are busy turning out planes for the coming summer season.

FLEET WILL REACH HOME LATE TODAY

Ships Due from Panama Twelve Hours Ahead of Contemplated Plans

The fleet will return from Panama at nightfall today, twelve hours in advance of the scheduled arrival, according to a radiogram last night from Admiral William V. Pratt, commander-in-chief. Week-end liberty will be granted a large percentage of the personnel shortly after the armada anchors in San Pedro Roads.

Returning home this evening will be seven battleships, including the fleet flagship California and the West Virginia, Colorado, Tennessee, Idaho and New Mexico. The aircraft carrier Saratoga, aboard which is Admiral Pratt, and her sister-ship, the Lexington, anchored at Coronado last night. They will fly off their planes to North Island, at San Diego, arriving here early tomorrow. The fleet train, including the flagship Procyon, the hospital ship Relief, the tanker Kanawha and the minesweepers Kingfisher and Tern, will also get here today. The fleet repair ship Medusa already is here preparing for the fleet's home-coming.

Also due tomorrow is the Canadian destroyer Vancouver, here for a week's visit after completing tactical and gunnery training at Magdalena Bay. On Monday Admiral Henry A. Wiley, commander-in-chief of the United States Fleet, will arrive aboard the flagship Texas, now at San Diego.

SPRING HERE, SAYS CALENDAR

But Overcast Skies and Predictions of Weather Prophet Cause Poets to Hang Fire On Odes and Delay Attacks of That Languorous Fever

Spring—that season of the year in which, according to the Encyclopedia Britannica, plant life begins to bud and shoot—entered into its official 1929 run yesterday, and it might be added, got off to a disappointing start in this city, at least.

The fact that March 21 is the day when the sun is directly over the equator makes it spring scientifically and officially, notwithstanding all individual ideas to the contrary. However, that does not alter the fact that the spirit of spring was sadly lacking in Los Angeles yesterday, with overcast skies, women muffled in furs and the weatherman's pessimistic prediction for unsettled and cooler weather.

But even though it is somewhat inclement as yet for nymphs to dance upon the greensward or to shake the moth balls out of last year's bathing suit, there should be some consolation in the fact that the sun rose yesterday morning at 5:55 a.m., and each morning will improve on that to some extent for the benefit of those devotees of early rising, who say they like to be out communing with nature at the crack of dawn. Last evening the sun finished its day's work at 6:05 p.m., thereby making it possible for the golfers to finish those last few holes without straining their eyesight in the gathering dusk.

Regardless of date, science and weather conditions, there is still one herald of the season, when young man's fancy is said to turn lightly to amorous thoughts, which never fails and which should not pass unnoticed. This is the annual deluge of odes to spring written by men, women and children, which swamp the desks of magazine and newspaper editors from now until the summer heat sets in and withers inspiration.

Due to the unpropitious start of the season no indications of the annual outbreak of spring fever had reached the city health office up to a late hour yesterday.

CIVIC GROUPS GAIN FUNDS

Bullock Cites Need of Chamber and All-Year Club as Campaign Progresses Favorably

Business men throughout the city yesterday reported favorable progress with the campaign being conducted jointly by the Chamber of Commerce and the All-Year Club for funds for the 1929 budgets of both civic organizations. Discussing the drive and its purpose John G. Bullock said:

JOHN G. BULLOCK

"A community is not made prosperous by swapping its own dollars. It is the new money, new purchasing power and the new investments which build up local business, and the co-operative work of two major civic agencies, the All-Year Club and the Chamber of Commerce, are helping to provide these for Los Angeles.

"Largely through the national advertising activities of the All-Year Club the small annual tourist business of a few years ago has been built up until today Southern California ranks as one of the world's largest tourist centers, with approximately 1,000,000 pleasure visitors yearly, whose cash expenditures alone, according to economic survey, are some $200,000,000 annually.

"Our industries likewise have grown from a small beginning until today our annual manufacturing pay rolls are some $110,000,000. The Chamber of Commerce has played an active part in inducing these industries to locate here. Tourists and industries are therefore playing an important part in the sound growth of Southern California business.

"The All-Year Club and Chamber of Commerce have sound development programs for the further building up of our tourist patronage and our industrial structure. The solid support of our business interests in this fund campaign will provide the necessary funds for this work without burden to any one line of business or individual concern."

Victim of Fall Near to Death

While putting a bird house in a tree yesterday E. E. Cousins, 74 years of age, of 8826 Juniper street, fell and received injuries which may prove fatal. He lived alone, earning a living by making bird houses.

Yesterday he was placing an aviary which he had finished in a tree. At a height of twenty-five feet he fell from a ladder, fracturing both arms as well as sustaining possible fracture of the skull and of the right leg. He was taken to the Georgia-street Receiving Hospital.

New Tax Liens Filed Against Jacob Berman

That the government is determined to find out if Jacob Berman (alias Jack Bennett,) "bright young man" of the Julian Petroleum debacle, has $1,463,834.88, was indicated yesterday when another income-tax lien was filed in United States District Court. The lien filed yesterday is against H. L. Stanley, 704 South Spring street, as transferee from Berman. It is one of about a half-dozen that have been filed within eight months.

COLLEGE WOMEN TO DANCE

The Phrateres society for college women at the University of California at Los Angeles will hold its annual formal dance tonight at the Beverly Hills Hotel. Patrons are Director and Mrs. Ernest C. Moore, Dean of Women Helen M. Laughlin, Dean and Mrs. Charles H. Reiber, Dean and Mrs. M. L. Darsie, Dean of Men and Mrs. E. J. Miller, Mrs. E. W. Swartz and Miss Ruth Atkinson.

United Artists' Head to Return Here Next Week

Joseph M. Schenck, president and chairman of the board of directors of the United Artists Corporation, is scheduled to return to Hollywood next Thursday following important business conferences in the East. This announcement came yesterday from John W. Considine, Jr., general manager of production at the studio.

It is expected in Hollywood that Schenck will return with information regarding the future activities at the studio and that he will bring definite word to quiet rumors that his corporation is involved in a merger deal.

While in the East, Schenck supervised the hiring of a number of stage stars and he is bringing to the Coast Barbara Stanwick, stage actress, and Irving Berlin, prominent song writer, who is expected to write special songs for productions with Harry Richman and Fannie Brice.

It is believed in Hollywood that Winfild Sheehan, executive of the Fox Film Corporation, and possibly Louis B. Mayer of the Metro-Goldwyn-Mayer studio, will return on the same train, although this is not definite. Fox Films recently purchased control of the M.-G.-M. plant and announcement was made in the East at the same time that William Fox, who heads the corporation, is to erect a new theater in downtown Los Angeles.

NEW LIGHTS APPROVED

The City Council adopted the final ordinances yesterday for the installation of new lighting appliances on Beverly Boulevard between Commonwealth and Juanita avenues and on Carmelina avenue between Cliffwood avenue and Beverly Boulevard.

RICHFIELD Ethyl
RICHFIELD Ethyl
RICHFIELD Ethyl
ETHYL

A GASOLINE THAT IS *Totally Different*

Richfield-Ethyl is totally different from any other gasoline on the market ... vastly superior to ordinary motor fuels as well as all other Ethyl gasolines. If you want the performance of which your car is really capable, have your spark advanced* and fill up with genuine *Richfield-Ethyl.* At any station where you see the blue and gold *Richfield-Ethyl* pump.

*To secure *maximum* results from your motor advance the spark at the distributor to a point where the "knock" is greatest with ordinary gasoline; set the carburetor to a leaner mixture, and then use *Richfield-Ethyl* exclusively.

LUNCHEONETTE PLATE

Materials: Baby artichokes, sliced tomatoes, cold slaw, Red Rock Pimiento French Dressing, Red Rock Cottage Cheese, lettuce (other vegetable in season). *Method:* Cook baby artichokes in salted water—chill—serve with Red Rock French Dressing. *French Dressing Recipe:* 4 t. oil, 2 t. vinegar, 1 t. lemon juice, ¼ t. paprika, ½ t. salt, 2 t. powdered sugar, 1½ t. Pimiento Cheese. Beat all ingredients together with Ladd egg beater.

A Complete Luncheon on one Plate

Salads like this appeal not only for the bridge party but for the quick luncheon, simply prepared and served.

Yet to be successful and completely satisfying, such a salad must have not only a nourishing foundation, but one of outstanding quality and individuality. That is why Red Rock Cottage Cheese is a particular favorite in this type of salad. Its creamy richness and quality flavor cannot be duplicated by substitutes.

SOCIETY

BY JUANA NEAL LEVY

Concluding a long sequence of prenuptial and farewell affairs, the marriage of Miss Betty Springer, daughter of Mr. and Mrs. L. A. Springer, to John Tyler Baker, son of Mr. and Mrs. Melle J. Baker, was solemnized at 8:30 o'clock Wednesday evening in the Church of the Messiah, with Rev. D. B. Kingsley officiating.

The lovely bride was gowned in ivory satin, made princess style, with a yoke of real lace and a court train of net and lace and satin. Her tulle veil was caught into a wreath of orange blossoms, and she carried a bouquet of white roses, lilies of the valley and gardenias. Mrs. Madelyn Springer Henderson, assisting her sister as matron of honor, wore powder blue chiffon, and carried a cascade of pink roses, sweet peas and pansies, while the three attendants, Mrs. Henry Wetmore, Mrs. Kenneth Bone and Miss Dea Baker, were in pastel-shaded gowns made with the satin basque and full tulle skirt. Mrs. Wetmore, wearing yellow, carried a shower of Mme. Drew roses and pink sweet peas, Mrs. Bone, in pink-orchid, a bouquet of pink blossoms, and Miss Baker, in green, carried flowers in orchid and pink. Little Sheila Kemp, as flower girl, wore a frock of pink and carried a basket of petals.

Mr. Baker chose for his best man his brother, Robert Baker, and for ushers Allin Catlin, Richard Terkel and Stephen Billheimer. The church for the occasion was decorated with Woodwardia fern and baskets of flowers, tall candles attached to the pews by tulle and rosettes lighting the aisles, while four large candelabra were at the altar.

A reception followed at the home of the bride's parents, 1421 West Forty-fifth street, Mrs. Springer receiving her guests in a gown of beige chiffon with which she wore Mme. Drew roses and pansies. Mr. and Mrs. Baker then left by motor for a trip up the Coast as far as Corvallis, Or., where they will reside for two months, until Mr. Baker is graduated from college there. Seattle will be their permanent home.

Travelers Return

After an absence of three years and a half, most of which was passed in Milan, Italy, Signor Quirino Pellicciotti and his wife, Signora Marta Pellicciotti, have returned to Los Angeles and are being widely entertained by friends here.

Saturday evening, last, Mrs. Frances Rawlins Isles of the Garden Court Apartments, Hollywood, was hostess at a dinner-dance in their honor. The affair was given at the Breakers' City Club, and sixteen guests were bidden.

Mrs. Della Williams also entertained during the week at her home in North Crescent Drive, Beverly Hills, for the travelers, assembling twelve mutual friends for a dinner party.

Honor Philosophers

Honoring Dr. and Mrs. Robert C. Denison of Pomona College, member of the departments of philosophy of the colleges of Southern California will be guests of the faculty of Scripps College at a dinner next Tuesday evening, in Toll Hall, Scripps College. Following the dinner Dr. Denison will give the fourth of a series of lectures on philosophy, the first three of which have been given Tuesday evenings in the current month by Dean Charles Rieber of the University of California at Los Angeles, Dr. H. Wildon Carr of the University of Southern California, and Dr. Ferdinand C. S. Schiller, visiting professor at the University of California at Los Angeles.

Bridge-Luncheon

Mrs. O. H. Churchill of 2201 South Figueroa street entertained fifty friends at luncheon Wednesday at the Hotel Huntington in Pasadena. Her guests were seated at a long table beautifully decorated with yellow roses, daffodils and sweet peas, with effective touches of blue in the form of stalks of iris. After the luncheon bridge was played in the lobby.

Invitations Issued

Mrs. George LaFayette Crenshaw and Mrs. Joseph Carlyle Wilson have issued sixty invitations for a luncheon to be given Tuesday, April 2, at the Beverly-Wilshire.

Informal Dance

Senior students of the Hollywood School for Girls and their escorts will be entertained this evening by Mrs. William Lee Woollett at an informal dance, the last social affair preceding the Easter holidays. Decorations are to be in lavender and yellow, carried out by the use of candles, flowers and favors, and honored guests will be the Misses Valentine Black, Van Nita Bronnes, Nellie Collins, Jean Gilroy, Gretchen Holliday, Katherine Horschel, Grace MacKenzie, Clarice Schmidt, Ariel Scofield and Bonnie Jean Shoemaker.

Mrs. Woollett will be assisted by Mrs. Fred Everts, Mrs. Harvey Briggs, Miss Black and Miss Lorraine Larsen.

For Easterners

Mrs. E. J. Shinn will open her Hollywood home from 2 to 5 o'clock this afternoon in honor of a number of friends from the East who have been sojourning in California during the winter months. Mrs. Paul William Lawrence will preside over the tea table.

Smart Affair

A most successful affair was the bridge-luncheon given at the Sea Breeze Beach Club Tuesday afternoon by Mrs. E. T. Remmen of Hollywood, whose table was adorned with brilliant shaded flowers and attractive place cards in similar tones. Covers were marked for Mrs. Howard Rapp, Mrs. Louise Tindall, Mrs. D. V. Currey, who won high score; Mrs. Lyle Anderson, Mrs. George Robinson, Mrs. Lulu Leonard, Mrs. Ethel Solomon and Mrs. John Tate.

Just Watch the Children!

Who in the whole household knows best what's good to eat? The kiddies, of course. Then watch them at their breakfasts of Heinz Rice Flakes.

Spoonful after spoonful of crispy, golden-brown flakes of crunchy goodness hurrying from breakfast-bowl to eager little mouths. Joyous satisfaction with that delightful flavor like butter-browned nut-meats.

And joyous reward. Better health! For there's more to Heinz Rice Flakes than their fine flavor. There's a special health quality which comes from a new, patented Heinz process which transforms the natural roughage of the rice into a pure, edible *cellulose*. That's why these flakes have the properties of a gentle, *natural* laxative.

Yes, watch the children—and you'll learn a lot about good breakfasts and happy days!

SORORITY TEA AIDS CHILDREN

Fund Increased for Needy Crippled

Miss Victoria Padilla

THE ballroom of the Elks' Club was the setting recently for a bridge-tea given by the Kappa Lambda Phi Sorority as a benefit for needy and crippled children, and which proved a decided success in adding a substantial amount to the fund of the organization for that purpose.

A program of soft music was presented during the tea hour, while corsages in the sorority colors worn by the members added a bright touch of color to the elaborate decoration scheme of spring blossoms. Contributing much to the success of the affair was Miss Victoire Padilla, secretary of the chapter. Among others who assisted with the arrangements were Miss Edith McClellan, the president; Miss Eleanor Heppenstal, vice-president; Miss Ina Watkins, treasurer; Miss Betty Mueller, Miss Mary Jones, Miss Gloria Specht and Miss Jean Richardson.

Jurist's Kin to Be Buried Today

Funeral services for Mrs. Minerva D. Sadler of 240 West Santa Barbara Boulevard, a cousin and close friend of former Chief Justice Salmon Portland Chase, will be conducted today at 2 p.m. from the J. H. Riedeman funeral chapel, 1618 South Main street. Burial will be from Inglewood Park Cemetery.

Mrs. Sadler was born in Bloomington, Ind., on the farm homesteaded by Chief Justice Chase in his young manhood. Her death occurred at the home of her daughter, Mrs. Harry J. Whittlesey, 2435 Hillcrest Drive, last Wednesday. She had been an invalid for the past thirteen years. She also leaves two sons, John M. and Dudley C. Sadler, who live in Indiana.

COOKING CLASS DUE FOR EASTER RECIPE

As an Easter suggestion for her demonstrations today in the Southwest Building, 130 South Broadway, Mrs. Mabelle (Chef) Wyman will offer an Easter salad, also chocolate Washington pie and chicken in cream. She also will respond to two requests—eggnog pie and sunshine cake.

Mrs. Evelyn Bishop, guest demonstrator, will make wine ice cream today and serve it to the class.

The class sessions begin promptly at 1:30 p.m. every Tuesday and Friday.

EVELESS EDEN SOUGHT

Joseph M. Meeke told his wife, Myrtle N. Meeke, that he was tired of married life and wanted to go some place where he would never see another woman, she testified yesterday before Superior Judge Bartlett when asking for a divorce. The wife said Meeke came home one day from work, packed up his clothes and told her he was leaving to go to some womanless country. Mrs. Meeke was granted a decree.

HEALTH and DIET ADVICE

By Dr. Frank McCoy

author of "The Fast Way to Health"

Dr. McCoy will answer personal questions on healt
him, care of the Los Angeles Times. Inclose stamped,

Dr. McCoy's menus suggested for the week beginning Sunday:

Sunday—Breakfast: French omelet, toasted shredded wheat biscuit, stewed raisins. Lunch: Stewed corn, buttered beets, shredded lettuce with peanut butter dressing. Dinner: Roast pork, cooked asparagus, cooked celery, salad of grated raw carrots and chopped celery, apple whip.

Monday—Breakfast: Breakfast food (retoasted) served with milk or cream, but no sugar. Stewed figs. Lunch: Potato fluff, spinach, salad of shredded raw cabbage. Dinner: Vegetable soup, roast beef, steamed carrots, green peas, raw celery, Jello or Jell-well, with cream.

Tuesday — Breakfast: Coddled eggs, Melba toast, stewed prunes. Lunch: Eight-ounce glass of grape juice. Dinner: Broiled mutton chops, mashed turnips, string bean salad, baked pears.

Wednesday—Breakfast: Whole-wheat muffins with unsalted butter, baked eggs, stewed raisins. Lunch: Boiled rice, parsnips, lettuce. Dinner: Clear tomato soup, Salisbury steak, cooked celery, baked eggplant, dish of berries (canned.)

Thursday — Breakfast: Eggs poached in milk, retoasted Triscuit, baked apple. Lunch: Pint of buttermilk, ten or twelve dates. Dinner: Roast veal, spinach, molded salad of peas, string beans and chopped celery. Cup custard.

Friday—Breakfast: Cornmeal mush with milk, no sugar. Lunch: Cooked lettuce, cooked oyster plant, salad of grated raw carrots. Dinner: Baked sea bass, spinach, squash, lettuce and tomato salad. No dessert.

Saturday—Breakfast: Coddled eggs, Melba toast, stewed apricots. Lunch: Oranges as desired. Dinner: Broiled steak, string beans, head lettuce with olive oil, pineapple sponge.

Potato fluff—Peel and boil the desired number of Irish potatoes. When soft, mash and season with a little salt. Add enough thick cream to make a stiff batter and beat vigorously for several minutes. Heap into a flat baking dish, but do not smooth over or pack down. Sprinkle with Melba toast crumbs

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 1:30 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

CREAM OF SPINACH

Wash well three bunches of spinach, drain, place in a saucepan, and cook slowly in the water that clings to the leaves, drain and chop fine. Heat in a saucepan two tablespoonfuls of butter, add two tablespoonfuls of flour, and stir until smooth, but not brown; slowly add four cupfuls of milk and cook until thick; add a seasoning of salt and pepper, a few grains of mace and the chopped spinach. Beat smooth with a rotary egg beater, serve in cups, dot with a tablespoonful of whipped cream.

BELGIAN HARE, MARYLAND

Disjoint two, two-pound Belgian hares, wash, wipe dry, dust with flour, that has been seasoned with salt and paprika, heat one cupful of chopped salt pork, in a saute pan, cook until slightly browned, skim out the pieces of pork, lay in the seasoned hare, and cook until lightly browned on all sides. Cover the saute pan, place in a moderate oven and cook until tender, place the meat on a hot platter, stir into the fat left in the pan two tablespoonfuls of flour, mix smooth with half a cupful of milk. Stir and cook for ten minutes, pour over the hare, garnish with corn fritters and slices of crisp bacon.

SHRIMP AND ASPARAGUS SALAD

Rub a cold bowl with a crushed clove of garlic, and mix in it two cupfuls of cooked asparagus tips, two cupfuls of cooked peeled and chopped shrimps, one tablespoonful of chopped capers, one tablespoonful of chopped green peppers, one chopped pimiento, four tablespoonfuls of chopped ripe olives, and two-thirds of a cupful of French dressing. Drain well, place on lettuce-covered plates, cover with mayonnaise, sprinkle with chopped parsley and garnish with slices of hard-boiled eggs.

PINEAPPLE PUDDING

Mix one and one-half cupfuls of bread crumbs with one cupful of sugar and one and a half cupfuls of shredded pineapple, let stand five minutes, add five tablespoonfuls of sifted flour sifted with one-third of a teaspoonful of salt and one and one-half teaspoonful of baking powder, mix well, add two tablespoonfuls of orange juice, one teaspoonful of lemon juice, and five well-beaten eggs, beat for ten minutes, pour into a buttered baking dish, set in a pan of hot water, and bake until firm in the center, in a moderate oven. Serve with a hard sauce.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Tuesday.—(All rights to reproduce reserved by A. L. Wyman.)

Council Gives Its Approval to Many Projects

Assessment district maps were approved yesterday by the City Council for improvement of the following thoroughfares: Riverside Drive between Vineland avenue and Sarah street; Seward street between Sunset Boulevard and Santa Monica Boulevard; Compton street between Tujunga and Camellia avenues; Glendale Boulevard between Atwater avenue and a point 300 feet south of Greensward Road, and Avenue Forty-four between Frontenac avenue and a point 916.53 feet west of Glenalbyn Drive.

The Council also approved assessment district maps for the improvement of the streets in the following improvement districts: McAllister street and St. Louis street, Morningside Way and Glyndon avenue, Crestwood Way and Crestwood Terrace, Barryknoll Drive and Avenue Forty-two, Avenue Forty-five and Canon Crest avenue. Similar maps were approved for the installation of lighting appliances on Plymouth Boulevard, between Wilshire Boulevard and Francis avenue, and to pay for the land to be condemned for the widening and laying out of Robertson Boulevard between Pico Boulevard and Eighteenth street.

Group Lauds Commissioner

Commissioner Friedlander, head of the State Corporation Department, whose resignation becomes effective April 1, was in receipt yesterday of a copy of resolutions adopted by the Los Angeles Stock Transfer Association, congratulating him on the progress of the department and expressing appreciation for courtesy and co-operation received.

The association is composed of trust officers of banks and trust companies in Los Angeles.

PICTURE CITY GAINS COMMERCE CHAMBER

Picture City on Ventura Boulevard is the latest Southern California town to achieve a chamber of commerce. The chamber was organized yesterday with the following officers: H. F. Dahlman, president, R. E. Tapley, and A. E. Wright, vice-presidents, M. Dahlman, secretary, and C. N. Queen, treasurer. Members of the board of directors are C. T. Daniels, Sam Bly, N. J. Balkins and Jack Moore.

Canada Moves for Extradition of Bank Teller

A complaint for the provisional arrest of John Charles Alspaugh, 23-year-old bank teller of Chatham, Ontario, Can., was filed with the United States commissioned here yesterday by Attorneys H. A. and Lloyd R. Massey, legal representatives of Godfrey A. Fisher, British Consul.

Alspaugh was apprehended in Los Angeles several days ago by the local police on information from Canadian authorities that he absconded with $26,000 from the Royal Bank of Canada, most of which he lost in stock-market operations. The complaint for provisional arrest is the first step toward his extradition to Canada for trial. Alspaugh will be arraigned before Commissioner Head today. Under the provisional arrest he will be held without bail pending the filing of an amended complaint.

SEWER DISTRICT APPROVED

The final ordinance for the installation of sewers in the Third-street and Doheny-Drive sewer district was adopted by the City Council yesterday.

LINDBERGH CRUISE HOST

Colonel Will Make Service Test of Gigantic Plane Patrician in Trip Northward

Col. Charles A. Lindbergh and a party of guests will leave Rogers Airport in the Keystone Patrician at 10 a.m. today for an unannounced destination, believed to be either San Francisco or Oakland.

Lindbergh's guests will be Harry Guggenheim, president of the Guggenheim Foundation for the Advancement of Aeronautics, and Capt. Millikan, a guest of Mr. Guggenheim; William Stewart of the Union Oil Company, Capt. Walter Parkin of the Department of Commerce, President Edgar L. Gott and Ken Fraser of the Keystone Aircraft Company, builders of the Patrician; Ross Hadley and W. E. Thomas of the Pacific Aeromotive Company, distributors of Wright engines; John Bowers of the Western College of Aeronautics, William M. Henry and A. M. Rochlen, newspaper men, and two mechanics, C. A. Lupole of the Wright Aeronautical Corporation and Jay Lichtenwalner of the Keystone Aircraft Company.

The flight will be in the nature of a service test on the Patrician which Col. Lindbergh will be conducting on behalf of the Transcontinental Air Transport, National Air Transport, Pan-American Airways and other companies with which he is connected in an advisory capacity.

Capt. St. Clair Streett of the United States Air Service, who piloted the Patrician on her transcontinental voyage, will depart at the same time in Col. Lindbergh's private Curtiss Falcon and presumably this plane will be flown back to Los Angeles by Col. Lindbergh at the conclusion of the test flight in the Patrician. According to Mr. Gott the Patrician will carry a large amount of baggage and spare parts on the trip as she will continue on east without returning to Los Angeles.

FLYING OFFICE MAY BE HONEYMOON PLANE

Arrival of the City of Columbus, Col. Charles A. Lindbergh's flying office, yesterday at the Grand Central Air Terminal at the same time that the family of Miss Anne Morrow, his fiancee, was reported to be asserting there would be no change in wedding plans gave rise to reports here that the ace had his large and luxurious ship brought here to bring his bride back to the United States.

The large trimotored plane flew here yesterday from Albuquerque, N. M., after crossing the continent from Washington since Monday. It was reported at the flying field that it will remain for three days, after which it would depart for an unknown destination. Col. Lindbergh will fly to San Francisco today but will return tomorrow. It has been presumed that he will take charge of the City of Columbus Sunday and fly it to Mexico City for the wedding, scheduled for "the Easter holidays" and then will go on an aerial honeymoon in the huge air liner.

The plane was built as an office for Lindbergh to use while traveling on business for the Transcontinental Air Transport Company and is furnished with the most modern equipment and conveniences.

The plane was piloted across the continent by John Collings, chief pilot for the Ford Motor Company, and brought as passengers Pat Murphy, assistant to the vice-president of the transportation company; A. E. Demaray, assistant director of the National Parks Service; and W. O. Tufts, representative of the Rand-McNally Company, who is making aerial route maps.

HEARINGS POSTPONED

Hearing of protests against the ordinances of intention for the improvement of Ninth avenue between Forty-eighth and Fifty-fourth streets and of Harper avenue between Melrose avenue and Beverly Boulevard was postponed yesterday by the City Council to April 5 and the protests were sent to the City Engineer for checking. The Council also put off hearing until May 23 protests against the improvement of Alta Vista Boulevard between Melrose avenue and Oakwood avenue.

COUNTY DRY SQUADS TO JOIN HANDS

Working Program Agreed Between Sheriff Traeger and District Attorney

Complete co-operation between prohibition enforcement officers operating under Capt. Clyde Plummer for the District Attorney and Capt. James Benton for Sheriff Traeger was assured yesterday following a conference between the Sheriff and Dist.-Atty. Fitts.

The Sheriff called the meeting following complaints by his men that members of the District Attorney's dry squad were conducting raids without warrants and at times had interfered with the operations of the Sheriff's dry detail.

These differences were smoothed out at the conference and co-operation in the future was assured by both sides.

SUSPENSION APPROVED

Approval was given by the Fire Commission yesterday to the report of Fire Chief Scott that he has suspended for six months from the 12th inst. Thomas W. Whittley, fire tug captain at the harbor, for being intoxicated while on duty. The termination of the suspension, without pay, was fixed at September 11.

FOUR IDENTIFIED IN JAIL SHOW-UP

Bandit Suspects Pointed Out by Victims

Doctor Arrested for Failing to Report Patient

Physician Pleads Ignorance of Rule on Wounds

Four bandit suspects were identified with more than a dozen local recent robberies at a public "show-up" at Central Police Station yesterday and, as a result of one of the identifications, Dr. Joseph Walker of 7446 Hollywood Boulevard was arrested on a warrant and arraigned for failing to report having treated the suspect for a bullet wound.

The arraignment took place before Municipal Judge Bogue. Dr. Walker asked until 9:30 a.m. today to plea. He was released on $1000 bail.

SUSPECT SHOT

The suspects identified, according to police, were Jack O'Brien, Harry Phillips, the man who was shot by one of his asserted victims; John M. Dougherty, and Donald E. Nosworthy. O'Brien and Phillips, according to Detective Lieutenant James, have confessed six robberies.

Phillips admitted that he was shot in the neck by L. B. Weeks when he and O'Brien held him up in a drug store at 5860 West Pico street the 6th inst.

LICENSE TRACED

Dr. Walker, according to James, admitted treating Phillips for the wound but declared he did not know he was violating the law in not reporting it to the police.

Dougherty and Nosworthy were identified by J. Holmes of 5925 South Woodlawn avenue as the bandits who forced him into their automobile at Thirtieth and Figueroa streets, Wednesday afternoon and robbed him of $47. The two were arrested later that afternoon by Detective Lieutenants Harper and Leonard after they had traced the license number to an auto rental agency.

COUNTY COUNSEL'S COUSIN PASSES TEST

Paul Franklin Mattoon, cousin of County Counsel Mattoon, was among the 123 persons who passed the January State bar examination, it was announced yesterday. Mattoon is 25 years of age and a graduate of the Harvard Law School. Elmer D. Doyle, for many years deputy clerk in the Superior courts, was another successful applicant for admission to the bar.

LAW BANQUET ARRANGED

The first annual banquet of the law school student body at the University of Southern California will be held under the auspices of the new Model Bar Association, of which Arthur Preston is president, April 4 in the Student Union. The banquet will be featured by the installation of the Order of the Coif, the oldest law-school honor society in the country.

ACTRESS DEPARTS FOR AFRICAN FILM

Edwina Booth
And her costume trunk.

With her entire costume wardrobe in a doll-sized trunk, Edwina Booth left Hollywood last night on the Chief for New York on the first leg of a trip of more than 10,000 miles to film a motion picture in the wilds of British East Africa.

Miss Booth's costume weighs exactly one pound and three ounces. It is the only article of wearing apparel she will need for the picture, "Trader Horn," in which she is the only white girl.

The blond discovery was chosen from the ranks of the extras for the leading role by W. S. Van Dyke, director, who will lead the Metro-Goldwyn-Mayer film expedition into the jungles. Van Dyke left for New York two days ago.

HER DANCING BARRED

Mate Stopped Lessons, Says Wife Asking Decree

Four months of asserted jealousy, cruelty and mental anguish have shattered the nerves of Ynez Seabury Costello, screen actress, she asserts in her divorce complaint filed yesterday by Attorney A. P. McNarlian.

The defendant, Walter W. Costello, refused to allow her to take dancing lessons, which, she says, were necessary to her professional advancement as a motion-picture actress. He also accused her falsely, she says.

CHANGE IN PORT CHARGES URGED

Harbor Rate Committee Lays New System Plans

Action Comes After Year of Intensive Study

Time Allowed for Protests Before Adoption

A new system of port charges, in an effort to settle long-standing differences between the Harbor Department and shipping and kindred interests, was recommended in principle yesterday in a tentative report adopted by the Harbor Rate Committee at a meeting at the Chamber of Commerce. This important action follows a year of intensive effort by the committee, during which it has met many times with all interests concerned in the port's operation.

Eugene Overton, attorney and chairman of the rate committee, announced that the report will be submitted to all interests, that they may file protests, prior to its final adoption, after which the new rates will be drafted by the Harbor Department with aid of an advisory committee. Salient points of the recommendations are:

RECOMMENDATIONS

(1.) Levying of revenues on all truck traffic to and from shipboard; equivalent to about 10 cents per ton of freight.

(2.) Assessment of shed rentals on all city-owned terminals.

(3.) Dockage charges to be figured on a basis of gross tonnage of vessel, rather than net tonnage as at present. Wharfage charges to be unchanged.

(4.) Municipal pilotage to be optional with vessels in offshore trade, rather than compulsory as at present. Pilotage fees to be figured from ships' gross tonnage, instead of combination of draft and tonnage.

The committee recommended that the rate advisory committee be comprised of the port manager, Burt Edwards; a representative of the Los Angeles Steamship Agents' Association; a representative of the seagoing profession, and one representative each from the rail, trucking and shipping interests, to be appointed by the Los Angeles Chamber of Commerce.

FIGHT MAY BE MADE

Harbor Department officials last night declared the truck tax recommendation to be of prime importance; recalling that a minimum of $133,000 in port revenues was lost during 1928 because the huge trucking fleet, paying absolutely no revenue for use of port facilities, carried at least 50 per cent of the port's commerce, on which the railroads pay back to the city a material portion of their freight revenues. This rail freight tax, it is estimated, amounts to approximately 5 cents per ton of freight.

Steamship operators, who at present pay no rental for use of city-owned piers and sheds, are expected to make a concerted fight against that recommendation.

EQUALIZING CHARGES

"We have made a thorough study of the whole situation and we believe that if our recommendations are carried out the new rates thereby attained will prove equitable to all interests," said Mr. Overton. "It is not intended to raise more revenue for the Harbor Department; in fact, we believe that annual revenues of the port will remain on an equal basis, an increase in one place being equalized by a decrease in another field."

In addition to Mr. Overton, the personnel of the harbor rate committee includes George W. Zent, Hollywood real estate operator; Stanley T. Olafson, exporter; R. L. McCourt, real estate operator; P. G. Winnett, manager of Bullock's, and Oscar M. Couden, chairman of the board of directors of the United States National Bank.

Mexican Flyer Weds Actress

Another aviation and military romance culminated in the atmosphere of the motion-picture studios last night with the wedding of Maj. Louis Abbadie, former aviator of the Mexican Army, and Miss Leonor Gamez, at the latter's residence at 978½ South Catalina avenue.

Abbadie came here five years ago from Mexico City after severing his connection with the air service and has been engaged as leader of an orchestra playing at the motion-picture studios. It was in connection with this work that he met, wooed and won Miss Gamez.

GIRL FACES ACTION OVER AUTO CRASH

Fatal Whittier Accident May Bring Revocation of License to Drive

Miss Charlotte Swearingen, 16 years of age of 502 South Friend avenue, Whittier, may lose her driver's license for several years and be placed under jurisdiction of the Juvenile Court until she is of age as a result of an automobile accident in Whittier Sunday night last when she ran down members of a Salvation Army parade, causing the death of one person.

This new development was revealed yesterday at the District Attorney's office following the inquest over the body of Mrs. Catherine Cameron, victim of the accident. Dep. Dist.-Atty. Broker announced after reviewing the evidence at the inquest that he will request such action.

The Coroner's jury exonerated the girl of blame for the accident, but Broker asserts the evidence indicates she should not be permitted to drive an automobile until she attains her majority.

Other members of the parade injured in the accident are C. E. Beebe, 45, of 122 Commercial street, Whittier; W. P. Kirkpatrick, 52, Whittier; John Woodhead, 24, 6149 Walker avenue, Maywood; Leah Conner, 11, 817 South Bright street, Whittier; and Miss Mary Young, 25, 1122 South Bright street, Whittier.

Buick Official Arrives Today on Coast Trip

C.W. CHURCHILL.

Making a personal survey of conditions on the Pacific Coast, C. W. Churchill, general salesmanager of the Buick Motor Company, will arrive in Los Angeles today after a visit to to the Northwest and San Francisco. Besides Mrs. Churchill, he will be accompanied by Peter S. Steenstrup, Buick district salesmanager, and R. S. Thompson, general manager of the Howard Automobile Company.

Mr. Churchill not only directs a large staff in the executive offices of the Buck factory, but also has in the national sales organization more than 4000 dealers. It is estimated that more than 10,000 salesmen are engaged daily in the dealer establishments besides 16,000 service workers and office employees.

Mr. Churchill attained prominence in the automobile industry in executive positions before becoming identified with the Buick company, where he was associated with E. T. Strong, then general salesmanager. When Mr. Strong was advanced to the presidency Mr. Churchill was promoted to the general salesmangership.

WOMAN HURT IN FALL SUES FOR DAMAGES

Damages amounting to $2000 are asked by Grace M. Shaffer of the Benton Way Apartment-house owners in a suit which went to trial yesterday before Superior Judge Baird, for personal injuries asserted to have been sustained when the plaintiff fell on a sidewalk at the entrance of the defendants' property. The accident happened on June 23, 1928, according to the complaint. The defendants assert Miss Shaffer contributed to her injuries by being in a hurry and proceeding in a negligent manner.

ELECTRICAL GAUGES TOPIC

An illustrated talk on "Electrical Measuring Instruments and Principles of Electrical Measurements" will be given by A. F. Corby, Jr., in charge of the educational department of the Western Electrical Instrument Company of Newark, N. J., in Science Hall, University of Southern California, this morning.

LIBRARY LECTURE IN FRENCH

The seventh French lecture under the auspices of the foreign department of the Los Angeles Public Library will be a discussion of the plays of Georges de Porte-Riche, modern French dramatist, by M. Rene Belle of the University of Southern California. The lecture will be delivered tomorrow at 8 p.m.

SCHOOL EQUIPMENT VITAL

State Superintendent Kersey Says Education Must Maintain Same Standards as Business

Only through a study of the physical problems of the school as a business institution can education be advanced to keep pace with modern standards, Vierling Kersey, State Superintendent of Public Instruction, told members of the California Public School Officials' Association yesterday at the opening session at the Roosevelt Hotel in Hollywood.

"Business officials and employees and the educational executives have a common aim. That aim is better schools and equipment that will aid the student in the course of his school years," Mr. Kersey said. "The closer these two branches come together the better will each understand the purposes and problems of the other.

"After all, the teachers and pupils cannot advance without the co-operation and understanding of the men who buy the supplies and equipment, handle problems of ventilation and acoustics and supervise heat and sanitation. Each needs the other, and it is meetings such as these that will bring about a better understanding."

JANITOR HEAD TALKS

Benefits from janitorial training, both from the standpoint of the schools and also of the men themselves, were discussed by George Wright, head of the janitorial department of the Los Angeles City School District, who has 1150 janitors under his supervision, at the evening session of the association.

School cafeterias were discussed by Mrs. Kellogg, supervisor of dietetics at Pasadena. That profits from the school cafeteria should go to renewal of equipment, betterment of service, or reduced prices to children, was the theme of Mrs. Kellogg's talk.

UNIT PLAN DISCUSSED

Advantages of the county unit plan were discussed by William H. Cox, Alameda, who declared that the small schools would get the benefit of a business administration such as that enjoyed by the large cities under the proposed unit system.

The meeting this morning will be devoted to a discussion of a paper by Walter Morgan, director of statistics, California State Department of Education, "What is Expected by the State Department for its Annual Report." This afternoon will be given over to sight-seeing trips of Los Angeles schools, with the association's annual dinner scheduled for tonight at the Roosevelt, to be followed by a theater party at Grauman's Chinese Theater.

RADIO LISTENER CAN CHECK SET

Government Bureau to Put Signals on Air

Series of Broadcasts Will Be of Value

Chart Would Show Where Stations Come In

BY DR. RALPH L. POWER

Commencing on April 22, next, WWV, radio station of the United State Bureau of Standards, will give a series of broadcasts of standard frequency signals to be used by fans who want to calibrate their receiving sets.

Of course, most of the set owners do not know code, in which the signals are announced, but it will be possible to take advantage of the bureau's transmissions by turning the dials on at the proper time until the code comes on the air.

DEFINITE TIME

Here is the schedule, and many semitechnical set owners will want to preserve the list.

On April 22, for periods of eight minutes each, the schedule will be, Pacific time: 7 p.m., 4000 k., 75 meters: 7:12 p.m., 4500 k., 66.67 m.: 7;24 p.m., 500 k., 60 m.; 7:36 p.m., 5500 k., 54.55 m.: 7:48 p.m. 600 k., 50 m.: 8 p.m., 6500 k., 46.15 m.: 8:12 p.m., 7000k., 42.86 m., and at 8:24 p.m., 7300 k., 41.10 m.

Other broadcasts will be on May 20, June 20 and July 22, with schedules following the same time as of April 22, but on different carrier waves.

Many radio receivers now are calibrated at the factory. Yet there are many that are not, besides numerous home-made sets.

With these WWV signals a nickel's worth of coordinate paper and a ruler, a fan can draw up a graph setting aside a definite starting point, and then figure out where the various stations should come in on the dial.

Of course for local stations this is not so important, but for DX work it is almost imperative.

It will be noticed that these signals will be on extremely low waves. The ordinary receiver cannot get them, but many fans now have short wave receivers. Then, too, some of the newer models can get an extremely wide range, including the low ones, while many of the old sets can be fixed up with the aid of supplementary devices.

Complete data on how to receive and utilize the signals will be found in the Bureau of Standards Circular No. 171, which will be sent without charge on application to the office in Washington.

Even though only a few frequency points are received, persons can obtain as complete a frequency meter calibration as desired by the method of generator harmonics, information of which also is given in the government leaflet.

For stealing $900 from her employer a Birmingham (Eng.) girl recently was placed on probation on condition that she did not enter a dance hall for a year.

Military Schools

HARVARD SCHOOL
AN ACCREDITED SCHOOL FOR BOYS
29th year. Boarding and day pupils. Sixth to twelfth grades inclusive. R.O.T.C. unit. Splendid system of physical education. For information, address the Headmaster. 1601 South Western Avenue, Los Angeles, Cal.

PAGE MILITARY ACADEMY
a big school for little boys. Page stands in a class by itself as a school for little boys. It is the leading school for the grades west of Massachusetts, and has no high school department. For catalog address Robt. A. Gibbs, Headmaster, 1235 Cochran Ave., Los Angeles, Cal, or WH. 1128.

California Military Academy
FOR YOUNG BOYS
Elementary and Junior High grades. Open all year. We teach boys how to study. Firm, kindly discipline. Gymnasium. Well equipped playground. Sloyd. Piano, Violin. Band. Dancing. Day pupils may remain until 6 P.M. and on Saturdays. 23rd year. N. William Brick, M.A., Principal. 4001 Venice Blvd. EMpire 6875.

URBAN MILITARY ACADEMY ACCREDITED 25TH YEAR
The GREAT OUTDOOR SCHOOL. Primary through college preparatory. Small classes, individual care, CORRECTIVE PHYSICAL TRAINING, new gym and pool, cavalry, band. A school of distinction. P. G. McDonnell, Pres., 637 Wilcox St. GL. 4187.

SAN DIEGO ARMY AND NAVY ACADEMY
"The West Point of the West." A fully accredited school preparatory to Colleges, West Point and Annapolis with a lower School for younger boys. Land and aquatic sports during entire year. Christian influence. The largest private school west of the Mississippi River. For catalogue address COL. THOS. A. DAVIS, Pres. (late Capt. Sixth U. S. V. Infantry.) Pacific Beach, California

Non-Military Schools

BEVERLY SCHOOL FOR BOYS
"FOR SONS OF DISCERNING PARENTS"
Non-sectarian. Non-Military. Day and Boarding, for boys from 6 to 18. Scholarship and school sports equitably blended. Annual Catalogue on request. 368 S. Virgil Ave., Los Angeles. Tel. DUnkirk 1485.
"The School that Stresses Scholarship"

CAL PREP
Accredited School for Boys in healthful, out-of-town environment. Excellent teaching staff. Athletic facilities. Boarding and day students. Lower grades and high school. Non-military. Non-sectarian. Reasonable tuition. Write for catalog. Headmaster, Box 25, Covina, Calif.

Girls Boarding and Day Schools

HOLLYWOOD SCHOOL FOR GIRLS
MRS. WOOLLETT'S SCHOOL. Estab. 1903. Boarding and Day School, Kindergarten, Elementary, Junior and Senior High School. Accredited College Preparation. Music, Art, Dramatics, Athletics. LOUISE K. WOOLLETT, Prin., 1749 N. La Brea Ave. GR. 4901.

MISS THOMAS' SCHOOL
(ST. CATHERINE'S SCHOOL)
325 West Adams Street
Boarding and Day School for Girls
First eight grades. Prepares for Marlborough and Girls' Collegiate Schools. Three-acre playground with gymnasium teacher in charge until 5 o'clock. Out-of-door study. Auto service. MISS THOMAS, Prin., WE. 5054. Second Semester Now Open.

TERM NOW OPEN
Elliott School for Girls
Resident, Boarding and Day School. All Grades—Primary through High School. Ideal Home Life. Character Building. Students accepted at any time. Outdoor Sports. Beautiful Grounds. Gramercy Place and Pico Blvd., Los Angeles. Martha Collins Weaver, M.A., Principal. Telephone EMpire 5347.

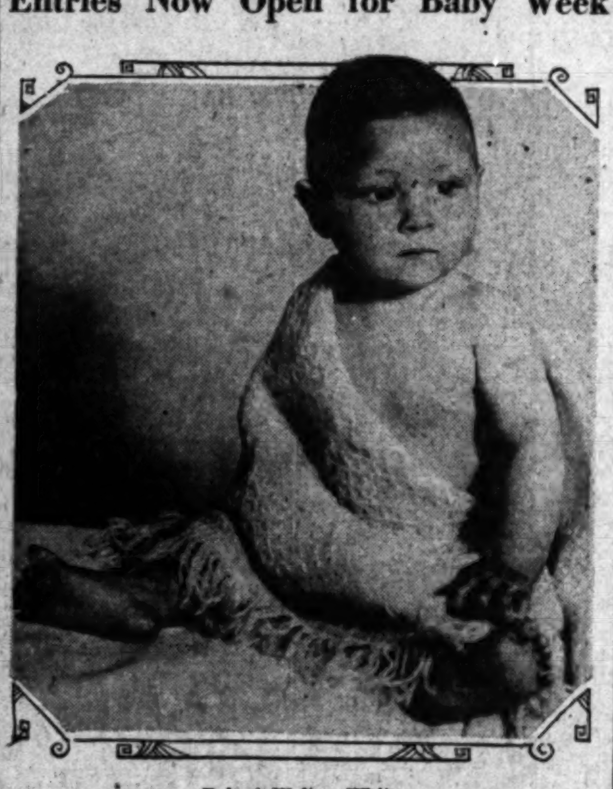
INFANTS AFTER BLUE RIBBONS

Entries Now Open for Baby Week



Robert Walton White

THE fifteenth annual Baby Week in Los Angeles will begin April 29 and end May 4.

This announcement was made yesterday by Dr. Maud Wilde, founder and active head of the Mothers' Educational Center, which is a Community Chest agency and an associate member of the American Child Health Association, of which Herbert Hoover has been president the past four years.

Examination of baby contestants began yesterday. Last year 3480 babies took part, and Dr. Wilde expects nearly 4000 babies to compete this year. Final awards and scores will be tendered May 1, which is American Child Health Day, celebrated in every State in the Union. Blue ribbons, red ribbons and honor certificates will be awarded.

Registrations may be made up to April 23 in the Chamber of Commerce Building.

Babies from birth to six years are given a complete examination. Instructions are given the mother in each division. The same examination is given children between the ages of 6 and 12, excepting the mental score. Problems involving correct behavior are studied and advice given. Sex instruction will be given, if the mother wishes it, by one of the doctors.

A score is made of the degree of health and a certificate awarded to all who make a high standard. Individual and class instruction is given in marital relationships and prenatal care.

Dr. W. Noble Carter heads the prenatal instruction division; Dr. Leonard H. Greenbaum, the division of nutrition; Dr. J. H. Turner, the division of posture and growth; Drs. Harold B. Simm and Paul Orneron, the division of dentition; Dr. Wallace Miller, the division of ophthalmology; Jennie Van Allen, the division of research and home engineering, and Mrs. Gilbert A. Reeve, the Mothers' Paidology Club. Dr. Marie M. Schiller is health adviser.

PRICE FLOAT IN GASOLINE TANK RESTS

War Seems Terminated as Dealers Agree to Terms, but Oil Costs May Drop

Gasoline prices appeared settled at 18½ cents a gallon yesterday and dealers throughout the city asserted this scale probably will be maintained during the summer. Major oil company officials expressed themselves satisfied that there will be no further juggling of prices, and statements were issued that a large number of service-station operators have agreed to sign contracts at the prevailing wholesale price of 15½ cents a gallon.

At the less than a dozen stations owned by the large oil producers exclusively prices were fixed at 22½ cents a gallon retail.

Because of the surplus in lubricating oil it was predicted this commodity is due for a drop in price. Signs appeared at many service stations announcing a reduction in crank case oils in quantity purchases.

In the readjustment of the gasoline war difficulties varied forms of contracts have been offered the station operators by the oil companies. Some of them are binding for a year and others extend over three years.

PAIR SEIZED IN SALE OF MORPHINE

Couple Accused of Deal With Government Agent Caught at Station

William Reiling and his wife, also known as Mary Main, were arrested yesterday at the Central Station by Federal Narcotic Inspectors Welliver and Monroy on a charge of selling morphine. The inspectors have been searching for the two for some time and arrested them just as they were about to board a train for Nevada.

It was stated that an under-cover agent of the government bought seven ounces of the drug from the couple, paying $500 in marked bills, at wholesale rates. The retail value was reported to be $3100. The under-cover agent, it was stated, met the couple at a local hotel and went out with them in an automobile. During the ride the transfer was made, it was stated.

Welliver and Monroy followed the couple to the depot and there arrested them. The two are being held pending the filing of formal charges.

Rites Today for Officer's Father

Last rites for Joseph B. Longuevan, father of Police Inspector Dwight W. Longuevan, will be conducted at 10:30 a.m. today at the C. R. Vesper & Son chapel, 1930 East First street. Burial will follow at Forest Lawn Memorial Park.

Mr. Longueman, who was 67 years of age, came to Los Angeles thirty-five years ago from St. Louis. His home was at 1845 East Second street. He leaves his widow and three sons, Joseph B., Jr.; Claude J. and Dwight W., all of Los Angeles.

NEWS OF THE CAFES

Bryant Washburn, motion-picture actor, will be master of ceremonies at the Pom Pom, Hollywood, tonight, when a gala vaudeville program will be given between performances of "Tropical Nights."

William Meiklejohn, producer, has arranged for the appearance of Manuel and Vida, tango dancers; Nelson and Thatcher, "raccoon" steppers; Martinez Saxophone Sextet, favorites of the Pantages circuit; Jack La Tour's "Golden Visions," and other attractions.

SPANISH AIR ENHANCED

The Spanish atmosphere at the La Casa Pico Inn, situated in Pico Boulevard near Robertson Boulevard, has been enhanced lately when more than twenty girls in Spanish costume and make-up from the near-by Fox studio dined there during the luncheon hour. C. C. Loomis, proprietor, states that the girls with their colorful costumes and the Spanish decorations of his tea room make a setting that is typical of old Spain. Indications are that the girls will make the La Casa their eating place, as long as the picture in which they are working is filmed in the studio.

TEA ROOM THRIVES

The recently opened Pollyana Tea Room in West Seventh street opposite Westlake Park already is doing a capacity business, according to Mrs. Beardsly, proprietor. The new tea room is one of the most artistically appointed dining-rooms in the city having a decorative fountain in the center of the room and dainty furnishings. Luncheon and dinners are served daily and a special dinner on Sundays. The original Pollyana Tea Room is located in Vermont avenue near West Seventh street.

SOCIETY MEETS IN TEA ROOM

The Humane Society of Los Angeles held a banquet last evening in Polly's Patio Tea Room, situated in West Seventh street, east of Vermont avenue. After discussing the business of the organization and making new future plans the party enjoyed an excellent dinner. The management of Polly's Patio recently inaugurated a moderate priced dinner which will be served nightly in addition to the regular full course dinner.

COLLEGIATES TO FROLIC

College folk once more tonight will enjoy the spotlight in the new Blossom Room of the Roosevelt Hotel in Hollywood, when another of the series of college nights, recently inaugurated by Eugene Stark, managing director of the hostelry, will be given.

Stark has just announced that reservations for the special Easter breakfast planned by the Roosevelt to follow the Sunrise Service in the Hollywood Bowl indicate a capacity throng of breakfasters at the hotel Easter morning.

TROUBADOURS HEARD

Patrons of Mme. Helene's Paramount Tea Room at the Lasky studios in Hollywood, have been enjoying the ballads and dances the strolling troubadours from Spain present daily except Sunday during the dinner hour of 4 to 9 o'clock. The troubadours may also be heard in the gardens of Mme. Helene's Rose Villa at Flintridge, daily from 12 noon to 3 o'clock, and on Sundays from 1 o'clock until 9 p.m.

GRID STAR TO BE GUEST

With Charles Boren, Trojan football player, as guest of honor, collegiate night at the Montmartre this evening will be one of the peppiest events of the year. Boren will assume responsibility as judge of the collegiate dancing contest, and will award a handsome prize to the winning couple. Other features of the evening will include vaudeville acts and novelty stunts.

STATE ACCEPTS JURORS IN BOX

Defense Has Used All Ten Peremptory Challenges

Judge Frets at Delays and Scolds at Excuses

Citizens Warned Not to Shirk Duty to Justice

(Continued from First Page)

not serve in the interests of justice."

"I believe that if you had clearly read the stories in the newspapers and intelligently discussed this matter your opinions would have been a great deal more on the level," Judge Wood said as he dismissed the man from the panel.

AGE HELD EXCUSE

In the process of jury selection Martin H. Mosier of 35 Fremont Place went into the box and asked exemption on the grounds that he was approaching his seventy-third birthday. He believed he could not endure the confinement of the jury during the trial.

There was a lull in the proceedings while the code books were brought forth in a general search for a legal opinion. Court Clerk E. A. Miller, after considerable search, announced to the court that the code was silent in age as exemption, but Judge Wood permitted Mr. Mosier to leave.

No sessions will be held tomorrow, Judge Wood said.

The crowds of curious outside the courtroom are growing larger each day, according to Deputy Sheriff Ostraff, in charge of the guards, but they are held back by two wooden barriers. The searching for weapons among those entering the courtroom continues on the order of Undersheriff Biscailuz.

Councilman Jacobson, who was arrested in the Beagle-street morals raid with Mrs. Grimes, is a constant spectator at the hearings. He is accompanied by his wife and other members of the family. Jacobson is announced as the State's star witness and will be among those first called to the stand.

GROCER EXCUSED

On the opening of court yesterday morning Judge Wood excused George Franklin, a Glendale grocer and one of the prospective jurors. At the same time it was revealed that Mrs. Andrew Schilling, another member of the tentative panel, was stricken with illness. She later was removed by a peremptory challenge of the State.

During the morning session the State exercised two peremptory challenges and the defense two, removing Mrs. Schilling, D. W. Johnson of Montrose, Mrs. Ella Bialock of 3701 North Griffin avenue, and Mrs. Alice Hogan of 242 East Thirty-second street.

Dennison and Schenck indulged in a tiff shortly after court opened on the dismissal of Mrs. Schilling.

"The lady has indicated she is ill," Dennison said, "and the State challenges."

Schenck jumped to his feet objecting to Dennison's stated reason for the challenge, and argued vociferously to the court. The prosecutor began growling at his court enemy of several years, but Judge Wood settled the heated argument by allowing Dennison's challenge.

The selection of the jurors progressed slowly because several tentative talesmen indicated a desire not to serve on the case. Several of them declared they had "fixed" opinions and doubted they could act fairly.

Man Ordered to Take Child Back to Court

Superior Judge Rosenkranz yesterday took unusual measures to see that justice meted out in a Washington State court is made effective in California.

The court appointed A. P. Scott special probation officer, with instructions to take his 6-year-old daughter to Seattle and deliver her into the custody of the divorce courts there. It was in Seattle that Scott was divorced from Mrs. Ahlfild Scott and given custody of her child.

Mrs. Scott, according to evidence at a hearing in Judge Rosenkranz's court, brought her child to Los Angeles and placed her in boarding school here. Six months later, Scott, with the aid of detectives, located the child, and took Mrs. Scott into court on an order to show cause why the findings of the Washington court should not be carried out.

Judge Rosenkranz in his order stipulated that Mrs. Scott might accompany her child to Seattle. He also stipulated that Scott should give the child into custody of the Seattle probation officers until the courts there can decide the custody.

POLICE SUIT OPENS

Officer Says Wife Tried to Shoot Him But She Denies It

A hearing of the contested divorce action of Harry O. Hartman, Los Angeles police officer, and his wife, Dorothy Hartman, was begun yesterday before Superior Judge Hazlett.

Hartman in his complaint asserts his wife attempted to shoot him and that when he grabbed the revolver the weapon was discharged and the bullet entered the floor several inches from his foot.

Mrs. Hartman, represented by Attorney Isador Morris, denies she tried to shoot Hartman. In her cross-complaint she accuses her husband of acts of cruelty and declares that because of his conduct her weight decreased from 130 to ninety-five pounds.

PAIR TAKEN IN LIQUOR RAID ARRAIGNED TODAY

G. A. Bomberg and A. R. Gingras, arrested by harbor police when a boat load of liquor was seized in the vessel in which they were occupants, are to appear today before United States Commissioner Head on a charge of violating the national prohibition act. The vessel, the Scandia Pacific, fishing boat, was found drifting at sea and towed to port by the Steamer West Mahwah.

GIRL GAINS POST IN COURT

Hard Work Wins Stenographic Job

Her Ambition Realised
Marie Keller, who is the Jacobson case court reporter.

DETERMINATION to learn and persistence at practice have amply rewarded diminutive Marie Keller, court stenographer, who is taking the court record of the trial of eight defendants before Superior Judge Wood on charges of a conspiracy to arrest Councilman Jacobson in a morals raid.

Six months ago Miss Keller began practicing with shorthand in the local courts and quickly achieved the reporter's chair in a "big trial." She has attained a competency with the scrawl and dash, according to court attaches, that others have sought in practice for years.

Shortly before the present trial Miss Keller attended the county examination for court reporters with five others. She obtained the highest grade of the quintet and one of the best grades ever set in the examinations.

HOLY WEEK WILL END DRIVE

Lenten Mission Campaign to Close With Eight Days of Impressive Ceremonies

Holy Week—from Palm Sunday, the day after tomorrow to Easter Sunday—will be celebrated in Los Angeles and in every Catholic Church of the Los Angeles-San Diego diocese with impressive and solemn ceremonies.

The week will mark the end of the Lenten Mission campaign, during which 150 preachers of all orders instructed and strengthened the 500,000 Catholics of the Southland in the practice of their faith.

Bishop Cantwell will officiate at high mass Palm Sunday and will bless the palm leaves which give this day its name. After mass, the traditional ceremony symbolizing the triumphal entry of Christ into Jerusalem will be conducted by the celebrant clergy and the people. This procession imitates the action of the Jews who welcomed Christ into Jerusalem by strewing palm branches in His way and casting their garments before Him.

On Wednesday, Thursday and Friday evenings at 8 o'clock, the solemn rite of Tenebrae, meaning darkness, will be conducted. This office takes its name from the ceremony of gradually extinguishing the church candles and lights until the ceremony ends in total darkness. This symbolizes the deprivation of the light of faith suffered by those who put Christ to death. All the music of the church, including the organ and bells, is stilled; the crosses, altars, statues and pictures are draped in mourning; all the hymns and psalms of praise are put aside in sign of sorrow.

The sermons of Tenebrae will be preached by Father Welsh of the Paulist order, who is ranked among the powerful pulpit orators of the church in America.

On Thursday, known as Maunday Thursday, from the words mandatum novum, meaning a new commandment, the church commemorates the Last Supper and the institution of the Eucharist by Jesus. The procession of the Blessed Sacrament, in which hundreds of little girls dressed in white and crowned with wreaths take part with incense bearers, sanctuary boys and officiating clergy, is one of the most beautiful ceremonies of Holy Week. The procession follows the Blessed Sacrament to the Repository, after which the bishop, attended by twelve pastors in symbol of the twelve Apostles, blesses the oil to be used during the year in the administration of baptisms, confirmation, extreme unction and holy orders.

On Good Friday the rite of the Veneration of the Crucifix takes place, followed by celebration of the mass of the presanctified. Bishop Cantwell, assisted by Fathers J. Bauer, G. O'Keefe, B. Dolan and T. Gorman, will officiate at the mass. Special versicles and chants accompany the ritual of veneration by the people and the prelates, who, in the order of their dignity, kiss the five wounds on the crucifix before the singing of vespers ends the ceremony.

The three hours' devotion, another solemn ceremony, will be conducted by Paulist fathers from noon until 3 o'clock of Good Friday at the cathedral.

LONG SATURDAY RITUAL

Holy Saturday, the last day of the Passion, has the lengthiest ritual of any day in the year. Blessing of the new fire by Bishop Cantwell at 7 a.m. will be followed by a procession to the sanctuary. The Paschal Condel will then be blessed, in another impressive ceremony, in which the celebrant places five grains of red incense symbolizing the five wounds, in the side of the candle, which symbolizes the risen Savior.

The baptismal water is then blessed and sprinkled to the four corners of the earth. When the priests finally remove their purple vestments of mourning and don the white cloth of gold denoting anticipatory joy for the resurrection, the organ and bells peal forth again, the veils are removed from the altars, statues and pictures, and preparations are made for the Easter Sunday celebration.

Bishop Cantwell, assisted by Mgrs. Cawley and Conaty, and by Father Gorman, will sing high mass Easter Sunday in the Cathedral at 10:30 a.m., bringing to a close the observance of Holy Week at the same time that the Lenten Mission campaign comes to an end throughout the diocese.

Ancient Mine Discovered by Museum Party

Director James A. B. Scherer of the Southwest Museum has received a telegram from the museum's director of research, Mark R. Harrington, announcing the discovery of a great ancient turquoise mine near the famous "Lost City" in Nevada, this mine covering several acres.

Harrington reports that he saw a shaft fifteen feet deep, pecked in solid rock with stone tools possibly a thousand years ago. He also found stone hammers and bits of turquoise and pottery, showing the ancient miners to have been early Pueblos. As the mine is directly in the path of the waters that will be backed up by Boulder dam, it must be explored now or never, he declares.

Hot Tar Bath Complained Of

A complaint to the Fire Commission that roofing companies using the streets are not affording proper protection to the public from hot pitch and sooty smoke from their caldrons was referred to the Board of Public Works yesterday.

The complainant was William H. Ormerod in the City Treasurer's department, who declared that on February 8, while he was passing a caldron on the south side of First street, a few feet from Broadway, tar from the cauldron showered him, burning his face, neck and hands, and ruining his clothing.

ORATORY RACE HARD TO JUDGE

El Monte Boy Defeats Girl by Small Margin

Many Hear Peace Phases of Constitution Given

Contests at Three Schools to be Held Today

LOIS ELLIOTT.

Leland Kingerman won the local elimination event of the National Oratorical Contest on the Constitution at El Monte High School Wednesday night from Peggy Hayes who last year took first place at this school and third in the district finals.

Kingerman discussed, "The Constitution: Its Contribution to World Peace," and Miss Peggy's oration was on, "The Constitution and Permanent Peace." Each stressed the fact that the Constitution contains the foundation safeguards for world peace and that adherence to its precepts alone can procure the desired end.

The event took place at the high school at 8 p.m. and the auditorium was filled. Music was provided by the El Monte High School band directed by Carolyn M. Keller and the dramatics class presented the one-act play, "Cinderella Married."

OTHER CONTESTANTS

STELLA MAE WOLD.

Lee Roy Huffaker won third place on his topic, "The Newspaper as a Means of Securing the Function of Constitutional Theory." He asserted that "were it not for the newspapers, the public would know but little concerning the modern workings of the Constitution and its adaptation to the problems of the age."

The other contestants were Richard Simpson who talked on, "The Menace of Communism to American Freedom," and Julian Naumann on, "Taxation and the Constitution." The latter is a freshman.

As school eliminations are in progress until April 12 and are being attended by parents and friends of the participants, a resume of the rules governing the judging is presented.

RULES FOR JUDGES

Judges consider three points in making their selections: First—The fitness of the contestant to make a worthy showing in the highest stages of the contest—character, poise and personality to be the criterions.

Second—The composition of the oration, with particular emphasis on historical accuracy, logic and general literary effectiveness. Third—Moving power—the extent to which the speaker can thrill, quicken and compel.

It is assumed as fundamental to the contest that the orations must be of such character as to increase interest in and respect for American institutions.

The prizes awarded at El Monte were a loving cup and $15 for the winner, $10 for second place and $5 for third. The cup was donated by El Monte Herald and the cash prizes by local service clubs, El Monte Post of the American Legion and two women's clubs.

CONTESTS TODAY

Today Long Beach Polytechnic High School at 1 p.m. Garfield High School at 8:15 a.m., and Montebello High School, 1:50 p.m. will hold eliminations. These three contests represent the work of 2000 students in the study of the Constitution.

At Montebello, the competition will be keen between Stella Mae Wold, 16 years of age, and Lois Elliott who placed third last year. Both are seniors. Pearl Garvis, the only junior contestant, is rated as "a dark horse," having been transferred from South Pasadena High School which is known for its forensic ability.

FOUR PROTESTS SCHEDULED

Protests are scheduled to be heard today by the City Council on the ordinances of intention for the improvement of Elysian Park avenue between Innes avenue and Palisades Place, Poinsettia Place between Melrose and Oakwood avenues, and Ogden Drive between Pico Boulevard and Airdrome street.

POLICE DISMISSALS SOUGHT

Bar Association Committee Demands Removals in Asserted Attack on Citizen

Immediate removal from the Police Department of Officers Kirksey and Romero, asserted to have made a brutal attack on Axel Hayrinen, a contractor, and of an unnamed acting captain, was demanded of the Police Commission yesterday by the constitutional rights committee of the Los Angeles Bar Association. At the same time the commission was called on to investigate another asserted attack on C. B. Sylvester, a private detective, by Officer Owen Nowlton.

Both requests were in the form of communications from W. H. Anderson, chairman of the committee, and included copies of reports on both asserted attacks recorded by Lewis M. Andrews, chairman of the subcommittee.

The attack on Hayrinen, according to the association's findings, was made in Central Police Station on the evening of the 1st inst., after Kirksey and another officer had engaged the contractor in an argument at Crocker and Fifth streets. When Hayrinen declared he did not like the manner of police arrests, the report states, he was taken to headquarters where the acting captain ordered him removed to "that room."

Thereupon, it is charged, he was escorted by Kirksey to a small room and made to sit at a bench by a table. They then were joined by Romero, who asked Hayrinen how he had happened to be arrested. As Hayrinen was explaining that he had done nothing to warrant the detention, it is charged, Romero struck him on the mouth inflicting a wound that required four stitches. Shortly afterward, the report sets forth, Hayrinen was allowed to leave, no charge having been filed against him.

In the report involving Nowlton, it is charged that he accosted Sylvester, the private detective, as the latter was quitting a "shadowing" case on the evening of February 16, last, on Sunset Boulevard near Elysian Park avenue. When he was unable to produce his identification, because the 1929 card had not been issued, Nowlton, it is asserted, knocked him down with a blow on the nose, and as he arose, struck him another blow, felling him again. It is charged the officer was off duty at the time.

JEANNE EAGELS LEAD IS CAST

Lupe Velez to Be Starred by United in Big Stories; John Breeden Is Placed Under Contract With Fox; Antonio Moreno Leaving for Europe Tomorrow

BY GRACE KINGSLEY

Everybody, of course, has been wondering who would play opposite Jeanne Eagels in Paramount's talking-film production of the New York stage play, "Jealousy."

It has just been decided that to Anthony Bushell, tall, good-looking young English stage actor, shall go the coveted role. He will have the part created on the stage by John Halliday, and in which Arthur Lubin lately appeared.

If you have not heard of Bushell, you are going to, especially as it is altogether likely, we hear, that he will be put under long-term contract by Paramount. He and Miss Eagels are well known to each other, as he appeared on the stage with that star in "Her Cardboard Lover," following Leslie Howard, to complete the New York run of the play and its road tour. He played during the current season on Broadway in Somerset Maugham's piece, "The Sacred Flame."

Bushell is a graduate of Oxford University, winning athletic honors there, pulling the stroke oar on the college eight and he also won the freshman middleweight boxing cup as well as being a cricket captain. After leaving college he obtained an engagement with Sir Gerald Du Maurier and Gladys Cooper in "Diplomacy," in London, later going into the London production of "Is Zat So?" with James Gleason. It was on Gleason's advice, indeed, that he came to America. In less than two weeks after his arrival in New York, he opened his engagement with Miss Eagels in "Her Cardboard Lover."

LUPE VELEZ RAISED TO STARDOM BY U.A.

LUPE VELEZ

No longer does Lupe Velez have to twinkle second to anybody else in United Artists' productions. Henceforth she is a star with that organization, according to word received yesterday.

And stories are being sought for her far and wide. She will not appear in an Argentine story, as heretofore announced, but what picture will take its place isn't yet decided. It is not decided, either, who will direct, since Lewis Milestone has been shifted to the direction of Norma Talmadge.

The spicy little Mexican actress has been a huge success in New York and Chicago, and will be kept for another week in the metropolis, where she is at present packing them into the theater where her picture is being shown, after which she will go to Baltimore and other eastern cities, returning home in about a month.

Florenz Ziegfeld himself went to see Miss Velez and offered her a starring contract in the "Follies," but she turned it down, preferring to return to pictures.

Fox Signs Young Actor

Everybody who saw John Breeden in "Shannons of Broadway" at El Capitan Theater will be pleased to know that they are to have a chance to see that engaging young actor on the screen.

Fox has just signed the juvenile on a long-term contract. His first assignment will be to the juvenile role of the story part of "Fox Movietone Follies," opposite Lola Lane.

Breeden was sent at the age of 18 to Vienna to study music; but his first boarding place was with a Viennese family whose head was a famous old character actor in the Royal Theater there, Breeden having chosen to live with this native family in order to learn the language. The actor took Breeden to the theater and introduced him, and that practically was the end of the youth's musical studies.

From Vienna Breeden went to Berlin and became identified with Max Reinhardt's noted company. Returning to San Francisco, his home town, he appeared with the Theater Guild and afterward with the Henry Duffy Players.

His first picture role was in Fox's "Joy Street," directed by Ray Cannon.

Antonio Moreno to Europe

ANTONIO MORENO

Antonio Moreno is all set to leave for Europe tomorrow to meet his wife, who has been traveling over there during the past several weeks.

She is now in London, and the actor expects to meet her there, take a trip to Spain to see his family, a little jaunt over to Paris, and then home with Mrs. Moreno.

Moreno has received an offer from an English picture company to appear in films abroad, but is not likely to accept, we hear.

Barbara Stanwyck Soon

Barbara Stanwyck, star of New York's stage play, "Burlesque," and who was lately signed by United Artists, leaves the metropolis on Sunday, and will arrive in Hollywood on Friday, next.

The actress is to star in "The Locked Door," which George Fitzmaurice will direct.

Mary Newcomb's New Play

MARY NEWCOMB

All who remember the charming Mary Newcomb here as leading woman opposite Edward Everett Horton at the Majestic, will be pleased but not at all surprised to learn of her big London success, following her hit in New York.

Miss Newcomb is about to appear in London at the Garrick Theater in "Liaison," a mystery story of high diplomatic circles.

Denison Clift, well known as a director and author, wrote the play. He is now engaged in writing an American version of the drama, with scenes laid in Washington, D. C., instead of London.

Nick Lucas With Warners

Talk about your all-star casts, it does seem as though Warners certainly are the boys who are signing them.

Now it is Nick Lucas, well known to musical comedy and vaudeville, who has been signed for an important role in the theater sequence of their production of "The Gold Diggers," in which Nancy Welford, Ann Pennington and other well-known players will take part.

Eugenie Besserer In It

That sweet little screen mother, Eugenie Besserer, is to have as her professional son no less charming an actor than Richard Arlen, when Richard starts work in George Bancroft's new all-talking picture, "Thunderbolt," according to word just received.

Olive Tell With Warners

Just what Dolores Costello's next Warner starring vehicle will be is still a deep, dark mystery; but whatever it is there is one thing sure and that is that charming Olive Tell will have an important part in it.

Miss Tell was formerly a New York stage favorite, but of late has left the spoken drama for pictures, appearing in a number of roles.

AIR TRIBUTE PAID SEA VETERAN

The sky bowed in reverence to the sea yesterday when a pilot in the newest form of transportation paid tribute from the air to a departed pilot of one of the oldest modes of travel.

As the body of Capt. Gunder Hanson, retired skipper of clipper ships and schooners, was being laid at rest in Inglewood Cemetery, a young aviator from Rogers Airport circled high above the ceremonies and scattered flowers. The gesture was in deference to the aged mariner's keen interest in the progress of aviation.

Capt. Hanson was born in Norway, seventy-three years ago, and came to America at 20 years of age. He followed the sea all his life, spending his last active years on the Great Lakes. Once he was shipwrecked. A storm tossed his three-masted schooner Morning Star against the rocky shores of Fox Island in Lake Michigan in 1900, but all the crew survived.

The deceased had spent his declining years in Los Angeles at 1794 West Thirty-seventh Drive, where he passed away after a long illness.

Services were conducted from the Norwegian Lutheran Church by Rev. Mr. Hoff.

Capt. Hanson leaves a widow, Mrs. Bertha Hanson, five daughters, Mrs. H. D. Floaten, Amy, Ivy, Adelaide and Gladys Hanson, two sons, Harvey and Mark, a sister, Mrs. Annie Winchell, all of Los Angeles, and two brothers, Hans and Chris Hanson of Wisconsin.

HE MAKES HER SLEEP OUTSIDE

Wife Given Divorce From Gladstone Perry on Cruelty Grounds

"I came home and my husband had all the doors and windows locked and I had to sleep in a swing on the porch," Mrs. Betty Sperry testified before Superior Judge Hazlett yesterday when asking for a divorce from Gladstone Sperry on the grounds of cruelty.

The wife also testified her husband came home at 2 o'clock one morning and dragged her from her bed and beat her.

A decree was granted.

Hearing Set for Detectives in Bribe Case

Detectives Leslie P. Lemmer and O'Ryan L. Elliott will have their preliminary hearing on charges of asking and receiving a bribe on the 28th inst. The date was set yesterday by Municipal Judge Wood when the two officers were arraigned before him on the charge. Bail was fixed at $3000 each.

Lemmer and Elliott were arrested at Elliott's home, 987 South Normandie avenue, by Assistant Police Chief Finlinson just after they asked and accepted a $20 bribe from Leon Holland of 435 Wilcox Building, to "forget" a charge of drunk driving which they threatened to file against him, according to the complaint.

PHILOSOPHICAL MEET

Papers Will be Presented Tonight at Millspaugh Hall

"National Mindedness and International Mindedness" will be the subject for discussion tonight at this month's meeting of the Philosophical Union of the University of California at Los Angeles in Millspaugh Hall Auditorium on the local campus.

Papers on specific phases of the general subject for discussion will be read by Dr. George H. Mead, a member of the philosophy department at the University of Chicago, now a visiting professor of the Mills Foundation of the University of California, Berkeley, and by Sir Herbert Brown Ames, former treasurer of the League of Nations Secretariat.

Dr. Charles H. Reiber, chairman of the Philosophical Union and dean of the college of letters and sciences at U.C.L.A. will preside. The meeting will begin at 8 p.m.

Espee Testing New Type Car

Tests are being made by the Southern Pacific Company of a new type of transportation equipment, the gasoline-electric car, with a view to determining how and where it can be used to best advantage in public service.

If the tests are successful, the Brill-Westinghouse car just received from the East will become the forerunner of other cars of this type to be operated by the company.

The car is equipped with electric generators and motors. The motive equipment includes two gasoline engines developing a total of 600 horsepower. Each engine drives a large electric generator. The electric current is supplied to four traction motors, geared to the car axles.

GOWNS TO BE DISPLAYED

Thirty-five girls of Los Angeles and vicinity who have been studying art costume creating, designing and making will give a free public exhibition of their work today at 7:30 p.m. in Lipson School of Costume Designing, 3142 Wilshire Boulevard. The girls will display gowns and costumes that they not only made but designed, as well.

SNAPPY TALK AMUSES AT PARAMOUNT

"Close Harmony" Emerges as Good Entertainment; Comedy Lines Rampant

BY EDWIN SCHALLERT

The dialogue is snappy, the action is moderately animated, the character sketching is occasionally clever, the plot will do.

No—this isn't the review of a stage play. It's the new lingo that may be applied to the estimate of a talking picture—in this instance "Close Harmony."

Charles (Buddy) Rogers and Nancy Carroll are the billed favorites in this little opus with words at the Paramount Theater, but the real honors for the laughs go to Harry Green, Jack Oakie and Richard (Skeets) Gallagher. The impression the picture evokes is that the producing companies haven't yet found out how fully to use the talents of their leading men and ladies in the new medium, but that they do handsomely for the comedy relief.

However, Rogers is very good in the wind-up. He plays a jazz band leader. He's conducting the show in a theater. His turn has only been getting over fairly well. He is mad because he has had an argument with the girl. The boys in the orchestra do not play to suit him. So, one by one, he takes their musical instruments away from them and shows them how to perform. The stunt discloses Rogers's versatility as a tootler, piano plunker, etc. It is therefore using his talents with good effect and redeems somewhat a role that is otherwise a little weak.

"Close Harmony" is good entertainment. Harry Green is an unqualified hit. He wins a laugh a phrase for every line he speaks. At times he is even responsible for stopping the show. He impersonates a theatrical manager and the characterization, while broad, is good.

Gallagher and Oakie work together rather well and there is an exceptionally clever situation when they both have a rendezvous with the girl in a cafe and one overhears the "high opinion" that the other entertains for him. This leads to a fight, which is the dramatic high spot.

Nancy Carroll is competent. Her stage training shows.

"Close Harmony" does not advance the talkie technique, except in the direction of greater smoothness and the amusing use of words. That is sufficient, perhaps, unto the occasion. John Cromwell and Edward Sutherland directed it, and have done a creditable job. The story is attributed to Elsie Janis and Gene Markey. The picture is interesting and on the whole very pleasurable.

The bill is strongly reinforced with the Singers' Midgets stage act. This runs the gamut of entertainment. Dances, songs and acrobatics, and even an elephant act, imbue it with constant variety. The midgets are attired in glittering costumes in a spectacular finale. They have a great show.

Carrillo Titles Browne Comedy

Leo Carrillo is to appear at the President in the comedy to which he gave the title. Porter Emerson Browne's play, in which Carrillo and the Henry Duffy Players will be seen, starting Sunday, originally was called "Borderland."

Carrillo and Browne have been friends for years. In discussing the comedy, the star said, "I don't like your title."

"Give me a better one," demanded Browne.

"I'd call it 'the Bad Man,'" quickly replied Carrillo.

The comedy became "The Bad Man" on the spot and was produced under that title in New York where it ran for a year at the Comedy Theater. In its production at the President Carrillo will be seen as Pancho Lopez, the swaggering, boastful, amorous and humorous Mexican bandit who invades the ranchhouse of an American and proceeds to deal out justice in primitive fashion.

Pantages Has Seaside Farce

Cohen and Kelly, a couple of big bathing-suit men, present the adventures of the two famous families in Atlantic City tomorrow at Pantages. George Sidney and Mack Swain are the two arbiters of seaside styles in this latest Universal talkie, with Vera Gordon and Kate Price as the wives, and Nora Lane and Cornelius Keefe as the younger generation.

This seashore talking comedy opens at Pantages with a vaudeville show including Lorraine Evon and her Golden Bird; Senorita Luana Alcaniz and her Spanish Orchestra; Ray Wilbert, wizard of the golf sticks; Allen Coogan and Aileen Casey, and the Vic Honey Trio.

Vidor Attends Midnight Show

To King Vidor will go the distinction of acting as an exofficio stage director tomorrow night in presenting stellar artists of his production of "Hallelujah" at the midnight matinee of "The Broadway Melody" at Grauman's Chinese Theater.

Vidor has collaborated with Dan Haynes, who will act as master of ceremonies, and the other members of the cast, for several days in arranging an elaborate program for their appearances at the Chinese. Vidor will introduce Haynes.

"FLYING FLEET" AT RITZ

"The Flying Fleet," with Ramon Novarro, Anita Page and Ralph Graves, opens a two-day showing at the Ritz Theater today. "Capt. Lash," starring Victor McLaglen, will be the feature Sunday and Monday, with Fanchon and Marco unit varieties on the stage Sunday only, and a revival of "Two Arabian Knights," feature comedy which won the 1928 prize from the Academy of Arts and Sciences, will be an added attraction on Monday evening.

One Finds "True Heaven"

Lois Moran

Discovers love in the stalwart arms of George O'Brien, as the new film at the Boulevard Theater today reveals in detail. James Tinling directed "True Heaven" for Fox Films.

PONSELLE IN SONG FETE

Diva Fascinates Distinguished Audience With Coloratura and Theatrical Gifts

BY ISABEL MORSE JONES

Miss Rosa Ponselle, prima donna of the Metropolitan Opera Company, held royal levee at the Auditorium last night. Her guests were the musical aristocrats of Hollywood and Los Angeles, and the concert was a fete with the queen reigning in high favor. Two operas identified with Ponselle's success were represented on the program. They were "La Forza del Destino," in which she and Alice Gentle made their debuts together, and Bellini's "Norma." The rest of the program consisted of songs complete in their stories.

Ponselle's voice has progressed in beauty and her singing is more interesting than ever, because of a growing mentality. She is essentially a fine actress of the highly emotional type. She is a woman of the stage in recital as well as in opera. Her gown last night created the illusion of drama immediately. It was of the extreme Jenny Lind type, onyl it was worn with an air that Jenny could never have imagined. And Rosa made love quite desperately to someone all evening long. Had she not done the same thing at her last concert in Los Angeles and again a few years before that, one might have been certain that Miss Ponselle had lost her heart. The truth may be that she is in love with her audience.

The interest of her concert numbers centered in the second group and the two arias from "Norma." Paradiso's "Quel Ruscelletto" was a masterpiece of skillful vocalization. Schubert's "Gretchen am Spinnrad" was, I thought, dramatic beyond this composer's intention and Widor's "Contemplation" was raised by good singing and imagination to a place of importance that it scarcely deserved. "Les illes de Cadix" was sung with a wicked lilt and loveliness of tone that few could equal.

Encores were generous. "Handolipe et Guitar," Leo Blech's saucy "Heine," the touching lullaby by Sadero, the wistful "Nightingale and the Rose," by Rimsky-Korsakoff, but made the audience eager for more.

Since the revival of Bellini's ornate opera of another day, "Norma," Ponselle's interpretation of the role has been of the utmost interest. It is no secret that it was revived at the Metropolitan for her. In the gem of the opera, "Chaste Goddess, May Thy Silver Beam" and the quickly following, "Beloved, Return to Me," Miss Ponselle reached the climax of her concert last night. Her fioratura was marvelous and her descending scale a matter for long remembering.

After this triumph the love songs poured forth. "He Loves Me, He Loves Me Not" gave reason for charming by-play with a red, red rose and the "Habanera," from "Carmen" brought cheers and bravos which seemed to start from the box in which Gloria Swanson and Andrea de Segurola were seated. "Trieste Eternelle," by Chopin was the next encore.

After an appreciated English group Miss Ponselle obligingly sang the "Elegy," "Love Is In My Heart" and the "Cuckoo" song. At a late hour the audience was still clamoring for more.

Stuart Ross accompanied Miss Ponselle unobtrusively but helpfully and contributed solos to the entertainment acceptably.

SPECIAL NEW VITAPHONE RUN SLATED

"Desert Song," Filmization of Romberg's Operetta, to Have Warner Premiere

The long awaited premiere of "The Desert Song," Warner Brothers all singing and talking Vitaphone production of the operetta, is at last definitely scheduled. J. L. Warner announced last night that it would be the birthday attraction at Warner Brothers Theater in Hollywood, and will open with a reserved-seat premiere on April 8, in celebration of the first anniversary of the house.

The list of principals includes John Boles, musical comedy tenor, singing the role of the Red Shadow; Carlotta King; Johnny Arthur playing the role he did here on the stage; Louise Fazenda, Myrna Loy, Edward Martindel, John Miljan, Marie Wells, Jack Pratt, Otto Hoffman.

The book is by Otto Harbach, Frank Mandel, Laurence Schwab, and Oscar Hammerstein II. Harvey Gates did the adaptation and Roy Del Ruth directed.

Choruses of 150 trained voices will bring to the audiences the melodies of the opera via the Vitaphone.

GRIFFITH FILM CLOSING

Tomorrow marks the final showings of "Lady of the Pavements" on the Westlake screen. "Lady of the Pavements" is D. W. Griffith's first sound picture and features Lupe Velez in the leading feminine role. Miss Velez sings several songs. Following "Lady of the Pavements" the Westlake will show "Capt. Lash" for one day, in conjunction with several acts of Fanchon and Marco vaudeville.

RECITAL NUMBERS ALL NEW

Fritz Gaillard, 'cellist, will be heard in joint recital with his daughter, Ali Gaillard, pianist, at the Beaux Arts Auditorium this evening, under the direction of Mae Norton O'Farrell. The entire program will consist of numbers never before performed in Los Angeles.

SHRINERS VISIT ORPHEUM

As a special tribute to Olsen and Johnson, comics, Al Malaikah Temple and Radio-Keith-Orpheum have designated tonight at the Orpheum as Shrine night, with special features scheduled.

Unfinished Play Newly Prepared for May Robson

May Robson has received from Bessie Bacon the rough draft of the comedy which Miss Bacon has completed for the star's use. It is based on the play which Frank Bacon was working on for Miss Robson at the time of his death. The central figure is that of a female Lightnin'.

Miss Robson is enthusiastic over the idea of the comedy.

Jinx of Heavy Role Banished

Helen Ware, New York dramatic star, is scoring in the role of Queen Dominica in Edward Everett Horton's production of "The Swan," now at the Majestic Theater, and according to her own story, she is proving a theory that she has long held.

According to Miss Ware, she has invariably been cast in heavy dramatic roles, despite the fact that for many years she has had a desire to play comedy. A few times in the past some casting director has relented and given her a comedy role, but almost without exception she has directly afterward been put back into heavy drama, the directors stating that, while she handled comedy lines well, she was a born dramatic star.

As Dominica she has brought round after round of laughs from the Majestic audiences.

Sharon Lynn in First Dialogue

Sharon Lynn makes her talkie debute in "Speakeasy," which opens at the Fox-Criterion Theater the 30th inst. Miss Lynn's rise in pictures has been a gradual one—dating from her graduation from the Paramount School, in 1926.

After a number of successful leads in independent productions, Fox studio called her for a lead in Raymond Cannon's "Red Wine." This part won her a long-term contract with Fox.

Featured in "Speakeasy" are Paul Page, Lola Lane and Henry B. Walthall.

DE MILLE'S MELODRAMA EXHIBITED

"Godless Girl" Tensely Effective in Return; Seen at Loew's

Few motion pictures have struggled along under as great a misapprehension as "The Godless Girl," Cecil B. De Mille's production of last year. This film, one of the best melodramas to be conceived during the closing period of the silent drama, suffered a loss of attendance during an early advanced-price showing in this city because the word got around that it was "propaganda." Propaganda against reform schools, was the full charge.

As presented popularly for a one-week engagement beginning yesterday at Loew's State Theater, "The Godles Girl," propaganda or no propaganda, still stacks up against the average movie and goes it one better. It is melodrama, yes—and why not? Built for entertainment purposes, it represents De Mille at his theatrical best, and not the least of its merits is the manner in which it manages to be exciting and at least temporarily believable in spite of its improbable story.

It also captures the psychology of intense youthful passion as few films ever have succeeded in doing.

Three minor handicaps have been imposed on "The Godless Girl" since its first presentation. For one thing, Josiah Zuro, who arranged the musical score, has seen fit to embellish it with the grunting of pigs whenever those dainty garbage destroyers are shown in shadowy counterpart on the screen—the idea being, evidently, that sound must be served at any cost. For another, the thrilling climax of the picture—the burning of the reformatory—has been dyed such a deep and obscuring red that the continuity of the action is almost completely lost, the spectator virtually being compelled to follow it by the wording in the titles. These are also red, but at least they are readable.

Finally, the characters break abruptly into speech for the final two sequences; and this, while not actually offensive, strips them in some curious manner of the glamour which has surrounded them in all the previous reels. Dream figures, however drab, are no longer dream figures when they acquire the gift of gab.

In the large cast, good work is done by many, prominent among them George Duryea, Noah Beery, Lina Basquette, Marie Prevost, Eddie Quillan, Clarence Burton, Mary Jane Irving, Hedwiga Reicher and Kate Price. Duryea is particularly successful in his first important role.

The new Fanchon and Marco act, "Indian Summer," has been expensively mounted. Some difficult acrobatic dancing is performed satisfactorily by Muriel Stryker, and Chief Eagle Feather does a war-dance or something like that in tap-time. Others are Ted and Byron Mavis, Murray Peck, Dave Hacker and Rube Wolf in a cornet solo. Lina Basquette appears in the act o' nights.

Movietone News is also listed for showing.

House Janitor Kept Busy With Belasco Broom

The Belasco Theater is fast becoming the glass-makers' most popular playhouse. More and more window glass is being smashed with each production at that popular edifice.

During the run of "The Front Page" at the Belasco four panes were smashed every night. Now, with the run of "The Silent House," the mystery melodrama, six large sheets of glazed glass are broken on the stage at each performance. Ho-Fang, the Chinese servant, smashes three and the other three, huge panes, used to show Dorothy Graw in the lethal gas chamber, are apparently demolished by Vernon Kelso in rescuing Miss Graw and himself from the den of the vengeful Chinese.

Salesmen for glass-manufacturing concerns are now keeping the Belasco Theater on their daily call book.

Broadway Night Life Pictured

Night-life scenes revealing beautiful Broadway show girls are featured in "The Canary Murder Case," Paramount's all-talking mystery drama, which opens today at Lazarus's Million Dollar. The same story by S. S. Van Dine, which amused millions in book form, has been transplanted to the screen realistically.

Ruth Donnelly Signed by Duo

Ruth Donnelly has been secured by Messrs. Rowland and Pearce for an important role in "Little Orchid Annie," the farce which will have its premiere shortly at the Mayan Theater.

Miss Donnelly created a leading role in "If I Was Rich," in the original New York production. She has appeared in many other plays, among them "Maggie Pepper," which starred Rose Stahl.

FETCHIT IN PERSON

"The Ghost Talks," Fox all-talking mystery-comedy, opens at the Fox-Uptown Theater today for a three-day run. The hilarious story concerns a correspondence-school detective who sets out to solve two or three mysteries with the aid of a crime chart and an instrument for measuring crooks' ears. Stepin Fetchit, negro comedian, will appear in person tonight.

AT THE FIGUEROA

"The Flying Fleet," romance-drama of the air, with Ramon Novarro and Anita Page, opens a three-day showing at the Figueroa Theater today. Monday Paramount's all-talking mystery drama, "The Canary Murder Case" begins a four-day engagement.

WANT-AD RATES

EFFECTIVE DECEMBER 1, 1926

Rates per line insertion, 30 consecutive times, 24c Daily, 29c Sunday; 7 to 29 consecutive times, 28c Daily, 31c Sunday; 3 to 6 consecutive times, 28c Daily, 35c Sunday. ONE TIME, 40c Daily, 50c Sunday.

SITUATIONS WANTED, 7 or more consecutive times, 16c Daily, 18c Sunday; 3 to 6 consecutive times, 17c Daily, 20c Sunday; ONE TIME, 24c Daily, 27c Sunday. Advertisements for the subheadings, "PAINTING, DECORATING, CARPENTERING," "DRESSMAKERS & SEAMSTRESSES" and "NURSES" are not classified as Situations Wanted Advertising and will be charged for at the General Want-Ad Rates, 40c Daily and 50c Sunday.

EMPLOYMENT AGENCIES, MOTION - PICTURE ADVERTISING, etc., under any classification, 30 consecutive times, 28c Daily, 33c Sunday; 7 to 29 consecutive times, 27c Daily, 34c Sunday; 3 to 6 consecutive times, 30c Daily, 40c Sunday; ONE TIME, 43c Daily, 50c Sunday.

Advertisements on rate-holder rates on application.

Advertising rates from outside of Southern California on application.

MINIMUM CHARGES 2 LINES.

To estimate the cost of want ads count 5 average words per line. Words containing more than 8 letters should be counted as two words.

Advertisers should retain receipts given by The Times for payment of Want Ads, as no mistakes will be rectified without them.

Cancellation of advertisements before appearance cannot be guaranteed to take effect until after the advertisements have appeared once. Countermands must be received by 3:30 p.m. for daily issue and 6 p.m. Friday for Sunday Times. Cancellation of advertising running cannot be accepted after 4:30 p.m. except as noted below.

Rates for display advertising will be furnished on request.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one time.

The inadvertent omission or incorrect publishing of advertising will be rectified only by cancellation of the charge made for the service rendered.

Friday, 6 p.m., is closing hour for all ads for the early issue of the Sunday Times. Closing hour for the final and complete Sunday Real Estate Ad Section is Saturday 12 noon. Cancellation of any advertisement running in the Real Estate Section cannot be accepted after this hour.

WANTED—HELP—Male, Salesmen, Solicitors —10-B

ELECTROLUX
Is Expanding

Commencing operations on Pacific Coast on Sept. 10, 1928, coming direct from the East, where in the past 3 yrs. we have established over 30 branches in the principal cities, also coming from 44 other countries where we are dominant in our particular field, we have made such tremendous strides that San Francisco, Portland and Oakland have now been opened and Pasadena is to be opened shortly.

We have the entire Pacific Coast territory to open up within the next month and need 50 men of vision and responsibility. The men selected to fill positions open will be given an intensive training in our methods and policies of operations and will receive splendid incomes in commission & bonus during their training & qualifying period.

Inasmuch as we stand alone in our particular field we cannot get experienced men but must train men in our own methods.

For the present we are only interested in men permanently located in and around Los Angeles.

Those who apply for personal interview 9 to 12 a.m. will be able to start work immediately if they qualify.

RM. 413-17 215 W. 8TH ST.
ASK FOR PERSONNEL DIRECTOR

100% SAFE
100% Convertible

Salesmen and saleswomen, if you could offer your clients their money back if they wanted it, sales would not be difficult to make.

That is what you can do if you work for us. First, you can offer absolute safety. Second, you can offer the money back if wanted. Third, the very largest return. Fourth, you sell the same clients over and over again. Fifth, you receive additional money each year on previous business.

Sales people seeking permanent positions CALL ONLY AT 10:30 A.M. AND 2 P.M. Those who qualify will earn more money than you have ever earned before, and do it continually.
320 Citizens National Bank Bldg., 5th and Spring.

DIVISION MANAGER

Reliable and industrious man with organization of salesmen to represent old established company, expanding and extending their activities. Commission or salary and commission to you and your organization. Applications treated with strictest confidence. Address R. box 175, Times Office.

TWO MOTOR CAR MISHAP VICTIMS DIE

Driver Injured in Crash and Elderly Pedestrian Succumb at Hospitals

E. L. Butler, local representative of the Hispano-Suiza automobile, who lived at the Beverly Hills Hotel, died yesterday at Hollywood Hospital from injuries received when a car he was driving turned over on Ventura Boulevard near Triumfo Wednesday. With Henry Lemay of 1546 Crest Drive he was returning from Santa Barbara, Lemay following him in another machine. Butler suffered a heart attack, lost control and plunged into a fence. The automobile reeled back to the road and overturned, crushing Butler beneath it.

At the Hollywood Hospital he was found to be suffering a fractured skull and crushed lungs. He regained consciousness long enough to explain about the heart attack.

Allen G. Gardner, 81 years of age, of 1514½ Seventh street, Santa Monica, died at the General Hospital yesterday morning as the result of injuries received when he was struck down by an automobile at Fifth street and Broadway, Santa Monica, Monday night, according to a report at the Coroner's office. The body was taken to the County Morgue, where an inquest will be conducted.

Following an automobile collision yesterday at Pico and Hope streets, the police served citations charging reckless driving on Jack Allen of 1312 Arapahoe street and Ted Roberts of 1338 West Eighty-eighth street. Sergt. Allen and Policeman Rooney of the Georgia-street Station charged that both drivers drove through stop-traffic signals just before the collision. Roberts made a left turn and Allen's car collided with him. Neither driver was injured though their cars were damaged.

ANOTHER AIR RACE PLANNED FOR SUNDAY

Next Sunday marks the third of the spring series air races at the Los Angeles Metropolitan Airport when the Wright Whirlwind powered planes take the air over the thirty-mile triangular course. The entry list will probably necessitate running the race in two heats and a final. Miss Edna May Cooper, stage and screen actress and flying student, will present a silver loving cup to the winner. There will be the usual second and third prizes. The newly installed public-address system keeps the spectators informed at all times as to the progress of the racers.

LOCAL CO-ED HONORED

Miss Hattie Dyk of Los Angeles has been appointed to the Parthenia organization committee at the University of California, according to dispatches from the Berkeley campus yesterday. She is a freshman in the college of letters and science. The Parthenia is the annual spring pageant of pantomime, song and dance, held under the oaks of Faculty Glade. The title this year will be "Druid's Weeds."

COUNCIL DENIES PROTEST

There was only one protest lodged with the City Council against the improvement of streets in the Neola street and Genevieve avenue Improvement District and this was denied by the Council yesterday, thus opening the way for the adoption of the final ordinance.

BUSINESS OPPORTUNITIES
Of Many Kinds

In Alphabetical Order —85-A

SHIPPING NEWS
AND ACTIVITIES AT LOS ANGELES HARBOR

LOCAL WHALING QUEST ON SOON

Mammals Held Appearing in Large Numbers

California Sea Products to Start Annual Hunt

Killer Arrives as Vanguard of Company's Fleet

"Thar she blows," will be the thrilling cry again off Southern California shores, now that the whaling fleet of the California Sea Products Company is resuming its spring operations off this port.

In advance of the fleet, the killer Traveler arrived from San Francisco yesterday for minor repairs at the Los Angeles shipyard, and then will resume her prospecting in nearby waters, as a precursor of the other ships to come. Capt. F. D. Dedrick, president of the company, also arrived overland yesterday to take up temporary headquarters in the Cabrillo Hotel, San Pedro.

The big mammals are reported approaching from the South in increasing numbers, and a few days are expected to see the operations in full swing.

Mothering the fleet will be the big factory-tanker Lansing, carrying a crew of more than 100 men, while other killers will include the Hercules, Hawk and probably the Port Saunders, rebuilt better than ever since she was sunk in collision in San Francisco Bay last summer.

In the last three springs the fleet has established its base at the southeast end of San Clemente Island, and probably will do so again. Thence the killers search waters for hundreds of miles, and bring their quarry to the Lansing. The last three springs have proved remunerative, and mark a local resumption of whaling after a discontinuance for fifty years.

The first whaling expedition of the season got under way three weeks ago when the fleet of the Mexico Whaling Company departed here for Magdalena Bay, Lower California, where results are flattering.

SAN JOSE DEL CABO TOMATOES IN SUPPLY

Movement of early Mexican tomatoes through here from San Jose del Cabo continued heavy, due to stimulation from the shortage of shipments from the Mexican mainland, where rebels are curtailing supplies near Mazatlan.

Clark & Hansen, principal importers from the cape, brought in the motorship Heston three days ago with 10,000 crates, and the Morgan added 4000 crates yesterday. The Jeanette R. is due with a full cargo the 23rd inst., and the Camina with a like amount the 26th inst.

The season should last six weeks longer, according to Capt. Hansen, and is expected to prove a record-breaker.

The gas yacht Golondrina of seventeen net tons, has been sold by W. J. Earl to W. K. Mead, and will be renamed Idol-ours. She formerly was the Katydid. Another transfer is the former schooner George E. Billings from C. A. Morris and associates to Ocean Pleasure Fishing, Inc., to be anchored off Santa Monica soon as a fishing barge.

Southern California colleges are the goal of Federico Arango and Braulio Donado, two students of Colombia, arriving yesterday on the McCormick steamer West Mahwah, in from South America. Clarence Gay, engineer with Warren Construction Company at Rosario, Brazil, and his wife, also returned. The vessel has 7000 tons of canned beef, linseed, coffee, bones and fertilizer, 1500 tons of which is being dropped here before sailing north this afternoon.

Return of the Hamburg-American Line's liner Sachsen to European-Pacific service after eighteen months' operation in the Europe-Asia trade, was announced yesterday by William P. Montague, district passenger agent of the line. The Sachsen will arrive here April 5 from Hamburg via Philadelphia and Baltimore. On her return voyage she will depart Los Angeles for Hamburg on April 29, being already booked to capacity with passengers for that voyage.

Hamburg-American's motor liner Los Angeles is due April 9 from Hamburg, Bremen and Antwerp with fifty passengers and 6000 tons of freight for the Coast.

With a cargo from Cardenas, Cuba, the British tramp steamer Strathlorne is due Sunday midnight, according to radio advices to Furness-Pacific, Ltd., local agents. She is under charter to the Canadian Transport Company, the sugar being consigned to Dudley, Ruth & Co.

The master of the Japanese steamer Taibu Maru reported yesterday to the local United States Navy hydrographic office via naval radio that under stress of weather she had jettisoned 100 forty-foot timbers in north latitude 53 deg., 15 minutes, and east longitude 179 deg., 37 minutes. The timbers are a distinct menace to navigation, her master said.

Fifteen thousand stems of bananas from the canal will be brought in Monday by the Furness-Pacific liner Pacific Exporter, in addition to 2500 tons of freight from the United Kingdom. Her San Francisco cargo will also be discharged here, that she may proceed direct to Victoria, B. C. Among her passengers to disembark here are John W. Fisher and Charles W. Fisher.
